PEPSIN, The true Digestive Fluid, or Gastric Juice.

Prepared from Rennet, or the Fourth Stomach of the Ox. after directions of Baron Liebig, the great Physiological Chemist, by J. S. Houghton, M. D., Philadelphia, Pa. Chemist, by J. S. Houghton, M. D., Philadelphia, Pa.
This is a great Natural Remedy for Indigestion, and
Dyspesia, curing after Nature's own method, by Nature's
own agent, the Gastric Julee. Pepsin is the chief element,
or Great Digesting Principle of the Gastric Julee—the Scient of the Fied, the Parifying, Preserving, and Stimuloting agent of the Stomach and Intestines. It is extracted
from the Digestive Stomach of the Ox, thus forming an
Artificial Digestive Fluid, precisely like the natural Gastric
Julee, in its chemical powers, and furnishing a complete
and perfect substitute for it. By the aid of this preparation
the pains and evils of Indigestion and Dyspeptic are removed just as they would be by a healthy stomach. It is
doing wonders for Dyspeptics, curing diseases of Beblitty,
Ermaciation, Nervous Decline and Dyspeptic Consumption,
supposed to be on the verge of the grave. The Scientific
Erithence upon which it is based, is in the highest degree
curious and Remarkable. curious and Remarkable.

The annals of medical science, affording as they do ample proof of the power and value of many medical agents, have furnished no examples to compare with the salutary effects produced by "Ayer's Cherry Pectoral."

THE undersigned would respectfully announce to his friends in Lewishure and the public

many medical agents, have furnished no examples to compare with the salutary effects produced by "Ayer's Cherry Pectoral."

The remarkable cures of diseases of the Lungs which have been realized by its use, attested as they are by many prominent professors and physicians in this and foreign lands, should encourage the afflicted to persevere with the strong assurance that the use of the "Cherry Pectoral" will relieve and ultimately cure them.

We present to the public unsolicited testimonials from some of the first men in our country, upon whose judgment and exprience implicit confidence may be placed, one of the most learned and intelligent physicians in the country, considers it a "composition of rare excellence for the cure of that formidable disease, Consumption."

Norwich, April 26, 1846.

Dr. J. C. Ayer.—Bear Sir: Agreeable to the request of your agent, we will cheerfully state what we have known of the effects of your Cherry Pectoral, and they have been astonishing indiced. Mrs. Betsy Streeter had been afflicted with a severe and relentless cough, which reduced her very low; so low that little hope could be entertained of her recovery. Numerous remedies had been tried without effect, before the Cherry Pectoral, And that has cured her. George Watkinson, Esq. had to our knowledge been afflicted with Asthma, for devea yours, and grown yearly worse, until the Cherry Pectoral, has now removed the disease and he is as free from any symptoms as we are. The Rev. Mark Dane had been so severely attacked with the Bronchitis, as to disable him from his duttes, and nothing had afforded him relie until 1 (Mr. Thorning) carried him a bottle of your Pectoral, which cured him at once, and he now officiates as uqual in his place.

These are three of the cases in which we have known if successful, but never to fail. We have great pleasure in certifying to these facts; and are, respected sir, your humble servants.
