Important to Farmers and Housekeepers!

HICKOK'S PATENT CIDER MILL.

IN all former times it was supposed that a large quantity of cider could be made only by using a ponderous machine, that slowly crushed the apples without grinding them fine. They were then made into a massive cheese in straw, and a most severe and long pressure was required to extract a portion of the cider, a considerable portion being absorbed by the straw and the mass of pomace and to obtain this unsatisfactory result the farmer had to take all his hands and perhaps his six horse teams and devote a whole day that could have been more profitably employed, to make from six to twelve barrels of cider. To obviate the difficulty the farmers have heretofore labored under

This Machine

has been invented, and the statement of a few facts may prove that it is not only the *Best Machine* of the kind in existence, but that it is the most *profitable* that a man can have on his farm. The apples are by this machine grated up into a fine pulp, so that it requires but a comparatively light pressure, and that but a minute or two, to extract all the cider, it being ascertained by practical experiment that *One Fourth* more can be obtained than by the old process. Besides this it requires only two hands to grind and make up into cider a larger quantity of apples than can be possibly made on the old-fashioned machines. On this press, owing to the compactness of the pomace in the tub and the complete manner in which it is ground, a pressure of three to five tons—which can be easily obtained—will produce a more favorable result than one hundred tons pressure on the ordinary cider press even if the apples were ground as finely as on the improved Mill; and if the apples were merely crushed as on the Nut machine, it would require a pressure of two hundred tons to produce the result accomplished by this Patent Mill. The following are adduced as decided advantages of this machine:

First—It makes more Cider than any other press, with a given quantity of apples, in a given time, and with much less labor and expense.

Second—It makes cleaner and sweeter Cider than any other machine.

Third—You can make your Cider as you want it, and when you want it—and in quantities from one gallon to a or twenty barrels.

Fourth—With it you can press your Currants, Cherries, Berries, Cheese, Butter, Lard and Tallow.

Fifth—With it you can save ONE FOURTH of your time in making Apple Butter.

Sixth—With it you can grind or chop your Apples, Potatoes, Turnips, Beets, Carrots, or Pumpkins for Cattle.

Seventh—It is use you can at all times have FRESH and SWEET Cider.

The price of the Cider Mill, with right to use the same on any one farm, is $35. Price of the Root Cutting Cylinder, $5.

The size of this Machine is about 3 by 4 feet and weight about 200 pounds. It may readily be taken to the cellar, door-yard, kitchen, barn-floor, or orchard, as may be most convenient.

A Great Accommodation to Business Men.

L. C. BAKER, No 8, Harmony Street—opposite the *Exchange, Philadelphia*—offers to the public a superior article of Plain, Fancy and Legal **Envelopes** with a card enclosing the United States Postage Stamp, and containing the name and place of business of individuals and firms, neatly printed on the outside. To companies or private individuals, having an extensive correspondence, this arrangement will prove of great advantage, obviating the delay and uncertainty incident to the applying of the Postage Stamps, as the advertising will guarantee the stamps applied by him remain permanently. The benefit of having an advertisement surrounding the stamp will be apparent to every business man.

The paper from which these Envelopes are manufactured, is of a superior quality, being examined, partchment of a smooth, polished surface, and water proof, with but little additional expense.

Samples may be seen at the office, where all orders will be promptly attended to. The above arrangement having been copyrighted, these envelopes can only be obtained of the advertiser or his authorized agents. I am also manufacturing the Advertising Envelope, so much in use by all business men, and the utility of which is apparent to every individual who has used them. These envelopes can be furnished in large or small quantities.

Lightning Rods.

AFTER many years close investigation and numerous experiments, the Patentee takes pleasure in informing the public that he has arrived at the true principle of protecting families dwellings and property from the destructive influence of LIGHTNING. The calamities that every City, Town, Village and Country falls victim to annually, thro' the gross negligence of its inhabitants, is beyond calculation, especially when the remedy is so easy to obtain—this is found in

ARMITAGE'S

Patent Magnetic Lightning Rods,

and in this alone. This Rod has been examined by the most scientific gentlemen in the world—Professors M'Murtrie, Johnson, Wallor and many others that have examined them, recommend and speak of them in the highest terms of approbation, and have pronounced them the only safe rods to use in this or any other country for the protection of Lives and Property. One advantage is to divide and throw back a part of the electric fluid harmless to the clouds; in time of a stroke this enables the rod to conduct that portion of fluid that belongs to the earth without the slightest danger of leaving the conductor. This rod has many other advantages over the old one. The only place of manufacturing is in

Vine St. 3 doors above 12th. Philadelphia,

where all persons are respectfully invited to call and examine for themselves. For sale Wholesale or Retail by THO'S ARMITAGE

These rods have been purchased and successfully used by the following individuals, companies and corporations, whose names are cheerfully submitted:

RECOMMENDATIONS.

PHILADA., Aug. 18, 1847.

I have this day carefully inspected a conductor or Lightning Rod, with vane and index, erected by Mr. Thomas Armitage, on Belleview House, Gloucester, and have no hesitation in saying that it is not only the best I have ever seen, but that it is the only one I have yet examined that is constructed on strictly scientific principles. It is with much pleasure that I recommend his conductor to the attention of owners of buildings.

H. M'MURTRIE.

I am well satisfied that the Magnetic Lightning Rod, manufactured by Mr. Thomas Armitage, of Philadelphia, is the best that has ever been made. I have spent several years in the study of the laws of electricity and magnetism, and have no hesitation in saying that these Rods are constructed upon the only principles of safety. The electric shock is received and dispersed by the ground at the top of the rod, and it would be impossible, according to the laws of attraction and repulsion, for a building to be injured by a stroke of lightning when protected by one of these rods. I have been acquainted with Mr. Armitage for several years, and before he commenced the manufacture of these rods I examined the principles upon which they are constructed, and felt convinced that their adoption would be attended with complete success. The increasing demand for these rods, and the extensive sales in all parts of the country, is ample commendation of their utility and superiority. TRACY W. WALLER, M. D.

MEDICAL REFORM

DR. H. B. HARRIS would announce to the citizens of Lewisburg and vicinity that he has removed into North Third street, in the house formerly occupied by Capt. Paul, above the German Reformed Church. Thankful for the liberal patronage hitherto received, he continues to offer his professional services to all who may desire them.

He practices medicine in accordance with the most approved systems of Medical Reform—gives no Calomel or Mercury in any form—and hopes to prove himself worthy of the confidence of the community.

He keeps on hand, for sale, an extensive variety of Thomsonian and other Vegetable Medicines, for the use of such customers as may desire them.

He is also prepared to clean and extract Teeth.

CHERRY PECTORAL

For the Cure of

COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH, CROUP, ASTHMA, AND CONSUMPTION.

Of all the numerous [illegible] and some of them valuable for the cure of pulmonary complaints, nothing has been found which could be compared in its effects with this Preparation. Others cure sometimes, but of all times and in all diseases of the throat and throat where medicine can give relief, this will relieve it. It is pleasant to take, and perfectly safe in accordance with the directions. We do not solicit here for the information of those who have tried it but to use it who have not. Families that have known its value will not be without it, and by its timely use, they are secure from the dangerous consequences of Coughs and Colds which neglected, prove into fatal consumption.

The Diploma of the Massachusetts Institute was awarded to this preparation by the Board of Judges in September, 1847, since the Medal of the three great Institutes of Art, to this country, also the Diploma of the Ohio Institute at Cincinnati, has been given to the Cherry Pectoral, by their Government in consideration of its extraordinary excellence and usefulness in curing affections of the Lungs and Throat.

Read the following opinion founded on the long experience of the eminent Physician of the East and city of Dr. J. C. Ayer:—

St. John's, May 8, 1851.

Five years trial of your CHERRY PECTORAL in my practice, has proven what I foresaw from its composition, must be true, that it eradicates and cures the colds and coughs to which we, in this section, are peculiarly liable.

I think its equal has not yet been discovered, nor do I know how a better remedy can be made for the distempers of the Throat and Lungs.

J. J. BURTON, M. D., F. R. S.

See what it has done on a wasted constitution, not only in the following cases, but a thousand more:

Somerset, Mass. Jan. 26th, 1851.

Dr. Ayer: In the month of July last I was attacked by a violent diarrhœa in the mines of California. I returned to San Francisco in hope of receiving benefit from a change of climate and diet. My diarrhœa ceased, but was followed by a severe cough and night sweats. I finally started for home, but reached me at Seattle from the voyage. My cough continued to grow worse, and when I arrived in New York, I was at once marked by my acquaintances as a victim of consumption. I must confess that I saw no sufficient reason to doubt what my friends all believed. At this time I came near taking your truly invaluable medicine with little expectation of deriving any benefit from its use. You would not receive these lines did I not regard it my duty to state to the afflicted, through you, that on the use, for the space of eight months, is fully restored. I attribute it to the use of your CHERRY PECTORAL.

Yours truly, WM. W. SMITH.

Washington, Pa., April 12, 1851.

Dear Sir: Finding that I have been cured from a previous grave, through your instrumentality by the providence of God, I will take the liberty to express to you my gratitude.

A cough and the alarming symptoms of Consumption had reduced me too low to leave me anything like hope, when my physician brought me a bottle of your "Cherry Pectoral." It seemed to afford immediate relief, and now in a few weeks time has restored me to sound health.

If it will do for others what it has for me, you are certainly one of the benefactors of mankind.

Sincerely wishing you every blessing, I am

Yet, respectfully yours,

JOHN J. CLARK, Rector of St. Peter's Church.

With such assurances and from such men, no stronger proof can be adduced unless it be from its effects upon trial.
