Extracts from the opinions of the Press.

Sucred Scenes and Characters.—By the Rev. J. T. Readler. This work may very properly be considered a companion to the "Sacred Mountains," by the same author. panion to the "Sacred Mountains," by the same author, its object is to illustrate and "render more life-like" the sacred writings. It is not the author's design to supersede sarred writings. It is not the author's design to supersed-the Bible. But his wish is to excite a solicitude to obtain

sacred writings. It is not the author's design to supersede
the Bible. But his wish is to excite a self-induct to obtain,
and to become intimately acquainted and perfectly familier with its history, dectrines and laws; to know its trath,
to imbble its spirit, feel its power, and partake of its salvation; in a word, to prize in some measure as it deserves,
this treasure which is indeed beyond prize. We prefict
for it a circulation for beyond any of the author's former
works.—The News, Jan. 7th.
Sacred Scenes and Characters.—By the flex, J. T. Headley, author of the "Sacred Mountains," &c. This work
will add greatly to the regulation of the author. In literary merit it more than equals his "Sacred Mountains,"
Mr. Headley excels in his glowing style and vivia the riptions. His works are a rich treasury of all the sublimity
of thought, moving buderness of passion, and vigovour
strength of expression, which are to be found in all the
languages by which mortals declare their minds—See
Daily Gobe, Jan. 5th.

Rembles and Sectobes—By Rev. J. T. Headler. We have
not for a long time sat down to a book with more placing
anticipation, or found those anticipations more fully realined, than in the persual of the work before us, and we
know it will be haited with gratification by the many admirers of the absented author. His "Napoleon and his
Marshals" was, perhaps, as popular, and found at least
as many enthusiastic readers as any book that can be
mentioned. We think the Rambles and Sketches are destioned to be as popular at Jeast as any of his previously
valuable, works. There is not a dull chaster in the work.

Marshals" was, perhaps, as popular, and found at least as many enthusiastic readers as any book that can be mentioned. We think the Rambles and Sketches are desired to be as popular at least as any of his previously published works. There is not a dull chapter in the work, filled as it is with "an infinite variety." The author has ample room and verge enough for the employment of his fine talents to great advantage, and most successfully has be accomplished the task. The biographical sketch of the author is interesting and "well considered," and adds much to the value of the books, which is got up in a very neat and attractive style by the publisher.—See Portland Transwript, Did. 15th.

Mr. Headley is one of the most promising writers of this country, and we have here one of his best books—one on which he can safely rest his fame. It precesses the unfatiguing charms of perfect simplicity and truth. There is a graceful frankness pervaling the composition, which herases the interest of the reader in the author as well as in the subject. His rambles about Rome, Paris and Louton, exhibit a thousand lively traits of an ingenious nature, upon which a man of taste will delight to linger. We predict for this a sale event to that of any of the author's work.—See New York News.

The collection is one of which no author need be acharmed. It consist, indeed, of some of Mr. Headley's most trailiant and highly finished compositione, of those specimens of his abilities by which he may be judged with the greatest safety to his fame as a word-painter and thinker.—See New York Tribuce, Dec. It, 1848.

N. B. The above books will be forwarded to order, at the prices mentioned, free of pectage, to any part of the Public States, on the receipt of criers, with the money.—Noney may be sent bymail at my risk.

JOHN S. TATALOR.
