A Whig Vote.

The Providence Journal tells the following old story in so agreeable a style that we can not help copying it:

It is recorded that in one of the upper plantations of Maine, where the vote had long been unanimously Democratic, a single vote for the Whig candidate was once found in the ballotbox. The astonished and indignant moderator of the town meeting held it up, and called out in a loud voice—

"Who gin that vote?"

The Whig, whose situation our friends can have no difficulty in appreciating, did not venture to come forward. Again the moderator called forth,

"Who hove in that federal vote?" Still no answer. "Nobody owns it," said the moderator, "and it is rejected."

So the vote of the plantation was returned as usual all on the democratic side.

It was at Hornby that the above affair occurred. The same town long sent Capt. Peter Biddle to the Legislature. On election days the moderator used to get up and say,

"Fellow citizens, you will now proceed to bring in your votes for Capt. Peter Biddle for town representative."

And they were brought in, and Capt. Peter Biddle thus put in.

What he thought of Life Preservers.

An incident occurred on board the steamer May Flower while lying at the dock on her last trip, which caused considerable merriment among the passengers. A genteelly dressed individual having paid his fare and presented his ticket to the steward, received the key to his stateroom. Searching out its whereabouts he found it decorated with three life preservers inflated, ready for use as are all the rooms on this steamer, and not knowing their utility supposed them horse collars. Indignant at such treatment he returned to Wormaly the good natured steward, accosting him.

"Look here, Captain, that room you gave me is occupied."

"Well, I know it is, another gentleman has the upper berth assigned to him."

"Well, Captain, do you think I'm going to sleep in a horse stable—the room is hung full of horse collars and harness!"

That was too much for the bystanders and steward, who saw the gentlemen's mistake and after a hearty laugh over the ignorance of the individual, the horse collars were exhibited to him, and their use fully explained, and he walked away satisfied he was badly sold.

NEGRO ELOQUENCE.—A Boston dandy black stepped into a provision store in that city to buy some potatoes; before purchasing, he gave the following truly:—"De tater is inevitably bad, or inwariably good. Dare is no mediocrity in de combination ob de tater. De exterior may indeed appear remarkably exemplary and butisome while de interior am totally negative, but, sir if you wends the article, pon your own recommendations, knowing you to be a man of probability in all your translations, why sir, without furder circumlocutions, I take a bushel.'

KIDS AND GOATS.—Mr. Verigreen attended a fashionable entertainment, and was requested by a friend to notice the white kids. Mr. Verigreen's mind was upon the moustached faces that surrounded him, wonderingly his friend asked him if he saw them. "No," says he "I don't see any kids, but there's a wonderful lot of goats all around here, I should judge." —*Carpet Bag.*

VERY PRETTY.—There are *friends* for the old maid—the universal aunt! Children love her, and kittens come and lie in the fire-shine at her feet, and purr. There are pleasant homes where her presence is welcome, and by and by, some poor soul she has comforted will put a flower on her grave.—But for the old bachelor, heaven help him, for man cares not for him.—*Hartford Excelsior.*

An Irishman on arriving in this country, took a fancy to the Yankee Girls, and wrote to his wife:

"Dear Norah—These melancholy lines are to inform you that I died yesterday, and hope you are enjoying the same blessing. I recommend you to marry Jemmy O'Rourke, and take good care of the children. From your affectionate husband till death."

An editor in Illinois being asked why he did not publish the communications sent to his office, replied because nobody would ever publish his when he was a youngster, and he intended to be even with the world. He had a newspaper of his own, and correspondents might go to grass.

Mrs. Neppins, "on old Long Island's sea-girt shore," went to camp meeting last week, and on being asked if see loved the Lord, replied: "Wall I aint got nothing agin him."

An Irish gentleman lately fought a duel with his intimate friend because he joposely asserted that he was born without a shirt to his back!

Why was the first day of Adam's life the longest ever known?—Because it had no *Eve*.

EXTRAORDINARY CURES PERFORMED BY DOCTOR TRASK'S MAGNETIC OINTMENT.

The following facts are from a man of *undoubted integrity*, who is a physician of extensive practice in the town of Amelia, Ohio:

S. Bovill—Sir: I write to give you some account of the astonishing effects produced by the use of Doctor Trask's Magnetic Ointment in my own practice as a physician.—The following cases have all been under my own observation, and by my own prescription.

Case 1st. A Mrs. More, who was given up to die by three old-hunted physicians, as being in the *last stage of consumption*, by the use of the Magnetic Ointment has regained her health, and is now as well as ever, and has been for the last six months.

Case 2d. Sometime in July last, I was called to see a Mrs. Allen, living some 22 miles distant. Her case had been given up by several physicians. She was first attacked by *malignant dysentery*, followed by severe inflammation of the bowels. I arrived about 6 o'clock in the evening, and found her in a very dangerous situation, apparently on the brink of the grave. I commenced applying the Ointment freely to the stomach and bowels, attended with some simple remedies administered internally, and by morning I found her so much better that I found her so much better that I left for home with directions to continue the use of the Ointment. She fully recovered in a few days, and is now enjoying good health.

Case 3d. A Mr. Winters had lost nearly all of his hair, had been *bald* for many years; by the use of *three bottles of the Magnetic Ointment, had his hair entirely restored*, and now has a beautiful head of hair as any man could wish. His age is about 50 years.

Case 4th. A son of Mr. Warren of this town, 11 years of age, had been afflicted with the Asthma from his cradle. He had the benefit of the best medical advice that a loving and wealthy father could procure, without avail. It was one of the most aggravated cases I ever saw; he was emaciated almost to a skeleton. By the use of a few bottles of the Ointment he was *thoroughly cured*, and for 7 months past has enjoyed robust health.

Case 5th. This was an extreme case of *inflammation of the spleen*, of long standing. Had a variety of treatment from no less than *eight* different physicians, without receiving benefit—was cured by the use of only four bottles of the Magnetic Ointment. This was four months ago, and the lady (a Mrs. Dunham,) is still in good health, and able to attend to her usual household duties. I have treated two cases of Chronic Sore Eyes with the Ointment, both of the patients *nearly blind*, so I needed an attendant to lead them from place to place. One of them had been afflicted 15 years, the other about 6 years.—They had tried the best physicians in the state, without benefit; and one of them had been under the treatment of the celebrated Doct. Mussy, of Cincinnati, for eighteen months, and had expended hundreds of dollars in vain efforts to effect a cure. They are now by use of the Magnetic Ointment nearly or quite cured; and are able to read and attend to any ordinary business. I have used the Ointment in a number of cases of Piles, and in *no case has it failed of giving immediate relief and generally a permanent cure.* I have also used it beneficially in several cases of Erysipelas. And last but not least, I have within the last year cured four cases of CANCER by the use of the *Magnetic Ointment* alone!!

From a thorough trial of the Ointment in nearly every disease for which it is recommended, I can confidently recommend it to be one of the most useful remedies ever offered to the public.

Yours truly, BURTON HUBBELL, M. D.

Here is your Remedy!

HOLLOWAY'S OINTMENT

A MOST MIRACULOUS CURE OF BAD LEGS, AFTER 45 YEARS' SUFFERING.

Extract of a Letter from Mr. William Galpin, of 70, Saint Mary's Street, Weymouth, dated May 15th, 1851.

To Professor HOLLOWAY.

SIR—At the age of 15 my wife (who is now 61) caught a violent cold, which settled in her legs, and ever since that time they have been more or less sore, and greatly inflamed. Her ankles were often swelling, and for months together she was deprived entirely of rest and sleep. Every remedy that medical men advised was tried, without effect; her health suffered severely, and the state of her legs was terrible. I had often read your Advertisements, and advised her to try your Pills and Ointment, and as last resource, after every other remedy had proved useless she consented to do so. She commenced six weeks ago, and, strange to relate, is now in good health. Her legs are painless, without scars or scar, and her sleep sound and undisturbed. Could you have witnessed the sufferings of my wife during the last 45 years, and contrast them with her present enjoyment of health, you would indeed feel delighted in having been the means of so greatly alleviating the sufferings of a fellow creature. (signed) WILLIAM GALPIN.

A PERSON 70 YEARS OF AGE CURED OF A BAD LEG OF 30 YEARS' STANDING.

Copy of a Letter from Mr. Wm. Ada, Butcher of Gas Green, of Rushcliffe, near Huddersfield, dated May 28th, 1851.

To Professor HOLLOWAY,

SIR—I suffered for a period of 30 years from a bad leg, a result of two or three different accidents at Gas Works; accompanied by scorbutic symptoms. I had recourse to a variety of medical advice, without deriving any benefit, and was even told that the leg must be amputated—yet, in opposition to that opinion, your Pills and Ointment have effected a complete cure in so short a time that few who had not witnessed it would credit the fact.

(signed) WM. ABBS.

The truth of the statement can be verified by Mr. W. P. England, Chemist, 15, Market street, Huddersfield.

A DREADFUL BAD BREAST CURED IN ONE MONTH.

Extract of a Letter from Mr. Frederick Turner, of Penshurst, Kent, dated December 16th, 1850.

To Professor HOLLOWAY,

DEAR SIR—My wife had suffered from Bad Breasts more than six months, and during the whole period had the best medical attendance, but all to no use, and having before healed an awful wound in my own leg by your unrivalled medicine, I determined again to use your Pills and Ointment, and therefore gave them a trial in her case, and fortunate it was that I did so, for in a month a cure was perfected; and the benefit that various other branches of my family have derived from their use is really astonishing. I now strongly recommend them to all my friends.

(signed) FREDERICK TURNER.

AN INFLAMMATION IN THE SIDE PERFECTLY CURED.

Copy of a Letter from Mr. Frances Arnot, of Broadoaks, Lothian Road, Edinburgh, dated April 29th, 1851.

To Professor HOLLOWAY,

SIR—For more than 20 years my wife has been subject, from time to time, to attacks of inflammation in the side, for which she was bled and blistered to a great extent; still the pain could not be removed. About four years ago she was induced to procure the wonderful cures effected by your Pills and Ointment, and thought she would give them a trial. To her great astonishment and delight, she got immediate relief from their use, and after persevering for three weeks the pain in her side was perfectly cured, and she has enjoyed the best of health for the last four years.

Brown's Essence of Jamaica Ginger,

IS a remedy suited to the extreme of heat and cold, and is very beneficial whenever genteel tonic and stimulating influences are required. Its stimulant property being independent of alcoholic power, its effect as a frequent remedy need never be dreaded. While it strengthens and refreshes the debilitated in summer season, it is not less potent during the inclemency of the winter; by warming with its healthy tonic principle enabling the system to resist the influence of incipient diseases which lurk in a changing climate. No family should be without it, and to travelers by land or sea it will be found invaluable to use a few drops in water as a uniformly healthy and agreeable drink, without intoxication.

Caution. Persons desiring an article that can be relied upon as pure JAMAICA GINGER, should be particular to ask for "Brown's Essence of Jamaica Ginger," which is warranted to be what it is represented to be, and is

MARCHISI'S UTERINE CATHOLICON.

WE now come to the most important medicine of the day, when the number of those afflicted is taken into consideration, and when it is remembered that until the introduction of this remedy it was tho't impossible to remove the disease without mechanical means and by a painful course of treatment.

Marshall's Uterine Catholicon

is the discovery and invention of Dr. Theodore Pomeroy, of Utica, an old and successful medical practitioner. Its peculiar efficacy was suggested by unexpected developments in a case of Prolapsus Uteri, while under treatment for another complaint. The suggestion in this instance led to a course of long and severe study, which resulted in the combination of the Catholicon. We have seen so much pain and patient endurance of suffering in those who labored under these diseases, with the conviction that there was no cure, that we feel this medicine will, erelong, be deemed an inestimable acquisition.

A physician of much eminence, after examining the medicine, and observing its effects, remarked that "a new era had sprung up in the lives of females, and that did they understand in the least degree the virtues of the remedy, and the inability of the profession to treat their cases, they would not long waste their money in doctor's bills, nor yet suffer from the tortured a curable disease."

This medicine is a certain cure for Prolapsus Uteri, (Falling of the Womb,) Profuse Discharges and Painful Menstruation, Leucorrhœa, or Whites, and for most of the distressing Complaints incident to Females.

A special Pamphlet gives full particulars of the nature and effects of this wonderful medicine.

THE acknowledged and extraordinary curative powers of these wonderful inventions is now so generally known and their sales and reputation thereby so great throughout the whole country so extensive, that it would seem unnecessary to urge their merits further. But some late circumstances has occurred which render it a matter of duty to the public not to be altogether silent, for while the ephemeral nostrums of the day are trumpeted by columns through the Press and swallowed by quarts and gallons by the afflicted, and are found just good *for nothing*,

Christie's Galvanic and Magnetic Curatives,

have been quietly working their way among the most intelligent and respectable classes, and are constantly achieving cures in an alarming train of diseases, which have for ages baffled all the aid of medicine and all the resources of Science. These diseases are called

NERVOUS COMPLAINTS,

and in these diseases medicine is of no avail whatever. It never does good and it often does harm. Syrups, Extracts, Balms, Balsams, Elixirs, Bitters, Pills, Powders and Potions of every kind are alike worthless, for they weaken the vital energies of the already prostrated system, while under the strengthening, life-giving, vitalizing influence of Galvanism, as applied by this beautiful discovery, the exhausted patient and weakened sufferer is restored to former health, strength, elasticity and vigor.

These remarks relate to such diseases as NEURALGIA, TIC DOLOREUX, BRONCHITIS, PALPITATION of the HEART, WEAKNESS, and all FEMALE DISORDERS, such as NERVOUS HEADACHE, LASSITUDE and DESPONDENCY, which are only other names for Nervous Derangement; EPILEPTIC FITS and CONVULSIONS, which are now known to result from a non-equilibrium of Electric influence; NERVOUS TREMORS, DEAFNESS, which is nearly always caused by torpidity of the Auditory Nerves, and can always be *perfectly cured* by Galvanism, when the organ is not destroyed, DYSPEPSIA, in its worst forms; PALSY and PARALYSIS, uniformly caused by a deficiency of Nervous influence; CHRONIC RHEUMATISM, TORPIDITY of the LIVER, PAIN in the SIDE, SLUGGISH CIRCULATION, SPINAL and HIP COMPLAINTS, DEFICIENCY of NERVOUS and PHYSICAL ENERGY, and all those distressing complaints resulting from a DERANGEMENT of the NERVOUS SYSTEM.

In the above prevalent and terrible class of diseases—Nervous Complaints are much more numerous than is generally imagined—

CHRISTIE'S GALVANIC CURATIVES,

Are an Absolute and Positive Specific.

The BELT is used when the body or system generally is affected; the NECKLACE for complaints of the Throat, as Asthma and Bronchitis, and of the Head; and the BRACELETS for all disorders of the arms or limbs, as Rheumatism, Palsy, Tremors and Spasmodic affections. These articles are simply applied as directed with the MAGNETIC FLUID which accompanies them, and when faithfully used they NEVER FAIL!

☞ The great peculiarity and excellence of the GALVANIC CURATIVES consists in the fact that they arrest and cure disease by *outward application*, in place of the usual method of drugging and physicking the patient, while the exhausted nature sinks hopelessly under the infliction. *They strengthen the whole system, equalize the circulation of the Blood, promote the secretions, invigorate the entire energies, and can never do the slightest harm under any circumstances.*

Since their introduction in the United States, only three years since, more than

75,000 PERSONS

including all ages, classes and conditions, among whom were a large number of Ladies who are peculiarly subject to Nervous Complaints, have been

Entirely and Permanently Cured,

when all hope of relief had been given up, and everything else been tried in vain! The beneficial results which have uniformly attended their use is confidently stated to be without a parallel in the annals of Medical Science. Clergymen, lawyers and even physicians; ladies of the highest standing; distinguished persons holding elevated official stations; merchants, manufacturers, mechanics; the poor and the rich alike; often whole families, among all classes, ranks and conditions, have equally been recipients, and have equally acknowledged the wonderful and often unexpected benefits which they have thus received.

☞ Let it be known and remembered that the only Natural Restorative for the Nerves is Galvanism, and that in all Nervous Diseases we should
