UNIVERSITY at Lewisburg.

THE next Session of the University will commence on Thursday, Oct. 16, 1851.

The Board of Trustees have been highly gratified by the large degree of success which has already attended their exertions; and they are resolved to spare no efforts in order to furnish hereafter the highest advantages to Students.

The Rev. HOWARD MALCOM, D.D., has entered upon his duties as President of the University. His well established reputation gives assurance that under his administration a still larger degree of success awaits the University. He will be assisted in the department of instruction by the following able Professors:

Rev. GEO. R. BLISS, A.M., Prof. of Greek Lang. & Literat.
GEO. W. ANDERSON, A.M. " Latin "
CHAS. S. JAMES, A.M., Prof. of Math. & Natural Philos.
ALFRED TAYLOR, A.M., Prof. of Belles Lettres.

The usual system of Collegiate education is fully carried out, embracing a course of four years and entitling the successful student to the degree of Bachelor of Arts.

In order, moreover, to adapt the University to the wants of all, a course of study has been established omitting the Ancient Languages and sub-tituting in their place various branches of Mathematics, Philosophy and Natural Science. This course will occupy a period of three years. It is thorough and complete, and will entitle the faithful Student to the degree of Bachelor of Philosophy.

Students who design spending but a year or two at College, will have an opportunity of studying whatever branches they may elect, such as Chemistry, Civil Engineering, &c.

Every Student will be required to give special attention to Composition and Public Speaking.

In connection with the Collegiate Department is an *Academy* in which the ordinary branches of an English and Classical education are pursued. This department is under the charge of Isaac N. Loomis, A. M., Principal, and Assistants. There is also a *Primary Department* under the superintendence of Mr. Norman Ball.

Every arrangement has been made to furnish all requisite aid in every part of a thorough Academic and Collegiate education. An excellent Library, a very complete Philosophical Apparatus and a well furnished Chemical Laboratory are provided. The Library is constantly receiving valuable additions.

The University has extensive Buildings standing in an elevated grove on the south side of the town. A more beautiful, pleasant and healthful location could not be found within the State.

PRICE OF TUITION—Collegiate Department, $30 per annum.

Another Rescue

BY

SCHENCK'S PULMONIC SYRUP!

I WA on the verge of the grave, and so far gone that my family and friends had lost all hopes of my recovery; and when in this situation, having been rescued by the use of *SCHENCK'S PULMONIC SYRUP*, I desire to testify, with grateful emotions, to Dr. SCHENCK, the unspeakable benefit I have received from the use of his invaluable medicine.

Early last fall I contracted a violent cold, and in consequence of which I had chills, alternated with fever, pain in my right breast and shoulder-blade, with a bad cough and no expectoration. I kept getting worse until I took my bed, and had the attendance of my family physician. I was under his care about four weeks, and at the expiration of that time was reduced so low that despair took hold of myself and friends, and even my physician abandoned me, and gave me up to die with the last stage consumption. My appetite was gone, my bowels very irregular, fever and night sweats, pain in my breast and shoulder, attended with a distressing cough, which was very tight, my flesh had nearly all gone, and I was so weak that I could scarcely raise my head from the pillow, and was truly an object of pity to behold. My friends had been sent for to see me die, and my sick bed was surrounded by kind and sympathising neighbors, who had come to witness my departure from this world. When all rays of hope had fled of my recovery, a neighbor, Mr. David Conrad, proposed CK'ULMONIC SYRUP, with a view of loosening my cough, and relieving me of the tough phlegm, and as a means of affording temporary relief, remarking at the time, "that I was too far gone for the Syrup to be of any permanent benefit." My wife, anxious for the relief of my intense sufferings, procured some of the *Pulmonic Syrup*. I found it afforded me relief, and continued using it. I could feel its healing influence upon my lungs. I continued to improve under its use, and my friends were much gratified to witness my unexpected improvement; many of my neighbors came to look at me as one raised from the dead. My cough now became loose, and I felt something break, where I had the pain in my breast, and I discharged large quantities of yellow matter. I have for weeks discharged and raised a spit box full of matter every day, with hard lumps, like grains of something. My bowels now became regular and natural, and my appetite was so far improved that I could scarcely refrain from eating too much. My strength improved, and I regained my flesh. I continued to improve in every respect soon after I commenced using the Syrup, and the improvement continued until I was restored to my wonted health. I have passed through the inclement weather of the latter part of winter and the spring, and feel as well now as ever I felt in my life, and I am this day a living testimonial of the great efficacy of *SCHENCK'S PULMONIC SYRUP* in curing pulmonary diseases.

Lest this statement should be thought too highly colored by some people, I subjoin a certificate of a number of the inhabitants of Tacony, who saw me at different times during my disease, and never expected to see me restored. I also append the certificates of the brothers of Mystic Lodge, No. 270, I. O. of O. F., who kindly watched over me, and fully believed they would consign my remains to the tomb; but thanks to Dr. Schenck, for his invaluable Pulmonic Syrup, my life has been spared, and I am permitted to make the foregoing statement for the benefit of suffering mankind.

I reside at Tacony, and am well known by most of the people there, and will be gratified to have any person call upon me and learn more particulars of the great virtues of this medicine. JOHN C. GREEN.

June 24, 1851.

The subscribers, members of the Mystic Lodge, No. 270, I. O. of O. F., of Holmesburg, Pa., do hereby certify that we know John C. Green (and is a member in good standing in No. 270, I. O. of O. F.,) who was dangerously ill with a low pulmonary Consumption last winter, so that they gave him up to die; that he is now fully restored to perfect health, and they believe his recovery was produced by Schenck's pulmonic Syrup.

We believe his certificate is correct in every particular.

Holmesburg, Phil. Co., Pa., June 25, 1851.

The undersigned residents of Tacony, eight miles above Philadelphia, being well acquainted with John C. Green, and the circumstances attending his case, feel impelled by a deep sense of imperative duty, to make universally known to the public his entire recovery from the very last stages of a ulmonary Consumption. So entirely helpless was his condition; having been both a brief period in that rapidly sinking and emaciated state, as to utterly preclude in the opinion of his physician and friends, who watched by his bedside, all hopes of even a temporary recovery and restoration to his present robust health. Thus the careful use of your invaluable Specific, the Pulmonic Syrup, makes it, in our belief, under the circumstances of his previous prostrate, not to say dying condition, one of the most startling results that the whole annals of medical skill or science can produce. It deserves to be imperishably recorded to your credit, and secures to you, the great discoverer of an infallible cure for that hitherto remediless disease, a lasting monument, and a world wide reputation in the healing art that no time may either diminish or destroy. Having witnessed Mr. Green's distressing struggles and sufferings from a continual cough, superadded to the other symptoms consequent upon, or attending the last stages of a pulmonary disease; and moreover at being so generally believed by his numerous friends that no human power could relieve, or protract his life, much less restore him back again to his former health, we feel it thus our duty to give our unqualified testimony of Mr. Green's perfect recovery, by means of the exclusive use of your wonderful Syrup; and we should indeed rejoice if we could be made the humble instruments of relief and cure to others who may be so unfortunate as to be similarly afflicted.
