Muncy, Oct. 18 .- On Saturday evenning, a most shocking accident occurred in Clinton township, Lycoming county, Sense about two miles from this place, which terminated the existence of one of our 1740 best and most worthy and respected farmers. It appears that Mr. Joseph Davis, his brother Thomas, and a nephew went 6278 to the woods at the foot of the Bald Eagle mountain in the immediate vicinity of their large tree, Joseph proceeded to cut the tree down, Thomas and the young man having charge of the dogs, remaining a short distance off. As the tree fell, it struck a large dead hemlock without any limbs, some three feet in diameter, which broke off near the ground and falling back struck Joseph and literally crushed him to atoms, leaving scarcely a remnant of a human frame. Every bone in his body, Hopkins 2215, Hoffman 1392-Hop.823 saving one hand and the fore-arm and the two feet and lower part of the legs, were broken, and crushed to pieces. The heart, together with some of the other intestines, were forced from the body, and found some Nicely for Commissioner, Withington three feet distant. Important to Farmers and Housekeepers !

HICKOK'S PATENT CIDER MILL. A all former times it was supposed that a large quantity of sider could be made only by using a penderous ma hime, that slowly croshed the apples without grinding them fine. They were hen made into a massive cheese in straw, and a most severe and long pressure was required to ion being absorbed by the straw and the mass of pomice, and to obtain this unsatisfactory result the farmer had to take all his hands and perhaps

obviate the difficulty the farmers have Betete

This Machine apples a e by this machine grated up into a fine pulp, so that it requires but a comparatively light pre-sure, and that but a minute or two, to extract experiment that One Fourth more can be obtained than by the old process. Besides this is requires only two hands to grind and make up into eide a large quantity of apples than can be possibly made on the old-tashioned machines. On this
