Mn. Entron,—I am glad to see people express their wishes in time about the men they wish elected this fall. Several gentlemen have been ramed in the different papers, for Senator. But I decidedly prefer Col. Eli Sliven, before any others who have been mentioned for that office;

J. H. App. and there are many persons down here of my way of thinking on this subject. Col. Slifer has Yearick & Heiser bers we ever had in the House—prudent, talent-ed, energetic and upright. He is personally pop-ular, more generally and favorably known in the District than any other one who has been named; and I think could carry the District with more ease than any other person we could nominate. I don't know what his feelings may be on the subject, but I and my neighbors have resolved to go in for his nomination heart and hand. A Wate or PENNS.

THE awful calamities that every City. Town, Village and country falls victim to annually, thro' the gross neglect of its inhabitants, is beyond calculation, especially when the remedy is so casy to obtain—this is found in Armitage's Patent Magnetic Light-

ning Rods, For the Cure of COUGHS, COLDS, HOARSENESS, BRON-CHITIS, CROUP, ASTH-MA, WHOOPING-COUGH AND CONSUMPTION.

The annals of medical science, affording as they do ample proof of the power and value of many medical agents, have furnished no examples to compare with the salutary effects produced by "Ayer's Cherry Pectoral!"

many medical agents, have furnished no examples to compare with the salutary effects produced by "Ayer's Cherry Pectoral."

The remarkable cures of diseases of the Lungs which have been realized by its use, attested as they are by many prominent professors and physicians in this and foreign lands, should encourage the afflicted to persevere with the strong assurance that the use of the "Cherry Pectoral" will relieve and ultimately cure them.

We present to the public unnoficited testimonials from some of the first men in our country, upon whose judgment and experience implicit confidence may be placed, one of the most learned and intelligent physicians in the country, considers it a "composition of rare excellence for the cure of that farmidable disease, Consumption."

Norwich, April 25, 1846.

Dr. J. C. Ayer—Bear Sir, Agreeable to the request of your agent, we will cheerfully state what we have known of the effects of your Cherry Pectoral, and they have been astonishing indeed. Mrs. Betsy Siroctor had been afficied with a severe and relentions cough, which reduced her very low; so low that fittle hope could be entertained of her recovery. Numerous remedies had been tried without effect, before the Cherry Pectoral, And that has cured her. George Watkinson, Eeq. had to our knowledge been afflicted with Ashma, for eleven years, and grown yearly worse, until the Cherry Pectoral, has now removed the disease and he is as free from any symptoms as we are. The Rev. Mark Dane had been so severely attacked with the Brouchitis, as to disable him from his duties, and nothing had afforded him relief until I (Mr. Thorning) carried him a bottle of your Pectoral, which cured him at once, and he now officiates as usual in his place.

These are three of the cases in which we have known it successful, but never to fail. We have great pleasure in certifying to those facts; and are, respected sir, your humble servants.
