### Savings Bank.

The Lewisburg Savings Institution was organized on Wednesday by the securing of over $60,000 of stock, of which over $23,000 were paid in. The following named gentlemen were elected Directors for one year: William Cameron, Ja's M'Creight, Geo. P. Miller, Thomas Hayes, William Frick, Byers Ammon, John Wells. The appointment of permanent Officers devolves upon the Directors.

Thousands of parents who use Vermifuge, composed of Castor oil, Calomel, &c., are not aware that while they appear to benefit the patient, they are actually laying the foundations for a series of diseases, such as salivation, loss of sight, weakness of limbs, &c.

In another column will be found the advertisement of Hohensack's Vermifuge, to which we ask the attention of all directly interested in their own as well as their children's health. **Representative.**—*To the People of the Union and Juniata District.*—I was greatly pleased to see in a New Berlin paper, some time since, the name of HENRY W. SNYDER, of Selinsgrove, for next Member of the Assembly. There seems to be a general satisfaction with his name, among all with whom I have conversed. His sterling merits are too well known to require any eulogy at my hands. Let us elect him by an old fashioned Snyder majority. LEGION.

JAMES D. CHAMBERLIN, of Buffalo Tp. is recommended as a proper person to lead the Whig column at the next election of **Prothonotary** of Union county. As to his ability to perform the duties of that office, none need have any doubt, as all who are acquainted with him can testify. Knowing as I do his ability and esteeming him well worthy I would respectfully recommend him for that office.
A GOOD WHIG.

**Prosecuting Attorney.**—Mr. Editor: At the coming Fall Election, we will be called on to elect a Prosecuting Attorney for Union county. *ALL HAIL THE TRIUMPH THAT*
**FICKART'S CATTLE POWDER**
HATH ACHIEVED.

Thousands are testifying to its Efficacy!

*"The merciful Man is kind to his Beast."*

AFTER years of study and experiment by the Inventor, to compound from *pure vegetable materials* a Powder that SHOULD and MUST take the place of the thousand and one nostrums gotten up and palmed upon the public as "certain cures for the cure of all diseases which the Brute creation are "heir to," he has produced the article now offered for sale, which he can and will warrant to do all that is claimed for it, or the money will be refunded.

Being composed of pure vegetable ingredients, it can be safely and judiciously given to that noble animal the HORSE, at all seasons and in all weathers. Its effects are no false pampering of the system, creating a fictitious excitement with a premature shedding of the hair, but on the contrary it acts directly upon the digestion, purifies the blood, regulates the Urinary organs, (hereby keeping down and preventing the whole physical condition of the animal even when in an apparently healthy state, and a certain and effectual cure when he has contracted the

To the Agriculturist and Dairyman, it is an invaluable remedy for their NEAT CATTLE laboring under Hoor Distemper, Hollow Horn, and other of the many complaints which they are liable from a suppression of the natural secretions.

MILCH COWS are much benefited by occasionally mixing with their Slop or Feed. It has a tendency to strengthen the animal, remove all obstructions from the milk tubes, promote all the secretions, and consequently adding much to the strength of the animal, quantity and quality of her Milk, Cream and Butter.

Hogs, during the warm seasons are constantly everheating themselves, which results in their getting Coughs, Ulcers of the Lungs, and other parts, which invariably has a tendency to retard their growth. In all such cases a table spoonful, mixed in a bucket of swill, and given every other day, will speedily remove all difficulties, and the animal will soon increase in Health and Flesh.

Why, of the tens of thousands of this country, having either the one or other of the animals which this Powder benefits, will be so niggardly and so unmerciful to the beast, and unjust to himself, as not to give it a trial? We confidently predict that wherever it once introduced it will be so pronounced on its qualities, and deemed as essentials, as the Curry-comb and Brush themselves are.

Protestant America's Book for the Times.

**Dr. Dowling's History of Romanism.**

JUST published—A NEW AND ENLARGED EDITION of Dr. DOWLING'S HISTORY OF ROMANISM.—This popular and valuable work (which is Protestant but otherwise unsectarian) has been pronounced by all Protestant denominations the *Standard History* of the subject of which it treats.

In consequence of the late fire in the Publisher's establishment, he has been unable for the last few months to supply the frequent orders for this work. He has now the pleasure to announce that Dr. Dowling has prepared an extensive and valuable Supplement of about 150 pages, including all the recent events of interest in relation to Pope Pius IX., the struggle for liberty in Rome, the Madiai, Gavazzi, etc. etc.; and that the enlarged work (making a noble volume of 815 pages) is now ready, and will be supplied to agents, booksellers and the public *without any advance of price* upon the old editions.

Hundreds of testimonials from distinguished clergymen, scholars, presidents of colleges and others, have been received, testifying to the [illegible] and value of the History. A single one of these, from the pen of that eminent Protest ant scholar, the Rev. Geo. B. Cheever, D.D., is given as a specimen of the whole:

"This excellent and beautiful work," says Dr. Cheever, "possesses many and very strong claims for popular favor, and we do not doubt that it is destined to have an extraordinary sale. It is one of the most elegantly embellished and executed works we have ever seen issued from the American press, and is filled full of fine specimens of rare engravings, illustrative of the extraordinary religious ceremonies, and the habits of Romanism, which often tell a most eloquent tale, and are of real utility as well as highly ornamental. The work itself is characterized by great research, and a comprehensive and scriptural view of the nature and history of the Popish system. It presents, in a form and manner which cannot fail to fasten a vivid and impressive portraiture of Romanism as it is, than any other book we know of. It supplies a great lack in our theological literature; and now that a conflict with Rome is forced upon us, and is soon to become the business of us all, clergy and laity, a work so richly stored with facts and arguments will be most timely and useful. We should be glad to see it in every family, and adorning every centre table in the land."
