# LEWISBURG CHRONICLE & WEST BRANCH FARMER.

THE TAPE WORM!

#### Casualty at Niagara Falls.

As our readers are aware, one of the succeeded in reaching a rock, to which he clung till about six o'clock on Tucsday evening. The anxiety of the people on shore to rescue the unfortunate man from his perilous situation was most intense throughout the day. But if the feelings of the spectators were aroused to such a pitch, what must have been the thoughts of him who was almost certain of eventu-ally becoming a prey to the roaring tor-rent? Every scheme that human ingenu-ity could devise was resorted to : lifeboats raft, with so much violence, as to pitch construction and crection of rods: for instance, poor Able into the water. Still undaunted many suppose that the highest objects necessarily receive a stroke first. Let us look at this matter stream, the victim was swept into eternity. that a red whose only merit is its capatility of conducting the highting to the ground, after it safeguard; and their owners, when it is too late, over !- Philad'a Sen, July 21.

ALTOONA is a settlement made by the must needs be surrounded by them; and herein Pennsylvania Central Railroad Company in Logan Valley a few miles west from solute attraction for the lightning, thus actually Hollidaysburg.

The increase in the value of property in consequence of the Central Workshops equilibrium between the cloud and the surroundof the Company at Altoona, is as follows : ing atmosphere, and thus preventing a stroke

Three years ago the property on which which is very encourage, is that rods require init is located, was valued at \$14,000. To-day it contains 240 frame and 14 brick dwellings, 16 stores, 4 hotels, and 4 8200,000. The population is estimated at 1800. The above is independent of the Workshops and Engine House of the body if the latter is as made a safet con-Workshops and Engine House of the body if the latter is as good a conductor; it therefore flies from the rod to the glass, con-u-Company.

When you call to mind the fact that three years ago, one Log House and Barn constituted the whole improvements at this face (it being well understood that lightning tra-

A DREADFUL BAD BREAST CURED IN ONE MONTH. Estreet of a Letter from Mr. Frederick Turner, of Tun-hard, Kork dated December 13th, 1850. To Preferent Hourware, Dran Sim My with had suffered from Bad Breasts more than six months, and during the whole period had the best medical attendance, but all to no use, and having before hadded an awfol would in my own key by your univalid medical attendance, but all to no use, your Pills and Olat-medical attendance, but all to no use, your Pills and Olat-medical attendance, for infa month a cure was perfected ; and the betefit that various other branches of my family have derived from their use is really attorish-ing. I now strongly recommend them to all my friends. (Signed) FREDERICK TURNER. AN INFLAMMATION IN YOR SIDE FOREAUX CURED. Copy of a Letter from Mr. Francis Armot, of Benchmare,

AN INFLAMMATION IN THE SIDE FERENCELY CURED. Copy of a Letter from Mr. Frances: Armod, of Boeshauze, Lethian Road, Ediabre', dated April 20th, 1851. To Fracessor Histowar, Sim-For more than 20 years my wife has been subject, from time to time, to attacks of inflammation in the side, for which she was bled and bilistered to a great extent; still the pain could not be removed. About four years ago due say in the papers the wonderful euros effected by your Fills and Ointment, and thought she would give them a trial. To here great actionistment and delinkt, she got immediate relief from their use, and after persecting for three weeks the pain in her side was perfectly cured, and she has enjoyed the best of health for the hast four years. (cigned) The Fills chould be used conjointly with the Ointment

The Fills chould be used coujointly with the Ointment in most of the following cases: Bad Legs Chillbrains Fistulas Sore Throats Bat Breasts Chapped Gout Skin Diseases Barnes Hands Ginndular Scarry Bannons Corne (soft) Swellings Sore Heads Bites of Mos Cancers Files Ulcers Sand-Files and Stiff Rheumatism Wounds Core Bay Joints Scalids Taws Chicgo foot Elephantissis Sore Nipples & & & Soft at the Establishement of Professor Hoitowar. 244, Strand, (usar Temple Bar, London), and by all respectable Druggists and dealers in Medicines throughout the British Empty, and of those of the United States, in Pots at 371/ ris. 57 cits, and §1,50 each. ROSS, GEDDES & MARSH. Lewisburg Foundry, Aug. 13, 1850.

IT IS A FACT,

ONE self-evident, and worthy of every consideration, that no Miller can make and Students of Lewisburg and vicinity, the subscriber would state that he continues to give good clean flour without he has good clean wheat. I suppose you wish to know the remedy. I tell you-it is to get one of Bergstresser's Wheat Scourers, or Smut Machines. He being an old, practical and experienced Millwright has invented, got up and put in successful operation the best Wheat Scourer now in use. Any person ordering a machine and afterwards finding that it does not prove to operate as represented, there shall be no sale, as these machines are to be warranted good. Further recommendations are thought unnecessary-He is now having a supply made at Lewis.

BOOK BINDERS, Stationers, and Blank Book Manufacturers, HARRISBURG, Pa. burg, by Messrs, Geddes & Marsh. Orders for machines, or letters of inquiry, will be promptly attended to. Machines will be sent and put to all orders. Address

"I have been using Chfistic's Galvanic articles in a quiet way among my patients for about two years past, and I contess I am astonished at their success. If I am sure a disease its Nerwoot, I know just what part, and I couples? I am astomished at their success If I am sure a disease is Nerson. I know just what they will do. In Eyleptic Fits, particularly in children. Deathness and Allections of the Head, in whilts, Taralysis and Faley. In all ages, and miled several other diseases of like nature which have long puraled the protession. I have found the Galvane atticles of surprising benefit. Although I detest the shameless quarkery of advertisements and near-papers, I must express my confidence and beief in the wonderful virtues of CHRISTIE'S CHEA-TIVES. My name is, of course, confidential ku1 shall never hesitate to recommend your articles a all proper occasions." all proper occasions."

ANOTHER INSTANCE OF CANDOR.

ANOTHER INSTANCE OF CANDOR. To D. C. MORENERS, M. D., Gen. Agt. for Dr. Cumrun, New York. Deer Sir.-Boing a physician in the vicinity of one of your Agents, I have been much gratified in the examination of your Galvanic Curatives, and highly pleased with their practical results. I have observed that they are constructed on the true scien-tific principle for the gratic, soft, pleasant and an-timus development of the Galvanic Current, there's filling a disideration, long sought for, but heretofor-unknown. I cheerfully recommend them for the alleviation and cure of those distressing aliments called Nervors Coursaivers, for which they are so happily and ingeniously designed. Very truly yours, DAVID RICE, M. D. Levertt, Mass, February 18, 1850.

Leverett, Mass., February 13, 1880. **33** No trouble or inconvenience attends the use of DR. CHRISTIE'S GALVANIC CURATIVES, and they may be worn by the most feeble and deb-cate with perfect ease and safety. In many cast the semation attending their use is *kiely* plausat and agreentie. They are accompanied by full as plain directions for use. Famphiets with full par-ticulars may be obtained grains, of the authouse Agent.
