LEWISBURG CHRONICLE

DECEMBER 2, 1853.

To Business Men.—The LEWISBURG CHRONICLE has considerably the largest circulation of any English newspaper in Union county.

Editorial Correspondence of Lewisburg Chronicle.

PHILADA., Nov. 29, 1853.

Invited to the Quaker City by the persuasive influence of a *salpenna duces tecum*, &c., from her Courts, we arrived here last evening after dark in ten hours from Harrisburg via Columbia in the "slow train," which with a night's watch of three hours for the packet at the Canal basin in Northumberland and the failure to connect with the morning train at the Junction—added to the fact that we got in just as the Court adjourned for a week—did not leave a very vivid impression of speed on the memory. One incident, however, of the voyage will not soon be forgotten, and may we not soon see its like again. Reading of railroad accidents is one thing—participating in them is another—and the difference is considerable. About 1 o'clock, P. M., as the train—four passenger cars, well filled—was bowling along the incessant, snake-like curves, of the Columbia road near Eagle station, 17 miles from the city, a slight shock was felt, then the jolting of the wheels over the cross ties for a few seconds, and—just as the ladies began to scream, and every one expected a precipitous ride not bargained for on the tickets—we suddenly stopped. A long breath of greatful relief, and then all hands turned out in hot haste to reconnoitre. The locomotive, tender, and baggage car, were not in front, and looking back three of the cars were off the track and some of them ploughed deep into the earth and just ready to turn over, and the frightened inmates clambering pell mell out of windows and doors. Hastening around to the lower side, the near sett of axels and wheels of the tender, and the wheels and trucks of the baggage car, were found lying away down in the meadow—having been flung in different directions, doing up some fancy ploughing on their way—and the long baggage car, completely *re-railed*, end for end, lying partly on its top down the declivity—which fortunately was moderate and gradual—and by its position saved the passenger cars. It was on fire from the upsetting of the stove, but the flames were soon extinguished and the imprisoned conductor, State agent, and three passengers who were enjoying their cigars, released from their perilous position, slightly bruised and scorched, but otherwise unhurt. A game cock that was emptied [illegible] timents by flapping his wings and crowing lustily. Finding no bones broken, or lives lost, the party answered chanticleer with a hearty laugh, and all hands cheerfully set to work to repair damages, and start again on our "winding way." The locomotive and balance of the tender had run on around a curve out of sight before the engineer could call a halt. The accident was caused by the breaking of the axle boxes of the tender, and five rods further back, would have hurled us over an embankment 20 feet high. The whole thing was done and over in twenty seconds, and the manner in which heavy bolts and timbers were broken and splintered as if mere wisps of straw, would satisfy any one that people can't help or protect themselves in the least at such times. After a detention of five hours we propelled again, and I was deposited in due time at the Girard House, a palatial edifice of much show and splendor, but not half the substantial comfort of hotels of less pretensions—the "Union" for instance, Arch St., above 3d, Messrs. Webb & Newcomer proprietors, where we are now pleasantly domiciled.

I find Philadelphia has improved vastly in the last six years—and in spite of her old fogy spirit, her prosperity is bound to be permanent and progressive. H. C. U.

Latest News from Europe.

TURKEY'S VICTORY!

The Atlantic reached New York on the 29th Nov.

A hard battle was fought at OLTENITZA on the 1st, 2d and 3d Nov., when 12,000 Russians were defeated with the loss of 8 guns and 1200 men.

One hundred thousand Turks have crossed the Danube.

A more decisive battle was expected, as the Turks and Russians were concentrating their forces under the commands of their ablest Generals.

Thus far, Turkey has not only the good wishes of the world on her side—but she has gained very decided advantages—and has astonished all by the wisdom and strength of her movements.

Hungarians and Polanders are found to afford much aid to the Turks.

Great Britain is stated to be peaceably disposed, while the tone of public feeling in France is decidedly warlike.

CHINA.—Shanghai had fallen into the hands of the insurgents.

INDIA.—The British have more trouble with their Burman and Hindostan possessions. An alliance between Russia and Dost Mohammed against Great Britain, is conjectured.

The Markets not affected by the news.

The New York Tribune.

This journal has an influence in America, similar to that of the London "TIMES," in England—with this exception, that with all its alleged heresies, no one ever charged the "TRIBUNE," with mercenary motives. Pandering to power, and thirsting after popularity, is not one of its sins. Although a believer in the principles which the Whig party has contended for, the Tribune is not the slave of party, and hesitates not to denounce Whig men, and Whig measures, when they are deemed unworthy of support. In short, the "Tribune" is in every respect an INDEPENDENT journal, fawning for no favors, but pursuing boldly and manfully on for what it deems right and beneficent to mankind. It is this quality which gives the Tribune its immense and probably unexcelled circulation. Not that any of its subscribers agree with all its opinions; but all of them—as Rev. Sidney Smith remarked of the XXXIX Articles of the Church of England—are believed by some ones. Its frankness and sincerity—and its profuse expenditures to gather news—have made it what it is, the paper most sought after in America,

The DAILY Tribune is sent by mail at $5. per year, in advance. The SEMI-WEEKLY at $3. per single copy, $5. for two copies, $20 for 10 copies, at one place. The WEEKLY, at $2 per single copy, $5 for 3 copies, $10 for 8 copies, or $20 for 20 copies to one address. When the term paid for has expired, the paper is stopped—an excellent regulation, saving much loss and annoyance to both parties.—*The Athenian.*

What may be had for Three Dollars.

AN EXCELLENT OPPORTUNITY.—Arrangements have been made by which the HOME JOURNAL (which is $2 a year), and the N. Y. MUSICAL WORLD AND TIMES (which is $3 a year), will both be furnished for THREE DOLLARS, to all who subscribe or renew their subscriptions before the first day of January, 1854. These papers are leading journals of their kind. The Home Journal is so well known that any description of it would be superfluous. It is enough to say that, in addition to the articles of its editors (Morris & Willis), it is enriched by the contributions of many of the most brilliant pens now at work on either side of the Atlantic. It is, in brief, a superior FAMILY NEWSPAPERS. The Musical World and Times gives over two hundred pages of choice, new music, annually, which would cost at the stores some thirty dollars; and the editor (Richard Storrs Willis), furnishes the best possible musical instruction and criticisms on music and musicians. It also gives a vast amount of useful and interesting musical information, furnished by Lowell Mason, Thos. Hastings, Root, Bradbury and others, just what teachers, scholars, clergymen, choristers, organists and singers need. while FANNY FERN contributes one of her best original articles every week. Both papers, containing all this literature, music, amusement and instruction, are furnished for the small sum of THREE DOLLARS. Address either MORRIS & WILLIS, Publishers of the *Home Journal*; or DYER & WILLIS, Publishers of the *Musical World and Times*, New-York.

☞ The Supreme Court have recently decided that Shares of Bank Stock are not subject to taxation for county purposes. We are requested to state that this decision having been made recently upon a law passed last winter, the Commissioners cannot exonerate the Stocks this year; but that when the next assessment is made—which will be very soon—they will be relieved of the county tax.—*New Berlin Star.*

Meeting of the Soldiers of 1812.

In pursuance of public notice, a meeting of surviving members who served in the war of 1812, in the counties of Northumberland, Union, Montour, Columbia, and Lycoming, was held at the public house of Capt. John M. Huff, on Tuesday the 22d Nov. 1853. On motion of William Cameron, Esq., the meeting was organized by appointing Col. Daniel Follmer, as Chairman, and John R. Eck, Secretary. The following gentleman were appointed a committee to draft a preamble and resolutions, viz: Hon. James Pollock, Col. Jas. Cameron, Col. Dean, Thomas Butler, and John M'Kinney, who after retiring a short time, reported through their Chairman, the following: [Before they were read, Judge Pollock made a few appropriate remarks, showing by his speech in Congress, Jan. 26, 1847, on the Bill granting Bounty Lands to Soldiers, that he advocated at that time the same rights they are now asking.]

Whereas, the United States on the—day of June, A. D. 1812, in consequence of the repeated wrongs and insults of Great Britain, declared war against the haughty and overbearing power, and appealed to the patriotism of the people to sustain and vindicate her rights; and whereas, in answer to this appeal, the citizens of old Northumberland county, whose territory then embraced the present counties of Union, Montour, and Columbia, at the first sound of war volunteered their services to redress their country's wrongs, early enlisted in the ranks of their countrymen and marched to the seat of war, prepared to drive back the invaders of our soil or perish in the attempt; and whereas, many of our volunteers and militia during the period of their service suffered many and great privations, and were compelled in many instances to sustain their own expenses; and whereas, these expenses have never been re-imbursed by our Government—nor has any adequate compensation in land or money been granted to those who left the comforts of home, and endured the privations of military service in the defence of their country; and whereas, we have full confidence in the justice and magnanimity, as well as the ability of our country, at this time, to grant the boon too long denied—therefore

Resolved, That we, surviving officers and soldiers, who served in the war of 1812, from the counties of Northumberland, Lycoming, Union, Montour, and Columbia, in common with our fellow soldiers who were in that war, from other portions of the Commonwealth, will unite in all laudable and honorable efforts to procure from Congress the passage of a law granting to the officers and soldiers of the war of 1812 who now survive, and to the widows and children of those who have died, such compensation and relief in the premises as shall be [illegible] to the Government and her citizen soldiers.

Resolved, That prompt and immediate provision for the payment of all back pay and dues of any kind to the soldiers of the war of 1812, should be made by Congress; and further, that 160 acres of land should be granted to the officers of that war, whether volunteer, militia, or regulars, who were received into the military service of their country and honorably discharged, without reference to the period of their services.

Resolved, That one person from each of the counties of Northumberland, Lycoming, Union, Columbia and Montour be appointed to represent this meeting and the counties above named at the meeting of the officers and soldiers called to be held in Philadelphia on the 8th of January, 1854.

The following gentlemen were chosen as delegates to said Convention; Wm. Nesbit, Northumberland; Capt. Ner Middlesworth, Union; Henry Wormly, Lycoming; and Robert Clark, Columbia.

The Committe have full power to substitute others, in case they can not attend.

HOW TO GROW RICH.—A man who is very rich now, was very poor when he was a boy. When asked how he got his riches he replied, "My father taught me never to play till my work was finished, and never to spend my money until I earned it."

The Southern papers announce the death of Jno. R. Remington, at Galveston, Texas, on the 18th ult., of yellow fever. Mr. Remington was well known as the inventor of the "Remington Bridge," and many other new branches of mechanical industry.

☞ Maj. John Cummings is re-appointed Cargo inspector at Columbia.

PREMIUM ON BABIES.—We find in the papers the following: At the late Georgia State Fair a premium of a silver cup was offered for the best looking native baby, and it was taken by a "promising" daughter of Robert Glover. Next year the premium for the same article will be $50. The competition will be brisk, and we may soon expect an improved stock.

The Road to Health!

HOLLOWAY'S PILLS.

CURE OF A DISORDERED LIVER AND BAD DIGESTION

Copy of a Letter from Mr. R. W. Kuehn, Chemist, 7, Prescot Street, Liverpool, dated 6th June, 1853.

To Professor Holloway, Sir—Your Pills and Ointment have stood the highest on our sale list of Proprietary Medicines for some years. A customer, to whom I can refer for any enquiries, desires me to let you know the particulars of her case. She had been troubled for years with a disordered liver, and bad digestion. On the last occasion, however, the virulence of the attack was so alarming and the inflamation set in so severely, that doubts were entertained of her not being able to bear up under it; fortunately she was induced to try your Pills, and she informs me that after the first, and each succeeding dose, she had great relief. She continued to take them, and although she used only three Boxes, she is now in the enjoyment of perfect health. I could have sent you many more cases, but the above, from the severity of the attack and the speedy cure, speaks much in favor of your astounding Pills. (signed) R. W. KIRKE.

AN EXTRAORDINARY CURE OF RHEUMATIC FEVER, IN VAN DIEMEN'S LAND.

Copy of a Letter inserted in the Hobart Town Courier of the 1st March, 1851, by Major J. Welsh.

Margaret M'Donnigan, nineteen years of age, residing at New Town, had been suffering from a violent rheumatic fever, for upwards of two months, which had entirely deprived her of the use of her limbs; during this period, she was under the care of the most eminent medical men in Hobart Town, and by them her case was considered hopeless. A friend prevailed upon her to try Holloway's celebrated Pills, which she consented to do, and in an incredible short space of time they effected a perfect cure.

CURE OF A PAIN AND TIGHTNESS IN THE CHEST AND STOMACH OF A PERSON 84 YEARS OF AGE.

From Messrs. Thom & Son, Proprietors of the Lynn Advertiser, who can vouch for the following statement.

To Professor Holloway. August 24, 1851.

SIR—I desire to bear testimony to the good effects of Holloway's Pills. For some years I suffered severely from a pain and tightness in the stomach, which was also accompanied by a shortness of breath, that prevented me from walking about. I am 84 years of age, and notwithstanding my advanced state of life, the Pills have so relieved me, that I am desirous that others should be made acquainted with their virtues. I am now rendered, by their means, comparatively active, and can take exercise without inconvenience or pain, which I could not do before. HENRY COX, North street, Lynn, Norfolk.

WONDERFUL EFFICACY OF HOLLOWAY'S PILLS IN CASES OF DROPSY.
