LEWISBURG CHRONICLE & WEST BRANCH FARMER.

The following gentlemen have been and there appears to be no ablement of in-LIVIZETAR SURDIJELZ chosen Directors of the Sunbury & Erie tcrest in the meetings.

JANUARY 13, 1854.

To Business Men. - The Lawiness Consults has and leading the largest association of any English surprises in Union county.

Congages.-Hon. Brookins Campbell, Whig Member H. R., from Tennossee, died at home since the opening of Congress, leaving a wife and child. His age was about 40. He served with distinction in the Mexican war.

And on the 9th inst., Henry A. Muhlenburg, a Democratic Member of the House from Pennsylvania, died at the residence of Senator Brodhead, in Washington City, after a few week's illuess, of typhoid fever, also leaving a wife and child. The name and acryices of the ancestors of this much lamented man, are household words in this State. He was only a little over 30 years of sge, and a man of more than common promise.

Another Start.

The Conneils of Philadelphia City, on Saturday night last, perfected the longtalked of autscribiun of Two Millions of Dollars to the Sunbury & Erie Railroad, pendent of all corporate subscriptions) be subscribed by responsible persons ; and also conditioned that all the money from all the subscriptions be expended WEST or WILLIAMSIONT. (We have not the copy of the terms at band, but state them from memory)

We rejoice that the friends of the road deem this movement so hopeful. It is a State work-of unparalleled importance to the North-Western section-and would work, in connection with the Susquebanas Railroad, advantageously to both.

May the Road soon be begun at Willismsport, and advance, section by section. (using it as fast as the rails are laid) until the iron horse shall reach the only Pennsylvania harbor on Erie-thus completing the shortest and best route between the Seaboard and the Lakes!

What means-if any-are provided to finish the link between Sunbury and Milton, (the Cattawissa company constructing from Milton to Williamsport,) we are not advised.

State of our Railroad.

We were present at Harrisburg on the day of the meeting of the Stockholders of the Susquehanna Railroad, Monday last, and from the verbal, and written Reports of the Chief Engineer, made out the following statement of the progress of the

Temperance Meeting.

At a meeting of the Temperance Society, on Teesday evening, 10th inst., in the Bap- Philadelphia. tist Church, an address was delivered by the Rev. Hayhurst, of this place.

He avowed himself at the outset, a temperance man in principle and practice, and a friend to all good measures for the supession of rum-in a word a Maine Law man. He then proceeded to adduce the testimony of medical men, mechanic's, and others of general observation and piety, to show that intemperance destroys life-desolates the homes and hearts of its victims,

prostrates the intellect and perverts the morals of men; and that the declaration of the Judge, though strong was yet true, that conditioned that Two Millions more (inde- over the door of every rum shop this inscription should be written-" The way to

The speaker concluded by asking two pertinent questions, 1st, who are responsible ? Answer, Those principally who sell. 2nd. Can ohurch members consistently in any way sanction the evil? The answer to this he left with the consciences of his hearers. Intion was adopted.

It being the first meeting of the Society in the present year, Mr. Ross tendered his resignation as President of the Society.

Ou motion Dr. Malcom was elected President for the ensuing year. On motendered Mr. Ross for his zeal and fidelity. President Malcom before adjourning the meeting, made a few striking and pointed remarks. He said that the temperance movement had three great obstacles to overcome, 1st, the enormity of the evil. 2nd, the interests of a large class of men engaged in it, and 3d, the pressions of men. He hoped, however, by the blessing of God
