THE WEATHER AT THE SOUTH AND WEST.—The Woodville (Miss.) Whig of the 6th of March says: "The Spring has opened with a sudden burst of beauty. The wilderness has commenced to bud and blossom. The thermometer, for days past, has been up to Summer heat. The farmer is planting his seed in waiting for the early rain?" The Nashville Advocate of the 13th says —"We have had a most delightful season thus far during the month of March. Vegetation is putting orth rapidly, and is perhaps a month in advance of the Spring of 1851." Very different is it with us at the North.

The Liquor dealers of New York, had a meeting at French's Hotel, on Tuesday evening of last week, and raised, it is said, nearly $50,000, for the purpose of setting up a newspaper, to be devoted to their interests.

Judges Daly and Jones of New York, have given opinions, declaring that the Art Union Lottery, or drawing, is not in violation of any law in that State.

The name of the Post Office at Funstonville, Franklin Township, in Lycoming county, has been changed from Lairdsville to Funstonville.

The store of Isaac Gould, White Haven, Luzerne county, was broken into on the night of the 22d and robbed of $900.

A destructive fire occurred in the city of Carbondale on last Thursday a week. Loss estimated at $17,600.

Henry Clay will be 75 years old on the 12th of April.

☞PETROLEUM, or ROCK OIL, a natural remedy procured from a well in Allegheny Co. Pa. 400 feet below the earth's surface, is put up by S. M. KIER, Pittsburg, in the bottles just as it flows from the well without admixture of any kind. When taken according to the directions, it will cure pains and enlargements in the bones and joints, Blotches, Biles, Erysipelas, Pimples on the face, Tetter, Scald-head, Rin worm, and the various Skin diseases. It has cured numerous cases of Rheumatism, Neuralgia about &c.; several cases of Rheumatism of years' standing have been entirely cured. (See Advertisement in another part of this paper.) 1y5[6ow§2

TO the Hon. the Court of Quarter Sessions of the Peace for the county of Union, at May Sessions, A. D., 1852.

The petition of Martin Rudy respectfully sheweth: That your petitioner occupies a commodious house, situate in the Township of Buffalo on the public road leading from Lewisburg to Buffalo Valley, which is well calculated for a public house of entertainment, and is now used as such, and from its neighborhood and situation, is suitable as well as necessary for the accommodation of the public, and the entertainment of strangers and travelers; that he is well provided with stabling for horses, and all conveniences necessary for the entertainment of strangers and travelers; & therefore, respectfully prays the Court to grant him a license to continue to keep an inn or public house of entertainment there. And your petitioner will pray, &c.

We, the undersigned, citizens of the Township of Buffalo aforesaid, being personally acquainted with Martin Rudy, the above named petitioner, and also having a knowledge of the house for which the license is prayed, do hereby certify that such house is necessary to accommodate the public, and entertain strangers or travelers, that he is a person of good repute for honesty and temperance, and that he is well provided with house-room and conveniences for the lodging and accommodation of strangers and travelers. We therefore, beg leave to recommend him for a license, agreeably to his petition.

MARSHALL'S
UTERINE CATHOLICON.

WE now come to the most important medicine of the day, when the number of those afflicted is taken into consideration, and when it is remembered that until the introduction of this remedy it was tho't impossible to remove the disease without mechanical means and by a painful course of treatment.

Marshall's Uterine Catholicon

Is the discovery and invention of Dr. Theodore Pomeroy, of Utica, an old and successful medical practitioner. Its peculiar efficacy was suggested by unexpected developments in a case of Prolapsus Uteri while under treatment for another complaint. The suggestion in this instance led to a course of long and secrete study, which resulted in the combination of the Catholicon. We have seen so much pain and patient endurance of suffering in those who labored under these diseases, with the conviction that there was no cure, that we feel this medicine will, ere long, be deemed an inestimable acquisition.

A physician of much eminence, after examining the medicine, and observing its effects, remarked that "a new era had sprung up in the cure of females, and that did they understand in the least degree the virtues of the remedy, and the inability of the profession to treat their cases, they would not long waste their money in doctor's bills, nor yet suffer from the torture of a curable disease."

This medicine is a certain cure for Prolapsus Uteri, (Falling of the Womb,) Profuse Discharges and Painful Menstruation, Leucorrhœa, or Whites, and for most of the distressing Complaints incident to Females.

A special Pamphlet gives full particulars of the nature and effects of this wonderful medicine.

M'CORMICK'S
Reaping and Mowing Machine.

A REAPING MACHINE being now almost universally regarded as a necessary implement to the Farmer (and not much less so than the *Plough*, because of the high price of labor at the season of harvest and the great importance of the work to be done in a short time,) he should investigate carefully the principles of different machines and *points of difference* as well as the right of the Manufacturer to sell the same.

My machine operates with a *Sickle Edge* and *Reel* combined with a seat or stand for the raker, so that the grain is delivered at the *side of the machine*, and the binding made entirely independent of the cutting.

It is simple, of light draught, and will cut one hundred to three hundred acres of grain without a second grinding and is warranted superior to every other Reaper in all kinds of grain, and grass, whether tangled and lodged or otherwise.

That the Sickle is the "true cutter," and that the Reel is indispensible to the successful operation of the machine (except the harvest no longer admits of a doubt. These facts being attested by the *thousands* of my machines now in use—sold by myself and others infringing my patents, while a comparatively small number of machines known as "Hussey's Reaper," *with a smooth and very abrupt edge* and *without a reel* are in use.

As additional evidence of the *great* superiority of this machine I may say that I have been subjected to the necessity of bringing suit against a number of manufacturers for the protection of my patents, and that against Seymour & Morgan, of Brockport, New York, I have recently obtained a verdict of $11,000 damages, and will here advise the Farmers against purchasing my machines in an altered (and so far injured) form from others under a different name, as purchasers are equally as liable as manufacturers, and suits are now pending against several concerns in Illinois, and others will be sued unless they make fair reparation for the past, and desist for the future.

The first premiums of the States of Pennsylvania, New York, Michigan and Wisconsin have been awarded to my machine, and also the first premiums of the American Institute, and Franklin Institute, Philadelphia.

Also THE GREAT MEDAL OF THE WORLD'S FAIR was awarded to me after *two trials* with Hussey's.

After a series of careful and thorough experiments, not only have I *won for the harvest of* 1852 the most perfect Reaping machine ever offered to the public—*but have more than fully* realized my most sanguine expectations in now having a Mowing machine that *will cut all kinds of grass to perfection at a small additional cost*, and farmers will bear in mind that a little difference in price for the *best machine*, is of small consequence. After having made the improvements required to perfect my Mowing Machine, which are also applied to the Reaper, since it last harvest I exhibited it in competition with two others before the Committee of the Chicago Mechanics Institute in cutting first very large and heavy, and afterwards very short, thick and fine Prairie grass. The work was perfectly unexceptionable, and the Gold Medal was awarded to me for the best Reaper and Mower.

For further information those interested will please address C. H. M'CORMICK, Chicago, Ill.

CHERRY PECTORAL

For the Cure of

COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH, CROUP, ASTHMA, AND CONSUMPTION.

Many years of trial, instead of impairing the public confidence in this medicine, has seen for it an appreciation and notoriety by far exceeding the most sanguine expectations of its friends. Nothing but its intrinsic virtues and the unmistakable benefit conferred on thousands of sufferers, could originate and maintain the reputation it enjoys. While many inferior remedies are thrust upon the community have failed and been discarded, this has gained friends by every trial, conferred benefits on the afflicted they can never forget, and promised cures too numerous and too remarkable to be forgotten.

While it is fraud on the public to pretend that any one medicine will infallibly cure—still there is abundant proof that the Cherry Pectoral does not only as a general thing, but almost invariably, cure the maladies for which it is employed.

As time makes these facts wider and better known, this medicine has gradually become the best reliance of the afflicted, from the log-cabin of the American peasant, to the palaces of European Kings. Throughout this entire country, in every State, city, and indeed almost every hamlet it contains, *Cherry Pectoral* is known as the best remedy extant for diseases of the Throat and Lungs, and in many foreign countries it is coming to be extensively used by the most intelligent physicians. In Great Britain, France, and Germany, where the medical sciences have reached their highest perfection, the Cherry Pectoral is introduced, and in constant use in the Armies, Hospitals, Almshouses, public institutions, and in domestic practice, as the surest remedy the attending physicians can employ for the most dangerous affections of the lungs. In milder cases, and for children it is safe, pleasant, and effectual to cure. In fact, some of the most flattering testimonials we receive have been from parents who have found it efficacious in cases entirely accidental to childhood.

The Cherry Pectoral is manufactured by a practical Chemist, and every ounce of it under his own eye, with invariable accuracy and care. It is sealed and protected by law from counterfeits, consequently can be relied on as genuine without adulteration.

We have endeavored here to furnish the community with a medicine of such intrinsic superiority and worth as should commend itself to their confidence—a remedy at once safe, speedy and effectual, which this has by repeated and countless trials proved itself to be; and trust by great care in preparing it with chemical accuracy, of uniform strength, to afford physicians a new agent on which they can rely for the best results, and the afflicted with a remedy that will do for them all that medicine can do
