LEWISBURG CHRONICLE & WEST BRANCH FARMER.

In the House, Judge BEALE moved to the consideration of the bill to incorporate the Lewisburg Savings Institution; which was agreed to, and Mr. Hammer took the chair in committee of the whole. The bill passed the Committee, was taken up in the House, and the question recurring, shall the first section of the bill pass, the yeas and nays were called and were as follows: Yeas, 40, Nays 43.

Yeas—Messrs. Abraham, Alexander, Appleton, Barr, Beale, Bergstresser, Chamberlin, Cowan, Eyster, Flanigen, Gray, Gwin, Hammer, Harris, Hart, Henderson, Herr, Hickman, Hiestand, Hill (Fayette), James, Kelso, Landis, M'Connell, M'Donald, Meilinger, Merryman, Pownall, Raney, Richards, Seltzer, Strong, Struthers, Taylor, Walker, Waterbury, Wharton, Williams—40.

Nays—Messrs. Arnold, Atherton, Barton, Bigelow, Brock, Bryant, Chase, Collins, Demers, Dengler, Denison, Dunning, Foster, Fretz, Fulton, Hague, Herbert, Hook, Hutchison, Kilbourn, Kilgore, Kingsley, Konnear, Knight, Lancaster, Lowrey (Tioga), Leech, Magee, M'Granahan, Meany, Moore, Mott, Passmore, Piper, Rubicam, Scott, Skinner, Wickham, Wright, Yost, Schell, (Speaker)—43.

Mr. M'GRANAHAN subsequently moved to reconsider the vote—which will be taken up at a more favorable time.

The Senate amendments to bill supplemental to the act incorporating the Pennsylvania Railroad Company, was taken up, and the whole question of Bingham & Dock's contract discussed until the hour of adjournment.

MONDAY, Feb. 28.

In the Senate, Mr. SLIFER read in place a bill to authorize the opening of a drain in the borough of Selinsgrove. Also, a supplement to the act incorporating the Swatara and Good Spring Railroad Company. Also, a bill to authorize the executors of Dr. Jacob Wagonseller to lease certain coal lands.

The bill to relieve the York and Cumberland and the Lebanon Valley Railroads, from State Tax, passed.

The bill to authorize the Coal Run (North'd Co.) to connect with the Cattawissa Railroad, passed.

In the House, the Senate amendment condemnatory of the contract between the Canal Commissioners and Bingham & Dock, was disagreed to. (It appears that the Penna. Central Railroad Company have "compromised" with Bingham & Dock, and the two firms, with the Canal Commissioners to back them, are a pretty formidable combination of interests.)

A message was received from the Governor, vetoing the bill relating to the Lancaster, Lebanon and Pinegrove Railroad company, which was on motion postponed for the present. Also, a message vetoing a supplement to the Pennsylvania Coal company, which was postponed for the present.

TUESDAY, March 1.

A drizzling rain, to-day, but not sufficient to dampen the hopes of the many bound for Washington who stop at Harrisburg for reinforcements. Both Houses, after two hour's labor in the morning, adjourned over until Monday next. To-day and to-morrow the State Democratic Convention will absorb attention, and occupy the Hall of the House, and Friday is inauguration day at the National Capitol. The Senate has not adjourned a single day since the week the session commenced, until now. A majority of both Houses thought that under these circumstances, business would progress quite as fast, and as correctly, after a season of rest and refreshment about this the middle of the session; and accordingly, many of the Legislators and Officers who are so blessed as to live on any line of Railroad have gone to sing practically the song of "Home, sweet Home."

In the Senate, after a rambling discussion, (3 Whigs absent) the Senate amendment to the Canal Commissioner bill virtually condemning the Bingham & Dock contract, was receded from by the Democratic party vote.

Mr. E. W. Hamlin presented a bill to amend the charter of the Pennsylvania Coal Company (in place of the one recently vetoed) which passed without opposition.

In the House, considerable private or local business was transacted, and the Hall was yielded to the use of the State Convention.

County Commissioner.

MR. EDITOR: I saw a piece in the Union Times recommending Rev. JAMES BARBER for next County Commissioner. Now I agree with "A Tax Payer" that Mr. Barber will make a good officer, and a better man could not be elected. He would not do one thing one day, and the next try to undo it, and give orders on the County Treasury for $200 to know what his duty was. This Mr. B. would save, for he would know what his duty was to the county, and to himself, and I should be glad to see him elected; I think he would give full satisfaction. I would not wish it to be understood that I have any particular fault to find with our present Commissioners at this present time. I see an "Observer" of New Berlin, a week or two ago, blowed off terribly against Adam Sheckler, but I have not seen a call for a meeting at Guldin's schoolhouse yet. But the Whiskey Inspector is not in the county now, else there would surely be something done; for the little Squire would pull his whiskers too long without notice.

A DEMOCRATIC LOOKER-ON.

March 1. 1853.

Democratic State Convention.

HARRISBURG, March 1, 1853.

At 11 o'clock, A. M., the Delegates assembled, and the Tellers reported a tie vote between Messrs. Arnold Plumer and John Cessna, for temporary President. Both gentlemen took a chair on the platform, and after a two hours' contest, some disputed seats were settled by the claimants, when Mr. Cessna declared Mr. Plumer elected, and retired from the stand.

Hon. James M. Porter was chosen chairman of the committee to nominate permanent officers, and the Convention adjourned.

3 O'CLOCK, P. M.

The Committee reported WM. L. HIRST, Esq., of Philad., President, a Vice President from each Senatorial District, and 6 Secretaries, whose nomination was ratified.

The contested seat of the Representative Delegate from Columbia and Montour, was taken up, when Col. Valentine Best occupied his 15 minutes in a review of the local quarrel in that District, which he performed with such good taste, such humor, and clinching his position as he went along with stubborn facts, that he won the utmost attention, and loud and repeated applause. The Col.'s speech should be published, and I do not doubt but he would have been admitted but for the fact that *neither* claimant had a *majority* of the Counties or of the Conferees Mr. John Deen, Jr., also presented his claim, and retorted upon the Col. with some very good hits, but the Convention declared the seat vacant, and neither was admitted.

The following gentlemen were nominated for Canal Commissioner:

Thomas S. Forsyth, Philadelphia county; Dr. S. A. Morison, Chester; Henry S. Mott, Pike; A. S. Feather, Berks; J. P. Hoover, Centre; Edward Nicholson, Bucks; Jacob Erdman, Lehigh; J. B. Danner, Adams; Dr. James Garey, York; Edwin Dyer, Tioga; L. B. Patterson, Allegheny; J. Armstrong, Franklin; A. B. Warford, Dauphin; Wm. Forsyth, Northumberland; and John Kean, of Cambria, who were then balloted for as follows:

	1st.	2d	3d	4th	5th	6th
Thos. S. Forsyth,	31	38	41	50	55	81
Morison,	22	25	30	31	22	w
Mott,	22	23	33	36	40	46

Warford,	3	w	—	—	—	—
Wm. Forsyth,	3	w	—	—	—	—
Kean,	4	w	—	—	—	—

w, withdrawn—130 votes cast.

(The Convention adjourned for tea between the 5th and 6th ballots.) Mr. Forsyth, was declared nominated. He is a member of the Senate, and has the reputation of being a very honest man. Mr. Mott, his chief competitor, is a Member of the House.

Morrow B. Lowrey moved that Ephraim Banks be re-nominated as the candidate for Auditor General by acclamation, which was carried, with but two or three dissenting voices.

A. H. Reeder, Esq, of Northampton, was appointed Chairman of the committee on Resolutions.

The following gentlemen were nominated for Surveyor General:

Gordon F. Mason, of Bradford; J. Porter Brawley, of Crawford; Robert Klotz, of Carbon; John Cessna, of Bedford; Wm. S. Garvin, of Mercer, and others, when the vote was taken, as follows:

	1st	2d
Mason,	13	13
Brawley,	59	66
Klotz,	16	12
Darner,	1	—
Potts,	2	—
Patrick,	2	—
Carpenter,	2	4
Fisher,	2	—
Slemmer,	3	—
Manly,	5	4
Waterbury,	2	—
Garvin,	17	23
Cessna,	5	6

Mr. Brawley was declared re-nominated.

After the nominations had been made, considerable discussion took place among the delegates, on a motion to ratify the nominations *unanimously*. Some gentlemen were opposed to ratifying the nomination of Mr. Brawley, and went so far as to say they would not vote for him on election day; and they were satisfied the temperance men throughout the State would cut him. Mr. Leech, of Allegheny, said he was aware of that, but what Mr. Brawley lost by the *sonnies*, he would make out of the *rummies*. Several speeches were made amid a good deal of noise and confusion, when the whole matter was postponed indefinitely, and on a motion to appoint the State Central Committee, the Convention adjourned to meet again on Wednesday.

The bonds of the York and Cumberland Railroad Company, amounting to $500,000 were taken at Baltimore, on Saturday week, by Greenway & Co., at $103,53 for the whole amount, which is a premium of $3.53. These are the bonds given by that company to aid the Susquehanna road.

☞The Whig State Convention will meet at Lancaster on Thursday, the 24th of March next, to nominate candidates for Canal Commissioner, Auditor General and Surveyor General.

New Court House—New County.

Agreeable to previous notice, a large portion of the citizens of Freeburg and vicinity assembled in the school house, on Monday evening, the 28th of February, for the purpose of giving an expression of opinion on the subject of building a new Court House in the borough of New Berlin, when the following officers were appointed: *President*, ELIAS R. MENGES. *Vice Presidents*, Henry Hilbish, Henry Reigle, Ludwig Arbogast. *Secretary*, Alexander Bertch. The meeting was addressed by several of the citizens, and the following resolutions were unanimously adopted:

Resolved, That we view any action in regard to building a Court House in New Berlin as useless, and dangerous to the welfare of Union county, as the citizens here are altogether opposed to the same, and would be viewed as an unjust act in those who would be the means of bringing this debt upon us.

That we have been silent, and looking on all the public moves that have been made in the county in order to saddle a burthen upon us as citizens of the same, we will now protest against any course to increase our obligations, and raise our taxes, through useless extravagances to such an amount that we can never agree to pay them.

Whilst we express our grateful thanks to our brethren of New Berlin for their kind treatment towards us in years gone by, nevertheless it seems that this is an age of improvement, and we all look to our own interest. In regard to the moves that have been made in the north-eastern part of our county, in favor of a division, we will now heartily subscribe to, and hope that the day is not far distant when such a result may be brought about.

That we deem it right to make known our views in regard to the same, and hope that some action will be taken by our brethren who may be favorable to this move, and make their views known to the public, as we now do in declaring that we are in favor of an immediate division of Union County, and Penns Creek to be the dividing line.

That we are ready, and, with unanimous consent, co-operate with the citizens of the northern, western, and eastern part of the county, in an effort to secure legislative action, by petitioning to that body, immediately, for the desired division of Union County, and sincerely hope that they will attend to their and our interests without delay.

That the views expressed in the Union Demokrat, with reference to the new Court House, meets with our entire approbation, and we recognize in its Editor the bold and fearless champion of the people's rights.

That the proceedings of the meeting be published in the Union Demokrat and Lewisburg Chronicle, and all papers throughout the county favorable to the same.

Signed by the officers.

For the Lewisburg Chronicle.

Next Prothonotary.

As we are to elect a Prothonotary next Fall, it is important that we should look around for a competent person to fill that important office. I know of no man in our county that would be more suitable for that station than SAMUEL WEIRICK, Esq., of New Berlin. His long experience at the bar renders him well qualified for the office, and besides, he would be an obliging officer. If he should be nominated, I have no doubt he will be triumphantly elected. It will be of vast importance both to the court, bar and public to have such a man to take charge of the public records. I sincerely hope that Mr. Weirick will consent to be a candidate.

$500 CHALLENGE.

WHATEVER concerns the health and happiness of a people, is at all times of the most valuable importance. I take it for granted that every person will do all in their power to save the lives of their children, and that every person will endeavor to promote their own health at all sacrifices. I feel it to be my duty to solemnly assure you that WORMS, according to the opinion of the most celebrated Physicians, are the primary cause of a large majority of diseases to which children and adults are liable. If you have an appetite one minute, and change from that one kind of food to another, Bad Breath, Pain in the Stomach, Picking at the Nose, Hardness and Fullness of the Belly, Dry Cough, Slow Fever, Chills Etc., Etc.—remember that all these denote WORMS, and you should at once apply the remedy—

HOFFMAN'S WORM SYRUP.

An article founded upon scientific principles, compounded with purely vegetable substances, being perfectly safe when taken, and can be given to the most tender infant with decided beneficial effect. Where Bowel Complaint and Diarrhœa have made them weak and debilitated, the tonic properties of my Worm Syrup are such, that it stands without an equal in the catalogue of medicines in giving tone and strength to the stomach, which makes it an infallible remedy for those afflicted with *Dyspepsia*. The astonishing cures performed by this Syrup after Physicians have failed, is the best evidence of its superior efficacy over all others.

THE TAPE WORM!

This is the most difficult Worm to destroy of all that infest the human system. It grows to an almost indefinite length, becoming so coiled and festooned in the intestines and stomach, effecting the health so sadly as to cause Vital Injury, &c., &c., that those afflicted would do if ever suspect that it is *Tape Worm* hastening them to an early grave. In order to destroy this worm, a very energetic treatment must be pursued; it would therefore be proper to take two of my Liver Pills, so as to remove all obstructions, that the Worm Syrup may act direct upon the worm, which must be taken in doses of two tablespoonfuls three times a day; these directions followed have never been known to fail in curing the most obstinate case of *Tape Worm*.

HOFFMAN'S LIVER PILLS.

No part of the system is more liable to disease than the Liver, it serving as a strainer to purify the blood, or giving the proper secretion to the bile; so that any wrong action of the Liver effects the other important parts of the system, and results variously, in Liver Complaint, Jaundice, Dyspepsia, &c. We should, therefore, watch every symptom that might indicate a wrong action of the Liver. These Pills being composed of *Roots and Plants* furnished by nature to heal the sick, namely, 1st, An *Expectorant*, which augment the secretions from the pulmonary mucous membrane or promotes the discharge of secreted matter. 2nd. An *Alterative*, which changes in some inexplicable and insensible manner the certain morbid action of the system. 3d. A *Tonic* which gives tone and strength to the nervous system, renewing health and vigor to all parts of the body. 4th. A *Cathartic* which acts in perfect harmony with the other ingredients, and operating on the bowels, and expelling the whole mass of corrupt and vitiated matter, and purifying the blood, which destroys disease and restores health.

TO FEMALES.

You will find these Pills an invaluable medicine in many complaints to which you are subject. In obstructions either total or partial, they have been found of inestimable benefit, restoring their functional arrangements to a healthy action, purifying the blood and other fluids so effectually to put to flight all complaints which may arise from female irregularities, as headache, giddiness, dimness of sight, pain in the side, back, &c.

The Road to Health!

HOLLOWAY'S PILLS.

CURE OF A DISORDERED LIVER AND BAD DIGESTION.

Copy of a Letter from Mr. B. H. Kirby, Chemist, 7, Pierce Street, Liverpool, dated 6th June, 1851.

To Professor HOLLOWAY, SIR—Your Pills and Ointment have stood the highest on our sale list of Proprietary Medicines for some years. A customer, to whom I can refer for any enquiries, desires me to let you know the particulars of her case. She had been troubled for years with a disordered liver, and bad digestion. On the last occasion, however, the sickness of the attack was so alarming and the inflammation so intense, that doubts were entertained of her not being able to bear up under the fortunately she was induced to try your Pills, which in from me that after the first, and each succeeding dose, she had great relief. She continued to take them, and although she used only three Boxes, she is now in the enjoyment of perfect health. I could have sent you many more cases, but the above, from the severity of the attack and the speedy cure, speaks much of Health in favor of your astonishing Pills. (Signed) B. W. KIRBY.

AN EXTRAORDINARY CURE OF RHEUMATIC FEVER, IN VAN BUREN'S LAND.

Copy of a Letter inserted in the Hobart Town Courier of the 1st March, 1851, by Major J. Balch.

Margaret M'Cunningham, nineteen years of age, residing at New Town, had been suffering from a virulent rheumatic fever, for upwards of two months, which had entirely deprived her of the use of her limbs; during this period, she was under the care of the most eminent medical men in Hobart Town, and by them her case was considered hopeless. A friend prevailed upon her to try Holloway's celebrated Pills, which she consented to do, and in an incredible short space of time they effected a perfect cure.

CURE OF A PAIN AND TIGHTNESS IN THE CHEST AND STOMACH OF A PERSON 84 YEARS OF AGE.

From Messrs. Thain & Son, Proprietors of the Lyon Advertiser, who can vouch for the following statement.

To Professor HOLLOWAY. August 24, 1851.

SIR—I desire to bear testimony to the good effects of Holloway's Pills. For some years I suffered severely from a pain and tightness in the stomach, which was also accompanied by a shortness of breath, that prevented me from walking about. I am 84 years of age, and notwithstanding my advanced state of life, these Pills have so relieved me, that I am desirous that others should be made acquainted with their virtues. I am now rendered by their means, comparatively active, and can take exercise without inconvenience or pain, which I could not do before. (Signed) HENRY COX, North street, Lynn, Norfolk.

WONDERFUL EFFICACY OF HOLLOWAY'S PILLS IN CASES OF DROPSY.

Persons suffering from Dropsy, either about the turn of life, or at other times, should immediately have recourse to these Pills, as hundreds of persons are annually cured, by their use, of this direful complaint in its different stages, when all other means had failed.

These celebrated Pills are wonderfully efficacious in the following complaints:

Ague	Dropsy	Jaundice	Secondary
Asthma	Dysentery	Liver Complints	Symptoms
Bilious Complaints	Erysipelas	Lumbago	Tic Douloureux
	Female Irregularities	Piles	Tumors
Blotches on the Skin	Fevers of all kinds	Rheumatism	Ulcers

Lightning Rods.

AFTER many years' close investigation and numerous experiments, the Patentee takes pleasure in informing the public that he has arrived at the true principle of protecting families, dwellings and property from the destructive influence of LIGHTNING. The calamities that every City, Town, Village and Country falls victim to annually, thro' the gross negligence of its inhabitants, is beyond calculation, especially when the remedy is so easy to obtain—this is found in

ARMITAGE'S

Patent Magnetic Lightning Rods,

and in this alone. This Rod has been examined by the most scientific gentlemen in the world—Professors M'Murtrie, Johnson, Wallor and many others that have examined them, recommend and speak of them in the highest terms of approbation, and have pronounced them the only safe rods in use in this or any other country for the protection of Lives and Property. One advantage is to divide and throw back a part of the electric fluid harmless to the clouds; in time of a stroke this enables the rod to conduct that portion of fluid that belongs to the earth without the slightest danger of leaving the conductor. This rod has many other advantages over the old one. The only place of manufacturing is in

Vine St. 3 doors above 12th. Philadelphia,

where all persons are respectfully invited to call and examine for themselves. For sale Wholesale or Retail by THO'S ARMITAGE.

These rods have been purchased and successfully used by the following individuals, companies and corporations, whose names are cheerfully submitted:

In and near Philadelphia—A. A. S. Roberts, George Santmyer, Judge Bonsher, Judge Conrad, J. Maitland, John Barnes, C. Conley, J. Gillingham, Judge Hopkinson, The Berkley Almshouse, Anderson & Brothers, Rev. J. L. Grant, John Norman, Thos. Grover, Robt. & Brooke, A. R. Gaskins, H. Simmons, Thos. Nott & Co., Mr. Downing, J. F. Green, J. W. Watson, C. Humphreys, J. Ripley & Co., J. Nyman, B. Burton, J. Greenshaw, G. Pepper, Mr. Shinkle, Mr. Martin, Mr. Perkins, C. Brinkley, Mr. Burton, Lt. Paine, S. H. Powers & Co., J. Whitepriest, H. Miller, the Red Bank Hotel, the U. S. Arsenal, the spring Garden Commissioners' Hall.

In the State of New Jersey—George Crispin, Judge M'Call, Judge Bryton, John Neilson, Dr. H. M'Murtie, Benj. Roberts, Mr. J. Downing.

RECOMMENDATIONS.

PHILADA., Aug. 13, 1847.

I have this day carefully inspected a conductor or lightning Rod, with vane and index, erected by Mr. Thomas Armitage, on Bellevue House, Gloucester, and have no hesitation in saying that it is not only the best I have ever seen, but that it is the only one I have yet examined that is constructed on strictly scientific principles. It is with much pleasure that I recommend his conductor to the attention of owners of buildings.

R. M'MURTRIE.

I am well satisfied that the Marmotte Lightning Rod, manufactured by Mr. Thomas Armitage, of Philadelphia, is the best that has ever been made. I have spent several years in the study of the laws of electricity and magnetism, and have no hesitation in saying that these Rods are constructed upon the only principle of safety. The electric shock is received and dispersed by the magnet at the top of the rod, and it would be impossible, according to the laws of attraction and repulsion, for a building to be injured by a stroke of lightning when protected by one of these rods. I have been acquainted with Mr. Armitage for several years, and before he commenced the manufacture of these rods I examined the principle on which they are constructed, and felt convinced that their adoption would be attended with complete success. The increasing demand for these rods, and the extensive sales in all parts of the country, is ample commendation of their utility and superiority. TRACY E. WALLER, M. D.
