Petroleum, or Rock Oil,

A NATURAL REMEDY!

PROCURED FROM A WELL IN ALLEGHENY CO. PA. Four Hundred feet below the Earth's surface! It is put up in Bottles, just as it flows from the well, without admixture of any kind. It gets its ingredients from the beds of substance which it passes over in its subterranean channel: they are blended together in such a form as to defy all human competition. The Petroleum in this respect is like MINERAL WATERS whose virtues in most chronic chronic cases are acknowledged not only by physicians but by the community at large. Those singular fluids flowing out from the earth, impregnated with medicinal substances of different properties, and holding them in such complete solution as to require the aid of Chemistry to detect them, bear ample proof to the fact that they are compounded by the master hand of Nature for the alleviation of human suffering and disease. If Petroleum is a medicine at all, it is a good one, for Nature never half does her work. It will continue to be used and applied as a Remedy, as long as man continues to be afflicted with disease. That it will cure every disease, we do not pretend; but that it will cure a great many diseases, hitherto incurable, is a fact which is proven by the experience in its favor. Its discovery is a new era in medicine, and will ensure to the health and happiness of man.

SCROFULA.—The Petroleum is a great medicine in Scrofula and King's Evil—in all those diseases originating in a depraved condition of the blood and other fluids of the body. It will cure gums and enlargements of the bones and joints, Blotches, Biles, Erysipelas, Pimples on the face, Tetter, Scald-head, Ringworm, and the various Skin diseases. It has cured numerous cases of Rheumatism, Neuralgia, Gout, &c. A woman in Franklin county, Pa., was cured of a rheumatic affection of six years' standing; the disease was so aggravated as to confine her to her bed during the greater part of that time; she is now well, and considers herself entirely restored.

RHEUMATISM yields to the power of Petroleum!

I feel myself under a debt of gratitude to the proprietor of the Petroleum, the use of which great medicine has entirely cured my wife of a violent attack of Rheumatism. She had labored under an attack of the disease for about two months, suffering the most intense pain; the greater part of the time confined to her bed, and unable to do anything. The pain in the limbs was very great, attended with a great deal of swelling. The Petroleum had a happy effect, for the first two or three applications the swelling diminished and the pain left her. I continued to apply the medicine daily for about two weeks, which entirely relieved her, and she is now as well as ever she was in her life. I feel confident that the Petroleum is one of the greatest medicines in the world for rheumatic pains and swellings.

PETER PUHL, Perry St., Allegheny City.

Chronic Cough cured.

I take pleasure in certifying to the valuable properties of Mr. Kier's Petroleum, for an affection of the breast and lungs, accompanied with severe pain in the chest, and a cough. I took the Petroleum in larger doses than is recommended in the directions, but after taking it a few days I got to like it. I should like to have a barrel of it to use in my family, for I believe it to be a valuable medicine. The Petroleum produced no unpleasant feelings whatever in the stomach. WM. PAY.

Pittsburg, March 16, 1850.

"There is nothing like it for Burns."

BALTIMORE, Feb. 21, 1850.

I got three dozen of Mr. Kier's Petroleum of Mr. Howell, and I am disposed to think there is nothing equal to it for Burns; having burnt my hands, and expecting nothing less than a long, tedious sore, but found no sorrenes at all from its only leaving a red scale, without any soreness when pressed upon, which quite surprised me. I therefore have great faith in its efficacy, so far at least, and will introduce it in this section.

Very respectfully, &c. HARVEY MANN.

SAMUEL M. KIER, Esq.—Dear Sir: I have been confined to my bed over five months with Typhoid Fever, and still am in bed. During my sickness my left foot and leg swelled very much, and continued so until lately. I tried several remedies, without any effect. Col. BLACK called to see me with Gen. CLOSEL, and he recommended me to try your Petroleum, as it had worked some wonderful cures to his knowledge. I had been thinking all that day, before he was here, that I would try it; I immediately sent my nephew, Dr. J. W. SWANN (the bearer of this note) to the drug-store, and got a bottle, and applied some that night to the sores, and the next morning you could see a *marked difference in the foot*, and has continued so ever since. I can assure you it operated almost like a charm—I never saw anything heal like it in my life.

I want a small quantity yet to effect a perfect cure; you will please let the bearer have some and he will pay you for the same. Very respectfully your friend.

ALEX. SCOTT.

BRANT'S PULMONARY BALSAM,

The Great COUGH REMEDY.

Many years of experience, and more than a **Hundred Thousand Cures** of Consumptive Complaints, have proved to the undoubted satisfaction of all, that it **is greatly superior,** because it is a *soothing* and *healing*, and **most certain** in **Consumption** of the **Lungs**, than any other Remedy in the world. We know, however, that it is said by some that Consumption can not be cured. Be that the opinion of the many or the few, we shall not attempt to argue with such, but this we *will say*, and do *assert* as a fact, which can be proved in **thousands of cases**, that this medicine **has cured** thought and **incurable** cases which, *before* its cures were effected, were called **Consumption**, and which were attended with *symptoms* that resembled, and were in all *respects like* the symptoms of those who *die*, and *when dead* are said to have *died* with that fatal disease **Consumption.** This Balsam has cured *thousands* of persons who were said to be hopelessly afflicted—who had *hard*, dry, racking **Coughs**—Pains in the Breast, Side and Bones—**Hoarseness**—**Bronchitis**—**Pleurisy**—*Purulent Expectoration*—*Hectic Fever*—*Night-Sweats*—and **wasting away** of the **Flesh** and **Blood.** Persons having such complaints have been cured after it was said *they could not live a week longer.* Multitudes have cured some who were supposed to be in **a dying state**, but, by the use of this remedy, they **now live,** and enjoy good health.

This Balsam is *purely a vegetable compound.* It is pleasant to take, and *never does injury* in any stage of disease or under any circumstances. It effects its **wonderful** and **almost miraculous Cures** by **Purifying**, *Strengthening*, and **Invigorating** the whole system—by *speeding the circulation*, and producing a *healthy* action—thus *allaying* **Cough**—*soothing the* **Nerves**—and *healing and facilitating* **Expectoration.** It Cures the following diseases, viz.:—

Consumption,

COUGHS and *Colds, Bronchitis, Asthma, Spitting of Blood, Looking at the Lungs, Pains in the Breast, Side, and Chest, Hoarseness, Night Sweats, Palpitation of the Heart*, and all **FEMALE WEAKNESSES** and *Complaints* arising therefrom; **Cholera Infantum**, &c.

☞ **For Proof** and particulars of Cures, see our **Pamphlets** and *Handbills*—all our Agents have them to give away.

Lewisburg, April, 1852

HUSSEY'S GRAIN REAPER and Mowing Machine.

Great Improvements for 1852!

THIS Machine obtained the AWARD of the Judges specially appointed by the Cleveland (England) Agricultural Society to compare this Reaper with M'Cormick's. They pronounced it superior in every respect—(see Official Report, below.)

This Machine, invented by Mr. HUSSEY, is achieving a series of triumphs in England, which are rapidly obtaining for it that pre-eminent position which its intrinsic merits have already secured for it in the land of its origin.

Award of the Judges.

REPORT of the Jury appointed by the Committee of the Cleveland Agricultural Society, on the comparative merits of the Reaping Machines of Mr. M'CORMICK and Mr. O. HUSSEY. Tried and Tested before the Jury, on Thursday and Saturday, Sept. 25th and 27th, '51.

The Jury regret most exceedingly the unfavorable state of the weather, on the days of trial, (a perfect hurricane raging the whole of the first day,) and their consequent inability to make so full and satisfactory trial as they could have wished.

The Machines were tested on a crop of Wheat, computed at 25 bushels per acre, very much laid; and on Barley, at 25 bushels per acre, very short in the straw, and if possible more laid than the Wheat.

The Jury, taking the different points submitted to their consideration, in order as they occur, express—

1st. Their unanimous opinion that Mr. Hussey's Machine, as exhibited by Messrs. Wm. Dray & Co., cut the Wheat in the best manner, especially across ridge and furrow, and when the machine was working in the direction the Wheat laid.

2d. By a majority of eleven to one, that Mr. Hussey's Machine caused the least waste.

3d. Taking the breadth of the two machines into consideration, that Mr. Hussey's did most work.

4th. That Mr. Hussey's Machine leaves the cut Wheat in the best order for gathering and binding. The question was submitted to the laborers employed on the occasion, and decided by them, as above, by a majority of 6 to 4.

5th. Their unanimous opinion that Mr. Hussey's Machine is best adapted for ridge and furrow.

6th. This question was referred by the Jury to Mr. Robinson, foreman to Mr. Bellairy, of York, a practical mechanic of acknowledged ability, whose report is appended below.

7th. That Mr. Hussey's Machine at first cost is less price.

8th. 9th. The Jury decline to express a decided opinion on these points, in consequence of the state of the weather.

The trials took place on the Farms of Robert Fawcitt, of Ormesby, near Middlesbro-on-Tees, who in the most liberal and disinterested spirit allowed his crops to be trodden down and damaged to a very great extent, especially on the 25th, when in spite of the storm an immense crowd assembled to witness the trials.

The Jury can not conclude their Report without expressing the great pleasure they have derived from seeing two machines brought into competition that were able to do such very good work, and also at witnessing the friendly, straightforward, and honorable way in which the Exhibitors of the respective machines met on that occasion.

(signed on behalf of the Jury.)

W. F. WHARTON, Foreman.

MR. ROBINSON'S REPORT ON QUESTION 6.

Having carefully examined both machines, and given the subject due consideration, I am of the opinion that M'Cormick's Reaping Machine, as at present made, is most liable to get out of order.

(signed) T. D. A. ROBINSON.

Read the following Testimonials.

MESSRS. GESSNER & MAYER—GENTLEMEN: We need a Reaper manufactured by Mr. Hussey, of Baltimore, for cutting our harvest, in 1851. It consisted of between 30 and 40 acres of Wheat. A part of it stood well, but a considerable portion was much tangled and laid. Hussey's Reaper cut it handsomely as well in both cases, cutting the standing Wheat clean, and depositing it in sheaves of suitable size, straight, and in good order for binding, and taking off the grain cleaner, and leaving it in much better order for binding, than is generally done by the cradle. When the grain is much lodged, or lies very low, in order to reap it clean, it is necessary to run the machine against the slope of the grain. We are well pleased with the operation of the machine, and a large number of intelligent farmers who witnessed its performance during the harvest, expressed the same opinion in relation to it.

Respectfully yours, WM. T. NESBIT.
JOS. M. NESBIT.

Chilliquaque, North'd Co., March 22, 1852.

DRY VALLEY, March 20, 1852.

TO THE PUBLIC.—I do hereby certify that I used Hussey's Grain Reaper in taking off my crop last harvest, and the good order it cut my crop more than most my most sanguine expectations. It cut about 14 acres per day of very heavy Wheat, and even then we stopped to shock the grain out before evening. It takes the grain very clean from the ground. It cut lodged grain remarkably well, and, in fact, a farmer having a well cleared off farm, and not too mountainous, can not add a more useful or labor-saving machine to his stock of utensils. Yours, BENJ. CAWLEY.
DAVID BETTILYOUN.

THIS IS TO CERTIFY, that we have used Hussey's Reaping Machine, and have found it in every respect to answer the purpose designed, and consider it an article that will pay a farmer as well as any other farming implement that he can add to his stock of farming utensils, and have pleasure in recommending it to the farming community.

MICH HOFFMAN, Union County.
ISAAC EYER, "

DAVID ESHBAUGH, "
P. HULL, "
BENJ. STRICKER, "
JOHN HOFFY. "

BERRSHIRE, Kane Co., Ill., Aug. 6, 1849.

We, the undersigned, having seen Mr. Hussey's Reaper work at cutting grass and grain, think it preferable to M'Cormick or any other machine that we have seen. It cut Wheat that could not be cut with M'Cormick's Reaper, or Cradle. We are well acquainted with M'Cormick's machine.

P. A. BINEY, DAVID SHANKS,
JOHN GRIGG, Jr. ABRAHAM SHIREWOOD.
JOHN GRIGG, JAMES HESS.
HARRY POTTER, ALSON BANKER,
JOHN SHIREWOOD, D. C. WRIGHT,
SETH SHIREWOOD, ELISHA WRIGHT.

CARROLTON, Greene Co., Ill., Dec. 27, 1850.

I procured one of Mr. Hussey's Reapers and Mowing Machines, from Baltimore, last spring; I cut eighty acres of Oats and fifty acres of Timothy with it, to my entire satisfaction; after which I cut sixty acres of Clover-seed with it in less than five days. I could not not have saved the Clover-seed without the machine, so I consider I have saved the whole cost of the machine in the saving of my Clover-seed alone.

A number of certificates from others could be given, but we deem it unnecessary, as the Reaper on a fair trial will recommend itself. The subscribers have the exclusive right to sell in the following Counties: Union, Northumberland, Montour, Luzerne, Perry, Columbia, Lycoming and Clinton. Farmers and others are cautioned against purchasing of any persons except ourselves or our authorized Agents.

ROSS' GRAIN DRILL.

This is well known to the Farming community and only needs a fair trial to give it a decided preference over any other Drill in the market.

Grain Reapers, Grain Drills, and all kinds of Castings made to order and kept constantly on hand and for sale at the Lewisburg Foundry. All orders promptly attended to by

Geddes, Marsh & Co.

Lewisburg, May 6, 1852 9w

LEWISBURG ACADEMY.

THE 9th Session of this Institution under the present Principal will commence on *Monday* May 10th—to continue 20 weeks.

Instruction will be given as heretofore in all the branches of a thorough Academical course, including Languages, Mathamatics and General Literature.

Composition and Declamation will receive careful attention. Proper regard will also be paid to the manners and morals of the pupils; and no scholar will be retained, who after having been duly advised with, persists in the indulgence of profanity, quarreling or other low practices. The Bible is in daily requisition in the school.

For reference, the subscriber takes the liberty of referring to the citizens of the place and vicinity who have been his regular patrons.

A Female Assistant will be secured if necessary.

TERMS.—For Languages $10; Higher English $8; and Primary $6—per Session

JOHN RANDOLPH,
April 28, 1852 *Principal*

Vocal and Instrumental MUSIC, and the German Language.

VERY thankful for past patronage from the Citizens and Students of Lewisburg and vicinity, the subscriber would state that he continues to give Instructions on the Piano and Guitar—also in Vocal Music—and in the German Language. Having been taught in the best Music Schools in Germany, he deems himself amply qualified to teach Music, and to aid in the correct acquisition of the rich German tongue. He will also tune Pianos, and put them in repair, if desired.

Residence, after the 1st April next, on North Third St., first door south of the Schoolhouse.

Feb. 24, 1852. FRANCIS J. GESSNER.

Huntsville, Luz. Co. Pa. May 5, 1852—3mpd

Farmers, Attention!

M'CORMICK'S

Reaping and Mowing Machine.

A REAPING MACHINE being now almost universally regarded as a necessary implement to the Farmer (and not much less so than the *Plough* because of the high price of labor at the season of harvest and the great importance of the work to be done in a short time) he should investigate carefully the principles of different machines and *points of difference* as well as the right of the Manufacturer to sell the same.

My machine operates with a *Sickle Edge* and *Reel* combined with a seat or stand for the raker, so that the grain is delivered at the *side of the machine*, and the binding made entirely independent of the cutting.

It is simple, of light draught, and will cut one hundred to three hundred acres of grain without a second grinding and is warranted superior to every other Reaper in all kinds of grain, and grass, whether tangled and lodged or otherwise.

That the sickle is the "true cutter," and that the Reel is indispensable to the successful operation of the machine *through the harvest* no longer admits of a doubt. These facts being attested by the *thousands* of my machines now in use—sold by myself and others infringing my patents, while a comparatively small number of machines known as "Hussey's Reaper," *with a smooth and very abrupt edge and without a reel* are in use.

As additional evidence of the *great superiority* of this machine, I may say that in the great West and North, where Reapers have been and are still in demand by *thousands*, and where I have sold more than 5000 Reapers, I have been subjected to the necessity of bringing suit against a number of manufacturers for the protection of my patents, and that against Seymour & Morgan, of Brockport, New York, I have recently obtained a verdict of $17,500 damages, and will here advise the Farmers against purchasing my machines in an altered (and so far injured) form from others under a different name, as purchasers are equally as liable as manufacturers, and suits are now pending against several persons in Illinois, and others will be sued unless they make fair reparation for the past, and desist for the future.

The first premiums of the States of Pennsylvania, New York, Michigan and Wisconsin, have been awarded to my machine, and also the first premiums of the American Institute and Franklin Institute, Philadelphia.

Also THE GREAT MEDAL OF THE WORLD'S FAIR was awarded to me after two trials with Hussey's.

After a series of careful and thorough experiments, not only have I *none for the harvest of 1852* the most perfect Reaping machine ever offered to the public—*but have more than fully* realized my most sanguine expectations in now having a Mowing machine that will cut *from 12 to 20 inches of grass to a perfection of cut unattained* ever, and farmers will bear in mind that a little difference in price for *the best machine*, is of small consequence. After having made the improvements required to perfect my Mowing Machine, which I now also applied to the Reaper, since the last harvest I exhibited it in competition with two others before the Committee of the Chicago Mechanics' Institute in cutting first very large and heavy, and afterwards very short, thick and fine Prairie grass. The work was perfectly unexceptionable, and the Gold Medal was awarded to me for the best Reaper and Mower.

For further information those interested will please address C. H. M'CORMICK, Chicago, Ill.

Authorized Agent to sell and deliver the above Machine, S. HURSH,

Brown's Essence of Jamaica Ginger,

IS a remedy suited to the extremes of heat and cold, and is very beneficial whenever gentle tonic and stimulating influences are required. Its stimulant property being independent of alcoholic power, its effect as a frequent remedy need never be dreaded. While it strengthens and refreshes the debilitated in summer season, it is not less potent during the inclemency of the winter; by warming with its healthy tonic principle enabling the system to resist the influence of incipient diseases which lurk in a changing climate. No family should be without it, and to travelers by land or sea it will be found invaluable to use a few drops in water as a uniformly healthy and agreeable drink, without intoxication.

Caution. Persons desiring an article that can be relied upon as pure JAMAICA GINGER, should be particular to ask for "Brown's Essence of Jamaica Ginger," which is warranted to be what it is represented to be and is

Prepared only by FREDK BROWN and sold at his Drug and Chemical Store, N E. corner of Fifth and Chestnut Sts. *Philadelphia.*

Another Rescue

BY

SCHENCK'S PULMONIC SYRUP!

I WAS on the verge of the grave, and so far gone that my family and friends had lost all hopes of my recovery; and when in this situation, having been rescued by the use of *SCHENCK'S PULMONIC SYRUP*, I desire to testify, with grateful emotions, to Dr SCHENCK, the unspeakable benefit I have received from the use of his invaluable medicine.

Early last fall I contracted a violent cold, and in consequence of which I had chills, alternated with fever, pain in my right breast and shoulder-blade, with a bad cough and no expectoration. I kept getting worse until I took my bed, and had the attendance of my family physician. I was under his care about four weeks, and at the expiration of that time was reduced so low that despair took hold of myself and friends, and even my physician abandoned me, and gave me up to die with the hasty consumption. My appetite was gone, my bowels very irregular, fever and night sweats, pain in my breast and shoulder, attended with a distressing cough, which was very tight, my flesh had nearly all gone, and I was so weak that I could scarcely raise my head from the pillow, and was truly an object of pity to behold. My friends had been sent for to see me die, and my sick-bed was surrounded by kind and sympathizing neighbors, who had come to witness my departure from this world. When all rays of hope had fled of my recovery, a neighbor, Mr. David Conrad, proposed DR. SCHENCK'S PULMONIC SYRUP with a view of loosening my cough, and relieving me of the tough phlegm, and as a means of affording temporary relief, broaching at the time, "that I was too far gone for the Syrup to be of any permanent benefit." My wife, anxious for the relief of my intense sufferings, procured some of the *Pulmonic Syrup*. I found it afforded me relief, and continued using it. I could feel its healing influence upon my lungs. I continued to improve under its use, and my friends were much gratified to witness my unexpected improvement; many of my neighbors came to look at me as one raised from the dead. My cough now became loose, and I felt something break, where I had the pain in my breast, and I discharged large quantities of yellow matter. I have for weeks discharged and raised just a box full of matter every day, with hard lumps, like grains of something. My bowels now became regular and natural, and my appetite was so far improved that I could scarcely refrain from eating too much. My strength improved, and I regained my flesh. I continued to improve in every respect soon after I commenced using the Syrup, and the improvement continued until I was restored to my wonted health. I have passed through the inclement weather of the latter part of winter and the spring, and feel as well now as ever I felt in my life, and I am this day a living testimonial of the great efficacy of *SCHENCK'S PULMONIC SYRUP* in curing pulmonary diseases.

Lest this statement should be thought too highly colored by some people, I subjoin a certificate of a number of the inhabitants of Tacony, who saw me at different times during my disease, and never expected to see me restored. I also append the certificate of the brethren of Mystic Lodge, No. 270, I. O. of O. F., who finally watched over me, and fully believed they would consign my remains to the tomb; but thanks to Dr. Schenck, for his invaluable Pulmonic Syrup, my life has been spared, and I am permitted to make the foregoing statement for the benefit of suffering mankind.

I reside at Tacony, and am well known by most of the people there, and will be gratified to have any person call and learn more particulars of the great virtues of this medicine. JOHN C. GREEN.

June 24, 1851.

The subscribers, members of the Mystic Lodge, No. 270, I. O. of O. F. of Hunsenburg, Pa., do hereby certify that we know John C. Green, and is a member in good standing in No. 270, I. O. of O. F., who was dangerously ill with a low Pulmonary Consumption last winter, so that they had given up all hopes that he is now fully restored to perfect health, and they believe his recovery was produced by Schenck's Pulmonic Syrup.

We believe his certificate is correct in every particular.

HENRY NYE, P. G.,	ALFRED ROBERTS, P. G.,
ABRAHAM AUSTIN, P. G.,	A. K. O'NEIL, N. G.,
JOSEPH EFFREMAN,	JAMES WATERMAN, JR.,
	JOHN C. CARVER.

Holmesburg, Philad. Co., Pa., June 28, 1851.

The undersigned residents of Tacony, eight miles above Philadelphia, being well acquainted with John C. Green, and the circumstances attendant on his case, feel impelled by a deep sense of gratitude to Dr. SCHENCK, to recommend to the public his entire recovery from the very last stages of a Pulmonary Consumption. So entirely helpless was his condition, having been but a brief period in that rapidly sinking and emaciated state, as to utterly preclude in the opinion of his physician and friends, who watched at his bedside, all hope of even a temporary recovery and restoration to his present robust health. Thus the careful use of your invaluable Specific, the Pulmonic Syrup, makes it in our belief, under the circumstances of his previous prostrate, not to say dying condition, one of the most startling results that the whole range of medical skill or science can produce. It deserves to be imperishably recorded to your credit, and secures to you, the great discoverer of an infallible cure for this hitherto remediless disease, a lasting monument, and a world wide reputation in the healing art that no time may ever diminish or destroy. Having witnessed Mr. Green's distressing struggles and sufferings from a continual cough, superadded to the other symptoms consequent upon, or attending the last stages of a pulmonary disease; and moreover at being so generally believed by his numerous friends that no human power could relieve, or protract his life much less restore him back again to his former health, we feel it thus our duty to give our unqualified testimony of Mr. Green's perfect recovery, by means of the exclusive use of your wonderful Syrup; and we should indeed rejoice if we could be made the humble instruments of relief and cure to others who may be so unfortunate as to be similarly afflicted.
