Brown's Essence of Jamaica Ginger, Is a remedy suited to the extremes of heat and cold, and is very beneficial whenever gentle onic and stimulating influences are required. Its stimulant property being independent of alcoholic power, its effect as a frequent remedy need never be dreaded. While it strengthens and refreshes the debilitated in summer season, it is not less potent during the inclemency of the winter; by warming with its healthy tonic principle enabling the system to resist the influence of incipient diseases which lurk in a changing climate. No family should be without it, and to travelers by land or sea it will be found invaluable to use a few drops in water as a uniformly healthy and agreeable drink, without intoxication.

SCHENCK'S PULMONIC SYRUP

SCHENCK'S PULMONIC SYRUP!

I WA on the verge of the grave, and so far gone that my family and friends had lost all hopes of my recovery; and when in this situation, having been rescued by the use of SHENCK'S PULMONIC SYRUP. I desire to testify, with grateful smotions, to Dr SCHENCK, the unspeakable benefit I have received from the use of his invaluable medicine.

Larly last fall I contracted a violent cold, and in consquence of which I had chilis, alternated with fever, pain in my right breast and shoulder-blade, with a bad cough and no expectoration. I kept getting worse until I took my bed, and that the attendance of my family physician. I was under his care about four weeks, and at the expiration of that time was reduced so low that despair took bold of myself and friends, and even my physician abandoned me, and give me up to die with the hasty concumption. My appetite was gone, my bowels very irregular, fever and might assert, pain it my breast and shoulder, attended with a distressing cough, which was very tight my flesh had mearly all gone, and I was so weak that I could scarcedy raise my head from the pillow, and was truly an object of pity to beheld. My friends had been sent for to see me die, and my sick-bed was surrounded by kind and sympathicing neighbors, who had come to witness my departure from this world. When all rays of hope had fied of my receiver, a neighbor, Mr. I havid Conrad, proposed DR. SCHENCK'S PULMONIC SYRUP with a view of loosening my cough, and relieving me of the tough phlegm, and as a means of affording temporary relief, remarking the time was fall mignes up and my friends were much gratified to witness my unexpected improvement many of my neighbors came to look at me as one raised from the deal. My cough now became loose, and I regard for the relief of my intense suffering, procured seme of the Pulmonic Syrup. I found it affording temporary relief, remar

Let this statement should be thought too highly colored by some people, I subjoin a certificate of a number of the inhabitants of Tacony, who saw me at different times during my disease, and never expected to see me restored. The undersigned residents of Tacony, eight miles above Philadelphia, being well acquainted with John C. Green, and the circumstances attending his case, feel impelled by adeep sense of importative duty, to make universally known to the public his entire recovery from the very last stages of a Puimonary Consumption. So entirely helpiess was his condition, having been but a brief period in that rapidly sinking and emagnitud state, as to utterly proclude in the opinion of his physician and friends, who watched by his bedside, all hopes of even a temporary recovery and restoration to his prevent rolous health. Thus the careful use of your invaluable Specific, the Pulmonic Syrup, makes it in our belief, under the circumstances of his previous prestrate, not to say dying condition, one of the most startling results that the whole annuls of medical skill or science can produce. It deserves to be imperishably recorded to your credit, and secures to you, the great discovery of an infailible curs for this hitherto remediless discase, a lasting monument, and a world wide reputation in the bealing art that no time may either diminish or destrey. POCKET SPIRIT LEVEL. SHERMAN'S POCKET SPIRIT LEVEL AND PLUMB ATTACHMENT TO SQUARE.

THIS Level may be used in connection with

a steel or other true square as a Leveling and Plumbing Instrument, the base line being the level or horizontal line—the upright edge of the square being the plumb or perpendicular line.

This compact and accurate instrument is adapted to every and any use that the common form of Level is serviceable in, and is far superior in regard to accurateness, compactness and durability to any other in use, and is less than half the price. It may be detached from the square and used separately as a level or carried in the pocket, not taking up more room than a common pocket knife, thereby obviating the necessity of carrying about the compersone article now in use. The Bubbles used in these instruments are warranted not to evaporate or burst from exposure to sudden change of atmosphere (so often the case with the article now in the market) being made in the most perfect manner, and filled with alcohol full 95 proof. In oftering this article to the public the inventor feels confident that in the hands of every mechanic this tool will speak for itself; yet for the purpose of showing the trade in whatestimation the instrument is held by those who have tested its merits, by putting it into practical use, he would respectfully call their attention to the accompanying certificate, given by some of the most scientific mechanics in the United States:

IT IS A FACT,

ONE self-evident, and worthy of every consideration, that no Miller can make good clean flour without he has good clean wheat. I suppose you wish to know the remedy. I tell you-it is to get one of Bergstresser's Wheat Scourers, or Smut Machines. He being an old, practical and experienced Millwright has invented, got up and put in successful operation the best Wheat Scourer now in use. Any person ordering a machine and afterwards finding that it does not prove to operate as represented, there shall be no sale, as these machines are to be warranted good. Further recommendations are thought unnecessary-He is now having a supply made at Lewis. burg, by Messrs, Geddes & Marsh. Orders for machines, or letters of inquiry, will be promptly attended to. Machines will be sent and put to all orders. Address
