Baltimore, May 30.—This has been a day of great political excitement in this city, notwithstanding that it is Sunday. Speculations as to the chances of the various Presidential candidates of the Democratic party for the nomination of the National Convention, that assembles here on Tuesday, is rife, and the friends of Cass, Douglass and Buchanan, are hard at work, caucusing and mustering for the struggle. The Buchananites appear to exhibit more energy and determination than all the others combined. No less than six hundred of the friends of the great Pensylvanian have come down to the city from the counties of Lancaster and Chester, and have established 'Buchanan head-quarters," at Carroll Hall, one of the largest and most elegant rooms in the city, where they have arranged for a bountiful supply of refreshments, and have issued several thousand tickets of admission—good until the adjournment of the Convention. The Pennsylvania and Virginia Delegates are called upon to meet there to morrow night, when the festival will be opened, and plans adopted to further the interests of their favorite.

A general impression exists that the Cass men in the Convention will, on the second ballot, go over partly to Buchanan, and partly to Douglass, giving Buchanan 120 and Douglass 110. As to the third ballot, no one ventures a conjecture, but Cass is believed to be out of the question. The New York Delegation is regarded as holding the "balance of power."

A printing office sent out to the Mormon country by Senator Douglass, has been delivered up to Gov. Young, and is sounding the trumpet of the Latter Day Saints.

VALUABLE BUFFALOE VALLEY Farm for Sale.

THE subscriber offers at PRIVATE SALE that valuable tract of land in Buffaloe Tp, Union Co, Pa, adjoining David Herbst, Andrew Magee and Jacob Byler, containing

226 Acres and 116 Perches,

of which about 170 acres are cleared and in a good state of cultivation; the remainder is heavily Timbered. There is Limestone on the Farm, and most of it has been over limed. It has also excellent Meadow lands.

This Farm is about 6 miles from Lewisburg, and 1½ miles from Buffaloe X Roads, on the road between Rengler's and Guldin's Mills, about an equal distance from each. It has erected on it a **good Dwelling House, a large Bank Barn** and all the necessary Outbuildings; a Well with good water at the door of the house, and a good Spring near the building; and an ORCHARD of Fruit Trees of all kinds. There is also on the Farm a **Tenant House,** with a good Spring of unfailing water near it, a good Stable, a young Orchard, and a *WATER POWER* on a never-failing stream.

The property will be sold in whole or in two parts. Terms made known at any time by the owner, on the premises.

PROTECTION FROM LIGHTNING!

THE subscribers are now manufacturing in Lewisburg, their celebrated **Patent Lightning Rods,** warranted superior to any in use, and which will be put up on any description of buildings at the reduced price of 15 cents per foot. No extra charges for Points or any of the Fixtures—thus making a rod of usual length cost $6.

These superior rods are spiral-twisted, ¾ inch iron, in 10 feet lengths, perfectly screwed together with brass sockets, and put up through glass insulaters in a most substantial mode, the whole mounted with a solid silver plated Copper Point. One of the proprietors being a practical Chemist and Electrician would assure the public that these Improved Rods are manufactured and put up on the most approved principles.

We would simply remark, that so great has been the demand for these celebrated Rods, that over six hundred thousand feet have been sold in one season. Our teams are traversing all parts of the country with all necessary apparatus for putting up Rods at once. We have numerous certificates from prominent Insurance Companies and from scientific committees, speaking in the highest terms of their superiority. Among others we call attention to the following:

WILLIAMSPORT, May 19, 1852.

Being called upon by Mr. A. Cross, Agent for Reyburn & Baker in the construction and erection of Electric Rods, for a recommendation, it gives me pleasure to state that I was present at the Dickinson Seminary in this place, during the present month when Prof. Barrett of that institution tested the points of the rods with a strong galvanic battery. The points tested by him were made of copper, and plated with silver. No impression was produced upon the points by the electric fluid; and so well convinced was I that they would answer the intended object, that I immediately had one erected at my new house in this place.—All the rods they have erected here have been well done and isolated with glass in a substantial manner. Rev Mr. Bowman was also present at the experiment, and I believe was fully satisfied as to the result. I therefore take pleasure in recommending the Rods.

Respectfully Yrs, A. D. WILSON.

The citizens of Lewisburg and vicinity are respectfully invited to call, whether they want pictures or not, and examine his specimens, and see—

"How high the polish, pure the tone,
And every face is Nature's own;
Sure never Art, with all its skill,
The soul with such delight could fill,
And never was such transport won
As by those pictures from the Sun"

"Think not those pictures by the sunlight made,
Slumber though their airs, still like a shadow fade;
No! when the lip of flesh in dust shall lie,
When Death's grey film o'erspreads the beaming eye,
Those life like pictures, mocking at decay,
Will still be fresh and vivid as to-day!"

Lightning Rods.

AFTER many years' close investigation and numerous experiments, the Patentee takes pleasure in informing the public that he has arrived at the true principle of protecting families dwellings and property from the destructive influence of LIGHTNING. The calamities that every City, Town, Village and Country falls victim to annually, thro' the gross negligence of its inhabitants, is beyond calculation, especially when the remedy is so easy to obtain—this is found in

ARMITAGE'S
Patent Magnetic Lightning Rods,

and to this alone This Rod has been examined by the most scientific gentlemen in the world—Professors M'Murtrie, Johnson, Walfor and many others that have examined them, recommend and speak of them in the highest terms of approbation, and have pronounced them the only safe rods in use in this or any other country for the protection of Lives and Property. One advantage is to divide and throw back a part of the electric fluid harmless to the clouds; in time of a stroke this enables the rod to conduct that portion of fluid that belongs to the earth without the slightest danger of leaving the conductor. This rod has many other advantages over the old one. The only place of manufacturing is in

Vine St. 3 doors above 12th, Philadelphia.

where all persons are respectfully invited to call and examine for themselves. For sale Wholesale or Retail by THOS ARMITAGE.

RECOMMENDATIONS.

PHILADA., Aug. 18, 1847.

I have this day carefully inspected a conductor or Lightning Rod, with vane and tower, erected by Mr. Thomas Armitage, on Belleview House, Gloucester and have no hesitation in saying that it is not only the best I have ever seen, but that it is the only one I know to be erected upon the principles of strictly scientific principles. It is with much pleasure that I recommend his conductor to the attention of owners of buildings.

B. M'MURTRIE.

I am well satisfied that the Magnetic Lightning Rod, manufactured by Mr. Thomas Armitage, of Philadelphia, is the best that has ever been made. I have spent several years in the study of the laws of electricity, and regret him, and have no hesitation in saying that these Rods are constructed upon the only principle of safety. The electric shock is received and dissipated by the magnet at the top of the rod, and it would be impossible, according to the laws of attraction and repulsion, for a building to be injured by a stroke of lightning when protected by one of these rods. I have been acquainted with Mr. Armitage for several years, and before he commenced the manufacture of these rods I examined the principle on which they are constructed, and felt convinced that their adoption would be attended with complete success. The increasing demand for these rods, and the extensive sales in all parts of the country, is ample recommendation of their utility and superiority. FRANCIS G. WALLER, M. D.

MEDICAL REFORM

DR. H. B. HARRIS would announce to the citizens of Lewisburg and vicinity that he has removed into North Third street in the house formerly occupied by Capt. Paul, above the German Reformed Church. Thankful for the liberal patronage hitherto received, he continues to offer his professional services to all who may desire them.

He practices medicine in accordance with the most approved systems of Medical Reform—gives no Calomel or Mercury in any form—and hopes to prove himself worthy of the confidence of the community.

He keeps on hand, for sale, an extensive variety of Thomsonian and other Vegetable Medicines, for the use of such customers as may desire them.

He is also prepared to clean and extract *Teeth.*

CHERRY PECTORAL

For the Cure of

COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH, CROUP, ASTHMA, AND CONSUMPTION.

Of all the remedies we have ever known, and some of them valuable for the cure of pulmonary complaints, nothing has been found which could compare in its effects with this Preparation. Others cure sometimes, but at all times and in all climates of the human race and wherever mankind are, it gives relief, this will cure it. It seemed to be the special province of this remedy to subdue the severest coughs and heal the most dangerous diseases of the throat and lungs. We do not advertise for the information of those who have tried it, but for those who have not. To such we know its value will not be without it, and by its timely use, they are secure from the fatal consequences of Coughs and Colds which neglected, ripen into fatal consumption.

The Regents of the Massachusetts Institute was awarded to Dr. Ayer's Preparations by the Board of Judges in September, 1847, alone, the Medal of the three great Institutes of Art, in this country; also the Diploma of the Only Institute of California, has been given to the Cherry Pectoral, for their conformation in comparison of its extraordinary excellence and usefulness in curing affections of the Throat and Lungs.

See the following opinion founded on the long experience of the eminent Physician of the Port and City of

Dr. J. C. Ayer— St. Louis, May 8, 1851.

Five years trial of your CHERRY PECTORAL in my practice has proven what I foresaw from its composition, and is true, that it eradicates and cures the colds and coughs to which we, in this section, are peculiarly liable.

I think no equal has not yet been discovered, nor do I know how a better remedy can be made for the distempers of the Throat and Lungs.

J. J. BURTON, M. D., F. R. S.

See what it has done on a wasted constitution, not only in the following cases, but a thousand more:

SCHUYLK. Jan. 24th, 1851.

Dr. AYER: In the month of July last I was attacked by a violent diarrhœa in the mines of California. I returned to San Francisco in hope of receiving benefit from a change of climate and diet. My diarrhœa ceased, but was followed by a severe cough—and much sweating. I hardly started for home, but resolved no benefit from the voyage. My cough continued to grow worse, and when I arrived in New York, I was at once marked by my acquaintances as a victim of consumption. I must confess that I saw no ground to doubt what my friends all believed. At this time I commenced taking your truly invaluable medicine with little expectation of deriving any benefit from its use. You acquit not yourself these lines did I not regard it my duty to state to the afflicted, through you, that my health, in the space of eight months, is fully restored. I attribute it to the use of your CHERRY PECTORAL.

Yours truly, WM. W. SMITH.

WASHINGTON, Pa., April 12, 1848.

Dear Sir: Finding that I have been spared from a premature grave, through your instrumentality by the Providence of God, I will take the liberty to express to you my gratitude.

A Cough and the alarming symptoms of Consumption had reduced me too low to leave me anything like hope, when my physician brought me a bottle of your PECTORAL. It acted in its office immediately—I left—and now in a few weeks time, has restored me to sound health.

If it will do for others what it has for me, you are certainly one of the benefactors of mankind.

Sincerely wishing you every blessing, I am

Very respectfully yours.

JOHN J. CLARK, Rector of St. Peter's Church.

With such assurances and from such men, no stronger proof can be adduced unless it be from its effects upon trial.
