LEWISBURG CHRONICLE

JUNE 24, 1853.

Spruce Creek and Tyrone.

The engineers on the Lewisburg, Centre & Spruce Creek route, reached town yesterday noon, having completed their preliminary survey from Lewisburg to Spruce Creek by way of Penns Creek and Spring Mills, and returned by way of Brush Valley. They will start back again this morning to run a line along the head waters of the Buffalo and Pine Creeks, past Motz's in Centre county, which lies midway between the Penns Creek and Brush Valley routes, and is alleged by the people of the vicinity to be a desirable and feasible route. This will occupy some days, but we shall probably have the Chief Engineer's Report of the entire survey in the course of two or three weeks, which will fully make known the details of the exploration. JOHN M. SHEAFER, Esq., the efficient and gentlemanly Principal Assistant in charge of the survey, informs us the general route is highly favorable, with moderate grades and easy curves, and in some places remarkably direct and level for miles. He, of course, declines expressing any opinion at the present time, as to which line of the survey would be *most* advantageous.

—By the way, the Lock Haven *Democrat* does up a quantity of free-and-easy cyphering with regard to this road, and the Tyrone & Lock Haven road, of a decidedly jocular character. For we suppose it would not attempt to prove that an arc can be as short and direct as its chord—a proposition which is the logical sequence of its effort to show that the Tyrone, Lock Haven and Cattawissa route is about as direct and feasible as the Tyrone, Spruce Creek, Lewisburg and Cattawissa line. In the first place the distance from Tyrone to Spruce Creek is only 7 miles, and not 12 miles as stated by the *Democrat*. The distance, by actual survey from Lewisburg to the mouth of Spruce Creek is 79 miles, and in finally locating the road two miles of this the engineer says can be saved. And by going *direct to Tyrone* instead of Spruce Creek, which can easily be done, from one to two miles more can be saved. The 4 miles from Milton to Lewisburg do not belong to the estimate, any more than the Williamsport and Elmira belongs to the Lock Haven estimate. The Spruce Creek road ends *at* Lewisburg, and the connecting link from the Cattawissa road, would pass three or four miles south of Milton. The Tyrone, Lewisburg and Cattawissa route is almost a straight line—the Tyrone, Lock Haven and Catawissa route is an irregular semi-circle, and the distances on the latter given by the *Democrat* fall much short of the reality. The difference in the length of the two routes is much nearer 40 miles than 12, as a glance at the map or any reliable table of distances will show.

The *Democrat's* allegation that the Lewisburg and Spruce Creek route is impracticable, is fully disproved by the official survey just completed and referred to above.

The Right Kind of Talk.

The Williamsport *Gazette* of last week, after quoting from the *Chronicle* the call for the up-river people to "show their faith by their works," if they wish a railway through their borders, has the following timely and emphatic remarks:

"To secure the *termination* of the Susquehanna railroad at this place, is a matter of MORE REAL IMPORTANCE TO WILLIAMSPORT THAN ALL HER OTHER PROSPECTIVE RAILROAD COMMUNICATIONS TAKEN TOGETHER. The Baltimoreans now appear to be disposed to grasp the favorable opportunity offered them by the charter of the Susquehanna Company, to make a connection with the great northern highways of travel and trade by the shortest possible route—that of Williamsport, and the Williamsport & Elmira Railroad—a connection *untrammeled by the conflicting interests or the adverse action of any other city or corporation*. We trust that our citizens, who will share largely in the benefit accruing from the prosecution of the Susquehanna road to this place, will not be behind-hand in encouraging its completion by their voices, and in promoting and sustaining it with their means."

Lycoming county has as yet taken but little if any stock in this road, although by the syren song of Daniel L. Miller a conditional subscription was made to the Sunbury & Erie, which—the condition not being complied with—we suppose the County may withdraw. Lycoming has the power to subscribe to the Susquehanna road—its benefits are immense and indisputable—and the time for *action* has now arrived. If the individual, Borough, and County subscriptions of Lycoming shall overgo those of Union ($300,000) we will cheerfully accord the precedence.

We cut the following extraordinary "bear story" from the *Clearfield Republican*, of the 3d inst. We think it will *bear* the premium in that line.—*Lyc. Gaz.*

"A citizen of our county, a few miles from this place, succeeded some few days since, in capturing a full grown bear, in the following singular manner: It appears that the hero of our story, whose name we have forgotten, was wandering in the woods, when in the course of his travels he came across bruin. Having no fire arms in his possession, and not being scared at a trifle, he resolved to try what virtue there was in stones that were laying around in great profusion, he gathered up an armful and commenced the attack, and actually succeeded in capturing the animal."

☞The Whigs of Dauphin county have nominated the following Ticket:

Assembly—Lot Bergstresser, Mifflin; Geo. T. Hummel, Derry.

Prosecuting Attorney—David Fleming, Harrisburg.

County Treasurer—La Rue Metzgar, Middletown.

County Commissioner—J. W. Kerr, Harrisburg.

County Surveyor—Samuel Hoffer, Conewago.

Director of the Poor—Samuel Gsell, Swatara.

Coroner—Thomas Worley, Harrisburg.

Auditor—William Rouch, East Hanover.

THE SUSQUEHANNA SUBSCRIPTION.—The town council met on Monday evening agreeably to adjournment, but owing to the unavoidable absence from town of Col. J. M. B. Petrikin, the mover of the resolution in regard to the Borough Subscription to the Susquehanna Rail Road, the consideration of the resolution was postponed until the next meeting, which will be held on Saturday evening, July 2nd.

The line on the North of this Borough, was surveyed on Saturday last by a committee of the town council, and the new line established. The line fixed by authority of the Act of Assembly, adds about fifty acres to the territory of the Borough. —*Muncy Luminary.*

REMARKABLE RESTITUTION.—[Most of the readers of the *Gazette* will immediately call to mind the circumstances connected with the first sad chapter of the story to which the last number of the *Clinton Democrat* adds the following happy denouement]

LOST CHILD FOUND.—About five years ago, as doubtless many of our readers remember, a male child of Richard Welsh, of Woodward township, in this county was lost, and every means to obtain a clue to his whereabouts having proved fruitless, the impression became general that he had strayed away and been drowned, or become food for wild beasts. Recently, however, the hearts of the parents were made glad by receiving intelligence that their child still lives.

It appears that he was stolen and carried to Tioga county by an insane woman, where he was taken from her by legal process, and placed in charge of a very respectable family, in which he has remained ever since. The boy was about three years old when stolen.

Putting down the Rails.

After talking and planning of railroads—reading and writing of railroads—hearing and telling of railroads, as long as we good people of Williamsport have talked, planned, read, written, heard and told, without ever once seeing or smelling a railroad, it is a most gratifying fact—it is a most pleasing announcement—it is a most glorious era in our stage coach and canal boat history, when we are enabled truthfully and triumphantly to say "THEY ARE PUTTING DOWN THE RAILS." As fast as the iron can be transported from Danville hither, the Williamsport and Elmira railroad company are putting it down in place of the old track, ripping up the old "snakes" and laying down firmly and substantially good solid rails. "Up the creek" is a lively place just now. New bridges are going up—new mills—new houses—new furnaces—new notions of all kinds. We shall endeavor in a short time to do justice to its meritorious pretensions. The whole length of the Elmira road will soon be a scene of business bustle. We hope to chronicle the "putting down the rails" a long way toward Elmira before the season is over, if not clear there. Some people are sanguine enough to expect even that. When we once touch Southern New York and the Erie Road, we are in the world. Until then we cry small—our only relief is in the fact that "they are putting down the rails."—*Williamsport Gazette, June 15, 1853.*

How to make one Farm equal to three.

[G. T. Stewart, Esq., in a recent Address before the Ohio Agricultural Society thus speaks on this subject:]

Many farmers who are destroying the productiveness of their farms by shallow-work, as they find that their crops are diminishing, think only of extending their area by adding acres of surface, as if they supposed that their title deeds only gave them a right to six inches deep of earth. If they will take those deeds, study their meaning, and apply the lesson to their fields, they will soon realize in three-fold crops the fact that the law has given them three farms where they supposed they had but one—in other words, that the subsoil when enriched with the atmospheric influences and those other elements which agricultural science will teach them to apply to their ground, will increase three-fold the measures of its productiveness. To show to what extent the fertility of the soil can be increased, I refer to a statement in the last Patent Office Report. In the year 1850, there were nine competitors for the premium corn crop of Kentucky, each of whom cultivated 10 acres. Their average crop was about 122 bushels per acre. At this time the average crop of wheat per acre in the harvest of Great Britain, on a soil cultivated for centuries, is about double that produced on the virgin soil of Ohio. Why is this? Simply because British farmers are educated men, and apply work wisely. They pay back to the earth what they borrow; they endeavor by every means in their power, to enrich their ground, and in return it enriches them. If our farmers, instead of laboring to double their acres, would endeavor to double their crops, they would find it a vast saving of time and toil, and an increase of profits.

Many of them never think of digging 10 inches into the soil, unless they have dreamed about a crock of gold hid in the earth; but if they would set about the work of digging in earnest, every man would find his crock of gold, without the aid of dreams and divination.

We have a great advantage over the British farmers in the fact that our farmers nearly all hold the lands which they cultivate, in fee simple, while in England they are chiefly tenants, hiring the lands of the nobility, paying enormous rents to the proprietors, besides heavy taxes to government. Taxes here are comparatively light, and our farmers are their own landlords. Hence they have been able to pay three-fold wages for labor to those paid in Europe, pay the costs of transportation, and yet undersell the British farmers in their own markets.—*Ohio Farmer.*

HOLLIDAYSBURG.—The *Standard* tells the following strange story. We give it entire:—"On Friday last, a little daughter of Rev. D. J. Yerkes, while playing in front of the house, in Gaysport, was decoyed away, and taken to the privy of the Public School House, where it was stripped and beaten in the most shameful manner with a thorn-bush and piece of hoop, the marks of both of which were plainly visible on the child's back. She was found wandering naked about the streets by a neighbor, who took her home, and it was found that she was so much injured that a physician had to be called in. The author or authors of the outrage are unknown, nor can it be surmised what actuated the perpetrator in the commission of so foul a crime. The child is not two years old! We do not know that in the course of a long newspaper experience we were ever called upon to record an event showing such entire depravity of the human heart. We can scarcely conceive what punishment should be meted out to one who would beat a poor innocent little babe almost to death, without cause or provocation."

Mount Vernon.

We understand that Mr. John A Washington, the proprietor of Mount Vernon, has disposed of that venerated mansion, with two hundred acres of the landed estate, to a company comprising Northern and Southern men, for the large sum of two hundred thousand dollars. To what purpose the purchasers mean to apply the property, we have not heard; but we are very glad to learn that the terms of sale reserve to Congress the privilege of taking it.

Another and an irrevocable condition of the sale is that the remains of General Washington are never, under any circumstances, to be removed from their present resting place. We are informed that the purchasers offered a largely increased price to have the sale made absolute; but Mr. Washington replied that he would not for any sum that could be named, place it out of the power of Congress to make Mount Vernon the property of the nation.—*National Intelligencer, June 15.*

DEATH OF GEN. RILEY.
Official.

HEADQUARTERS OF THE ARMY,
New York, June 10, 1853.

The General-in-Chief, with deep regret, announces to the army the death, at Buffalo, New York, the 9th inst., of Brevet Major General Bennet Riley, Colonel of the 1st infantry.

Gen. Riley entered the army as ensign of riflemen, January 18, 1812, ascended through all successive grades until he attained the highest—that of major general by brevet. He served with high credit on the Niagara frontier in the war of 1812 with Great Britain, in the wars against the Arickaree, Sauck and Fox, and Seminole Indians, and the war with Mexico, in which latter he was highly distinguished. He received the brevets of brigadier and major general for his gallantry in the battles of Cerro Gordo and Contreras. On the termination of the war he was assigned to the important command of the 10th military department, and was *ex-officio* provisional governor of California. On all occasions, in the commands with which he was intrusted, he evinced great zeal for the public interest, and has left to his bereaved family a reputation of which they may well be proud.

As a tribute of respect to the memory of the deceased, the officers of his late regiment will wear the prescribed badge of mourning for thirty days.

By command of Maj. Gen. Scott:

L. THOMAS,
Assistant Adjutant General.

WORTHY OF IMITATION.—Two enterprising and public spirited citizens of Lock Haven, as we learn from the *Democrat*, are about transferring 2½ acres of land adjoining that borough, to be laid out as a public ground or park. This will be decidedly a good act—one which will entitle the donors to the title of public benefactors. No one thing is more neglected than that of beautifying our inland towns—and nothing contributes so much to that end as enterprises such as is here proposed.

Land Sales.

Tavern Stand for Rent.

THE valuable Tavern Stand, now in the occupancy of Wm. R. Diesher, in Chillisquaque township, at the end of the Lewisburg Bridge, is offered for rent, and possession will be given on the 1st day of April next. It is a good location for a public house, and has been doing a good business. Enquire of

FRICK & SLIFER.

Lewisburg, March 23, 1853.

For Sale.

THAT large and desirable property on the corner of Market and Water Sts., well situated for a residence, for business, or for a residence and place of business.

There is a large BRICK House containing 4 large rooms on the first floor, 6 bed rooms on the second floor, and two large finished rooms on the third. A Kitchen and Washhouse adjoins, and it has also a large cement Cistern, a Pump and Well of good water, and all the necessary outbuildings.

For terms &c. apply to GEO. F. MILLER, Esq. S. E. DAVIS.

Lewisburg, Sept. 23, 1853

REMOVAL!

Daguerreotype Likenesses taken according to the latest improvements, over Mrs. IRELAND'S Millinery Establishment, on the most reasonable terms, by

S. L. BERGSTRESSER.

Lewisburg, Oct. 27, 1852

NEW MAP
OF THAT PORTION OF
NORTH AMERICA
EXHIBITING
The United States and Territories, the Canadas, New Brunswick, Nova Scotia, and Mexico, also Central America and the West India Islands.

Compiled from the most recent Surveys and authentic Sources—Published by JACOB MONK, Baltimore, Md.

AFTER much labor and expense, the Publisher is enabled to furnish a complete and accurate Gegraphical Map, on a larger scale than any general map heretofore issued, embracing the whole country from the Atlantic to the Pacific Ocean, and extending from the 50th parallel of North Latitude to South America, or to within 7 degrees of the Equator. No labor or pains has been spared to make it one of the most accurate Reference Maps ever put forth, there being much entire new matter taken from actual surveys, and many names not found on any other work extant.

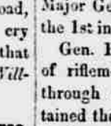
The Drawing and Engraving are executed with neatness and accuracy, showing distinctly the Railroads (made or projected.) Canals, Rivers and Lakes, with the Names, Boundaries, Position and Relative Size of all the States and Territories belonging to the Government of the United States, of North America, and of the Republic of Mexico, together with the Canadas, New Brunswick and Nova Scotia, also all the different States of Central America, New Grenada and the Isthmus of Panama; the location of all the Cities, Principal Towns, Villages, the Indian Tribes, the prominent stopping places on the great routes leading West to the Gold Regions, to Oregon, &c.; also a table showing the distances by land and water between the most important places on this Continent, and to other parts of the World, exhibiting clearly the Gold Regions of California, the Surveys and Explorations of Col. Fremont, Lieut. Wilkes, Emery, Abert and others.

It will be found a valuable acquisition to all Institutions of Learning, and very useful in the Library of any gentleman as a reference map, it being all on the same scale, with no detached portions. When mounted on rollers the size is—about 5 ft. high by 5 ft. 4 inches wide.

N. B.—A New Map of the World on Mercator's Projection, is engraved on the vacant South-west corner of the General Map, on a new plan, there being 15 degrees duplicated, exhibiting China in the West as well as in the East, with the Continent of America in the centre; showing, conclusively, the transportation of Goods from East to West and *vice versa* must, eventually, be by the Isthmus of Panama, Nicaragua Lake, or through the United States, it being many thousand miles nearer.

LUTHER ROOT, AGENT,
is now canvassing Union County for this Map.

LADIES!



Please call at my shop, South 3d street, and examine the best and cheapest lot of SHOES ever offered in Lewisburg. My assortment is now complete, consisting of the best varieties of PLAIN and FANCY work, which are offered *lower than at any other place in Lewisburg* for Cash only—call and see.

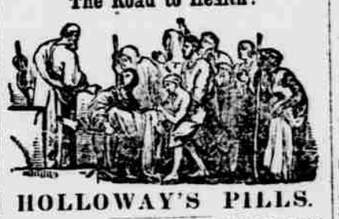
All kinds of Country PRODUCE taken in exchange for Goods.

☞Please give me a call before purchasing elsewhere, as I charge nothing for looking at my Goods. D. H. RISSEL.

Mifflinburg, Oct 28 1852

The Road to Health!



HOLLOWAY'S PILLS.

CURE OF A DISORDERED LIVER AND BAD DIGESTION.

Copy of a Letter from Mr. R. W. Kirkus, Chemist, 7, Prescot Street, Liverpool, dated 6th June, 1851.

To Professor HOLLOWAY, SIR—Your Pills and Ointment have stood the highest on our sale list of Proprietary Medicines for some years. A customer, to whom I can refer for any enquiries, desires me to let you know the particulars of her case. She had been troubled for years with a disordered liver, and bad digestion. On the last occasion, however, the virulence of the attack was so alarming and the inflamation acted on so severely, that double doses were taken of both, being able to bear up under it; fortunately she was induced to try your Pills, and she informs me that after the first, and each succeeding dose, she had great relief. She continued to take them, and altho' she used only three Boxes, she is now in the enjoyment of perfect health. I could have sent you many more cases, but the above, from the severity of the attack and the speedy cure, speaks much I think in favor of your astonishing Pills. (signed) R. W. KIRKUS.

AN EXTRAORDINARY CURE OF RHEUMATIC FEVER, IN VAN DIEMEN'S LAND.

Copy of a Letter inserted in the Hobart Town Courier of the 1st March, 1851, by Major J. Welch.

Margaret M'Donnigan, nineteen years of age, residing at New Town, had been suffering from a violent rheumatic fever, for upwards of ten months, which had entirely deprived her of the use of her limbs; during this period, she was under the care of the most eminent medical men in Hobart Town, and by them her case was considered hopeless. A friend prevailed upon her to try Holloway's celebrated Pills, which she consented to do, and in an incredible short space of time they effected a perfect cure.

CURE OF A PAIN AND TIGHTNESS IN THE CHEST AND STOMACH OF A PERSON 84 YEARS OF AGE.

From Messrs. Thew & Son, Proprietors of the Lynn Advertiser, who can vouch for the following statement.

To Professor HOLLOWAY. August 20, 1851.

SIR—I desire to bear testimony to the good effects of Holloway's Pills. For some years I suffered severely from a pain and tightness in the stomach, which was also accompanied by a shortness of breath, that prevented me from walking about. I am 84 years of age, and notwithstanding my advanced state of life, these Pills have so relieved me, that I am desirous that others should be made acquainted with their virtues. I am now rendered, by their means, comparatively active, and can take exercise without inconvenience or pain, which I could not do before. (signed)

HENRY COE, North street, Lynn, Norfolk.

WONDERFUL EFFICACY OF HOLLOWAY'S PILLS IN CASES OF DROPSY.

Persons suffering from Dropsy, either about the turn of life, or at other times, should immediately have recourse to these Pills, as hundreds of persons are annually cured, by their use, of this direful complaint in its different stages, which in many cases had failed.

These celebrated Pills are wonderfully efficacious in the following complaints:

Ague	Dropsy	Jaundice	Secondary
Asthma	Dysentery	Liver Complints	Symptoms
Bilious Com-plaints	Erysipelas	Lumbago	Tic Douloureux
	Female Irregu-larities	Piles	Tumors
Blotches on the Skin	Gout	Rheumatism	Ulcers
	Fevers of all kinds	Retention of Urine	Venereal Affections
Bowel Complts	Head-ache	Scrofula, or King's Evil	Worms of all kinds
Colics	Fits	Sore Throats	Weaknesses from any cause
Constipat'n of the bowels	Indigestion	Stone and Gravel	&c. &c.
Consumption	Inflamation		
Debility			

Sold at the Establishment of Professor HOLLOWAY, 244, Strand, (near Temple Bar) London, and by all respectable Druggists and dealers in Medicines throughout the British Empire, and those of the United States, in Boxes at 37½c., 87c., and $1,50, each. Wholesale by the principal Drug houses in the Union: by Messrs A B & D SANDS, New York; and by Mr. C. D KNIGHT, 7, South Sixth St. Philadelphia.

☞There is a considerable saving by taking the larger Boxes.—N. B. Directions for the guidance of patients in every disorder, are affixed to each Box. 1ya452

FURNISHING GOODS,

Druggets, Matts, Stair Damask, Super Cotton Sheetings, Pillow Case Muslin, Furniture Chick, Tickings, Cotton Fringes, Cotton Table Diaper, Damask Table Cloths, Napkins, D'Oyleys, Embossed Cloth and Cotton Table Covers, Super Marseilles Quilts and Counterpanes, Bankabuck, Diaper and Crash Toweling, &c. &c.

Their stock of GROCERIES is very large and cheap.

Their assortment of QUEENSWARE is one of the finest ever brought to this section of county, and extremely low.

Also, an extensive stock of HARDWARE. Their stock of goods having been purchased at the present extremely low prices, and for *cash*, enables them to offer unusual inducements to purchasers, as respects variety, style and prices. The public are respectfully invited to call and judge for themselves before purchasing elsewhere.

☞COUNTRY PRODUCE taken in exchange for Goods, and the highest market prices allowed. REBER & VORSE.

Lewisburg, April 29, 1853.

THE SUMMER SESSION
OF THE
LEWISBURG ACADEMY

Will commence on MONDAY, APRIL 18th, to continue 20 weeks.

The course of instruction in this Institution is calculated to prepare youths to enter College, or for general business. Composition and Declamation receive careful attention.

All gross, immoral practices, both in and about the school, are strictly prohibited; and kindness, courtesy, and a spirit of honorable rivalry among the pupils are encouraged.

The suscriber is desirous to secure a class of young Ladies.

Tuition—For Languages $10, Higher English $8, and Common Branches, (including Reading, Writing, Arithmetic, Geography, Grammar, and U. S. History,) $6, per session. ☞ deductions except for sickness.

JOHN RANDOLPH,
Principal.

March 25, 1853.

MEDICAL REFORM.

DR. H. B. HARRIS would announce to the citizens of Lewisburg and vicinity that he has removed into North Third street, in the house formerly occupied by Capt. Paul, above the German Reformed Church. Thankful for the liberal patronage hitherto received, he continues to offer his professional services to all who may desire them.

He practices medicine in accordance with the most approved systems of Medical Reform—gives no Calomel or Mercury in any form—and hopes to prove himself worthy of the confidence of the community.

He keeps on hand, for sale, an extensive variety of Thomsonian and other Vegetable Medicines, for the use of such customers as may desire them.

He is also prepared to clean and extract *Teeth*

Lewisburg, April 7, 1852

PIANO AGENCY.

HAVING been appointed Agent for the sale of the celebrated Pianos, manufactured by

GEO. VOGHT, Philad.,

the undersigned would be happy to supply any citizens of the Susquehanna country who may desire an Instrument well made, after the latest improvements. Two of these Instruments have lately been introduced into Lewisburg, to which I am happy to refer any one. The Pianos are are warrented, and if not satisfactory on trial for a year, they may be exchanged. Prices reasonable FRANCIS J. GESSNER.

Lewisburg, Feb 24, 1852.

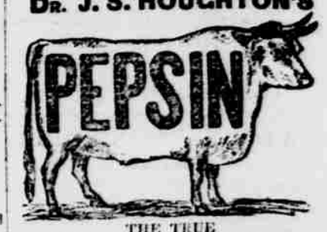
H. GERHART,
Surgeon Dentist,

AT his Residence, South Third St., corner of the Board walk.

LEWISBURG. 399

Entered according to Act of Congress, in the year 1851, by J. S. HOUGHTON, M. D., in the clerk's Office of the District Court for the Eastern District of Pennsylvania.

Another Scientific Wonder!
GREAT CURE FOR
DYSPEPSIA!
DR. J. S. HOUGHTON'S



THE TRUE
DIGESTIVE FLUID,
OR, GASTRIC JUICE.

PREPARED from RENNET or the Fourth STOMACH OF THE OX, after directions by BARON LIEBIG, the great Physiological Chemist, by J. S. HOUGHTON, M. D., Philadelphia, Pa.

☞*I DIGEST.* Such is the true meaning of the word PEPSIN. It is the chief element or Great Digesting Principle of the Gastric Juice—the *Solvent of the Food*, the *Purifying, Preserving*, and *Stimulating* Agent of the Stomach and Intestines. It is extracted from the Digestive Stomach of the Ox, thus forming a TRUE DIGESTIVE FLUID, precisely like the natural Gastric Juice in its Chemical powers, and furnishing a COMPLETE and PERFECT SUBSTITUTE for it.

This is NATURE'S OWN REMEDY for an unhealthy Stomach. No art of man can equal its curative power. It contains no ALCOHOL, BITTERS, ACIDS, or NAUSEOUS DRUGS. It is extremely agreeable to the taste, and may be taken by the most feeble patients who can not take a water cracker without acute distress. Beware of DRUGGED IMITATIONS. Pepsin is NOT A DRUG.

Call on the Agents, and get a Descriptive Circular, gratis, giving a large amount of SCIENTIFIC EVIDENCE, from Liebig's Animal Chemistry; Dr Combe's Physiology of Digestion; Dr. Pereira on Food and Diet; Dr. John W. Draper, of New York University; Prof. Dunglison's Physiology; Prof. Silliman, of Yale College, Dr. Carpenter's Physiology &c., together with reports of CURES from all parts of the United States.

Agents—DR. THORNTON & CHRIST, Lewisburg; Fencing & Auten, New Berlin; J. W. Fring, Sunbury. 1y451
