MONDAY MORNING, OCT. 11, 1852

ADVERTIZE!—Executors, Administrators, Public Officers, City and Country Merchants, Manufacturers, Mechanics, Business Men—all who wish to procure or to dispose of anything—would do well to give notice of the same through the "*Lewisburg Chronicle.*" This paper has a good and increasing circulation in a rich county containing as large a population of active, solvent producers, consumers, and dealers, as any other in the State.

State Election, Oct. 12—Presidential, Nov. 2

☞ See large number of New Advts.

Railroad Letting extended to 10th Nov. in consequence of illness of Engineers.

Lewisburg Academy re-opens 18th inst.

☞ At last fall's election, there was such a throng in the Telegraph office the night following, as to break cases, and endanger the falling through of the floor. We shall for safety be obliged this year to admit none but subscribers to the Bulletin.

AN ENDLESS *and* NEEDLESS TAX.—Citizens of Union county! If not built on *your* side of the River, the Railroad *will* be built on the *other*. Are you willing to have Towns rise and flourish on the Northumberland side, in preference to your own? And do you wish for yourselves, your children and your children's children—for every bushel, every pound, every article of produce you and they take to market for all time to come—*to pay Bridge toll?* Do you wish to pay Bridge toll forever—an ENDLESS, NEEDLESS TAX? If you say no, then do not vote for men who would stop the Railroad.

☞ Some of the Repudiation orators recently attempted to hold forth at a political meeting in Union Tp, but after a while began to assail the Railroad. The people present, not having been invited to such an entertainment, plainly but firmly informed the spouters that they might talk general politics all they pleased, but if they insulted them by abusing the Railroad, they should have the first *railride* in Union Tp. The Repudiators forthwith backed off.

☞ Perhaps there is not a more respectable or respected man in Juniata county than Judge Beale, whom the Repudiators have desperately attempted to injure in his private character. The Democratic paper in Juniata county does not publish the *Times'* ribaldry, the attacks of which have to our knowledge reacted in his favor, both in Union and Juniata counties. He was lately involved in a malicious law-suit, when not one of the Jurors were for convicting him.

☞ The Agricultural Fair at Northumberland last week, was numerously attended, and the display of productions and implements was highly attractive and creditable. *We deeply regret that Union County with her proverbial resources, suffers herself to be so far behind her sister county.* We hope our farmers will wake up on this important matter.

☞ With what propriety could Col. Ruhl be sworn in as County Commissioner, when he has openly, solemnly pledged himself that he will do all he can to nullify a Law of the State, and to vitiate a legal and fair contract? He must violate the spirit of his Oath, or of his Pledge, if elected!

FALSE AS FALSE CAN BE.—Last week's *Times* reiterates the falsehood that Messrs. Slifer, Casey and Miller get $2,000 each as Directors of the Susq. Railroad. *They have not one cent salary.* It is an infamous, whole-cloth, desperate effort to deceive the people, by an unscrupulous press.

Every Vote against the Railroad

Is a vote against the *interests* of every property-holder and citizen of Union county. It is against the *credit* of the County. It is against the *reputation* of her citizens. It is against the *good name* of the County. It is against her *present* and her future prosperity.

☞ The Register and Recorder of Union county has received the necessary books for the Registration of Births, Marriages and Deaths. No Physician, Minister or any one else should neglect this very important matter. The Register has no authority to grant Letters of administration until the proper Registration is made.

A boy named McAllister, of Danville, fell from a freight boat passing down the canal opposite Sunbury, on Saturday evening. He sank immediately, and although diligent search was made, his body was not recovered until Sunday evening. The water in the canal at that place is about ten feet in depth. His remains were taken charge of by his friends.

Gov. Ramsey on Wednesday left Washington, with six hundred thousand dollars, which he intends to distribute among the different Indians in Minnesota, in accordance with recent treaties.

J. & J. WALLS,

REBER & VORSE,

J. & F. SPYKER.

☞ The *Apalonichon* seeks to cover its hypocritical friendship for the Railroad by lugging in politics—the tribe are too *conscientious* to "swallow Whiggery." Yet it *does* "swallow" Reuben Keller, who is not the Democratic nominee of this county, and who, the Democratic paper of Juniata says, "is rather *Scottish* in his politics!" It *does* advocate Philip Ruhl, an out-and-out Anti-Masonic Whig!!! There is Baum & Co. Democracy for you, with a hook!—Now see what Keller and Ruhl say about the Railroad: (we quote from the *Times* or the *Apalonichon*)—

Mr. Keller.

In West Beaver, 11th ult., a meeting was held, "opposed to the $200,000 SWINDLE. Col. REUBEN KELLER held up to view the MACHINATIONS, MIDNIGHT PLOTTINGS, and INTRIGUES of the SUBSCRIPTIONISTS in their true colors, to the delight and satisfaction of all."

The "Times" also proclaims "OUR WATCHWORD KELLER and REPEAL of the odious $200,000 law."

Mr. Ruhl.

"I PLEDGE myself that under NO circumstances will I subscribe one cent to ANY Railroad enterprise; and that I will exert every constitutional means within my power to DEFEAT THE PAYMENT of the $200,000 to the Susquehanna Corporation, which in my opinion was wrongfully and FRAUDULENTLY obtained.

Sept 16. PHILIP RUHL."

☞ So you see the 'Apalonichon' and the 'Times' support Keller and Ruhl in denouncing the *friends of the Railroad* or "subscriptionists" as "MID-NIGHT PLOTTERS," "INTRIGUERS," and the County Subscription a "FRAUDULENT" transaction! Verily, the "ROWDIES" who support the Railroad can not understand why a *Democratic Railroad* man *prefers* an *Anti-Masonic Whig Anti-Railroad* man to a Democrat—Robert P. Cornelius—for Commissioner!!!"—From *such "friends* of the Railroad" may it be delivered in this the hour of trial!

ONE FACT out of many, we mention to show the importance of the Railroad to Union county. A gentleman writing from Philad., 1st inst., says—

"Is the Railroad question settled? and is it to go through Lewisburg? Please inform me of the fact as soon as you are certain. I wish to remove my family to Lewisburg before the navigation closes, if I can be certain of the Railroad."

The writer of the above is worth $25 or $30,000, and has obtained in this county a site for the prosecution of a new and important business, which would require an outlay of thousands of dollars yearly, and give employment to many families. Many such enterprises—which would add greatly to the wealth of Union county—*hinge* upon the Railroad. Every one who has a foot of land in Union county—every man, woman or child who earns his or her bread—would be directly or indirectly benefited by it.

It is safe to say that the Railroad would add MILLIONS to the taxable property of the North end of the county, and thereby throw upon it the greater portion of the burthen of taxation, and in a measure relieve the South end. The more property in a county, the less the taxes upon the poor.

☞ The man that "cusses" the State because he is compelled to pay a few cents school tax, and who grumbles every time he buys a school book, and who don't take his county paper because he can get one from the city that has more horrible murders in it for a good deal less money, was in the Circus last week—brought his wife and "nine small children." It didn't cost over a "V," though he saw the clown, got a little high, and had a glorious spree!—Of course he "goes ag'in the Railroad."

POISONING.

Thousands of parents who use Vermifuge composed of Castor oil, Calomel, &c., are not aware, that while they appear to benefit the patient, they are actually laying the foundations for a series of diseases, such as salivation, loss of sight, weakness of limbs, &c.

In another column will be found the advertisement of Hohensack's Medicines, to which we ask the attention of all directly interested in their own as well as their children's health. In Liver Complaints and all disorders arising from those of a bilious type, should make use of the only genuine medicine, Hohensack's Liver Pills.

☞ "*Be well dowired,*" but ask for Hohensack's Worm Syrup and Liver Pills, and observe that each has the signature of the Proprietor, J. N. HOHENSACK, as none else are genuine. [1yr439

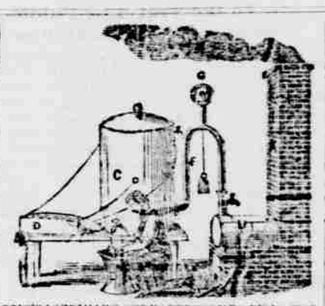
DR. LOCKE—DENTIST—has returned to Lewisburg, and may be consulted professionally for a few weeks at his Rooms in N. Third street.



EXTRAORDINARY CURES PERFORMED BY DOCTOR ISAAC'S MAGNETIC OINTMENT.

The following facts are from a team of well-skilled Surgeons, who in a physician of extensive practice in the town of Amelia, Ohio:

Mr. Hoole—Sir: I write to give you some account of the wonderful effects produced by the use of Doctor Isaac's Magnetic Ointment, in my own practice as a physician. The following cases have all been under my own observation, and by my own prescription.

Case 1st. A Mrs. Lowe, who was given up to die by three celebrated physicians, as being in the *last stage of consumption*. To them was sent the Magnetic Ointment, which restored her health, and is now as well as ever, and has been for the last six months.

Case 2d. Sarah Cline in July last, I was called to see a Mrs. Allen, living some 25 miles distant. Her case had been given up by several physicians. She was first attacked by a sickness of swellings, followed by severe inflammation of the bowels. I arrived about 6 o'clock in the evening, and found her in a very dangerous situation, apparently on the brink of the grave. I commenced applying the Ointment freely to the stomach and bowels. Assisted with some simple remedies administered internally, used one box as hopeful a head of hair as any man could wish. His age is about 30 years.

Case 4th. A son of Mr. Warren of this town, 11 years of age, had been afflicted with the Asiatic fever and cholera. He had the benefit of the best medical skill that a young and wealthy father could procure, without avail. It was one of the most distressing cases I ever saw. He was emaciated almost to a skeleton. By the use of a few bottles of the Ointment he was *thoroughly cured*, and for 7 months past has enjoyed robust health.

Case 5th. This was an extreme case of inflammation of the spleen, of long standing, had a variety of treatment from some of the most skilful physicians, without ever receiving benefit—was cured by the use of only four bottles of the Magnetic Ointment. This was four months ago, and the lady is Mrs. Dunlavy, is still in good health and able to attend to her usual household duties. I have prescribed in cases of Chronic Sore Eyes with the Ointment, both of the patients so nearly blind, as to lead an attendant to lead them from place to place. One of them had been afflicted 15 years, the other about 9 years. They had tried the best physicians in the state, without benefit; and in case of them had been under the treatment of the celebrated Doct. Storey, of Cincinnati, for six months, and had expended hundreds of dollars in vain efforts to effect a cure. They are now by use of the Magnetic Ointment nearly or quite cured; and are able to read and attend to any ordinary business. I have used the Ointment in a number of cases of Piles, and in no case has it failed of giving immediate relief and ultimately effecting a cure. I have also used it beneficially in several cases of Rheumatism. And last but not least, I have within the last year cured four cases of CANCER by the use of the *Magnetic ointment alone!!*

From a thorough trial of the ointment in nearly every disease for which it is recommended, I can confidently recommend it as one of the most useful remedies ever offered to the public.

Yours, BURTON RUSSELL, M. D.

Lewisburg Female Institute

A spacious edifice has been purchased in the Borough, little more than half a mile from the University buildings, having an elevated site, and commanding a wide survey of the neighboring country, including several miles along the banks of the Susquehanna. A costly heating apparatus makes the whole house comfortable in the coldest weather, and three ranges of porches in the rear give ample opportunity for exercise in unfavorable weather.

Miss Hadassah S. Scribner, of Littleton, N.H., a lady of high repute for experience and skill in teaching, has been appointed Principal, and will be assisted by other accomplished teachers in the useful and ornamental branches. Mrs. Ellen Metzger, of Lewisburg, will attend to the domestic department of the school, and secure all necessary comforts for the boarders.

The First Session of the Institute will open on Thursday, October 21st, 1852.

Each boarder must be furnished with four napkins and a silver spoon properly marked.

Day scholars will be admitted. Such will pay $20 per annum for instruction in the common English branches, and $30 in the higher. Music etc. the same price as to boarders.

Mr. Norman Ball will instruct the Primary Department, consisting of girls and small boys, at the same charges as hitherto, viz. $12 per annum.

The Institution will derive great advantages from its connection with the University. The President and Professors will lecture occasionally in the building; and the pupils will have access to the Library and Cabinet of the University, and to the experimental lectures of the Professors in the natural sciences.

THOMAS WATTSON,

$500 CHALLENGE.

WHATEVER concerns the health and happiness of a people, is at all times of the most valuable importance. I take it for granted that every person will do all in their power to save the lives of their children, and that every person will endeavor to promote their own health at all sacrifices. I feel it to be my duty to solemnly assure you that WORMS, according to the opinion of the most intelligent Physicians, are the primary causes of a large majority of diseases to which children and adults are liable. If you have an appetite continually changeable from one kind of food to another, that breaks Pain in the stomach, Feeling at stomach, Dizziness and Fullness of the body, dry Cough, Nose Fever, Fever Irregular—remember that and these dreaded WORMS, and you should at once apply the remedy.

HOHENSACK'S WORM SYRUP.

An article handled upon scientific principles, compounded with purely vegetable substances, being perfectly safe when taken, and can be given to the most tender infant with decided beneficial effect. Where Bowel Complaint and Dysentery have made their worst and debilitated, the least proportion of my Worm Syrup are such, that it stands without an equal in the catalogue of medicines in giving tone and strength to the stomach, which makes it an infallible remedy for those afflicted with *Dyspepsia*. The astonishing cures performed by this Syrup after Physicians have failed, is the best evidence of its superior efficacy over all others.

TO THE TAPE WORM!

This is the most difficult Worm to destroy of all that infest the human system. It grows to an almost indefinite length, becoming so coiled and matted in the bowels and stomach, sometimes one hundred or more in number, as easily to cause St. Vitus Dance, Fits, &c. that these smitten seldom if ever suspect that it is *Tape Worm* harboring them to an early grave. In order to destroy this worm, a very energetic treatment must be pursued; it would therefore be proper to take 3 to 5 of my Tape Worm pills, to remove all obstructions, that the Worm Syrup may act direct upon the worm, which must be taken in doses of two tablespoonfuls three times a day; these directions followed have never been known to fail in curing the most obstinate case of *Tape Worm*.

HOHENSACK'S LIVER PILLS.

No part of the system is more liable to disease than the Liver, it serving as a filterer to purify the blood, or giving the proper secretion to the bile, so that when a derangement of the Liver effects the other important parts of the system, and results variously, in Liver Complaint, Jaundice, Dyspepsia, &c. We should, therefore, watch every symptom that might indicate a wrong action of the Liver. These Pills being composed of Roots and Plants furnished by nature to heal the sick and unwell.

1st. An *Expectorant*, which augment the secretion from the pulmonary mucus membrane or promotes the discharge of secreted matter. 2nd. An *Alterative*, which changes in some inexplicable and insensible manner the certain morbid action of the system. 3d. A *Tonic* which gives tone and strength to the nervous system, restoring health and vigor to all parts of the body. 4th. A *Cathartic* which acts in perfect harmony with the other ingredients, and operating on the bowels, and expelling the whole mass of corrupt and vitiated matter, and purifying the blood, which destroys disease and restores health.

TO FEMALES.

You will find these Pills an invaluable medicine in many complaints to which you are subject. In derangements arising from or partial, they have been found of inestimable benefit, restoring them to their functional arrangements to a healthy action, purifying the blood and other fluids so effectually to put to flight all complaints which may arise from female irregularities, as headache, giddiness, dimness of sight, pain in the side, back, &c.

Important to Farmers and Housekeepers!

HICKOK'S PATENT CIDER MILL.

IN all former times it was supposed that a large quantity of Cider could be made only by using a ponderous machine, that slowly crushed the apples without grinding them fine. They were then made into a massive cheese of straw, and a most severe and long pressure was required to extract a portion of the cider, a considerable portion being absorbed by the straw and the mass of pomace, and to obtain this unsatisfactory result the farmer had to take all his hands and perhaps his six horse teams and devote a whole day that could have been more profitably employed, to make from six to twelve barrels of cider. To obviate the difficulty the farmers have heretofore labored under,

This Machine

has been invented, and the statement of a few facts may prove that it is not only the *Best Machine* of the kind in existence, but that it is the most *profitable* that a man can have on his farm. The apples are by this machine grated up into a fine pulp, so that it requires but a comparatively light pressure, and that but a minute or two, to extract all the cider, it being ascertained by practical experiment that *One Fourth* more can be obtained than by the old process. Besides this it requires only two hands to grind and make up into cider a larger quantity of apples than can be possibly made on the old-fashioned machines. On this press, owing to the compactness of the pomace in the tub and the complete manner in which it is ground, a pressure of three to five tons—which can be easily obtained—will produce a more favorable result than one hundred tons pressure on the ordinary cider press, even if the apples were ground as finely as on the improved Mill; and if the apples were merely crushed as on the Nut machine, it would require a pressure of two hundred tons to produce the result accomplished by this Patent Mill. The following are adduced as decided advantages of this machine:

First—It makes more Cider than any other press, with a given quantity of apples, in a given time, and with much less labor and expense.

Second—It makes cleaner and sweeter Cider than any other machine.

Third—You can make your Cider as you want it, and when you want it—and in quantities from one gallon to six or twenty barrels.

Fourth—With it you can press your Currants, Cherries, Berries, Cheese, Butter, Lard and Tallow.

Fifth—With it you can save ONE FOURTH of your time in making Apple Butter.

Sixth—With it you can grind or chop your Apples, Potatoes, Turnips, Beets, Carrots, or Pumpkins, for Cattle.

Seventh—By its use you can at all times have FRESH and SWEET Cider.

The price of the Cider Mill, with right to use the same on any one farm, is $35. Price of the Root Cutting Cylinder, $5.

The size of this Machine is about 3 by 4 fe and weight about 200 pounds. It may readily be taken to the cellar, door-yard, kitchen, barn-floor, or orchard, as may be most convenient.

NOTICE is hereby given that about three years ago I purchased at Sheriff's sale of D S RUTHRAUFF of New Columbia,

2 bay horses, 1 buggy and harness, a lot of team harness, 1 two horse sled, an eight day clock and case, a lot of carpeting, a spring wagon exchanged for a bay horse with my consent, which property I hold as all others contained in this notice—

All of which property I have loaned to said Ruthrauff, and hereby extend said loan during my pleasure. SAM'L

The acknowledged and extraordinary curative powers of these wonderful inventions is now so generally known and their sales and reputation therefore the whole country so extensive, that it would seem unnecessary to urge their merits to those. But some late circumstances have occurred which render it a matter of duty to the public not to be altogether silent, for while the ephemeral nostrums of the day are trumpeted by columns through the *Press* and swallowed by quarts and gallons by the afflicted, and are found just good *for nothing.*

Christie's Galvanic and Magnetic Curatives,

have been quietly working their way among the most intelligent and respectable classes, and are constantly achieving cures in an alarming variety of diseases, which have for ages baffled all the skill of medicine and all the resources of science. These diseases are called

NERVOUS COMPLAINTS,

and in these diseases medicine is of no avail what ever. It never does good and it often does harm. Syrups, Extracts, Balms, Balsams, Elixirs, Bitters, Pills, Powders and Potions of every kind are alike worthless, for they weaken the vital energies of the already prostrated system, while under the strengthening, life-giving, vitalizing influence of electricity, as applied by this beautiful discovery, the exhausted patient and weakened sufferer is restored to former health, strength, elasticity and vigor.

These remarks relate to such diseases as NEURALGIA, TIC DOLOREUX, BRONCHITIS, PALPITATION of the HEART, WEAKNESS and all FEMALE DISORDERS such as NERVOUS HEADACHE, LASSITUDE and DESPONDENCY, which are only other names for Nervous Derangement; EPILEPTIC FITS and CONVULSIONS, which are well known to result from a suspension of Electric influence; NERVOUS TREMORS, DEAFNESS, which is nearly always caused by torpidity of the Auditory Nerves, and can always be *perfectly* cured by Galvanism, when the organ is not destroyed; DYSPEPSIA in its worst forms; FATS, and PARALYSIS, uniformly caused by a deficiency of Nervous influence; CHRONIC RHEUMATISM, TORPIDITY of the LIVER, PAIN in the SIDE, SLUGGISH CIRCULATION, SPINAL and HIP COMPLAINTS, DEFICIENCY of NERVOUS and PHYSICAL ENERGY, and all those distressing complaints resulting from a DERANGEMENT of the NERVOUS SYSTEM.

In the above prevalent and terrible class of diseases—Nervous Complaints are much more numerous than is generally imagined—

CHRISTIE'S GALVANIC CURATIVES,

Are an Absolute and Positive Specific.

The BELT is used when the body or system generally is affected; the NECKLACE for complaints of the Throat, as Asthma and Bronchitis, and of the Head, and the BRACELETS for all disorders of the arms or limbs, as Rheumatism, Palsy, Tremors and Spasmodic affections. These articles to be properly applied as directed with the MAGNETIC FLUID which accompanies them, and when intimately used they NEVER FAIL!

☞ The great peculiarity and excellence of the GALVANIC CURATIVES consists in the fact that they arrest and cure disease by outward application, in place of the usual method of dragging and Physicking the patient till exhausted nature sinks hopelessly under the infliction. They *strengthen the whole system, equalize the circulation of the blood, promote the secretions, invigorate the entire energies and can never do the slightest harm under any circumstances.*

Since their introduction in the United States, only three years since, more than

75,000 PERSONS

including all ages, classes and conditions, among whom were a large number of ladies, who are peculiarly subject to Nervous Complaints
