Wit and Humor.

Irish Landlord and French Fare.

It happened once that a tourist from 'La Belle France,' found his way into the mountain fastness of Connemare, and put up at a small roadside inn, kept by one Paddy O'Donahue. Paddy was not in the habit of entertaining such guests, but with native politeness not to be outdone by that just fresh imported from France, he welcomed the wayfarer, and bowed him to a seat in the little private parlor, back of the kitchen.

Having rested his weary limbs, which were somewhat dislocated by a ride over the rough mountains, in a rude specimen of nature's first attempt at cart making, Monsieur knocked on the table, and quickly Pat appeared at the summons.

"Well, yer honor?"

"Ah, Monsieur Maitre d'Hotel, vil you be so goot as to have me some dinner."

"Ay, then, to be sure I can, yer honor. The divil a house from this to Squire Martin's can give better accommodations to a man and stick. My word is—

Walk in who plazes,
The rest go to blazes.

Whether the the little French tourist exactly comprehended the force of Pat's poetry, it is hard to say at this distance of time; but certain it is, he shrugged his shoulders and looked black enough.

"But may I make bould to ax yer honor, what it is you'd be wantin' for dinner?"

The Frenchman's appetite prompted his natural aptness, and he therefore guessed the purport of Pat's query.

"Any peegeon?"

"Oh, plinty iv them!"

Very vell, *mon ami*, you get me some peegeon for my dinner,"

"Why thin, to be sure, I will, yer honor, and welcome."

Away went the host to obey these foreign orders with a remark louder than thought in his own of—

'Blood an' ounz, an' that's quare taste, sure enough.'

Up came the dinner, and down it went into the secret caverns of French digestion.

Next morning Paddy appeared before his boarder with—

'What 'll yer have for dinner to-day?'

'Ah, my good frien', your peegeon good, fery good indeed, I shall have more peegeon to day, eh?'

On went the week, and each day was the unfirm taste of the epicurean tourist supplied with more peegeon.

Saturday came, and with it came the host.

'What 'll yer honor have for dinner to-morrow, Sunday, you know?'

'Some more peegeon, *mon ami*, very goot.'

'Troth and the divil not another pusheen is left in the parish, barrin yer honor will ate the ould tom cat himself!"

'Cat—Thomas Cat—eh? I said peegeon, my friend.'

'Sure ye did—an' the divil a thing else have I given ye but pusheen!"

'Peegeon that fly, I mean.'

'Well, our pusheen will fly at ye's too, if ye tread on her tail.'

'But you did say something about you eat!' said the trembling Frenchman.

'One eat! Why by the head of Saint Dennis 'tisut one, but six cats, yer honor ate.'

'Eat six cats?—what, me eat six cats? I asked for peegeon,' yelled the petrified Frenchman.

'Well, pusheen is what we call little kittens—wee cats.'

I did mean peegeon with wing and feathers.'

A light gleamed upon the host's knowledge box.

'Oh, be my sowl and conscience, I believe it was pigeons your honor wanted?'

'Out, yes, to besure my friend?'

'Ay, thin, why the divil can't you French people larn to talk plain. Sure, you do ate such quare thing as frogs, snails and rats; bad luck to me if I saw anything strange in yer callin' for little eats.'

'Leetle eats! I have eat one, two, six leetle eats!'

'No doubt iv it.'

The grimace which followed the certainty of this fact, may be more easily imagined than described. The Frenchman quickly packed up and as quickly left a country that knew no difference between eats and pigeons. Whether he ever published his thoughts upon Irish miseries we cannot say, as they were never translated.

When the science of phrenology was first broached by Gall, it met with much ridicule both in prose and verse. A specimen of the latter may be found in the following:

To suck our heads of every shape
Bacon and Shakespeare, ass and ape,
Put in whatever take your pains,
And in the search they are surely right,
For never was a void in nought discovered.
So nought in sound of hearing.

The Louisville Times tells of a newly married coup e who went to Niagara last month on a visit, and while there, the gentleman, in order to convince his *dear* that he was brave as well as gallant, resolved to go down it to the "cave of the winds." She, of course, objected, but finding that he was resolved upon the deed, she very affectionately requested his to *leave his pocket book and watch behind.*

Reading's Patent Corn Sheller,

Capable of shelling 1000 Bushels of Corn per day. For sale by
DAVID LANDRETH,
AT HIS NEW AGRICULTURAL WARE-HOUSE,
No 23 South Sixth Street,
Sole Agent for Philadelphia.

This Sheller, patented in July, 1852, has met with a success unparalleled by any Machine of the kind ever offered to the public. The following certificate (one of a large number received) will give some idea of what people think of it who have used it:

"*Summit Bridge*, Del., Jan. 26, 1853.

This is to certify, that I have had Reading's new Corn Sheller, patented in July last in operation on my farm for part of a day, during which time it shelled rising Seven Hundred Bushels of Corn; and, from what I have seen of its performance, I am satisfied its capacity is fully *One Hundred and Fifty Bushels per hour.* It does not break the Corn, nor are the cobs at all injured for fuel. I greatly prefer it to any other Sheller now in use, and think it will supersede all others now made.
[Jan.] Very Respectfully Yours, Jos. S. WARREN."

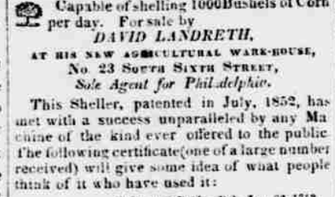
Here is your Remedy!



HOLLOWAY'S OINTMENT

A MOST MIRACULOUS CURE OF BAD LEGS, AFTER 30 YEARS' SUFFERING.

Extract of a Letter from Mr. William Galpin, of 70, Saint Mary's Street, Weymouth, dated May 14th, 1851.

To Professor Holloway.

Sir—About the year 1815 my wife (who is now 61) caught a violent cold, which settled in her legs, and ever since that time they have been more or less sore, and greatly inflamed. Her ankles were distracting, and for months together she was deprived entirely of rest and sleep. Every remedy that medical men advised was tried, without effect; her health suffered severely, and the state of her legs was a sore affair. I had often read your Advertisements, and advised her to try your Pills and Ointment, and as a last resource after every other remedy had proved useless she consented to do so. She continued six weeks ago, and, strange to relate, is now in good health. Her legs are painless, without a sore or mark, and her sleep sound and undisturbed. Could you have witnessed the sufferings of my wife during the last 45 years and contrast them with her present enjoyment of health, you would indeed feel delighted in having been the means of so greatly alleviating the sufferings of a fellow creature. (signed) WILLIAM GALPIN.

A PERSON 70 YEARS OF AGE CURED OF A BAD LEG OF 30 YEARS' STANDING.

Copy of a Letter from Mr. Wm. Abbs, Butcher of Gas Orens, of Rushcage, near Huddersfield, dated May 21st, 1851.

To Professor Holloway.

Sir—I suffered for a period of 30 years from a bad leg, a result of two or three different accidents at Gas Works; accompanied by scorbutic symptoms. I had recourse to a variety of medical advice, without deriving any benefit, and was even told that the leg must be amputated—but, in opposition to that opinion, your Pills and Ointment have effected a complete cure in so short a time that few who had not witnessed it would credit the fact.
(signed) WM. ABBS.

The truth of this statement can be verified by Mr. W. P. England, Chemist, 10, Market street, Huddersfield.

A DESPERATE BAD BREAST CURED IN ONE MONTH.

Extract of a Letter from Mr. Frederick Turner, of Penshurst, Kent, dated December 10th, 1850.

To Professor Holloway,

Dear Sir—My wife had suffered from Bad Breasts more than six months, and during the whole period had the best medical attendance, but all to no use, and having before used an artful sound in my own leg by your unrivalled medicine, I determined a run to use your Pills and Ointment, and therefore gave them a trial in her case, and fortunate it was that I did so, for in a month a cure was effected; and the benefit that various other branches of my family have derived from their use is really astonishing. I now strongly recommend them to all my friends.
(signed) FREDERICK TURNER.

AN INFLAMMATION IN THE SIDE PERFECTLY CURED.

Copy of a Letter from Mr. Francis Arnet, of Brenhouse, Leiden Foot, Felmere, dated April 29th, 1851.

To Professor Holloway,

Sir—For more than 20 years my wife has been subject, from time to time, to attacks of inflammation in the side, for which she was bled and blistered to a great extent; still the pain could not be removed. About four years ago she saw in the papers the wonderful cures effected by your Pills and Ointment, and thought she would give them a trial. To her great astonishment and delight, she got immediate relief from their use, and after persevering for three weeks the pain in her side was perfectly cured, and she has enjoyed the best of health for the last four years.
(signed) FRANCIS ARNOT.

Lightning Rods.

AFTER many years' close investigation and numerous experiments, the Patentee takes pleasure in informing the public that he has arrived at the true principle of protecting families dwellings and property from the destructive influence of LIGHTNING. The calamities that every City, Town, Village and Country falls victim to annually, thro' the gross negligence of its inhabitants, is beyond calculation, especially when the remedy is so easy to obtain—this is found in

ARMITAGE'S
Patent Magnetic Lightning Rods,
and in this alone. This Rod has been examined by the most scientific gentlemen in the world—Professors M'Murtrie, Johnson, Wallor and many others that have examined them, recommend and speak of them in the highest terms of approbation, and have pronounced them the only safe rods in use in this or any other country for the protection of Lives and Property. One advantage is to divide and throw back a part of the electric fluid harmless to the clouds; in time of a stroke this enables the rod to conduct that portion of fluid that belongs to the earth without the slightest danger of leaving the conductor. This rod has many other advantages over the old one. The only place of manufacturing is in

Vine St. 3 doors above 12th, Philadelphia,

where all persons are respectfully invited to call and examine for themselves. For sale Wholesale or Retail by THO'S ARMITAGE.

Orders promptly attended to. Terms cash.

RECOMMENDATIONS.

PHILADA., Aug. 15, 1847.

I have this day carefully inspected a conductor or lightning Rod, with vane and index, erected by Mr. Thomas Armitage, on Bellevue House, Gloucester, and have no hesitation in saying that it is not only the best I have ever seen, but that it is the only one I have yet examined that is constructed on strictly scientific principles. It is with much pleasure that I recommend his conductor to the attention of owners of buildings.
H. McMURTRIE.

I am well satisfied that the Magnetic Lightning Rod, manufactured by Mr. Thomas Armitage, of Philadelphia, is the best that has ever been made. I have spent several years in the study of the laws of electricity and magnetism, and have no hesitation in saying that these Rods are constructed upon the only principle of safety. The electric shock is received and dispersed by the magnet at the top of the rod, and it would be impossible, according to the laws of attraction and repulsion, for a building to be injured by a stroke of lightning when protected by one of these rods. I have been acquainted with Mr. Armitage for several years, and before he commenced the manufacture of these Rods I examined the principle on which they are constructed, and felt convinced that their adoption would be attended with complete success. The increasing demand for these rods, and the extensive sales in all parts of the country, is ample commendation of their utility and superiority. TRACY E. WALLER, M. D.

CHERRY PECTORAL
For the Cure of
COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH, CROUP, ASTHMA, AND CONSUMPTION.

"*And by the river, upon the bank thereof shall grow all trees for meat, whose leaf shall not fade and the fruit thereof shall be for meat and the leaf thereof for medicine.*"

Here was hope for the sick recorded long ago, and every year adds new proof to the assurances that these promises shall not fail.

As medical science discovers and designates the remedies nature has given, one by one the diseases that afflict our race yield to the control of art. Of all the maladies we suffer from, none has carried more victims to an untimely grave than Consumption of the Lungs. Subjoined we give some evidence that this too may be cured, and that Pulmonary Complaints, in all their forms, may be removed by CHERRY PECTORAL.

FOR INFLUENZA AND WHOOPING COUGH.

NASHVILLE, Tenn., June 26, 1852.

Sir—I have repeatedly used your CHERRY PECTORAL for Whooping Cough and Influenza, and have no hesitation in pronouncing it a complete remedy. Four of my children have been afflicted with these diseases, and the free use of the PECTORAL has always afforded almost instant relief. JAMES GLOVER.

$500 CHALLENGE.

WHATEVER concerns the health and happiness of a people, is at all times of the most valuable importance. I take it for granted that every person will do all in their power to save the lives of their children, and that every person will endeavor to promote their own health at all sacrifices. I feel it to be my duty to solemnly assure you that WORMS, according to the opinion of the most celebrated Physicians, are the primary causes of a large majority of diseases to which children and adults are liable. If you have an appetite continually changeable from one kind of food to another, Bad Breath, Pain in the Stomach, Picking at the Nose, Hardness and Fullness of the Belly, Dry Cough, Slow Fever, Pulse Irregular—remember that all these denote WORMS, and you should at once apply the remedy—

HORENSACK'S WORM SYRUP,

An article founded upon scientific principles, compounded with purely vegetable substances, being perfectly safe when taken, and can be given to the most tender infant with decided beneficial effect. Where Bowel Complaint and Diarrhœa have made them weak and debilitated, the tonic properties of my Worm syrup are such, that it stands without an equal in the catalogue of medicines in giving tone and strength to the stomach, which makes it an infallible remedy for those afflicted with *Dyspepsia.* The astonishing cures performed by this Syrup after Physicians have failed, is the best evidence of its superior efficacy over all others.

THE TAPE WORM!

This is the most difficult Worm to destroy of all that infest the human system. It grows to an almost indefinite length, becoming so rotted and festered in the intestines and stomach, effecting the health of the patient so as to cause St. Vitus Dance, Fits, &c., &c., that those afflicted seldom if ever suspect that it is *Tape Worm* hastening them to an early grave. In order to destroy this worm, a very energetic treatment must be pursued; it would therefore be proper to take 6 to 8 of my Liver Pills, so as to remove all obstructions, that the Worm Syrup may act with direct upon the worm, which must be taken in doses of two tablespoonfuls three times a day; these directions followed have never been known to fail in curing the most obstinate case of *Tape Worm.*

HORENSACK'S LIVER PILLS.

No part of the system is more liable to disease than the Liver, it serving as a filterer to purify the blood, or giving the proper secretion to the bile, so that any wrong action of the Liver effects the other important parts of the system, and results variously, in Liver Complaint, the system, and results variously, in Liver Complaint, Jaundice, Dyspepsia, &c. We should, therefore, watch every symptom that might indicate a wrong action of the Liver. These Pills being composed of *Leafs and Plants* furnished by nature to heal like sick, namely, 1st. An *Expectorant*, which augment the secretion from the pulmonary mucous membrane or promotes the discharges of secreted matter. 2d. An *Alterative*, which changes in some inexplicable and insensible manner the certain noxious action of the system. 3d. A *Tonic* which gives tone and strength to the nervous system, restoring health and vigor to all parts of the body. 4th. A *Cathartic* which acts in perfect harmony with the other ingredients, and operating on the bowels, and expelling the whole mass of corrupt and vitiated matter, and purifying the blood, which destroys disease and restores Health.

TO FEMALES.

You will find these Pills an invaluable medicine in many complaints to which you are subject. In obstructions either total or partial, they have been found of inestimable benefit, restoring their functional arrangements to a healthy action, purifying the blood and other fluids so effectually to put to flight all complaints which may arise from female irregularities, as headache, giddiness, dimness of sight, pain in the side, back, &c.

Grain Drills.

THE undersigned wish to inform the farming community generally, that they are now manufacturing

J. P. ROSS' Newly Improved GRAIN DRILLS, or SOWING MACHINE.

Without stopping to discuss the comparative merits of numerous Drills now offered for sale, they merely wish to invite Farmers to call and see the above named article before purchasing elsewhere, feeling confident that they can furnish an article that will give entire satisfaction.

ROSS, GEDDES & MARSH.

Lewisburg Foundry, Aug. 13, 1850.

IT IS A FACT,

ONE self-evident, and worthy of every consideration, that no Miller can make good clean flour without he has good clean wheat. I suppose you wish to know the remedy. I tell you—it is to get one of *Bergstresser's Wheat Scourers*, or Smut Machines. He being an old, practical and experienced Millwright has invented, got up and put in successful operation the best Wheat Scourer now in use. Any person ordering a machine and afterwards finding that it does not prove to operate as represented, there shall be no sale, as these machines are to be warranted good. Further recommendations are thought unnecessary. He is now having a supply made at Lewisburg, by Messrs. Geddes & Marsh. Orders for machines, or letters of inquiry, will be promptly attended to. Machines will be sent and put to all orders. Address
