A Great Accommodation to Business Men.

L. C. BAKER, No. 8, Harmony Street—opposite the Exchange, *Philadelphia*—offers to the public a superior article of Plain, Fancy and Legal **Envelopes** with a card enclosing the United States Postage Stamps, and containing the name and place of business of individuals and firms, neatly printed on the corner. To companies or private individuals, having an extensive correspondence, this arrangement will prove of great advantage, obviating the delay and uncertainty incident to the supplying of the Postage Stamps, as the advertiser will gain more than the value of the Stamps applied by him remain perfectly. The benefit of having an advertisement surrounding the stamp will be apparent to every business man.

The paper from which these Envelopes are manufactured, is of a superior quality, being enamelled parchment of a smooth, polished surface, and water proof, with but little additional expense.

Samples may be seen at the office, where all orders will be promptly attended to. The above arrangement having been copyrighted, these envelopes can only be obtained of the advertiser or his authorized agents. I am also manufacturing the *Anti-Scaling Lubricator*, so much prized by all business men, and the quality of which is apparent to every individual who has used them. These envelopes can be furnished in large or small quantities.

PROTECTION FROM LIGHTNING!

THE subscribers are now manufacturing in Lewisburg, their celebrated **Patent Lightning Rods**, which they will be put up on any description of buildings at the reduced price of 15 cents per foot. No extra charges for Points or any of the Fixtures—thus making a rod of usual length cost $6.

These superior rods are spiral-twisted, ½ inch iron, in 10 feet lengths, perfectly screwed together with brass sockets, and put up through glass insulators in a most substantial mode, the whole mounted with a solid silver plated Copper Point. One of the proprietors being a practical Chemist and Electrician would assure the public that these Improved Rods are manufactured and put up on the most approved principles.

We would simply remark, that as great has been the demand for these celebrated Rods, that over six hundred thousand feet have been sold in one season. Our teams are traversing all parts of the country with all necessary apparatus for putting up Rods at once. We have numerous certificates from prominent Insurance Companies and from scientific committees, speaking in the highest terms of their superiority. Among others we call attention to the following:

To the Public.

WILLIAMSPORT, May 19, 1852.

Being called upon by Mr. A. Cross, Agent for Reyburn & Baker in the construction and erection of Electric Rods, for a recommendation, it gives me pleasure to state that I was present at the Dickinson Seminary in this place, during the present month, when Prof. Barrett, of that institution tested the points of the rods with a strong galvanic battery. The points tested by him were made of copper, and plated with silver. No impression was produced upon the points by the electric fluid: and so well convinced was I that they would answer the intended object, that I immediately had one erected at my new house in this place.—All the rods they have erected here have been well done and isolated with glass in a substantial manner. Rev Mr. Bowman was also present at the experiment, and I believe was fully satisfied as to the result. I therefore take pleasure in recommending the Rods.

Respectfully Yrs, A. D. WILSON.

We certify to the correctness of the above:

Corner of Fourth and Market Streets, opposite Blair's Hotel, Lewisburg.

WHERE having a superior arrangement of light, and from his long experience in the art, he is at all times enabled to take truthful, life-like, expressive and lasting **Likenesses**, superior to any heretofore taken in Lewisburg, and put them up in a neat and durable case, for *One Dollar* each. The citizens of Lewisburg and vicinity are respectfully invited to call, whether they want pictures or not, and examine his specimens, and see—

"How high the polish, pure the tone,
And every tone is Nature's own;
Sure never Art, with all its skill,
The soul with such delight could fill,
And never was such transport won
As by these pictures from the Sun."

"Take out those pictures by the sunlight made,
Shadow through shadow will like a shadow fade;
Not with the fly of fame in dust shall lie,
When Death's sorry film o'ercreeps the beaming eye,
Those life-like pictures, smiling at decay,
Will still be fresh and vivid as to-day!"

☞ Portraits, Daguerreotype Likenesses, &c. copied, or taken true to the original, and neatly set in medallions, breast pins, &c. for 75 cents. Daguerreotypes taken as well in cloudy as in clear weather. For Children's Likenesses please call early in the day. Instructions given in the art on moderate terms. May 28, 1852

Lightning Rods.

AFTER many years' close investigation and numerous experiments, the Patentee takes pleasure in informing the public that he has arrived at the true principle of protecting families, dwellings and property from the destructive influence of LIGHTNING. The calamities that every City, Town, Village and Country falls victim to annually, thro' the gross negligence of its inhabitants, is beyond calculation, especially when the remedy is so easy to obtain—this is found in

ARMITAGE'S

Patent Magnetic Lightning Rods,

and in this alone. This Rod has been examined by the most scientific gentlemen in the world—Professors M'Murtrie, Johnson, Walter and many others that have examined them, recommend and speak of them in the highest terms of approbation, and have pronounced them the only safe rods in use in this or any other country for the protection of Lives and Property. One advantage is to divide and throw back a part of the electric fluid harmless to the clouds; in time of a stroke this enables the rod to conduct that portion of fluid that belongs to the earth without the slightest danger of leaving the conductor. This rod has many other advantages over the old one. The only place of manufacturing is in

RECOMMENDATIONS.

PHILADA., Aug. 13, 1847.

I have this day carefully inspected a conductor or Lightning Rod, with vane and index, erected by Mr. Thomas Armitage, on Bellevue House, Gloucester, and have no hesitation in saying that it is not only the best I have ever seen, but that it is the only one I have yet examined that is constructed on strictly scientific principles. It is with much pleasure that I recommend his conductor to the attention of owners of buildings.

R. M'MURTRIE.

I am well satisfied that the Magnetic Lightning Rod, manufactured by Mr. Thomas Armitage, of Philadelphia, is the best that has ever been made. I have spent several years in the study of the laws of electricity and magnetism, and have no hesitation in saying that these Rods are constructed upon the only principle of safety. The electric shock is received and dispersed by the magnet at the top of the rod, and it would be impossible, according to the laws of attraction and repulsion, for a building to be injured by a stroke of lightning when protected by one of these rods. I have been acquainted with Mr. Armitage for several years, and before he commenced the manufacture of these rods I examined the principle on which they are constructed, and felt convinced that their adoption would be attended with complete success. The increasing demand for these rods, and the extensive sales in all parts of the country, is ample commendation of their utility and superiority. TRACY E. WALLER, M. D.

MEDICAL REFORM.

DR. H. B. HARRIS would announce to the citizens of Lewisburg and vicinity that he has removed into North Third street in the house formerly occupied by Capt. Paul, above the German Reformed Church. Thankful for the liberal patronage hitherto received, he continues to offer his professional services to all who may desire them.

He practices medicine in accordance with the most approved systems of Medical Reform—gives no Calomel or Mercury in any form—and hopes to prove himself worthy of the confidence of the community.

He keeps on hand, for sale, an extensive variety of Thomsonian and other Vegetable Medicines, for the use of such customers as may desire them.

He is also prepared to clean and extract *Teeth.*

CHERRY PECTORAL

For the Cure of

COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH, CROUP, ASTHMA, AND CONSUMPTION.

Of all the numerous remedies extant, (and some of them valuable) for the cure of pulmonary complaints, nothing has been found which could compare in its effects with this Preparation. Others cure sometimes, but at all times and in all diseases of the lungs and throat where medicine can give relief, this will do it. It is pleasant to take, and though searching in its effects, is perfectly safe. We do not advertise for the information of those who have tried it but those who have not. Families that have known its value will not be without it, and by its timely use, they are or are free from the dangerous consequences of Coughs and Colds which neglected, ripen into fatal consumption.

The Diploma of the Massachusetts Institute was awarded for its superiority by the Board of Judges in September, 1847, also the Medal of the three great Institutes of Arts in their counties also the Diploma of the Ohio Institute of Mechanics, not long since to the CHERRY PECTORAL, for their materials of its extraordinary excellence and usefulness in curing affections of the lungs and Throat.

Read the following opinions founded on the long experience of the eminent Physician of the Port and City of

Dr. J. C. AYER, St. Jouns, May 8, 1851.

Five years trial of your CHERRY PECTORAL in my practice, has proven what I knew from its composition, must be true, that it eradicates and cures the colds and
