Messrs. J. V. Barber, Roush, Leitzel, Howard, James Barber, Moatz, Bonsall, Slonaker, Foster and Taylor, were declared duly nominated, and on motion, the nominations were unanimously confirmed, *nem. con.*

Mr. Hickok offered the following preamble and resolution:

Whereas, differences of opinion exist in the minds of the people of Union county as to the propriety of its Division, and whereas it is a question that interests every voter of the county, and one upon which a fair expression of the people can only be had at the ballot-box; therefore,

Resolved, That this Convention recommends to the Election officers of the several Election Districts of the county, the procuring of suitable boxes, to be labeled on the outside, "DIVISION," and on the inside "FOR DIVISION," or "AGAINST DIVISION," and that a return of the votes cast be made at the same time and in the same manner that the votes for the several offices are returned.

Mr. Slenker offered the following amendment:

And also suitable boxes, one to be labelled "For the Railroad Bonds," and one "Against the Railroad Bonds."

A lengthy discussion ensued, Mr. Reichly opposing both resolution and amendment; Mr. Slenker advocating the amendment on the ground that it *had* something to do with the subject, and the people had a right thus to express their opinions on any question, and if "division" was passed, the "bonds" should go with it. Mr. S. said he felt no personal interest in the division question, but professed to speak and act for his constituents. Mr. Hickok stated that the original resolution was offered for the purpose of transferring the division question to the hands of the people themselves, where it belonged, and also to remove—as had been wisely done by the Whig Convention—a troublesome local question out of the way of the candidates; and opposed the amendment as an abstraction, and not tending to any practical result—the bonds having been signed and delivered, and the question ended—and that the amendment would only occasion useless dissensions and discord. The vote was taken on the amendment, and appeared from the sound of the voices to be lost, by at least three to one. The President hesitated some moments—exclaimed "doubtful"—division was called—and the result was declared to be 20 ayes to 14 noes, a number of the delegates having left the Court House. The question was then taken on the original resolution, which was adopted by a large majority.

Mr. Slenker then introduced the following resolutions, which were adopted:

Resolved, That in the election of FRANKLIN PIERCE, as President of the United States, the people have received an able, fearless and faithful exponent of Democratic principles, whom no circumstances, whether brought about by his friends or his enemies, can swerve from the line of duty; that his administration has realized the most sanguine expectations of his friends, and falsified the predictions of his enemies; and that its signal success hitherto, is a sure guaranty of its brilliant efficiency in future.

Resolved, That in WILLIAM BIGLER, Pennsylvania has an honest, able, fearless and efficient Executive, who has exerted, and always will exert his undivided energies, in the physical and moral elevation of the State which he governs.

Resolved, That the Convention has full confidence in the ability and integrity of the nominees of the Democratic State Convention, and that their election to the offices, for which they have been respectively nominated, is morally certain.

Resolved, That this Convention recommend to the Democrats of Union county, the whole ticket now presented, as one which every Democrat true to the principles of his party can, and is bound to support; and in so doing its election is confidently anticipated.

W. B. Shriner, H. R. Foster, and Reuben Keller, were appointed Representative Conferees.

The following persons were appointed a Standing Committee for the ensuing year:

New Berlin, C. D. ROUSH, *Chairman*; Kelly, Wm. Wilson; White Deer, Henry High; Lewisburg, P. Winegarden; East Buffalo, Ellis Gundy; Buffaloe, John Ritter; Mifflinburg, George N. Youngman; West Buffaloe, George W. Hickson; Hartley, John H. Eilert; Limestone, S. B. Barber; Centreville, George Lose; West Beaver, Henry Benfer; Beaver, Henry Deatrick; Centre, Daniel [illegible]; Union, John Fisher; Middlecreek, Matthias Dasherman; Penns, [illegible]; Perry, Amos Shadle; Washington, Enos R. Metzger; Chapman, John Herrold.

The proceedings were ordered to be published, and the Convention Adjourned.

The "Star" vs. Judge Marshall.

MR. EDITOR: I observe in the Union Star of the 25th inst., a most malicious attack upon Judge Marshall for his decision in the habeas corpus case of Commonwealth vs. Gutelius, under the fictitous name of "Observer." Mr. "Observer" says the Judge "seemed to imagine himself Court and Jury." Judge Marshall decided in strict accordance with the decisions of the best criminal judges in our Commonwealth. It is the duty of the Court, or a Judge in vacation, to hear the evidence on both sides, and then decide from the whole evidence whether there is sufficient to bind the defendant over. The decision of Judge Marshall is fully sustained in Commonwealth vs. Ridgway, 2 Ashmead 247, and in Commonwealth vs. Hickey, 2 Parsons' Select Equity Cases, 317. When Judge Marshall is sustained in his decision by such Judges as King, Jones, and Parsons, he need not fear the abuse of Mr. "Observer" and his coadjutors.

"Observer" also complains like a bear with a sore head, that Judge Marshall asked Heimbach if he accepted a bribe, or in other words accepted any money, though objected to by his Counsel, (not the Counsel for the Commonwealth, for the Prosecuting Attorney did not attend to prosecute, nor was he notified to do so, nor did he authorize any body to put on the robe of Attorney General.) The Judge did not insist on Heimbach's answering, if he objected. Whether the objection was made for fear Heimbach would criminate himself, or for a mere sham, is not so certain. But who would suppose for a moment that such a pure man as "Observer" and his partners, would hug Heimbach to their bosoms if he was so corrupt as to accept a bribe?

"Observer" charges Judge Marshall with saying that Heimbach and Gutelius were both guilty. This the Judge never said. What he did say, was, that if Heimbach and his son were believed, they were as guilty as Gutelius was charged to be; but no one that heard and saw Heimbach, believed his statement; and besides, he was contradicted in many material parts of his statement.

The persons concerned in getting up the prosecutions, no doubt expected that Judge Marshall would lean against Mr. Gutelius, inasmuch as he (Gutelius,) opposed his election; but in that they were disappointed, for Judge Marshall showed himself to be an honorable, high minded Judge, looking neither to the right or left, but pursuing a straight forward course, without fear, favor or affection. His decision was approved of by every unprejudiced mind of all parties who were present at the investigation.

It is evident that this and other prosecutions are got up for the purpose of affecting the Division question, and the Railroad ghost is to work wonders! Some of the men who make so much fuss about the "dear people," I doubt whether they pay $1 tax in a year, and yet are at the head of prosecution got up against some of our best and most enterprising men and heaviest tax payers, for the purpose of riding into office. Has it come to this, that the Commonwealth shall be laid hold of, and prostituted for such unholy purposes? All persons concerned in such wicked warfares, deserve to be chastised with the strong arm of the law; and magistrates are not in the line of their duty who will encourage such prosecutions. It was well observed by one of the best Judges that ever presided in this State, that "the Commonwealth was not to be laid hold of to satisfy the selfish ends of a prosecutor, and that a magistrate ought to be cautious how he uses the power vested in him, for if he abuses it, he is answerable."

JUSTICE.

Important from Europe.

The British steamer Arabia, Capt. Judkins, arrived at Jersey City about half past 7 o'clock on Monday morning, having left Liverpool on the 13th inst.

LONDON, Saturday Morning, Aug. 13.—The Morning Post states that despatches from St. Petersburg dated the 5th inst., have been received in Paris, bringing the important intelligence that the Emperor had definitely accepted the proposals submitted to him by the Four Powers.

The formal reply of the Emperor was expected to reach Paris on the 15th inst.

A despatch from Trieste, which appears in the Chronicle of this morning, announces that the Porte had accepted in all its text and without any modifications, the proposals drawn up by the Ambassador at Vienna, and submitted to him for his approval. "This acceptance," adds the despatch, "is made with courtesy."

An extraordinary Ambassador had been appointed to carry to the Czar his acceptance of the proposals, but it is stated that he will not leave for St. Petersburg until the Russian troops evacuate the invaded territory.

CONSTANTINOPLE, July 31.—The Hospodars of Moldavia and Wallachia, who were summoned to proceed immediately to Constantinople, refused to obey. This caused such an effect upon the old Turkish party that serious fears are entertained for the safety of Constantinople, and a revolution is even now believed to be on the eve of breaking out.

In the Liverpool market, cotton, wheat and flour were on the decline.

Cholera was still violent in St. Petersburg, Helsingford, &c.

From CHINA, advices state that the imperial army was preparing to re-take Amoy, but withoutt much chance of success. The insurgent forces were within four days' march from Nankin. Canton had not been attacked. The Insurgents are stated to have beaten tht Imperial fleet from Nankin.

THE YELLOW FEVER AT NATCHEZ—Great Mortality, and Panic, Among the People.—*Natchez, Miss.*, Aug. 20.—The yellow fever has been raging here for several days, and is supposed to have been brought by a vessel from New Orleans. Up to the present time there have been over two hundred deaths, which is an enormous mortality, considering that the population is only five thousand. A large building is provided for a hospital, where the indigent sick are taken. The city authorities have pronounced the disease an epidemic. There is a great excitement among the citizens. Many have already left, and others are leaving constantly.

HAGERSTOWN, Aug. 21.—At Williamsport, Md., the Cholera again made its appearance on Friday last, two ladies died. Funkstown, too, two miles from here, has been visited by the choleratic disease. In the last two weeks some five or six have died.

NEW ORLEANS, Aug. 23.—The whole number of deaths for the forty-eight hours ending at 6 o'clock this morning, was five hundred and fifty-two—four hundred and sixty-nine were of yellow fever. Besides the above fearful mortality, there were thirty deaths of diseases not stated, which will swell the entire deaths during the two days to *nearly six hundred*.

THE CROPS AT THE WEST.—A gentleman who has just returned to New York from a tour to the West, including the northern parts of Ohio, Indiana, Illinois, Michigan, and Wisconsin, represents the crops generally as exceedingly good, and that the yield of grain, hay, &c., would be larger. The western part of Pennsylvania is likewise described as being unusually bountiful in production.

☞ Lumber quotations at Columbia on the Susquehanna, are: For culling, $12, 50; first common, $27 and $28; pannel, $34 and $35; samples $8,50 and $9; grub plank, $8 and $8,50; hemlock, carce—sales at $10 and $11; white pine per M., $51 and $16; laths, $2,25 and $2,50.

☞ A boy was bitten on the ankle by a copper snake at Shrocktown, Virginia; his leg swelled awfully, but he was cured by applying indigo and whiskey to the wound, and drinking plenty of melted hog's lard.

☞ A man named Johnson shot a man in company with his wife, and also his wife, at Middletown, on Monday last. His wife died instantly. The murderer is in Jail in Harrisburg.

☞ TO "THEE" THE NEW COMET, NAMED "*Klinkerfus*," from its discoverer, in June last—Draw an imaginary line from the North Star, passing the outer edge of the Dipper.

☞ A Wilkes-Barre paper states that a gentleman of that town has "presented a splendid pair of horses, at a cost of $600, to....his son."!!!

☞ Our reply to the assumptions of the *Star* on the Division question, is crowded out this week by other original matter.

Division Question.

'The greatest Good of the greatest Number.'

FOR DIVISION.

The Anti-Division Plan.

[From the New Berlin "STAR" of Feb. 1853.]

"Union county is sadly behind the majority of her sister counties, in the BEAUTY AND CONVENIENCE OF HER PUBLIC BUILDINGS. *Some of the citizens of the county feel this very sensible*, and they feel the reflection a very unpleasant one, *painfully galling to their public pride and spirit*, therefore are THEY *determined*, that those buildings shall fall, and another rise in their place that SHALL BE A CREDIT TO THE COUNTY. They have already once exercised their right of petition, asking the Grand Jury to recommend the new building, but this was refused, though the *close vote is encouragement enough to proceed*. By the way, it is somewhat remarkable what marvellous changes sometimes take place, between sunset and sunrise, as well in men's opinions as the weather. But let the Grand Jury at May term prepare to receive a petition, *so numerously signed, and couched in such language*, as WILL COMPEL THEM to report favorably to a NEW COURT HOUSE, and WIPE OUT A FOUL STAIN ON THE FAIR FACE OF THE COUNTY."

☞ All to be paid for by TAXING THE COUNTY. And the *costs* of a new Court-House and Jail will be $40,000 or $50,000—according to the estimates of the *Star*, the *Times*, and Messrs. Wilson, Roshong, Seebold, Swineford, and Schoch, the New Berlin Anti-Division Committee.

The Division Plan.

Since new County buildings must soon be made, the Divisionists propose that the towns having the *benefits* of Courts, &c., shall pay the *first cost*. Their plan is to have County Buildings erected *wholly by private subscription*, without any tax upon the people; ☞ AND IF BUILDINGS ARE NOT SO FURNISHED, THE COUNTY WILL NOT BE DIVIDED.

Whatever the cost may be, must be fully made up, and bona-fide guarantees, to be approved by Judges, Commissioners, and Jurors, must be *first* furnished.

The County Seats in each county to be determined by the BALLOTS of all who are concerned.

Choose between the Plans!

Union County Business,

COURT Proclamation—Whereas the Hon. ADAM S WILSON, President Judge &c. the 20th Judicial District, consisting of the counties of Union and Mifflin, and JACOB WEIRMAN and JAMES MILLER, Esqrs., Judges in Union county, have issued their precept, bearing date the 28th day of May, 1853, and to me directed, for the holding of an Orphans' Court, Court of Common Pleas, Oyer and Terminer, and general quarter Sessions, at NEW BERLIN, for the county of Union, on the second Monday of NINETEEN DAYS, being the 12th day of September next, and to continue two weeks.

NOTICE is therefore hereby given to the Coroner, Justices of the Peace, and Constables in and for the county of Union, to appear in their own proper persons with their Rolls, Records, Inquisitions, Examinations, and other Remembrances, to do those things which of their offices and in their behalf appertain to be done; and all witnesses and other persons prosecuting in behalf of the Commonwealth against any person or persons committed to the jail of said county, are hereby required to be then and there attending, and to depart thence at their peril. Jurors are requested to be punctual in their attendance at the appointed time agreeable to notice.

Given under my hand and seal at the Sheriff's Office in New Berlin, the Building of June in the year of our Lord one thousand eight hundred and fifty-three, and in the seventy-sixth year of the Independence of the United States of America. God save the Commonwealth.

The Road to Health!

HOLLOWAY'S PILLS.

CURE OF A DISORDERED LIVER AND BAD DIGESTION.

Copy of a Letter from Mr. E. H. Kirkus, Chemist, 7, Peter Street, Liverpool, dated 9th June, 1851.

To Professor Holloway, Sir—Your Pills and Ointment have cured the following on our sale list of Proprietary Medicines for some years. A customer, to whom I can refer for any enquiries, desires me to let you know the particulars of her case. She had been troubled for years with a disordered liver, and bad digestion. On the last occasion, however, the violence of the attack was so alarming and the distressing symptoms so severe, that doubts were entertained of her not being able to bear up under it; fortunately she was induced to try your Pills, and she informs me that after the first, and each succeeding dose, she had great relief. She continued to take them, and after she used only three boxes, she is now in the enjoyment of perfect health. I could have sent you many more cases, but the above, from the severity of the attack and the speedy cure, speaks much in favor of your astonishing pills. (Signed) R. W. KIRKUS.

AN EXTRAORDINARY CURE OF RHEUMATIC FEVER, IN VAN DIEMEN'S LAND.

Copy of a Letter from Mr. R. H. Wiseman, Storekeeper, Ross, Van Diemen's Land, to Messrs. Thos. Sutton & Co., Agents for Holloway's Pills, dated 1st March, 1852.

Sir—Having been afflicted for upwards of two years with a severe attack of Rheumatic Fever, which rendered me incapable of attending to my business, and during which time I was under the care of the most eminent medical men in Hobart Town, who considered me incurable, I was induced, at the recommendation of a friend, to try Holloway's Pills, which I am happy to say, have completely restored me to health, after having taken them for a short time. I am now quite free from pain, and can recommend your Pills to all persons afflicted with Rheumatic Fever, as the only remedy that will effect a cure. (Signed) R. H. WISEMAN.
