Petroleum, or Rock Oil,

A NATURAL REMEDY!

PROCURED FROM A WELL IN ALLEGHENY CO., PA., four hundred feet below the Earth's surface! It is put up in bottles, just as it flows from the well, without admixture of any kind. It is in its ingredients from the hills of Salamanca which it passes over in its secret channel: they are boiled together in such a form as to defy all human competition. The Petroleum in this respect is like MINERAL WATERS, whose virtues in most chronic diseases are acknowledged not only by physicians but by the community at large. These singular Rock Waters spring from the earth impregnated with medicinal substances of different properties, and holding them in such complete solution as to require the aid of Chemistry to detect them. A simple proof to the fact that they are compounded by the unerring hand of Nature for the alleviation of human sufferings and diseases. If Petroleum is a medicine at all, it is a good one, for Nature never half does her work. It will continue to be used and applied as a Remedy, as long as man continues to be afflicted with disease. That it will cure every disease, we do not pretend; but that it will cure a great many diseases, hitherto incurable, is a fact which is proven by the evidence in its favor. Its discovery is a new era in medicine, and will endure to the health and happiness of man.

SCROFULA.—The Petroleum is a great medicine in Scrofula and King's Evil—in all those diseases originating in a depraved condition of the blood and other fluids of the body. It will cure pains and enlargements of the bones and joints, Blotches, Blue, Erysipelas, Pimples on the face, Tetter, Scald-head, Ringworm, and the various Skin diseases. It has cured many cases of Rheumatism, Neuralgia, Gout, &c. A woman in Franklin county, Pa., was cured of a rheumatic affection of six years standing; the disease was so aggravated as to confine her to her bed for... the greater part of that time; she is now well, and considers herself entirely restored.

FREE MASONS, gold to the value of Petroleum!

I feel myself indebted a debt of gratitude to the proprietor of the Petroleum, for the use of which great medicine has entirely restored me to health. I was afflicted for many years with a disease of the liver, under the effects of the disease he produced I was frequently suffering the most intense pain; the greater part of the time confined to my bed, and unable to do anything. The pain in the limbs was very great, attended with a great deal of swelling. The Petroleum had a happy effect. In the first two or three applications the swelling diminished and the pain left her. I continued to apply the medicine daily for about two weeks, which entirely relieved her, and she is now as well as ever she was in her life. I feel confident that the Petroleum is one of the greatest medicines in the world for rheumatic pains and swellings.

PETER PUHL, Penn St., Allegheny City.

Chronic Cough cured.

I take pleasure in certifying to the valuable properties of Mr. Kier's Petroleum, for an affection of the breast and lungs, accompanied with severe pain in the chest, and a cough. I took the Petroleum no longer since than last November, in the directions, but after taking it a few days I left it. I should like to have a barrel of it to use in my family, for I believe it to be a valuable medicine. The Petroleum produced no unpleasant feelings whatever in the use of it. WM. DAY.

Pittsburg, March 16, 1850.

"There is nothing like it for Burns."

BELLEFONTE, Feb. 21, 1850.

I got three dozen of Mr. Kier's Petroleum of Mr. Howell, and I am discussed to think there is nothing equal to it for Burns: having burnt my hands, and expecting nothing less than a long tedious sore, but found no scar, nor even its pain only leaving a red scale, without any scores, a short period upon, which quite surprised me. I therefore have great faith in its efficacy, so far, at least, and will introduce it in this section.

Yrs respectfully, &c. HARVEY MANN.

SAMUEL M. KIER, Esq.—DEAR SIR: I have been confined to my bed over two months with Typhoid Fever, and still remained so. During this sickness my health failed very much, and I was in a deplorable condition. I tried several remedies with not any effect. You recommended to me to... with Gen Cilley, and he recommended me to try your Petroleum, as it had worked some wonderful cures to his knowledge. I had been ill for 6 weeks, that day, before he called on me. I would try it. I immediately sent my boy to where Mr. J. W. Stewart is the owner of this model to the Pittsburgh, and got a bottle, and applied some that night. I felt worse and the next morning you could see a marked difference in the feel, and has continued so ever since. I can say now, your Petroleum has done like a charm—I never saw anything beat it in my life.

I want a small quantity yet, for I feel a perfect cure: you will please let the favor have some and he will pay you for the same. Very respectfully your friend,

ALEX. SCOTT.

THE next Session of the University will commence on Thursday, Oct. 16, 1851.

The Board of Trustees have been highly gratified by the large degree of success which has already attended their exertions; and they are resolved to spare no efforts in order to furnish hereafter the highest advantages to Students.

The Rev. HOWARD MALCOM, D. D., has entered upon his duties as President of the University. His well established reputation gives assurance that under his administration a still larger degree of success awaits the University. He will be assisted in the department of instruction by the following able Professors:

REV. GEO. R. BLISS, A.M., Prof. of Greek Lang. & Literat.
GEO. W. ANDERSON, A.M. " Latin "
CHAS. S. JAMES, A.M., Prof. of Math. & Natural Philos.
ALFRED TAYLOR, A.M., Prof. of Belles Lettres.

The usual system of Collegiate education is fully carried out, embracing a course of four years and entitling the successful student to the degree of Bachelor of Arts.

In order, moreover, to adapt the University to the wants of all, a course of study has been established omitting the Ancient Languages and substituting in their place various branches of Mathematics, Philosophy and Natural Science. This course will occupy a period of three years. It is thorough and complete, and will entitle the faithful Student to the degree of Bachelor of Philosophy.

Students who design spending but a year or two at College, will have an opportunity of studying whatever branches they may elect, such as Chemistry, Civil Engineering, &c.

Every Student will be required to give special attention to Composition and Public Speaking.

In connection with the Collegiate Department is an *Academy* in which the ordinary branches of an English and Classical education are pursued. This department is under the charge of ISAAC N. LOOMIS, A. M., Principal, and Assistants. There is also a *Primary Department* under the superintendence of Mr. NORMAN BALL.

Every arrangement has been made to furnish all requisite aid in every part of a thorough Academic and Collegiate education. An excellent Library, a very complete Philosophical Apparatus and a well furnished Chemical Laboratory are provided. The Library is constantly receiving valuable additions.

The University has extensive Buildings standing in an elevated grove on the south side of the town. A more beautiful, pleasant and healthful location could not be found within the State.

Another Rescue
BY
SCHENCK'S PULMONIC SYRUP!

I WAS on the verge of the grave, and so far gone that my family and friends had lost all hopes of my recovery; and when in this situation, having been recommended by the use of *SCHENCK'S PULMONIC SYRUP*, I desire to testify, with grateful emotions, to Dr. SCHENCK, the unspeakable benefit I have received from the use of his invaluable medicine.

Early last fall I contracted a violent cold, and in consequence of which I had chills, alternated with fever, pain in my right breast and shoulder-blade, with a hard cough and no expectoration. I kept getting worse until I took my bed, and had the attendance of my family physician. I was under his care about four weeks, and at the expiration of that time was reduced so low that despair took hold of myself and friends, and even my physician abandoned me, and gave me up to die with the hasty consumption. My appetite was gone, my bowels very irregular, fever and night sweats, pain in my breast and shoulder, attended with a distressing cough, which was very tight, my flesh had nearly all gone, and I was so weak that I could scarcely raise my head from the pillow, and was truly an object of pity to behold. My friends had been sent for to see me die, and my sick-bed was surrounded by kind and sympathising neighbors, who had come to witness my departure from this world. When all rays of hope had fled of my recovery, a neighbor, Mr. David Conrad, proposed to try SCHENCK'S PULMONIC SYRUP, with a view of loosening my cough, and relieving me of the tough phlegm, and as a means of affording temporary relief, remarking at the time, "that I was to far gone for the Syrup to be of any permanent benefit." My wife, anxious for the relief of my intense sufferings, procured some of the *Pulmonic Syrup*. I found it afforded me relief, and continued using it. I found it healing influence upon my lungs. I continued to improve under its use, and my friends were much gratified to witness my unexpected improvement; many of my neighbors came to look at me as one raised from the dead. My cough now became loose, and I felt something break, where I had the pain in my breast, and I discharged large quantities of yellow matter. I have for weeks discharged a pint box full of matter every day, with hard lumps, like grains of something. My bowels now became regular and natural, and my appetite was so far improved that I could scarcely refrain from eating too much. My strength improved, and I regained my flesh. I continued to improve in every respect, and the improvement continued until I was restored to my wonted health. I have passed through the inclement weather of the latter part of winter and the spring, and feel as well now as ever I felt in my life, and I am this day a living testimonial of the great efficacy of *SCHENCK'S PULMONIC SYRUP* in curing pulmonary diseases.

Lest this statement should be thought too highly colored by some people, I subjoin a certificate of a number of the inhabitants of Tacony, who saw me at different times during my disease, and never expected to see me restored. I also append the certificates of the brothers of Mystic Lodge, No. 270, I. O. of O. F., who kindly watched over me, and fully believed they would consign my remains to the tomb; but thanks to Dr. Schenck, for his invaluable Pulmonic Syrup, my life has been spared, and I am permitted to make the foregoing statement for the benefit of suffering mankind.

I reside at Tacony, and am well known by most of the people there, and will be gratified to have any person call upon me and learn more particulars of the great virtues of this medicine. JOHN C. GREEN.

June 24, 1851.

The subscribers, members of the Mystic Lodge, No. 270, I. O. of O. F., of Holmesburg, Pa., do hereby certify that we know John C. Green, (and is a member in good standing in No. 270, I. O. of O. F.,) who was dangerously ill with a low Pulmonary Consumption last winter, so that they gave him up to die; that he is now fully restored to perfect health, and they believe his recovery was produced by Schenck's Pulmonic Syrup.

We believe his certificate is correct in every particular.

JOHN C. CALVER.

Holmesburg, Philad. Co., Pa., June 25, 1851.

The undersigned residents of Tacony, eight miles above Philadelphia, being well acquainted with John C. Green, and the circumstances attending his case, feel impelled by a deep sense of imperative duty, to make unitedly known to the public his entire recovery from the very last stages of a Pulmonary Consumption. So entirely helpless was his condition; having been but a brief period in that rapidly sinking and emaciated state, as to utterly preclude in the opinion of his physician and friends, who watched by his bedside, all hopes of even a temporary recovery and restoration to his present robust health. Thus the careful use of your invaluable Specific, the Pulmonic Syrup, makes it in our belief, under the circumstances of his previous prostrate, not to say dying condition, one of the most startling results that the whole annals of medical skill or science can produce. It deserves to be imperishably recorded to your credit, and secures to you, the great discoverer of an infallible cure for this hitherto remediless disease, a lasting monument, and a world wide reputation in the healing art that no time may either diminish or destroy. Having witnessed Mr. Green's distressing struggles and sufferings from a continual cough, superadded to the other symptoms consequent upon, or attending the last stages of a pulmonary disease; and moreover at being so generally believed by his numerous friends that no human power could relieve, or restore him, but to see him restored back again to his former health, we feel it thus our duty to give our unqualified testimony of Mr. Green's perfect recovery, by means of the exclusive use of your wonderful Syrup; and we should indeed rejoice if we could be made the humble instruments of relief and cure to others who may be so unfortunate as to be similarly afflicted.
