Old Connecticut.

[Benis alterni from the "Bintern Nus" for the "Maryos Borld of Times" Masse composed and defined to Prot W. H. Patter, of Graton, O., by Win, H. Hertmell, E.g. What fand is that, so nicely bound By Mussichusetts and the Sound, Rhode Island and New York around ; Where Yankees thick as hops are found, And hasty puddings so abound? Connecticut. Connecticut!

What land is that, when George the King Did o'er the sea his fetters fling, And think to link us in their tine. That gave the cry, 'There's no such thing? Who first did Yankee Doodle sing ? Connecticut-Connecticut !

What land is that, where folks are said To be so up and downly bred, To be so steady-habited, Where hearty girls and boys are fed On pumpkin-pic and gingerbread ? Connecticut-Connecticut !

What land is that, where old Time walks, Where progress never tires or baulks, Where fortunes tick from wooden clocks, Where heads too high will meet with knocks, And land were more, if fewer rocks? Connecticat-Connecticut !

What land, where largest onions grow? Where maidens' nocks are white as snow, And checks, like roses, red, you know? Where jonny-cakes are baked from dough, The land where milk and honey flow? Connecticut-Connecticut

What land is that, whence pedlars come A thousand miles or more from 'hum,' With bass-wood trenchers, tin, and some With pat at flints, sir, for your gun, And gather up the coppers won ? Connecticut-Connecticut !

What land is that, whence emigrate A host of teachers, small and great, Who go-a head, at any rate, But mind and keep their scholars straight, The glory of the Nutning State ? Connecticut-Connecticut !

WE now come to the most important medicine of the day, when the number of those afflicted is taken into consideration, and when it is remembered that until the introduction of this remedy it was tho't impossible to remove the disease without mechanical means and by a painfal course of treatment.

Marchisi's Uterine Catholicon

Marchisi's Uterine Catholicon Is the discovery and invention of Dr. Theodore Fomeroy, at Utica, an old and success fail medical practitioner. Its permine efficacy was suggested by uncapeded develop-ments in a case of Prolapsus Uteri while under treatment for mether complaint. The suggestion in this instance led to a course of long and severe study, which resulted in the combination of the Catholicon. We have seen so much pain and patient endurance of suffering in those who habered under those diseases, with the context of the there was no care, that we feel this medicine. We have seen so much pains and patient endurance, after examining the indicine, the description of the Catholicon. A physician of nucch eminence, after examining the medicine, and observing its effects, remarked that 'in new a had sprung up in the lives of females, and that dif-they understand in the least degree the virtues of the re-medy, and the inability of the profession to freat their cases, thy would not long scale their memory in advectory, bills, nor yet raufer from the torture of availed discuss.'
