LEWISBURG CHRONICLE

ADVERTIZE!—Executors, Administrators, Public Officers, City and Country Merchants, Manufacturers, Mechanics, Business Men—all who wish to procure or to dispose of anything—would do well to give notice of the same through the "Lewisburg Chronicle." This paper has a good and increasing circulation in a community containing as large a proportion of active, solvent producers consumers, and dealers, as any other in the State.

New Advertisements.

Public Sale of valuable personal effects near New Columbia——new supplies of Lumber at Nesbit's old Yard——another Blacksmith shop by some new-comers——Mercantile Appraisement for Union county——and a new Map which don't crowd out Lewisburg to make room for Milton, but 'wiley warsy'——New Goods at Beaver & Co's——and the replenishing of Houghton's old stand.

☞By the new arrangements of the Susquehanna Telegraph Company, the rates for messages of ten words or less are as follows: From Lewisburg to Bedford, Carlisle, Chambersburg, Columbia, Huntingdon, Hollidaysburg, Johnstown, Lancaster, Lewistown, Mifflin, Middletown, Mountain House, Mt. Joy, Shippensburg, and West Chester, 34 cents; to Baltimore, 44 cts.; to Chapman, 17 cts.; to Dauphin, 25 cts.; to Harrisburg, 25 cts.; to Junction, 22 cts.; to Liverpool, 18 cts.; M'Kee's Half Falls, 18 cts.; Pittsburg, 39 cts.

Lewisburg, Center & Spruce creek Road.

Col. Joseph Paxton, with the Chief Engineer of the Catawissa Railroad, and some capitalists from New York city, were here this week, to look after the prospects of the contemplated Railway from Lewisburg through Center county to Spruce creek on the Juniata. On Wednesday afternoon they took a drive through a considerable portion of Buffalo Valley, and expressed themselves highly pleased with its beauty and fertility. Its extent also proved to be much greater than they had supposed.—

Aside from its local trade, the principal value of this road lies in the fact that when completed, it will form a highly important, and indeed indispensable link, in a direct communication, by railroad, between New York city and Pittsburg via Cattawissa and Easton. The hold which the former city will thus have upon the trade of the North West as well as of the South West is demonstrated by the single remarkable fact, that the distance from Cleveland, Ohio, to New York city, by way of Pittsburg, Spruce Creek, Lewisburg, Cattawissa and Easton is *sixty-two miles less* than by way of the New York and Erie Railroad—and some calculations make the difference in our favor, over ninety miles. The route from New York by this road to Pittsburg, is also more *direct* and *feasible* than any other practicable line that can be found. The following extract from the money article of the Philadelphia *Register* of the 27th ult. shows that the hopes of Pittsburg, and the fears of Philadelphia are aroused on the subject:

"The Pittsburg *Gazette* is chuckling in a spirit of revenge and hostility to Philadelphia over a New York project, which it is alleged will connect Cincinnati, thro' Pittsburg, direct with New York, by a Railroad having Easton for its eastern terminus in Pennsylvania. This line, it is further stated, is backed by capital "to an unlimited amount," and "Philadelphia is not considered or thought of in the movement." Well, we suppose Philadelphia can survive both the present contempt and the future rivalry of these great parties.....Time, like water, will find its level, dam it as we may. If nature has made an avenue from Pittsburg to New York by way of Easton, put the rails on it by all means. Make the most of it. Philadelphia exists, grows, flourishes, nourishes, nurtures and enriches half a million of people, in spite of the Erie Canal and the Hudson River and the New York Bay and all that Art as well as Nature has done for the great capital into which those waters bear the wealth of the world."

To show the character and capabilities of the route in other respects, we may here add that the grade from Lewisburg to Spruce Creek, 70 miles, is understood to be highly favorable; and from Lewisburg to the Summit, on the Cattawissa road, there is no grade higher than 33 feet to the mile. From the Summit there is 110 miles of level or descending grade, via Tamaqua and the Reading railroad, to Philadelphia. From the same Summit, there is 60 miles of level or descending grade to Easton; and thence to New York there is no grade higher than 33 feet to the mile. At or near the Summit any amount of coal tonnage is at all times at hand, and freight trains from the west could add from 50 to 100 per cent to their loading without any increase of motive power.—

The distance by this route from Lewisburg to New York is about 29 miles further than to Philadelphia; but to Elizabethtown Point—which is at all times open to New York, and from the cramped and confined business limits of that city is likely to become one of its principal shipping points for western produce—the distance would be reduced by some ten or twelve miles. Trade *will* seek its level, through this and other avenues of communication, a wider choice of markets be afforded to western produce, and reciprocal advantages secured to eastern merchants and manufacturers—in both respects greatly enhancing the prosperity of the people of the interior and of the far West.

☞A corps of Engineers will be put on the Lewisburg and Spruce Creek route, for the purpose of a preliminary survey, as soon as a sufficient sum of money—several hundred dollars—has been raised to defray the expense. The citizens of this place will contribute their full share, and if the towns and people in Buffalo, Penns and Brush Valleys, contribute liberally and promptly—of which we have no doubt—the survey will be commenced within ten days from this date. Thomas Addis Emmett, Esq., Chief Engineer of the Cattawissa road, has kindly volunteered the personal superintendence of the survey, free of charge.

☞Among the many claims presented to the last Legislature for Damages by the Public Works, were some of the very respectable age of 25 years! So numerous are these claims, that (though they often prove utterly unworthy of consideration) they occupy much of the time of the Legislature and of Committees, in investigating them. The following just provision (which was introduced into and passed with the Appropriation Bill, on motion of Senator Slifer,) will, it is believed, tend to cut off many spurious claims, and to save much time to Committees and the Legislature:

"That hereafter the Canal Commissioners shall not settle any claim for damages where the Commonwealth is a party, unless the person or persons so claiming shall first give notice to the Canal Commissioners of at least ten days preceding the examination of witnesses or the taking of depositions in said case or cases, when and where the Canal Commissioners, their agent or agents, may have the right to cross-examine or produce rebutting testimony if they deem it necessary."

Death Warrant of Arthur Spring.—Samuel Allen, the Sheriff of the City and County of Philadelphia, has received from Governor Bigler the death warrant of Arthur Spring, convicted of the murder of Mrs. Ellen Lynch. At 3 o'clock in the afternoon, the Sheriff, in company with several Inspectors of the Prison and others proceeded to the cell of the doomed man, and read the warrant. Spring affected to be very composed, and protested his entire innocence to the last. The day of execution is fixed for Friday, the 10th of June between the hours of 11 and 2 o'clock.

☞On Friday the 22. ult., during the thunder storm the Lightning struck the Telegraph poles about five miles below Selinsgrove, followed the wires to the Telegraph office there, and broke the ground wire in the office, causing one or two explosions similar to a pistol shot. No damage done, as Mr. Shindel had taken the precaution to remove the magnets. It passed on from thence to Northumberland and destroyed the magnets in the Telegraph office, besides doing other damage.

Relief Notes.—The press does not seem clearly to understand, as well it may not, in the mass of confusion at the end of a session, what provision was made in regard to relief notes. The provision in the appropriation bill is, that all sums due to the Commissioners of the Sinking Fund are to be paid over in the most defaced of this filthy currency, which is to be cancelled, and never again reissued.—*Harrisburg Keystone.*

Death of Judge Gibson.—In the death of John Bannister Gibson, we have lost one of the brightest ornaments to the Judiciary of Pennsylvania. He died at the United States Hotel in Philada., at 2 o'clock on Tuesday morning, 3d inst., surrounded by his family and friends. His disease was an affection of the stomach, which though baffling medical skill, did not cause great suffering, so that he retained his faculties to the last.

☞Two valuable horses were stolen from Daniel Kline, in Brush Valley, on the night of the 1st inst., one a light bay 16 hands high, 7 years old, the other a chestnut bay mare, 8 years old, with a white star in her face, and a blemish in her left eye. Two saddles—one of them dark, and quilted—and a bridle were also taken. A reward of thirty-five dollars is offered for their recovery.

Appointments by the Governor

Col. James Burnside has been appointed President Judge of the new Judicial District, composed of Centre, Clinton, and Clearfield counties.

Col. George R. Barrett, of Clearfield (formerly a printer in Lewisburg) to be President Judge of the Wayne District in the place of Hon. N. B. Eldred, resigned.

☞Thanks to Senator Douglas for various documents; and to Hon. James Gamble for a bound volume of the Appendix to the Congressional Globe.

☞J. M. Haldeman, Esq., was unanimously elected on Tuesday last, President of the Harrisburg Bank, in place of Thos. Elder, Esq., deceased.

An Act to protect Fruit and punish Trespass in certain counties in this Commonwealth.

Sec. 1. Be it enacted, &c., That the wrongful taking and carrying away of fruit, vegetables, plants, fruit or ornamental trees, vines or shrubs in Allegheny, Philadelphia, Northampton, Lehigh, Somerset, Wayne, Beaver, Delaware and Erie counties, and Lewisburg, in Union county, whether attached to the soil or not, shall be deemed and the same is hereby declared a misdemeanor, and to be prosecuted and punished as such under the laws of this Commonwealth.

Sec. 2. That any person or persons who shall wilfully and maliciously in said counties, enter or break down, through or over any orchard, garden or yard fence, hot-bed, hot or green-house, or who shall wilfully and maliciously club, stone, cut, bark, break or otherwise mutilate or damage any fruit or ornamental tree, shrub, bush, plant or vine, trellis, arbour, hot-bed, hot or green-house, or who shall wilfully and maliciously trespass upon, walk over, beat down, trample, or in anywise injure any grain, grass, vines, vegetables or other growing crop in said counties shall and may, on conviction thereof, in an action of trespass before any mayor, burgess, alderman or justice of the peace, or in any court of law of said county have judgment entered against him, her or them for double the amount of damage proved to have been done, together with costs of suit; one-half of said damages or penalty to go to the use of the poor of the district wherein the premises lie; and in default of payment of said fine, the party convicted may and shall be committed to jail for not less than one nor more than twenty days. Said action to be brought in the name of the Commonwealth, and the testimony of the owner or occupant of the premises shall be admitted as evidence to establish the trespass.

Sec. 3. That no person shall wilfully kill or destroy any insectiverous bird in the several counties aforesaid, except game, crows, blackbirds or birds of prey under a penalty of five dollars and costs for each and every offence, to be sued for and recovered before any magistrate, one-half for the use of the informer, and one-half for the use of the commonwealth.

Sec. 4. That the foregoing section of this act shall take effect from and after the first of August next.

Sec. 5. That all acts or parts of acts inconsistent herewith, be and the same are hereby repealed.

The Premium Corn Crops.

George Walker's Mode of Cultivation.

I ploughed five acres of green sward for corn in the beginning of May, 1852, and hauled one hundred loads of manure on the same. After the manure was spread, the ground was well harrowed and planted the last of May, in rows running east and west, from three to five grains in a hill. Two bushels of lime, mixed with three bushels of plaster, was applied to said five acres of corn very soon after it came up. A plough did not enter the field after the corn was planted. The ground was kept loose and mellow, and the grass and weeds subdued by the use of the cultivator, making but little use of the hand hoe. A specimen of the corn was exhibited at the State Fair at Lancaster, it being of the white flint species, eight rowed, small cob, and long ears, more than one foot in length.

In addition to the enormous yield of one hundred and sixty bushels of shelled corn to the acre, the same field of five acres produced twenty tons of superior pumpkins, some of which weighed more than forty-one pounds. Said field is situated on one of the highest hills in Susquehanna county, being an oak, pine, beech, and sugar maple ridge; soil a sandy loam.

John B. Bitzer's Mode of Cultivation.

Five acres of land in West Earl Tp., Lancaster Co., were lightly manured before it was ploughed, and twice harrowed before the corn was planted, and was checkered and planted on the 18th and 19th days of May, with hoes. Three grains were put to the hill, and the hills three and one-half feet apart. The land was rolled immediately after it was planted, and after it was grown out of the ground about three or four inches high, it was twice cultivated with a small shovel harrow, crossways, &c.; and also twice ploughed with the cultivator. The present is the third crop of corn raised in due successive years or seasons on the said five acres of land, and raised on the above five acres of land, this season, four hundred and twenty-eight bushels of corn.

Father Gavazzi.—The following description of Father Gavazzi's physique and oratory we copy from the New York Home Journal. It is the first description of the man we have seen. It is graphic, and will be readily appreciated:—"In person, Mr. Gavazzi is tall, well formed and vigorous, his face not unlike the rounded and jovial one of Mr. Burton, with hair black and glossy as a raven's wing. He wore an ample black gown, reaching from, his neck to his feet, upon, the breast of which was a large red cross, and another smaller one to the left of it. His mode of speaking, as we have intimated, is extremely violent. He ranges freely all over the spacious platform of the Tabernacle; sometimes rushing forward, like Badiali, to the foot-lights of the theater, and stretching his long person as far over as the inexorable laws of gravitation permit, he ejects a volley of denunciation with more than Badiali's vehemence. Then he will start back a few feet, and, lifting up his hands as high as he can reach, invoke the Deity, or, perhaps, seize an unofending chair, and dash it down upon the carpet, as he would dash down the poor Pope, if he could be as easily got hold of. His gesticulations are all of the same extreme character. His English is considerably broken, and not always understood; but he occasionally delivers a passage with an approach to eloquence, which is rewarded by long-continued applause. He has a singular way of making very little words very prominent, the prepositions, for example. We heard him deliver the humble word 'to' as though we were hailing the mast-head in a gale of wind. Mr. Gavazzi is doubtless a very sincere and able man, and his denunciations of the Italian system find a response in the bosom of every man who has witnessed its results, in the degradation and misery of the Italians."

☞Mrs. Eliza Carson, widow of John B. Carson, formerly of Lewisburg, has been appointed Post Mistres at Mercersburg, Pa., room of Mrs. Findly, removed.

Charles Reed, brother-in-law of Hon. David Wilmot, has been appointed Post Master at Towanda, Pa.

Academy.—The corner stone of the Freeburg Academy will be laid on the 25th inst. Addresses will be delivered both in the English and German languages. A large concourse of people is expected.

By order of the Building Committee:

D. P. Hilbish,
F. C. Moyer,
J. D. Boyer,
P. P. Mertz.

Freeburg, May 3, 1853.

"I DIGEST."—Such is the true meaning of the word "PEPSIN," or of the two Greek words from which it is derived. This is the significant and appropriate title of the TRUE DIGESTIVE FLUID, or GASTRIC JUICE, prepared by Dr. J. S. HOUGHTON, of Philadelphia, from the fourth Stomach of the Ox, for the cure of Indigestion and Dyspepsia. It is Nature's own remedy for an unhealthy Stomach. No art of man can equal its curative powers. It renders GOOD EATING perfectly consistent with HEALTH. (See the figure of the OX, in another part of this paper.) 1y451

POISONING.

Thousands of parents who use Vermifuge composed of Castor oil, Calomel, &c., are not aware, that while they appear to benefit the patient, they are actually laying the foundation for a series of diseases, such as salivation, loss of sight, weakness of limbs, &c.

In another column will be found the advertisement of Hohensack's Medicines, to which we ask the attention of all directly interested in their own as well as their children's health. In Liver Complaints and all disorders arising from those of a bilious type, should make use of the only genuine medicine, Hohensack's Liver Pills.

☞"Be not deceived," but ask for Hohensack's Worm Syrup and Liver Pills, and observe that each has the signature of the Proprietor, J. N. HOHENSACK, as none else are genuine. (1y439

DIED,

In Selinsgrove, 25th ult., George Gundrum, Esq., a prominent citizen, aged 45 years.

In Louisa, Steph. Co. Ill. 12th ult. of typhoid fever, in his 14th year, Simon P. son of John Royer Esq. late of Union Co. Pa.

In New Berlin, 30th ult., in her 88th year, Widow Mary M. Hahn, (formerly Missimer,) leaving a memory dearly cherished by a large number of much respected descendants.

In Beaver Tp, 28th ult., Adam Smith, in his 71st year.

In Lewisburg, 28th ult., John Montgomery, shoemaker—93 years old last August—supposed to be the oldest person in town. A native of Ireland, emigrated to America in 1795, and soon after settled in Lewisburg, where his last years were spent at the true home of a daughter and son-in-law, Joseph Glass. After burying many children, he leaves seven and numerous other descendants. Always temperate, always industrious, with good eye-sight and a good memory, cheerful, and healthy, his was indeed a happy old age; and as he walked our streets, even down to last winter, he had a kind word and a smile for all his numerous acquaintances. We may "ne'er look upon his like again."—W.

In Kelly Tp, 5th inst., aged 25 days, Sarah Elizabeth, daughter of Lewis and Jane Gemberling.

WANTED

IMMEDIATELY, a Journeyman Watchmaker. None but a good workman, and well recommended need make application. Also, a good Clockmaker, can find constant employment by [jan.26,'53] A. L. HATFIELD.

REMOVAL!

P. WINEGARDEN & CO. have removed their *Smoking Emporium* to the shop formerly occupied by F. A. Donehower, next door to A. H. Blair's hotel, where they will be happy to wait on their old friends, and all that may favor them with a call.

Lewisburg, March 31, 1853.

Executors' Notice.

LETTERS testamentary on the last will and testament of Samuel Ammon, late of the Borough of Lewisburg, dec'd, have been granted to the subscribers by the Register of Union Co. All persons having claims against the estate will present them for settlement; and all persons indebted make payment without delay, to ALEX. AMMONS, BYERS AMMONS, } Ex'rs.

Lewisburg, Oct. 18, 1852.

N. B. Byers Ammons will continue the lumber business of the late firm of Hemm and Ammon, and respectfully solicits a continuance of the public patronage.

Lightning Rods.

AFTER many years' close investigation and numerous experiments, the Patentee takes pleasure in informing the public that he has arrived at the true principle of protecting families, dwellings and property from the destructive influence of LIGHTNING. The calamities that every City, Town, Village and Country falls victim to annually, thro' the gross negligence of its inhabitants, is beyond calculation, especially when the remedy is so easy to obtain—this is found in

ARMITAGE'S

Patent Magnetic Lightning Rods,

and in this alone. This Rod has been examined by the most scientific gentlemen in the world—Professors M'Murtrie, Johnson, Waller and many others that have examined them, recommend and speak of them in the highest terms of approbation, and have pronounced them the only safe rods in use in this or any other country for the protection of Lives and Property. One advantage is to divide and throw back a part of the electric fluid harmless to the clouds; in time of a stroke this enables the rod to conduct that portion of fluid that belongs to the earth without the slightest danger of leaving the conductor. This rod has many other advantages over the old one. The only place of manufacturing is in

Vine St. 3 doors above 12th. Philadelphia,

where all persons are respectfully invited to call and examine for themselves. For sale Wholesale or Retail by THO'S ARMITAGE.

These rods have been purchased and successfully used by the following individuals, companies and corporations, whose names are cheerfully submitted:

In and near Philadelphia—A. & S. Roberts, George Santmeyer, Judge Bouvier, Judge Conrad, J. Mulford, John Bumes, C. C. Cluley, J. Brenner, G. Oakley, Conrad Ingersol, The Blockley Almshouse, Anderson & Brothers, Rev. J. L. Grant, John Norman, Thos. Grover, Bole & Hoops, A. R. Gimkers, H. Simmons, Thos. Nott & Co., Mr. Downing, J. F. Green, J. W. Watson, C. Humphreys, J. Ripley & Co., J. Nyman, B. Berlen, J. Owenshire, G. Pepper, Mr. Sharpless, Mr. Martin, S. Dorbley, J. Brinkley, Mr. Davison, Dr. Paul, S. H. Powers & Co., J. Winspenny, H. Miller, the Real Bank Hotel, the U. S. Arsenal, the Spring Garden Commissioners' Hall.

In the State of New Jersey—George Crispin, Judge M'Call, Judge Dayton, John Neiman, Dr. H. M'Murtie, Benj. Roberts, Mr. J. Downing.

☞The only authorized Agent for the Counties of Union, Juniata, Mifflin, Clinton, Lycoming, Northumberland, Montour, Columbia, Luzerne, is

SAMUEL HOOVER,

Hartleton, Union county, Penn.

Orders and letters addressed (post paid) to Mr. Hoover, will be promptly attended to. He has put up a number of these Rods in Union county, some of which may be seen as follows:

IN UNION COUNTY.

Hartley Tp—Mark Hartgenay, Wm. Foster, John Haas, Michael Peters, Jacob Smith, David Fillman, Reuben Meach, George Kreckner. *New Berlin*—Court House, and Commissioners' Office. *Limestone Tp*—John Reber. *Union Tp*—Dr. Charles Wilson. *Washington Tp*—John Kuntz, Simon Kuntz. *Penn Tp*—Isaac Cousiron. *White Deer Tp*—Michael Hoffman.

RECOMMENDATIONS.

Philada., Aug. 13, 1847.

I have this day carefully inspected the conductor of Lightning Rod, with vane and index, erected by Mr. Thomas Armitage, on Bellevue House, Gloucester, and have no hesitation in saying that it is not only the best I have ever seen, but that it is the only one I have yet examined that is constructed on strictly scientific principles. It is with much pleasure that I recommend the conductor to the attention of owners of buildings.

H. M'MURTRIE.

I am well satisfied that the Magnetic Lightning Rod, manufactured by Mr. Thomas Armitage, of Philadelphia, is the best that has ever been made. I have spent several years in the study of the laws of electricity and magnetism, and have no hesitation in saying that those Rods are constructed upon the only principles of safety. The electric fluid is attracted and dispersed by the magnet at the top of the rod, and it would be impossible, according to the laws of attraction and repulsion, for a building to be injured by a stroke of lightning when protected by one of these rods. I have been acquainted with Mr. Armitage for several years, and believe him to be a gentleman of the most correct principles. We may safely entrust the protection of our property to his care.

JOSEPH SAUNDERS.

Philada., Aug. 13, 1847.

I have examined the principle on which the rods are constructed, and felt convinced that their adoption would be attended with complete success. The increasing demand for these rods, and the extensive sales in all parts of the country, is ample communication of their utility and superiority.

TRACY P. WALLER, M. D.

Rising Sun, Philad. Co., April 10, 1852.

$500 CHALLENGE.

WHATEVER concerns the health and happiness of a people, is at all times of the most valuable importance. I take it for granted that every person will do all in their power to save the lives of their children, and that every person will endeavor to promote their own health at all sacrifices. I feel it to be my duty to solemnly assure you that WORMS, according to the opinion of the most celebrated Physicians, are the primary causes of a large majority of diseases to which children and adults are liable. If you have an appetite continually changeable from one kind of food to another, Bad Breath, Pain in the Stomach, Pricking and Crawling Sensations and Pulses of the Belly, Bowels, Sides, Face, Pains Irregular, remember that all these denote WORMS, and you should at once apply the remedy—

HOHENSACK'S WORM SYRUP.

An article founded upon scientific principles, compounded with purely vegetable substances, being perfectly safe when taken, and can be given to the most tender infant with decided beneficial effect. Where Bowel Complaint and Diarrhœa have made them weak and debilitated, the tonic properties of my Worm Syrup are such, that it stands without an equal in the catalogue of medicines in giving tone and strength to the stomach, which makes it an infallible remedy for those afflicted with Dyspepsia. The astonishing success experienced by this Syrup after physicians have failed, is the best evidence of its superior efficacy over all others.

THE TAPE WORM!

This is the most difficult Worm to destroy of all that infest the human system. It grows to an almost indefinite length, becoming so coiled and fastened in the intestines and stomach, effecting the health so sadly as to cause St. Vitus Dance, Fits, &c., that those afflicted seldom if ever suspect that it is Tape Worm hastening them to an early grave. In order to destroy this worm, a very energetic treatment must be pursued; it would therefore be proper to take 6 to 8 of my Liver Pills, so as to remove all obstructions, that the Worm Syrup may act direct upon the worm, which must be taken in doses of two tablespoonfuls three times a day; these directions followed have never been known to fail in curing the most obstinate case of Tape Worm.

HOHENSACK'S LIVER PILLS.

No part of the system is more liable to disease than the Liver, it serving as a filter to purify the blood, or giving the proper secretion to the bile; so that any wrong action of the Liver effects the other important parts of the system, and results variously, in Liver Complaint, Jaundice, Dyspepsia, &c. We should, therefore, watch every symptom that might indicate a wrong action of the Liver. These Pills being composed of *Roots and Plants* furnished by nature to heal the sick, namely, 1st, An *Expectorant*, which augment the secretion from the pulmonary mucus membrane or promotes the discharge of secreted matter. 2nd. An *Alterative*, which changes in some inexplicable and insensible manner the certain morbid action of the system. 3d. A *Tonic* which gives tone and strength to the nervous system, renewing health and vigor to all parts of the body. 4th. A *Cathartic* which acts in perfect harmony with the other ingredients, and operating on the bowels, and expelling the whole mass of corrupt and vitiated matter, and purifying the blood, which destroys disease and restores health.

TO FEMALES.

You will find these Pills an invaluable medicine in many complaints to which you are subject. In obstructions either total or partial, they have been found of inestimable benefit, restoring their functional arrangements to a healthy action, purifying the blood and other fluids so effectually to put to flight all complaints which may arise from female irregularities, as headache, giddiness, dimness of sight, pain in the side, back, &c.

None genuine unless signed J. N. Hohensack, and others being base imitation.

Agents wishing new supplies, and store keepers desirous of becoming agents must address the Proprietor, J. N. Hohensack, at his Laboratory, No. 130, North 2d, above Race St., Philad, Pa.

The Road to Health!

HOLLOWAY'S PILLS.

CURE OF A DISORDERED LIVER AND BAD DIGESTION.

Copy of a Letter from Mr. R. W. Kirton, Cornmill, 7, Pyenot Street, Liverpool, dated 9th June, 1851.

To Professor Holloway, Sir—Your Pills and Ointment have stood the highest on our sale list of Proprietary Medicines for some years. A customer, to whom I also refer for any enquiries, desires me to let you know the particulars of her case. She had been troubled for years with a disordered liver, and bad digestion. On the last occasion, however, the virulence of the attack was so alarming and the inflamation set in so severely, that doubts were entertained of her not being able to bear up under its fortunately she was induced to try your Pills, and the Ointment that after the first, and each succeeding dose she had great relief. She continued to take them, and alike she used only three Boxes, she is now in the enjoyment of perfect health. I could have sent you many more cases, but the above, from the severity of the attack and the speedy cure, speaks more I think in favor of your invaluable Pills. (signed) R. W. KIRTON.

AN EXTRAORDINARY CURE OF RHEUMATIC FEVER, IN VAN DIEMEN'S LAND.

Copy of a Letter forwarded to the Hobart Town Courier of the 1st March, 1851, by Major J. Welch.

Margaret M'Mahon, aged seven years of age, residing at New Town, had been suffering from a violent rheumatic fever, for upwards of nine months, which had entirely deprived her of the use of her limbs; during this period, she was under the care of the most eminent medical men in Hobart Town, and by them her case was considered hopeless. A friend prevailed upon her to try Holloway's celebrated Pills, which she commenced to use, and in the remarkably short space of time they effected a perfect cure.

CURE OF A PAIN AND TIGHTNESS IN THE CHEST AND STOMACH OF A PERSON SIX YEARS OF AGE.

From Messrs. Thew & Son, Proprietors of the Lynn Advertiser, requesting such further information as they may deem necessary to Prove the Truth of the Following Statement, 1851.

Sir—I desire to bear testimony to the good effects of Holloway's Pills. For some years I was ill severely from a pain and tightness in the stomach, which was also accompanied by a shortness of breath, that prevented me from walking about. I am 58 years of age, and naturally stained my naturally good constitution by drinking. I proved at last, that I am desirous that others should be made acquainted with their virtues. I am now rendered by their means, comparatively active, and can take exercise without inconvenience or pain, which I could not do before.

(signed) HENRY COE, North street, Lynn, Norfolk.

WONDERFUL EFFICACY OF HOLLOWAY'S PILLS IN CASES OF DROPSY.

Persons suffering from Dropsy, rather than let the time (life, or at other times, short) naturally have recourse to these Pills as hundreds of persons are annually cured, by their use, of this direful complaint in its different stages, when all other means had failed.

The celebrated Pills are wonderfully efficacious in the following complaints:

Ague	Dropsy	Jaundice	Secondary
Asthma	Dysentery	Liver Complaints	Symptoms
Bilious Com-plaints	Erysipelas	Lumbago	Tic Douloureux
Female Irregularities	Fevers of all kinds	Piles	Tumors
Fits	Gout	Rheumatism	Ulcers
Head-ache	Indigestion	Retention of Urine	Venereal Affections
Colics	Itch	Scrofula, or Kings Evil	Worms of all kinds
Constipation of the Bowels	Inflammation	Sore Throats	Weakness from any cause

Sold at the Establishment of Professor Holloway, 244, Strand, near Temple Bar, London, and by all respectable Druggists and Dealers in Medicine throughout the civilized Empire, and those of the United States, in Boxes at 25c., 62c. and 87c. each. Wholesale by the principal Drug Houses in the United States, Messrs. A. B. & D. Sands, New York and by Mr. C. D. Kidder, 7, South Fifth St. Philadelphia.

☞There is a considerable saving by taking the larger Boxes.—N. B. Directions for the guidance of patients in every disorder, are affixed to each Box. 1y416
