the most scientific gentlemen in the world--Professors M'Murtrie, Johnson, Wallor, and many others that have examined them, recommend and speak of them in the highest terms of approbation and have pronounced them the only safe rods not in use in this or any other country for the protection of Lines and Property. One advantage is to divide and throw back a part of the electric fluid harmless to the clouds, this is in time of a stroke. this enables the rod to conduct that portion of fluid that belongs to the earth without the slight est danger of leaving the conductor. "Ayer's Cherry Pectoral."

The remarkable cures of diseases of the Lungs which have been realized by its use, attested as they are by many prominent professors and physicians in this and foreign lands, should encourage the afflicted to persevere with the strong assurance that the use of the "Cherry Pectoral" will reflexe and ultimately cure them.

We present to the public unsolicited testimonials from some of the first men in our country, upon whose judgment and experience implicit confidence may be pinced, one of the most learned and intelligent physicians in the country, considers it a "composition of rare excellence

some of the first men in our country, upon whose judgment and experience implicit confidence may be placed,
one of the most learned and intelligent physicians in the
country, considers it a "composition of rare excellence
for the cure of that fermidable disease, Consumption."

Norwich, April 25, 1946.

Dr. J. C. Ayer—Dear Sir: Agreeable to the request of
your agent, we will cheerfully state what we have known
of the effects of your Cherry Pectoral, and they have
been attonishing indeed. Mrs. Betsy Streeter had been
afficied with a severe and relentless cough, which reduced her very low: so low that little hope could be entertained of her recovery. Numerous remedies had been
tried without effect, before the Cherry Pectoral. And
that has cured her. George Walkinson, Esq. had to our
knowledge been afflicted with Asthma, for elecen years,
and grown yearly worse, until the Cherry Pectoral, has
now removed the disease and he is as free from any
symptoms as we are. The Rev. Mark Dane had been so
severely attacked with the Bronchitis, as to disable him
from his duties, and nothing had afforded him relief until
I (Mr. Thorning) carried him a bottle of your Pectoral,
which cured him at once, and he mow officiates as usual
in his place.

These are three of the cases in which we have known
if successful, but never to fail. We have great pleasure
in certifying to these facts; and are respected sir, your
humble servants.

REV. DAVID THORNING.

HON. JOSEPH BATTLES.
