The scknowledged and extraordinary curative powers of these wenderful inventions is now so generally known and their sales and reputation throughout the whole country so extensive, that it would seem unnecessary to urge their merits further. But some late circumstances have occurred which remier is a matter of duty to the public not to be altogether silent, for while the ephemeral nostrams of the day are trumpeted by columns through the Frees and exactioned by quarts and gallons by the afflicted, and are found just good for nothing.

Christle's Calvanie and Magnetie Curatives, have been quietly working their way among the most intelligent and respectable classes, and are constantly achieving cures in an alarming train of diseases, which have for ages buffed all the aid of medicine and all the resources of Science. There

NERVOUS COMPLAINTS, NERVOUS COMPLAINTS, and in these diseases medicine is of no avail whatever, it never does good and it often does horm. Syrups, Extracts, Balma, Balcana, Frinte, Eitters, Fills, Towders and Fotions of every kind are alike weathless, for they weaken the vital energies of the already prostrated system, while under the strengthening lifegrating, vitalizing influence of Galcanism, as applied by this beautiful discovery, the exhausted patient and weakened sufferer is restored to former health, strength, elasticity and vigor.

These temarks relate to such diseases as NEU-RALSTA, THE DOLOREUX, BRONCHITTS, PALPITATION of the HEART, WEAKNESS, and all FEMALE, DISORDERS, such as NEWOUS HEADACHE, LASSITUDE, and DESPONDENCY, which are only other names for Nervous Derangement; PPILEFTE FITS and CONVULSIONS, which are now known to result from a non-equilibrium of electric influence, NERVOUS TREMOKS, DEALNESS, which is nearly silways caused by torpidity of the Auditory Nerves, and can always be perfectly curved by Galcanism, when the organ is not destroyed; of the Auditory Nerves, and can always be perfectly cared by Galvanian, when the organ is not destroyed; DVSF-LYSIA, in its werst forms; PALSY and PARA-LASS, undormly caused by a deficiency of Nervous inducence, CHRONIC RHEUMATISM, TORFIDITY of the LIVER, PAIN in the SIDE, SLUGGISH CIRCULATION, SPINAL and HIP COMPLAINTS, OFFICIENCY of NERVOUS and PHYSICAL ENGREPHICENCY of NERVOUS and PHYSICAL ENGRAPMENT of the NERVOUS SINGLESS. ing from a DERECTOR STATE of the shore prevalent and terrible class of dis-in the above prevalent and terrible class of dis-

Let it be known and remembered that the only
Natural Restocative for the Nerves is Galvanism,
and that in all Nervous Diseases we should

"Throw Physic to the Dogs. To Elustrate the use of the GALVANK BELT, suppose the case of a person afflicted with that bane of civilization, DYSPLYSIA or any other Chronic or Nerrous Disorder. In ordinary cases, stimulants of civilization, DYSPLPSIA, or any other Chronic or Nervors Disorder. In ordinary cases, stimulants are taken, which, by their action on the nerves and muscles of the stomach, afford temperary relief, but which leave the patient in a lower state, and with injured faculties, after the action thus excited has cessed. Now compare this with the effect resulting from the application of the GALVANIC BELT. Take a Byspoptic sufferer, even in the worst symptoms of an attack, and simply tie the Belt round the Belty, using the Magnetic Fluid as directed. In a that period the insensible perspiration will act on the positive sisoment of the Belt, thorsely ensuing a Gelvanic circulation which will pass on to the negative, and thence back again to the positive thus keeping up a continuous Galvanic circulation throughout the system. Thus the most severe cases of DYSEPSIA are PERMANENTLY CURED. A FEW DAYS IS AMPLY SUFFICIENT TO EXADICATE THE DISEASE OF YEARS.
