Another Rescue BY SCHENCK'S PULMONIC SYRUP!

I WAS on the verge of the grave, and so far gone that my family and friends had lost all hopes of my recovery, and when in this situation, having been recmed by the use of *SCHENCK'S PULMONIC SYRUP*, I desire to testify, with grateful emotions, to Dr. SCHENCK, the unspeakable benefit I have received from the use of his invaluable medicine.

Early last fall I contracted a violent cold, and in consequence of which I had chills, alternated with fever pain in my right breast and shoulder-blade, with a hoarse cough and no expectoration. I kept getting worse until I took my bed, and had the attendance of my family physician. I was under his care about four weeks, and at the expiration of that time was reduced so low that despair took hold of myself and friends, and even my physician abandoned me, and gave me up to die with the hasty consumption. My appetite was gone, my bowels very irregular, fever and night sweats, pain in my breast and shoulder, attended with a distressing cough, which was very tight, but it is had nearly all gone, and I was so weak that I could scarcely raise my head from the pillow, and was truly an object of pity to behold. My friends had been sent for to see me die, and my sick-bed was surrounded by kind and sympathising neighbors, who had come to witness my departure from this world. When all rays of hopeful ind of my recovery, a neighbor, Mr David Cantell, proposed to try SCHENCK'S PULMONIC SYRUP, with a view of loosening my cough and relieving me of the tough phlegm, and as a means of affording temporary relief, remarking at the time, "that I was too far gone for the Syrup to be of any permanent benefit." My wife, anxious for the relief of my intense sufferings, procured some of the Pulmonic Syrup. I found it afforded me relief, and continued using it. I could feel its healing influence upon my lungs. I continued to improve under its use, and my friends were much gratified to witness my unexpected improvement; many of my neighbors came to look at me as one raised from the dead. My cough now became loose, and I felt something break, where I had the pain in my breast, and I discharged large quantities of yellow matter. I have for weeks discharged and raised a spit box full of matter every day, with hard lumps, like grains of something. My bowels now became regular and natural, and my appetite was so far improved that I could scarcely refrain from eating too much. My strength improved, and I regained my flesh. I continued to improve in every respect upon after I commenced using the Syrup, and the improvement continued until I was restored to my wonted health. I have passed through the inclement weather of the latter part of winter and the spring, and feel as well now as ever I felt in my life, and I am the day a living testimonial of the great efficacy of *SCHENCK'S PULMONIC SYRUP* in curing pulmonary diseases.

I feel that the statement should be thought not highly colored by some people. I subjoin a certificate of a number of the individuals of Taunton, who saw me at different times during my disease, and never expected how we restored. I also append the certificate of Mayor Lincoln, of Taunton, and Dr. Gay, M. D., who kindly watched over me, and fully believed they would contain my remains to their tombs, but thanks to Dr. Schenck, for his invaluable Pulmonic Syrup, my life has been spared, and I am permitted to make the following statement for the benefit of suffering mankind.

Joseph H. Tarbox, and myself well known for most of the past 20 years, and I do not hesitate to say, from my personal knowledge, that the statement of the case above given is in all particulars correct. JOHN C. GREEN.

June 21, 1851.

The subscribers, members of the Masonic Lodge, No. 270, of Taunton, Mass., have known Joseph H. Tarbox for many years, and have been personally acquainted with the facts in the case of his severe illness, as given above, and we believe the statement to be entirely correct.
