Salt River Trip.

The gentlemen who participated in the "Grand Excursion" seemed to enjoy the sport as well as could be expected all except Mr. Philemon Baker, of No. 9 Prince street. This gentleman had a Salt River ticket sent to him enclosed in a letter, advising him to furnish himself with the necessary provisions and equipments for the trip. The letter and ticket arrived at Mr. Baker's dwelling when he was absent—his wife received the billet, and supposing that it might be a clandestine love-letter, she broke it open. This lady it appears had never heard of Salt River, and imagined that it might be some place where runaway husbands concealed themselves to avoid the trouble of providing for their families. As soon as Mr. Baker came home, therefore, and sat himself down to take off his boots, he was started by three or four whacks over his shoulders, well laid on with the hearth-brush handle, and then Mrs. Baker began to "let out" on the doubly unfortunate Whig to the following purpose: Going to Salt River, eh? Want to get rid of your wife and children? Oh, oh!—did I find you out, you sly rascal? I'll Salt River you! I'll bet my head you were going to run off with some girl, or some other man's wife, you villain!—But don't you think I'd follow you to Salt River? Yes, indeed, and to River Styx, too, before you should triumph in your roguery. Let me hear any more talk of Salt River, you sneaking puppy, and I'll salt and pepper you too, with a vengeance!" It cost Mr. Baker some pains to pacify his lady by making her acquainted with the political allegory.—*Philadelphia Sunday Mercury.*

SNORING.—My uncle P—— was an awful snorer. He could be heard further than a blacksmith's forge; but my aunt became so accustomed to it, it soothed her to repose. They were a very domestic couple—never slept apart for many years. At length my uncle was compelled to attend court at some distance. The first night after his departure, my aunt never slept a wink; she missed the snoring. The second night passed away in the same way, without sleep. She was getting in a bad way, and probably would have died had it not been for the ingenuity of a servant girl—she took the coffee-mill into my aunt's chamber, and ground her to sleep at once!

At Cincinnati, when Tom Thumb was selling his pamphlet, and greeting the ladies with a kiss, a negro woman bought one, and puckered up her mouth for a salute. Tom drew back—"Ah, ah," said he, "go away, colored person, dis chil' ain't g'wine to 'malgamate." "Well, please de lor," exclaimed the negro in astonishment, "if he was n't no bigger dan a mouse, he'd be sure to have suffin against de colored population!"

"You see, grandma, we perforate an aperture in the apex, and a corresponding aperture in the base, and by applying the egg to the lips and forcibly inhaling the breath the shell is entirely discharged of its contents."

"Bless my soul," exclaimed the old lady, "what wonderful improvements they make. Why in my young days they just made a hole in both ends and sucked!"

A Kentucky paper says it is getting to be very fashionable in that quarter to enclose a dollar with marriage notices, when sending them to the printer. A good custom, that ought to prevail everywhere.

Six Dollars to printer and priest—
No sensible man could refuse;
Five dollars to render him blest,
And one to publish the news!

One half of mankind pass their lives in thinking they shall get a good dinner, and the other in thinking what dinner they shall get; and the first are much less injured by occasional fasts than are the latter by constant feasts.

A man was fined $1 the other day, in Richmond, Va., for cruelly beating his horse. The case was taken to the Mayor's Court, who confirmed the decision, and added a dollar more to the fine. Well done.

The prick of a pin often gives more acute pain than the gash inflicted by a lancet. So we pass through life; our minor sorrows are frequently harder to bear than our great afflictions.

Heaven pity the man who has a slovenly housewife! Wealth may cast her favors around him, but dirt and disorder may make his dwelling a cheerless abode.

A person should not be expected to take off his glove preparatory to shaking hands with another, any more than to take off his boots when about to kick.

Real difficulties are the best cures of imaginary ones; because God helps in the real ones, and so makes us ashamed of the others.

Brown's Essence of Jamaica Ginger.

IS a remedy suited to the extremes of heat and cold, and is very beneficial whenever gentle tonic and stimulating influences are required. Its stimulant property being independent of alcoholic power, its effect as a frequent remedy need never be dreaded. While it strengthens and refreshes the debilitated in summer season, it is not less potent during the inclemency of the winter; by warming with its healthy tonic principle enabling the system to resist the influence of incipient diseases which lurk in a changing climate. No family should be without it, and to travelers by land or sea it will be found invaluable to use a few drops in water as a uniformly healthy and agreeable drink, without intoxication.

Caution. Persons desiring an article that can be relied upon as pure JAMAICA GINGER, should be particular to ask for "Brown's Essence of Jamaica Ginger," which is warranted to be what it is represented to be and is

Another Rescue

BY

SCHENCK'S PULMONIC SYRUP!

I WAS on the verge of the grave, and so far gone that my family and friends had lost all hopes of my recovery; and when in this situation having been recommended by the use of *SCHENCK'S PULMONIC SYRUP*, I desire to testify with grateful emotions, to Dr SCHENCK, the unspeakable benefit I have received from the use of his invaluable medicine.

Before last I had contracted a bad cold, and in consequence of which I had chills, alternated with fever, pain in my right breast and shoulder-blade, with a bad cough and no expectoration. I kept getting worse until I took my bed, and had the attendance of my family physician. I was under his care about four weeks, and at the expiration of that time was reduced to low fever and poor look and spirits. I send friends, and even his physician abandoned me, and gave me up to die with the hasty consumption. My appetite was gone, my bowels very irregular, fever and night sweats, pain in my breast and shoulder, attended with a distressing cough, which was very tight; my flesh had nearly all gone, and I was so weak that I could scarcely raise my head from the pillow, and was reduced to fifty lb. behold. My friends had been sent for to see me die, and my sick-bed was surrounded by kind and sympathising neighbors, who had come to witness my departure from this world. When all rays of hope had fled of my recovery, a neighbor, Mr. David Conrad, prevailed I.R. SCHENCK'S PULMONIC SYRUP with advice to me, stating my cough and relieving me of the most phlegm, and as a means of affording temporary relief, remarking at the time, "that I was too far gone for the Syrup to be of any permanent benefit." My wife, anxious for the relief of my intense sufferings, procured a bo. of the *Pulmonic Syrup.* I found it afforded me relief, and continued using it. I could feel its healing influence upon my lungs. I continued to improve from its use, and my friends were much gratified to witness my unexpected improvement; many of my neighbors came to look at me as one raised from the dead. My cough now became loose, and I felt something break, where I had the pain in my breast, and I discharged large quantities of yellow matter. I have for weeks discharged what I call a pot full of matter every day, with hard lumps, like grains of something. My bowels now became regular and natural, and my appetite was so far improved that I could scarcely refrain from eating too much. My strength improved, and I recommenced my labor. I continued to improve in every respect, so that after I commenced using the Syrup, and the improvement continued until I was restored to my wanted health. I have passed through the inclement weather of the latter part of winter and the spring, and feel as well now as ever I felt in my life, and I attribute my restoration to health to the great efficacy of *SCHENCK'S PULMONIC SYRUP* in curing pulmonary diseases.

Lest this statement should be thought too highly colored by some people, I subjoin a few of the names of the inhabitants of Tacony, who saw me at different times during my disease, and never expected to see me recover. I have no objection to call upon any of the brethren of Mystic Lodge, No. 270, I. O. of O. F., who kindly watched over me, and fully believed they would consign my remains to the tomb; but thanks to Dr. Schenck, for his invaluable Pulmonic Syrup, my life has been spared, and I am permitted to make the foregoing statement for the benefit of suffering mankind.

I reside at Tacony, and am well known by most of the people there, and will be gratified to have any person call upon me and learn more particulars of the great virtues of this med cine. JOHN C. GREEN.
June 24, 1852.

The subscribers, members of the Mystic Lodge, No. 270, I. O. of O. F., of Holmesburg, Pa., do hereby certify that we know John C. Green, and is a member in good standing in No. 270, I. O. of O. F., who was dangerously ill with a low Pulmonary Consumption last winter, so that they gave him up to die; that he is now fully restored to health, and they believe his recovery was produced by Schenck's Pulmonic Syrup.

We believe his certificate is correct in every particular.

The undersigned residents of Tacony, eight miles above Philadelphia, being well acquainted with John C. Green, and the circumstances attending his case, feel impelled by a deep sense of imperative duty, to make universally known to the public his entire recovery from the very last stages of a Pulmonary Consumption. So entirely helpless was his condition; having been but a brief period in that rapidly sinking and emaciated state, as to utterly preclude in the opinion of his physician and friends, who watched by his bedside, all hopes of even a temporary recovery and restoration to his present robust health. Thus the careful use of your invaluable Sperific, the Pulmonic Syrup, makes it in our belief under the circumstances of his previous prostrate, not to say dying condition, one of the most startling results that the whole annals of medical skill or science can produce. It deserves to be justly recorded to your credit, and returns to you, the great discoverer of an infallible cure for this hitherto remediless disease, a just meed of praise, and a world wide reputation in the healing art that no time may either diminish or destroy. Having witnessed Mr. Green's distressing struggles and sufferings from a continued cough, superadded to the other symptoms consequent upon, or attending the last stages of a pulmonary disease; and moreover at being so generally believed by his numerous friends that no human power could relieve, or protract his life, much less restore him back again to his former health, we feel it but our duty to give our unqualified testimony of Mr. Green's perfect recovery, by means of the exclusive use of your wonderful Syrup; and we should indeed rejoice if we could be made the humble instruments of relief and cure to others who may be so unfortunate as to be similarly afflicted.

EXTRAORDINARY CURES PERFORMED BY DOCTOR TRASK'S MAGNETIC OINTMENT.

The following facts are from a man of unbounded integrity, who is a physician of extensive practice in the town of Amesville, Ohio:

S. Buell—Sir: I write to give you some account of the admirable effects produced by the use of Doctor Trask's Magnetic Ointment in my own practice as a physician.—The following cases have all been under my own observation, and by my own prescription.

Case 1st. A Mrs. Moss, who was given up to die by three old-practised physicians, as being in the *last stage of consumption*, by the use of the Magnetic ointment has regained her health, and is now as well as ever, and has been for the last six months.

Case 2d. Sometime in July last, I was called to see a Mrs. Allen, living some 22 miles distant. Her case had been given up by several physicians. She was first attacked by *malignant dysentery*, followed by severe inflammation of the bowels. I arrived about 6 o'clock in the evening, and found her in a very dangerous situation, apparently on the brink of the grave. I commenced applying the Ointment freely to the stomach and bowels, attended with some simple remedies administered internally, and by morning I found her so much better that I found her so much better that I left for home, with directions to continue the use of the Ointment. She fully recovered in a few days, and is now enjoying good health.

Case 3d. A Mr Winters had lost nearly all of his hair, had been *bald* for many years; by the use of three bottles of the *Magnetic Ointment*, had his hair entirely restored, and now has as beautiful a head of hair as any man could wish. He age is about 50 years.

Case 4th. A son of Mr. Warren of this town, 11 years of age, had been afflicted with the Asiatic fever six months. He had the breath of life but a few hours, and his loving and wealthy father could procure, without avail. It was one of the most aggravated cases I ever saw; he was emaciated almost to a skeleton. By the use of a few bottles of the Ointment he was *thoroughly cured*, and for 7 months past has enjoyed robust health.

Case 5th. This was an extreme case of *inflammation of the spleen*, of long standing; had tried variety of treatment from no less than eight old practitioners, without relief. The latter was cured by the use of only four bottles of the Magnetic Ointment. This was four months ago, and the lady in Mrs. Dunham's is still in good health, and able to attend to her usual household duties. I have treated two cases of *Chronic Sore Eyes* with the Ointment, both of the most inveterate nature, so much so that I had to lead them from place to place. One of them had been afflicted 18 years, the other about 9 years.—They had tried the best physicians in the State, without relief, and one of them had been under the treatment of the celebrated Dr. Mussey, of Cincinnati, for eighteen months, and had expended hundreds of dollars in vain efforts to effect a cure. They are now by use of the Magnetic Ointment nearly or quite cured; and are able to read and attend to any ordinary business. I have used the Ointment in a number of cases of Piles, and in no *one have it failed of giving immediate relief and generally a permanent cure.* I have also used it beneficially in several cases of Rheumatism. And last, but not least, I have within the last year cured four cases of CANCER by the use of the Magnetic Ointment entirely!

From a thorough knowledge of the ointment in nearly every disease it will be found a valuable remedy. I can confidently recommend it to be one of the most useful remedies ever offered to the public.

Respectfully yours, BURTON HUBBELL, M.D.
