The Junior Exhibition of the Uni-Winter session will take place at the Bap- over two millions of people! tist Church on Tuesday evening next.

It will be seen by the proceedings on the first page, that the people of Harris township, Centre county, have put their shoulders to the wheel in right good earnest, and set a commendable example to

best for the former down this way. The proposed division of Union county may leave only two "townships," but then they will be very apt, in less than ten years, to rival the 'everlasting state' in energy, population, and wealth. There is manifest destiny in the movement, at any rate, and the people directly interested 'bide their time' with a patient submissiveness arising from their knowledge of its necessarising from their knowledge of its necessity, and a calm and assured confidence in its ultimate success—netwithstanding the lachrymose lamentations of New Berlin and Williamsport combined

The Kennet this morning took up the Appropriation Bill from the House, and resolved to hmit speeches to five minutes on this bill. The bill amounts to about Five Millions Five Hundred Thousand Dollars, which the Senate Committee has reduced to Five Millions—a prottyl large sum, still. Among them are large appropriations to the North Branch Canal and the Portage Railroad. Mr. Darlington is Chairman of the Committee on the Whole for the consideration of this bill.

The Lycoming Gazette denies the allegation that the Court House at Williamsport was built by the United States. There is a very strong impression on our mind to the contrary, but we may be mistaken. It is immaterial, however, as we only want one of their townships, and not their Court House; and, according to the Gazette's own showing, can find abundant use for the former down this way. The proposed division of Union county may leave only two "townships," but then they would not have suffered.
