### Petroleum, & ROCK OIL,

A NATURAL REMEDY!

DROCURED FROM A WELL IN ALLEGHENY CO., PA., Four Hundred feet below the Earth's surface: It is put up in bottles, just as it flows from the well, without admixture of any kind. It gets its ingredients from the put up in tection, just as it flows from the weal, without admixture of any kind. It gets its ingresidents from the bests of substances which it passes over in its secret channel; they are blended together in such a form as to defy all human competition. The Physicaes in this respect is like MINERAL WATERS, whose virtues in most chronic element cases are acknowledged not only by physicans but by the community at large. These singular fluids flowing out from the carth, impregnated with medicinal substances of different properties, and helding them in such complete solution as to require the sid of Chemistry to detect them, bear ample proof to the fact that they are compounded by the master hand of Nature for the alle lation of human suffering and closes. If Petroleom is a medicine at all, it is a good one, for Nature never half does her work. It will continue to be used and applied as a Reunelly, as long as man continues to be afflicted with discase. That it will care a great many disease in the rich incurable, is a fact which is proven by the evidence in its favor. It discovery is a new era in medicine, and will caure to the health and happiness of man.

SCEOFULA.—The Petroleum is a great medicine in

happiness of man.

SCRG FULA.—The Petroleum is a great medicine in Scrofula and King's Evil—in all those diseases originating in a depraced condition of the blood and other fluids of the body. It will core pains and enlargements of the beans and joints, Blotches, Rides, Erysjelas, Pomples on the face. Tetter, Scaid-head, Ringworm, and the various Skin diseases. It has card numerous cares of Rheumatism, Neuralgia, Gout, &c. A woman in Franklin county, Pas, was carried of a rheumatic affection of six years' standing: the disease was so aggravated as to confine her to her bed during the greater part of that time; she is now well, and considers herself cultrely testored.

RHEUMATISM yields to the power of Petroleum RHEUMATISM yields to the power of Pelegican!

I feel myself under a debt of gratitude to the proprietor of the Petroleum, the use of which great reclaims has entirely cured my wife of a violent attack of the maxim. She had labored under an attack of the discase for about two months, suffering the most inheme pair, the greatly part of the time confined to her held, and unable to do anything. The pain in the limbs was very great, attended with a great dead of aveiling. The Petrol um had a happy effect, for the first two or three applications the swelling diminished and the pain left her. I continued to apply the medicine daily for about two weeks, which entirely relieved her, and she is now as well as ever she was in her 166. I fed confident that the Petroleum is one of the greakest medicines in the world for rhoundate pains and swellings.

Chronic Cough cured.

I take pleasure in certifying to the valuable properties of Mr. Kier's Petroleous, for an affection of the beside and lungs, accompanied with sever pain in the chest, and cough. I took the Petroleous in larger doses than is recommended in the directions, but after taking it a few days I got to like it. I should like to have a harrel of it to use in my family, for I believe it to be a valuable medicine. The Petroleous produced no unpleasant feelines whatever in the use of it.

WM. DAY. the use of it. Pittsburg, March 16, 1850.

"There is nothing like it for Burns." I got three dozen of Mr. King's Petroleum of Mr. Howell, and I am disposed to think there is nothing equal to it for Burns: I having bount my hands, and expecting nothing less than a long, tedious sers, but found no soreness at all from its only leaving a red scale, without any soreness when presend upon, which quite surprised me. I therefore have great fish in its efficacy, so far at least, and will introduce it in this section.

Very respectfully, &c.

HARVEY MANN.

Sauret M. Kinn, Eeq.—Bear Sir: I have been confined to my bed over five meanths with Typhoid Fever, and still am in bed. During my sickness, my left feet and leg swelled very much, and continued so until ladely; I tried several remedies, without any effect. Col. fixers called to see me with Gen. Choven, and he recommended me to fry your Petroleum, as it had werked some woneierful cures to his knowledge. I had been thinking all that day, before he was here, that I would try it; I immediately sent my nephes, by J. W. S. cann. (the bearer of this note) to the drug-store, and get a leattle, and applied come that right to the sores, and the next morning you could see a morbod difference in the feet, and has continued so ever since. I can assure you it operated almost like a claum—I never

#### IT IS A FACT,

ONE self-evident, and worthy of every consideration, that no Miller can make good clean flour without he has good clean wheat. I suppose you wish to know the remedy. I tell you-it is to get one of Bergstresser's Wheat Scourers, or Smut Machines. He being an old, practical and experienced Millwright has invented, got up and put in successful operation the best Wheat Scourer now in use. Any person ordering a machine and afterwards finding that it does not prove to operate as represented, there shall be no sale, as these machines are to be warranted good. Further recommendations are thought unnecessary. He is now having a supply made at Lewis-burg, by Messrs. Geddes & Marsh. Orders for machines, or letters of inquiry, will be promptly attended to. Machines will be GONSUMPTION sent and put to all orders. Address

Pepsin is the chief element or great digesting principle of the gastric juice. It is found in great abundance in the solid parts of the human stomach after death, and sometimes causes the stomach to digest or cut itself up. It is also found in the stomach of unimals, as the ox, calf, &c. It is the material used by farmers in making cheese styled Rennet, the effect of which has long been the special wonder of the dairy. Cordling of milk is the first process of digestion. A call's stomach can curdle nearly one thousand times its own weight of milk. Baron Liebig states, "one part of Pepsin dissolved in sixty thousand parts of water, digests meat and other food." Diseased stomachs produce no good Gastric Juice, Rennet or Pepsin. To show that this want may be perectly supplied, we quote the subjoined

From the Boston Bee-editorial, Dec 22d-Dr. Hoeffand's Celebrated German Bitters, for the case of Liver Complaint, Janudice, Dyspepsia, and Chronics Nervous Debility, is describedly one of the most pepula medicines of the day. These litters have been used by ishaids, and a friend at our elbow says he has him relived from the use of this remedy an effectual, perm at cure of Liver Complaint. We are convinced that

near error of claver Companiant. We are convined that in the uses of these Bitters, the patient constantly give strength and vigor—a fact worthy of great consideration. They are pleasant in tests and smell, and can be used by persons with the most delicate stomachs, with safety under any circumstances. We are speaking from operance, and to the afflicted we maybe their use.

Scott's Weekly, one of the best literary papers published, said. Aug 25th—
Di Hoofland's Gemean British, manufactured by IrJackson, are now recommended by some of the most prominent members of the Farulty, as an article of much
efficacy in cases of female weakness. As such is the case,
we would advise all mothers to obtain a bettle, and thus
save the miselves much sickness. Persons of debilitated
constitutions will find these Bitters advantageous to their
health, as we know from experience the salutary effect
they have upon weath systems. Judge M.M. Noan, a gentleman of great scien

tific and literary attainments said in his NewYork Weekly Messenger, Jan 6, 1850-Weekly Messenger, Jan 6, 1950—

Dr. Hochard's German Bitters.—Here is a preparative which the leading precess of the Union appear unanimous in recommending, and the reason is obvious. It is missafter a prescription furnished by one of the most celebrasis physicians of modern times—the late Dr. Christophs. Wilhelm Hoofland, Professor to the University of Jeak was cumphatically the enemy of kumboy, and therefore a medicine of which he was the inventor and endorser may be confidently relied on. He specially recommended it niver Complaint, Dyspepsia, Debility, Vertige, Acidity of the Stomach, Constituation, and all complaints arising from a disordered condition of the stomach, the Liver and the Intestines. Nine Philadelphia papers express their conviction of its excellence, and several of their Editor speak of its effects from their own institutional experience Under these circumstances, we feel warranted, not cell in calling the attention of our readers to the present proprietor (Dr. C. M. Jackson's) preparation, but in recommending the article to all afflicted.
