Last Appendix to Yankee Doodle.

Yankee Doodle sent to Town
His goods for Exhibition,
Everybody ran him down,
And laughed at his position;
They thought him all the world behind—
A goney, muff, or noodle;
"Laugh on, good people—never mind,"
Says quiet Yankee Doodle.
CHORUS—Yankee Doodle,boys,huzza,&c.

Yankee Doodle had a craft—
A rather tidy clipper—
And he challenged (while they laughed)
The Britishers to whip her;
Their whole yacht squadron she outsped,
And that on her own water;
Of all the lot, she went ahead,
And they came "nowhere" after.

O'er Panama, there was a scheme
Long talked of, to pursue a
Short route—which many thought a dream—
By Lake Nicaragua;
John Bull "discussed" the plan on foot,
With sage irresolution,
While Yankee Doodle went and put
It into execution.

A steamer of the Collins' line,
A Yankee Doodle's notion,
He also quickest cut the brine
Across th' Atlantic Ocean;
And British agents, no-ways slow
Her merits to discover,
Have been and bought her—just to tow
The Cunard steamers over.

Your gunsmiths of their skill may crack,
But that again don't mention;
I guess that Smith's revolvers whack
Their very first invention.
By Yankee Doodle, too, you're beat
Downright in agriculture,
With his machine for reaping wheat,
Chawed up as by a vulture.

You also fancied in your pride,
(Which truly is tarnation,)
Them British locks of yours defied
The rogues of all creation;
But Chubbs' and Bramah's, Hobbs has picked,
And you must now be viewed all
As having been completely licked
By glorious Yankee Doodle.
Chorus—Yankee Doodle, &c.

The Light of Nature.

The celebrated Mr. Hume wrote an essay on the sufficiency of the light of nature, and the no less celebrated Robertson wrote on the necessity of revelation, and the insufficiency of the light of nature. Hume came one evening to visit Robertson, and the evening was spent in conversing on the subject. The friends of both were present, and it is said that Robertson reasoned with unaccustomed clearness and power. Whether Hume was convinced by reasonings, or not, we can not tell; but at any rate Hume was very much of a gentleman, and as he was about to depart, bowed politely to those in the room, while, as he retired through the door, Robertson took the light to show him the way. Hume was still facing the door: "O, sir," said he, to Robertson, "I find the light of nature always sufficient," and he continued, "Pray, don't trouble yourself, sir," and so he bowed on. The street door was open, and presently as he bowed along the entry, he stumbled over something concealed, and pitched down stairs into the street. Robertson ran after him with a light, and as he held it over him, whispered, "You had better have a little light from above, friend Hume." And raising him up, he bade him good night, and returned to his friends.

Jersey Spunk.

A late number of the Patterson (N. J.) Guardian, contains the two following advertisements:

NOTICE.—Whereas, my wife Rachel has left my bed and board, without any just cause or provocation, this is to caution the public against trusting her on my account, as I will pay no debts of her contracting.
July 1, 1851. JEREMIAH SPEER.

NOTICE.—I saw in the Guardian an advertisement signed Jeremiah Speer, forbidding any one harboring or trusting me on his account. I, his wife, say he never had any bed or board for me, but he boarded with my father, and I paid his board. A few months ago, he was taken sick, when his mother came with a hired man and wagon and took him away without my knowledge or my fathers' consent, and I paid three weeks' doctor's bill for him. When he came back, I told him he must go to his mother and stay till he got weaned, before I would live with him.
Paterson, July 6, 1851. RACHEL SPEER.

☞ Isn't it singular that mineral waters are only beneficial to the wealthy. In all our experience, we never knew a physician to advise a poor man to go to Saratoga, or any other watering place. Why carbonate of lime should only operate on doubloons, we can't conceive.

UNIVERSITY at Lewisburg.

THE next Session of the University will commence on Thursday, Oct. 16, 1851.

The Board of Trustees have been highly gratified by the large degree of success which has already attended their exertions; and they are resolved to spare no efforts in order to furnish hereafter the highest advantages to Students.

The Rev. HOWARD MALCOM, D. D., has entered upon his duties as President of the University. His well established reputation gives assurance that under his administration a still larger degree of success awaits the University. He will be assisted in the department of instruction by the following able Professors:

Rev. GEO. R. BLISS, A.M., Prof. of Greek Lang. & Literat.
GEO. W. ANDERSON, A.M. " Latin "
HAS. S. JAMES, A.M., Prof. of Math. & Natural Philos.
ALFRED TAYLOR, A.M., Prof. of Belles Lettres.

The usual system of Collegiate education is fully carried out, embracing a course of four years and entitling the successful student to the degree of Bachelor of Arts.

In order, moreover, to adapt the University to the wants of all, a course of study has been established omitting the Ancient Languages and substituting in their place various branches of Mathematics, Philosophy and Natural Science. This course will occupy a period of three years. It is thorough and complete, and will entitle the faithful Student to the degree of Bachelor of Philosophy.

Students who design spending but a year or two at College, will have an opportunity of studying whatever branches they may elect, such as Chemistry, Civil Engineering, &c.

Every Student will be required to give special attention to Composition and Public Speaking.

In connection with the Collegiate Department is an *Academy* in which the ordinary branches of an English and Classical education are pursued. This department is under the charge of ISAAC N. LOOMIS, A.M., Principal, and Assistants. There is also a *Primary Department* under the superintendence of Mr. NORMAN BALL.

Every arrangement has been made to furnish all requisite aid in every part of a thorough Academic and Collegiate education. An excellent Library, a very complete Philosophical Apparatus and a well furnished Chemical Laboratory are provided. The Library is constantly receiving valuable additions.

The University has extensive Buildings standing in an elevated grove on the south side of the town. A more beautiful, pleasant and healthful location could not be found within the State.

PRICE OF TUITION—Collegiate Department, $30 per annum.
Academic " 20 "
Primary " 12 "

Boarding and Washing can be obtained at prices ranging from $1,50 to $2,50 per week.

The year is divided into two Sessions—one of 26 weeks, commencing 16th Oct. and continuing till the 14th April; the second of 14 weeks, from the 13th of May to the 18th Aug. 1852.

IMPORTANT TO SOLDIERS!

I HAVE made arrangements with Wm. S. Trowbridge and S. S. Conover, the former of whom has been engaged in the Western States as Surveyor for 17 years, by which I can insure the location of land warrants on the choicest lands now in market, in Wisconsin, Minnesota, Iowa or Illinois, at the following rates:

Warrants for 160 acres, $10; those for 80 acres, $7; and those for 40 acres, $5. Warrants entrusted to me with the above fees and a Power of Attorney to locate enclosed, if sent to me by mail shall be punctually and faithfully attended to.

Powers of Attorney must be properly acknowledged before a Justice of the Peace, accompanied by the certificate of the Prothonotary under seal. Bankable paper in Penn'a and Ohio bills pass here.

Petroleum, or ROCK OIL,

A NATURAL REMEDY!

PROCURED FROM A WELL IN ALLEGHENY CO., PA., Four Hundred feet below the Earth's surface! It is put up in bottles, just as it flows from the well, without admixture of any kind. It gets its ingredients from the beds of substances which it passes over in its secret channel: they are blended together in such a form as to defy all human competition. The *Petroleum* in this respect is like MINERAL WATERS, whose virtues in most chronic chronic cases are acknowledged not only by physicians but by the community at large. These singular fluids flowing out from the earth, impregnated with medicinal substances of different properties, and holding them in such complete solution as to require the aid of Chemistry to detect them, bear ample proof to the fact that they are compounded by the master hand of Nature for the alleviation of human suffering and disease. If Petroleum is a medicine at all, it is a good one, for Nature never half does her work. It will continue to be used and applied as a Remedy, as long as man continues to be afflicted with disease. That it will cure every disease, we do not pretend; but that it will cure a great many diseases, hitherto incurable, is a fact which is proven by the evidence in its favor. Its discovery is a new era in medicine, and will enure to the health and happiness of man.

SCROFULA.—The Petroleum is a great medicine in Scrofula and King's Evil—in all those diseases originating in a depraved condition of the blood and other fluids of the body. It will cure pains and enlargements of the bones and joints, Blotches, Biles, Erysipelas, Pimples on the face, Tetter, Scald-head, Ringworm, and the various Skin diseases. It has cured numerous cases of Rheumatism, Neuralgia, Gout, &c. A woman in Franklin county, Pa., was cured of a rheumatic affection of six years' standing; the disease was so aggravated as to confine her to her bed during the greater part of that time; she is now well, and considers herself entirely restored.

RHEUMATISM yields to the power of Petroleum!

I feel myself under a debt of gratitude to the proprietor of the Petroleum, the use of which great medicine has entirely cured my wife of a violent attack of Rheumatism. She had labored under an attack of the disease for about two months, suffering the most intense pain; the greater part of the time confined to her bed, and unable to do anything. The pain in the limbs was very great, attended with a great deal of swelling. The Petroleum had a happy effect, for the first two or three applications the swelling diminished and the pain left her. I continued to apply the medicine daily for about two weeks, which entirely relieved her, and she is now as well as ever she was in her life. I feel confident that the Petroleum is one of the greatest medicines in the world for rheumatic pains and swellings.
(Signed)
PETER PUHL, Perry St., Allegheny City.

Chronic Cough cured.

I take pleasure in certifying to the valuable properties of Mr. Kier's Petroleum, for an affection of the breast and lungs, accompanied with severe pain in the chest, and a cough. I took the Petroleum in larger doses than is recommended in the directions, but after taking it a few days I got to like it. I should like to have a barrel of it to use in my family, for I believe it to be a valuable medicine. The Petroleum produced no unpleasant feelings whatever in the use of it. WM. DAY.
Pittsburg, March 16, 1850.

"There is nothing like it for Burns."

BELLEFONTE, Feb. 21, 1850.

I got three dozen of Mr. Kier's Petroleum of Mr. Howell, and I am disposed to think there is nothing equal to it for Burns: having burnt my hands, and expecting nothing less than a long, tedious sore, but found no sorreness at all from its only leaving a red scale, without any soreness when pressed upon, which quite surprised me. I therefore have great faith in its efficacy, so far at least, and will introduce it in this section.
Very respectfully, &c. HARVEY MANN.

SAMUEL M. KIER, Esq.—Dear Sir: I have been confined to my bed over five months with Typhoid Fever, and still am in bed. During my sickness, my left foot and leg swelled very much, and continued so until lately; I tried several remedies, without any effect. Col. BLOCK called to see me with Gen. CLOVER, and he recommended me to try your Petroleum, as it had worked some wonderful cures to his knowledge. I had been thinking all that day, before he was here, that I would try it; I immediately sent my nephew, Dr. J. W. SNOWDEN (the bearer of this note) to the drug-store, and got a bottle, and applied some that night to the sores, and the next morning you could see a *marked difference in the foot*, and has continued so ever since. I can assure you it operated almost like a charm—I never saw anything heal like it in my life.

I want a small quantity yet to effect a perfect cure; you will please let the bearer have some and he will pay you for the same. Very respectfully your friend.

Price Reduced!

VAUGHN'S
LITHONTRIPTIC MIXTURE!

Large Bottles—Only One Dollar.

The Proprietor of the Great American Remedy "VAUGHN'S VEGETABLE LITHONTRIPTIC MIXTURE," induced by the urgent solicitations of his Agents, throughout the United States and Canada, has now

Reduced the Price

of his popular and well known article; and from this date, henceforth, he will put up but one size only,—his quart bottles:—the retail price will be

ONE DOLLAR

The public may rest assured that the character of the Medicine, its strength, and curative properties WILL REMAIN UNCHANGED, and the same care will be bestowed in preparing it as heretofore.

As this medicine, under its reduced price, will be purchased by those who have not hitherto made themselves acquainted with its virtues, the proprietor would beg to intimate that his article is not to be classed with the vast amount of "Remedies of the day;" it claims for itself a *greater healing power, in all diseases, than any other preparation now before the world*; and has sustained itself for eight years by its superior medical virtues, and, until this reduction, commanded double the price of any other article in this line.

NOTICE PARTICULARLY, this article acts with great healing power and certainty, upon the

Blood, Liver, Kidneys, Lungs,

and all other organs, upon the proper action of which life and health depend.

This medicine has a justly high repute as a remedy for

Dropsy and Gravel,

and all diseases of that nature. It may be relied upon when the intelligent physician has abandoned his patient,—and for these distressing diseases, more especially DROPSY, the proprietor would earnestly and honestly recommend it. At its present price it is easily obtained by all, and the trial will prove the article to be the

Cheapest Medicine in the World!

☞ Please ask for pamphlets—the agents give them away they contain over sixteen pages of receipts, (in addition to full medical matter) valuable for household purposes, and which will save many dollars per year to practical housekeepers.

These receipts are introduced to make the book of great value, aside from its character as an advertising medium for the medicine, the testimony in favor of which, in the form of letters from all parts of the country, may be relied upon.

TEAS!

THE *Canton Tea Company* of New York—the oldest and largest establishment of the kind in the U. S.—invite universal attention to the fact that, from their superior arrangements, they are prepared to sell Teas purer and more fragrant for the respective prices, than any house on this continent can uniformly do.

These Teas combine every good description and quality; they are done up in packages from a quarter of a pound upwards; the wrapper next the tea is a heavy tin foil, covered with water-proof and elegant Chinese paper, and are perfectly secured from light and air, so that the quality is completely preserved in any climate.

The above TEAS, from 50 cts to $1,25 cts per pound, for sale by J. HAYES & CO.

AS *spurious* BRANDRETH PILLS are sold by many Druggists in city and country, it would be well if persons in inquiring for them would make them produce their *Certificate* OF AGENCY. As there is but one Agent appointed for each city or town, (no difference how large the place,) and all Agents can produce their Certificate, any persons wanting the genuine Pills had better purchase where they can depend on getting the genuine article.

BRANT'S
PULMONARY BALSAM,

The Great COUGH REMEDY.

Many years of experience, and more than a **Hundred Thousand Cures of Consumptive** Complaints, have proved to the undoubted satisfaction of all persons who have become acquainted with this *wonderful remedy*, that it **is greatly superior,** because it is *soothing and healing*, and *more certain* to **cure Consumption** of the **Lungs,** than any other Remedy in the world. We know, however, that it is said by some that Consumption can not be cured. Be that the opinion of the many or the few, we shall not attempt to argue with such, but this we *will say*, and do *assert* as a fact, which can be proved in **thousands** of cases, that this medicine **has cured** *Coughs* and *diseases* which, *before* the cures were effected, were called **real Consumption,** and which were attended with *symptoms* that resembled, and were in **all** *respects like* the symptoms of those *who die*, and *when dead* are said to have *died* with that fatal disease **Consumption.** This Balsam has cured *thousands* of persons who were said to be hopelessly afflicted—who had *hard, dry, racking* **Coughs**—*Pains* in the **Breast,** *Side,* and *Back*—**Difficulty of Breathing**—*Purulent Expectoration*—*Hectic Fever*—*Night-Sweats*—and **wasting away** of the **Flesh** and **Blood.** Persons having such complaints have been cured after it was said they *could not* **live a week** longer. This Medicine has cured some who were supposed to be in a **dying state,** but, by the use of this remedy, they **now live,** and enjoy good health.

This Balsam is *purely a vegetable compound.* It is pleasant to take, and *never does injury* in any stage of disease or under any circumstances. It effects its **wonderful** and *almost* **miraculous Cures** by **Purifying,** *Strengthening,* and **Invigorating** the whole system—by *equalizing the circulation,* and producing a *healthy* action—thus *allaying* **Cough**—*soothing the* **Nerves**—and *aiding and facilitating* **Expectoration.** It Cures the following diseases, viz:—

Consumption,

COUGHS and *Colds, Bronchitis, Asthma, Spitting of Blood, Bleeding of the Lungs, Pains in the Breast, Side, and Chest, Nervousness, Night Sweats, Palpitation of the Heart,* and all **FEMALE WEAKNESSES** and *Complaints* arising therefrom, **Cholera Infantum,** &c.

☞ **For Proof** and particulars of Cures, see our **Pamphlets** and *Handbills*—all our Agents have them to give away.

IT IS A FACT,

ONE self-evident, and worthy of every consideration, that no Miller can make good clean flour without he has good clean wheat. I suppose you wish to know the remedy. I tell you—it is to get one of *Bergstresser's Wheat Scourers*, or Smut Machines. He being an old, practical and experienced Millwright has invented, got up and put in successful operation the best Wheat Scourer now in use. Any person ordering a machine and afterwards finding that it does not prove to operate as represented, there shall be no sale, as these machines are to be warranted good. Further recommendations are thought unnecessary. He is now having a supply made at Lewisburg, by Messrs. Geddes & Marsh. Orders for machines, or letters of inquiry, will be promptly attended to. Machines will be sent and put to all orders. Address

LIGHTNING RODS.

THE awful calamities that every City, Town, Village and country falls victim to annually, thro' the gross neglect of its inhabitants, is beyond calculation, especially when the remedy is so easy to obtain—this is found in

Armitage's Patent Magnetic Lightning Rods,

and in this alone. This rod has been examined by the most scientific gentlemen in the world—Professors M'Murtrie, Johnson, Wailor, and many others that have examined them, recommend and speak of them in the highest terms of approbation and have pronounced them the only safe rods now in use in this or any other country *for the protection of Lives and Property.* One advantage is to divide and throw back a part of the electric fluid harmless to the clouds, this is in time of a stroke, this enables the rod to conduct that portion of fluid that belongs to the earth without the slightest danger of leaving the conductor. This rod has many other advantages over the old one.

The patentee takes pleasure in informing his friends and the public in general that after many years' close investigation and numerous experiments he has arrived at the true principle of protecting Families, Dwellings and property from the destructive influence of **LIGHTNING**
