New York, Jan. 16.—On Thursday afternoon, about 1 o'clock, the school-house in Greenwich avenue, was the scene of another excitement, somewhat similar to the one that occurred in November last. By some means or other an alarm was spread that the building was on fire, which soon reached the ears of the children in the various departments. In a moment they were seized with a panic, and rushed in a body for the doors, which, however, with commendable presence of mind the teachers immediately locked, and compelled the scholars to resume their seats. This they succeeded in effecting in about twenty minutes. The outer doors and gates to the building were also locked. Meanwhile the crowd increased to the number of two or three thousands. Parents and relatives were running to the school from every direction, wild and frantic with excitement, demanding an entrance to the building, which was resisted to the utmost extent by Assistant Capt. Sebring and the police force under his command. There was no real cause for alarm.

CHERRY PECTORAL

For the Cure of

COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH, CROUP, ASTHMA, AND CONSUMPTION.

Many years of trial, instead of impairing the public confidence in this medicine, has won for it an appreciation and notoriety by far exceeding the most sanguine expectations of its friends. Nothing but its intrinsic virtues and the unmistakable benefit conferred in all cases of sufferers, could originate and maintain the reputation it enjoys. While many inferior remedies thrust upon the community have failed and been discarded, this has gained friends by every trial, confirmed hundreds the afflicted they can never forget, and produced cures too numerous and too remarkable to be forgotten.

While it is fraud on the public to pretend that any one medicine will infallibly cure—still there is abundant proof that the Cherry Pectoral does not only as a general thing, but almost invariably, cure the maladies for which it is employed.

As time makes these facts wider and better known, this medicine has gradually become the best reliance of the afflicted, from the log-cabin of the American peasant, to the palaces of European Kings. Throughout this entire country, in every State, city, and indeed almost every hamlet it contains, *Cherry Pectoral* is known as the best remedy extant for diseases of the Throat and Lungs, and in many foreign countries it is coming to be extensively used by the most intelligent physicians. In Great Britain, France, and Germany, where the medical sciences have reached their highest perfection, the Cherry Pectoral is introduced, and in constant use in the Armies, Hospitals, Almshouses, public institutions, and in domestic practice, as the surest remedy the attending physicians can employ for the more dangerous affections of the lungs. In milder cases, and for children it is safe, pleasant, and effectual to cure. In fact, some of the most flattering testimonials we receive have been from parents who have found it efficacious in cases particularly incidental to childhood.

The Cherry Pectoral is manufactured by a practical Chemist, and every ounce of it under His own eye, with invariable accuracy and care. It is sealed and protected by law from counterfeits, consequently can be relied on as genuine without adulteration.

We have endeavored here to furnish the community with a medicine of such intrinsic superiority and worth as should commend itself to their confidence—a remedy at once safe, speedy and effectual, which this has for a period and countless trials proved itself to be; and trust by great care in preparing it with chemical accuracy, of uniform strength, to afford physicians a new agent on which they can rely for the best results, and the afflicted with a remedy that will do for them all that medicine can do

HOVER'S INK MANUFACTORY

REMOVED TO

No. 144 Race St,

(between 4th and 5th, opposite Crown St.)

PHILADELPHIA,

WHERE the Proprietor is enabled, by increased facilities, to supply the growing demand for *HOVER'S INK*, which its widespread reputation has created.

This Ink is now so well established in the good opinion and confidence of the American Public, that it is scarcely necessary to say anything in its favor, and the manufacturer takes this opportunity to say that the confidence thus so well shall not be abused.

In addition to the various kinds of Writing Ink, he also manufactures *Ablaconitor Cement* for mending glass and China, as well as a superior *Hair Dye*; a trial of which is necessary to insure its future use, and a *Lye* very well adapted for Druggists and Bottlers, at a very low price, in large or small quantities.

Orders addressed to JOSEPH E. HOVER, Manufacturer, No. 144 *Race Street*, Between 4th & 5th opposite Crown St, PHILADELPHIA.

The subscriber, in entering upon the 5th year of his connection with this Institution, takes pleasure in returning to the citizens of Lewisburg and vicinity his sincere thanks for the cordial and liberal support they have given him. His constant effort has been to infuse into the minds of those under his care a love of learning, and to train their youthful powers into systematic habits of study. And when this end is once fully reached the greatest obstacle in the way of acquiring a thorough education has been surmounted, and the future progress of the student, altho' always ascending, will still be rendered pleasant and secure.

The Primary Department will receive special attention; and exercises in Composition and Declamation will be required of the larger members of the school. A Vacation will be given during the Holidays.

DR. HOYT'S HEAVE POWDERS.

THIS preparation is now being offered to the Public as a guaranteed cure for the HEAVES in Horses, and as the only known Remedy for it in the World having been used in the private Veterinary practice of the proprietor for the last 37 years; and he has never known it to fail in a single instance of producing a lasting cure, and leaving the horse in good spirits for work.
