SCHENCK'S PULMONIC SYRUP

SCHENCK'S PULMONIC SYRUP!

I WAS on the verge of the grave, and so far gone that my family and friends had lost all hopes of my recovery; and when in this situation, having been rescared by the use of SCHENCK'S PULMONIC SYRUP, I desire to testify, with grafeful emotions, to Dr. SCHENCK, the unspeakable benefit i have received from the use of his invaluable medicine.

Early last fall I contracted a violent cold, and in consequence of which I had chills, alternated with fever, pain in my right breast and shoulder-blade, with a bad cough and no expectoration. I kept getting worse until I took my bed, and had the attendance of my family physician. I was under his care about four weeks, and at the expiration of that time was reduced so low that despair took hold of myself and friends, and even my physician abandoned me, and cive me up to die with the hasty consumption. My appetite was gone, my bowels very irregular, fever and might sweats, pain in my breast and shoulder, attended with a distressing cough, which was very tight, my flesh had nearly all gone, and I was award that I could scarcely raise my head from the pillow, and was truly an object of pity to behold. My friends had been sent for to see me die, and my sick-bed was surrounded by kind and sympathising neighbors, who had come to witness my departure from this world. When all rays of hope had field set my recovery, a neighbor, Mr. David Conrad, proposed to try SCHENCK'S PULMONIC SYRUP, with a view of loosening my cough, and relieving me of the tough phlegm, and as a means of affording temporary relief, remarking at the time, "that I was too far gone for the Syrup to be of any permanent benefit. My wife, anxious for the relief of my intense sufferings, procured some of the Pulmonic Syrup. I found it afforded me relief, and continued using it. I could feel its heating influence upon my lungs. I continued to improve under its use, and my friends were much gratified to witness my unexpected improvement; many of my neighbors came to look at me as one raised fr y diseases. Lest this statement should be thought too highly colo

Lest this statement should be thought too highly colors by some people. I subjoin a certificate of a number of the inhabitants of Tacony, who saw me at different time during my discase, and never expected to see me restored I also append the certificates of the brothers of Mysti Lodge, No. 270, I. O. of O. F., who kindly watched over me, and fully believed they would consign my remains to the tomb; but thanks to Dr. Schenck, for his invaluable Pulmonic Syrup, my life has been spared, and I am per mitted to make the foregoing statement for the benefit of suffering mankind.

I reside at Tacony, and am well known by most of the people there, and will be gratified to have any person call upon me and learn more particulars of the great virtues of this medicine.

Holmesburg, Philad Co, Pa. June 25, 1851.

The undersigned residents of Tacony, eight miles above Philadelphia, being well acquainted with John C. Green and the circumstances attending his case, feel impelled by a deep sense of imperative duty, to make universally known to the public his entire recovery from the very last stages of a Pulmonary Consumption. So entirely helpless was his condition; having been but a brief period in that rapidly sinking and emaciated state, as to utterly preclude in the opinion of his physician and friends, who watched by his bedside, all hopes of even a temporary recovery and restoration to his present robust health. Thus the careful use of your invaluable Specific, the Pulmonic Syrup, makes it in our belief, under the circumstances of his previous prostrate, not to say dying condition, one of the most startling results that the whole annals of medical skill or science can produce. It desures to you, the great discoverer of an infallible cure for this hitherto remediless disease, a lasting monument, and a world wide reputation in the healing art that no time may either diminish or desirey. Having witnessed Mr. Recond distressions struccles and suffering from a confidence of the produce from a suffering from a confidence of the production in the healing art that no time may either diminish or desirey. PROCURED FROM A WELL IN ALLEGHENY CO., PA.,
Four Hundred feet below the Earth's surface! It is
put up in bottles, just as it flows from the well, without
admixture of any kind. It gets its ingredients from the
belos of substances which it passes over in its secret channot: they are blended together in such a form as to defy
sil human competition. The Petroleom in this respect is
like MINERAL WATERS, whose virtues in most chronic
chronic cases are acknowledged not only by physicians but
by the community at large. These singular fluids flowing
out from the earth, impregnated with medicinal substances
of different properties, and holding them in such complete
solution as to require the said of Chemicity to detect them,
bear ample proof to the fact that they are compounded by
the master hand of Nature for the allevistion of human
suffering and disease. If Petroleum is a medicine at all,
it is a good one, for Nature never half does her work. It
will continue to be used and applied as a Remedy, as long
as man cominms to be afficied with disease. That it will
cure every disease, we do not pretend: but that it will cure
a great many diseases, hitherto incurable, is a fact which
is proven by the evidence in its favor. Its discover, so

SCROPTLA.—The Petroleum is a great medicine SCROPTLA.—The Petreleum is a great medicine in Scrofula and King's Fvii—in all those diseases originating in a depraced continuou of the blood and other fittids of the body. It will cure pains and enlargements of the bones and joints, Biotches, Bios, Erysipelas, Pimples on the face, Tetter, Scald-bend, Ringworm, and the various Skin disea-ses. It has cured numerous cases of Rheumatian, Neur-algia, Gout, &c. A women in Franklin county, Ps., was carred of a theumatic affection of six years' standing: the disease was so argravated as to confine her to her bed dur-ling the greater part of that time; she is now well, and considers herself entirely restored.

RHEUNATISM yields to the power of Petroleum! I feel massif under a debt of gratitude to the propriets of the Petroleum, the use of which great medicine ha entirely cured my wife of a violent attack of the unation she had labored under an attack of the disease for abou She had calored under an attack of the disease for about two months, suffering the most intense pain; the greater part of the time confined to her bed, and unable to do anything. The pain in the limbs was very great, attended with a great deal of swelling. The fetroleum had a happy effect, for the first two or three applications the swelling diminished and the pain left her. I continued to apply the medicine daily for about two weeks, which entirely relieved her, and she is now as well as ever she was in her life. I fed confident that the Fetroleum is one of the greatest medicines in the world for rheamatic pains and swellings. (Signed)

Chronic Cough cured.

I take pleasure in certifying to the valuable properties of Mr. Kier's Petroleum, for an affection of the breast and langs, accompanied with severe pain in the check, and a cough. I took the Petroleum in larger does than is recommended in the directions, but after taking it a few days I got to like it. I should like to have a barrel of it to use in my family, for I believe it to be a valuable medicine. The Petroleum produced no unpleasant feelings whatever in the use of it.

I got three dozen of Mr. Kier's Petroleum of Mr. Howell, and I am disposed to think there is nothing equal to it for Burns; having burnt my hands and expecting nothing less than a long tedicus sore, but found no soreness at all from its only leaving a red scale, without any soreness when pressed upon, which quite surprised me. I therefore have great faith in its efficacy, so far at least, and will introduce it in this section.

IT IS A FACT,

ONE self-evident, and worthy of et consideration, that no Miller can make good clean flour without he has good clean wheat. I suppose you wish to know the remedy. I tell you-it is to get one of Bergstresser's Wheat Scourers, or Smut Machines. He being an old, practical and experienced Millwright has invented, got up and put in successful operation the best Wheat Scourer now in use. Any person ordering a machine and afterwards finding that it does not prove to operate as represented, there shall be no sale, as these machines are to be warranted good. Further recommendations are thought unnecessary. He is now having a supply made at Lewis-burg, by Messrs, Geddes & Marsh. Orders for machines, or letters of inquiry, will be promptly attended to. Machines will be

sent and put to all orders. Address J. BERGSTRESSER. Lewisburg, Union Co. Pa.

This rod has been examined by the mos scientific gentlemen in the world--Pro-fessors M'Murtrie, Johnson, Wallor, and many others that have examined them, recommend and speak of them in the highest terms of approbation and have pronounced them the only safe rods now in use in this or any other country for the protec-tion of Lives and Property. One advantage is to divide and throw back a part of the electric fluid harmless to the clouds, this is in time of a stroke. this enables the rod to conduct that portion of fluid that belongs to the earth without the slight-

est danger of leaving the conductor. This rod has many other advantages over the old one.
