LEWISBURG CHRONICLE & WEST BRANCH FARMER.

[Selected for the Chronicle.]

COME AND I'LL GIVE YOU REST.

When storms of sorrow darken
My soul with earthly ill,
When dearest ties are broken
By death's unflinching will,
Then steal o'er mem'ry, cheering
My soul with sweet behest,
These words of tend'rest feeling,
"Come and I'll give you rest."

When thoughts come sadly o'er me
Of tender ones long dead,
So kind and truly lovely,
Ere transient life had fled,
Methinks their voices ringing
So sweetly with the blest,
In heaven's high anthem singing,
"Come and I'll give you rest."

When my pulse is slowly beating,
Nor long on earth I stay,
But like the flowers fleeting
I soon must pass away.
Then, O my Savior hear me,
And take me to the blest,
Still let those dear words cheer me,
"Come and I'll give you rest."

A Singing School in Suckerdom.

[An Illinois gentleman furnishes his friend in Union county with a sketch of a singing exercise, worthy of Chronicling, as follows:]

A few nights ago, I attended a singing school, a few miles from this place. It was a fac simile, in its way, of a western debating society. I took a back seat in the synagogue, (front seats reserved for ladies and singers.) As a mark by which to be distinguished from common folks, the teacher kept his hat on until the services had fairly commenced; and by way of "livenin' the exercises," he interrupted the "axecution" with numerous bursts of oratory, the "product of his own master application!" It was the second time the class had met, and he was putting them through on the "ruddymens," with variations in the following style:

"Feller citizens of the community, and members of my class! In larnin' to sing the science of music, it is permanently necessary to larn to discover the music of sounds, and, secondly, to become perfect in the melodious unison of the many harmonious voices which will blend the music of their melody in the sacred sprains that shall emancipate from the consecrated frestoed(!) walls of this school-house institution. Yes, feller citizens, to contain all this vast amount of constitutional larnin', it is necessary, yea, we are bound by the respect we have for the people of the community, whose hearts we are now making glad by our vocabular spains, and for the love we feel, yea, verily, enjoy! for these fair, rosy-cheeked, blooming, bucky [buxom] lassis! I repeat, it is necessary, we are bound! to practice—ah—a-hem!—*knowin' pieces*, so as to contain all this afore-mentioned constitutional knowledge of larnin' to sing the science of music—and for the above afore-mentioned object we will sing and practyze from that very knowin' *hime* which commences in the following language:

"Oh that will be joyful."

Now, feller citizens, I want you, I desire you to sing this soul-expiring song with true pheelinks of devotion and psyty, which, when once done, you will have larnt the inexcusable science of larnin' to sing the science of music. Take the note—all together—do, sol, do—sing!

"Oh, that'll be choyful, choyful, choyful!
To meet to part no more,
On Caiman's happy shore!"

Good! (Claps his hands.) Now, in the language of the conspired book-keeper, the biz is bruck! You can now turn to the hime recorded on — page, na-med Boylton [Boylston.] Sing with the understandin'!—do, sol, do!"

This is a *verbatim* of his harangue, as near as I can recollect it. He made the class sing several camp-meeting hymns to perfect their pronunciation.

Convention of Soldiers of 1812.

The National Convention of the surviving Soldiers of the War of 1812, met in accordance with previous notice, in Old Independence Hall, Philadelphia, on Monday the 9th inst., at 12 o'clock M. The Convention was organized by the appointment of Hon. Joel B. Sutherland, as President, with twenty three Vice Presidents and ten Secretaries.

There were several hundred Delegates in attendance, representing nearly every section of the Union.

The President returned thanks for the honor conferred upon him and after some remarks appropriate to the occasion, read a series of able and spirited resolutions which were considered and unanimously adopted.

The Convention then adjourned to meet at the Chinese Museum, at 6 o'clock in the evening. Here the meeting was highly interesting, several speeches were made, and resolutions adopted in favor of a grant for 160 acres of land to *all* who served any time in 1812 or 15, and to institute a National Society, similar to the Cincinnati, to comprise the Soldiers of the War of 1812, when the Convention adjourned *sine die*.

SUDDEN DEATH.—J. B. Vashon, long known as the most wealthy and influential colored man in Pittsburg, died suddenly of apoplexy, on Thursday evening, the 29th ult. He had served in the war of 1812, and was about to attend the convention of its soldiers which meet this week in Philadelphia. He was sitting waiting at the depot for the cars to start, when some one near observed him falling, caught him and found him dead. His son was admitted to the New York Bar, and is a man of fine talents.

Reading's Patent Corn Sheller,

Capable of shelling 1000 Bushels of Corn per day. For sale by
DAVID LANDRETH,
AT HIS NEW AGRICULTURAL WARE-HOUSE,
No. 23 South Sixth Street,
Sole Agent for Philadelphia.

This Sheller, patented in July, 1852, has met with a success unparalleled by any Machine of the kind ever offered to the public. The following certificate (one of a large number received) will give some idea of what people think of it who have used it:

[illegible] Jan 26, 1852.

This is to certify, that I have had Reading's new Corn Sheller, patented in July last in operation on my farm for part of a few, during which time it shelled rising seven Hundred Bushels of Corn, and from what I have seen of its performance, I am satisfied its capacity is Fifty Bushels per hour. It does not break the Corn, nor are the cobs at all injured for feed. I give it to me for it to use other sheller now in use, and think it will supersede all with its new made.
Yours, Respectfully Yours, Jos. S. Warner."

Here is your Remedy!

HOLLOWAY'S OINTMENT

A MOST MIRACULOUS CURE OF BAD LEGS, AFTER 45 YEARS' SUFFERING.

Extract of a Letter from Mr. William Gregson, of 70, Saint Mary's-street, Weymouth, dated May 14th, 1851.

To Professor Holloway.

Sir—At the age of 71 my wife (who is now 81) caught a violent cold, which settled in her legs, and ever since that time they have been more or less sore, and greatly inflamed. Her sufferings were distressing, and for months together was worse perfect sleepless, tired and sleepless. Every remedy that medical men advised was tried, without effect; her health suffered severely, and the state of her legs was terrible. I had often read your advertisements, and resolved to try your Pills and Ointment, and as a last resource after every other remedy had proved useless she consented to do so. She commenced six weeks ago, and, strange to relate, is now in good health. Her legs are painless, without sense of heat, and her sleep sound and undisturbed. Could you have witnessed the sufferings of my wife during the last 45 years, and contrasted the same with her present enjoyment of health, you would indeed feel delighted in having been the means of so greatly alleviating the sufferings of a fellow creature. (signed) WILLIAM GALLIN.

A PERSON 70 YEARS OF AGE CURED OF A BAD LEG OF 30 YEARS STANDING.

Copy of a Letter from Mr. Wm. Allen, Builder of this Grove, to Professor Holloway, dated Weymouth, dated May 21st, 1851.

To Professor Holloway.

Sir—I have suffered for a period of 30 years from a bad leg, the result of two of those different accidents of which we are constantly hearing, attended with violent inflammatory symptoms. I had recourse to a variety of medical advice, without deriving any benefit, and was even told that the leg must be amputated—such an operation I (and my friends) would not consent to. I was effected a complete cure in so short a time that few who had not witnessed it would credit the fact.
(signed) WM. ALLEN.

The truth of this statement can be verified by Mr. W. P. England, Chemist, 16, Market street, Hammersmith.

A DISTINGUISHED CLERGYMAN CURED IN ONE MONTH.

Extract of a Letter from Mr. Frederick Turner, of Pontefract, dated December 15th, 1850.

To Professor Holloway.

Sir—He will had suffered from Bad Breasts more than seven months and thirty, the whole period had the best medical advice that all to no use, and having before perused an account of a cure effected in my neighbourhood by your Pills and Ointment, and their high value them is fatal in her case, and fortunate it was that I did so, for in a month a cure was perfected, and the breast first various other branches of my family have derived from their use is really astonishing. I now strongly recommend them to all my friends.
(signed) FREDERICK TURNER.

AN INFLAMMATION IN THE SIDE EFFECTUALLY CURED.

Copy of a Letter from Mr. Francis Arnot, of Rockhouse, Lasswade Road, Dalkeith, dated April 29th, 1851.

To Professor Holloway.

Sir—For more than 20 years my wife has been subject, from time to time, to attacks of inflammation in the side, for which she was kept confined to bed for a great while, and the pain could not be removed. About four years ago she was to the process the wonderful cure effected by your Pills and Ointment, and thought she would give them a trial. To her great astonishment and delight, she got immediate relief from the very use, and after persevering for three weeks, the pain was perfectly cured, and she has enjoyed the best of health for the last four years.
(signed) FRANCIS ARNOT.

The Pills should be used conjointly with the Ointment in most of the following cases:

Lightning Rods.

AFTER many years' close investigation and numerous experiments, the Patentee takes pleasure in informing the public that he has arrived at the true principle of protecting families, dwellings and property from the destructive influence of LIGHTNING. The calamities that every City, Town, Village and Country falls victim to annually, thro' the gross negligence of its inhabitants, is beyond calculation, especially when the remedy is so easy to obtain—this is found in

ARMITAGE'S
Patent Magnetic Lightning Rods,

and to this alone This Rod has been examined by the most scientific gentlemen in the world—Professors M'Murtrie, Johnson, Wallor and many others that have examined them, recommend and speak of them in the highest terms of approbation, and have pronounced them the only safe rods in use in this or any other country for the protection of Lives and Property. One advantage is to divide and throw back a part of the electric fluid harmless to the clouds; in time of a stroke this enables the rod to conduct that portion of fluid that belongs to the earth without the slightest danger of leaving the conductor. This rod has many other advantages over the old one. The only place of manufacturing is in

Vine St. 3 doors above 12th, Philadelphia,

where all persons are respectfully invited to call and examine for themselves. For sale Wholesale or Retail by THO'S ARMITAGE.

Orders promptly attended to. Terms cash.

These rods have been purchased and successfully used by the following individuals, companies and corporations, whose names are cheerfully submitted:

RECOMMENDATIONS.

PHILADA., Aug. 12, 1847.

I have this day carefully inspected a conductor or Lightning Rod, with vane and index, erected by Mr. Thomas Armitage, on Bellevue House, Gloucester, and have no hesitation in saying that it is not only the best I have ever seen, but that it is the only one I have yet examined that is constructed on strictly scientific principles. It is with much pleasure that I recommend his conductor to the attention of owners of buildings.
R. M'MURTRIE.

I am well satisfied that the Magnetic Lightning Rod, manufactured by Mr. Thomas Armitage, of Philadelphia, is the best that has ever been made. I have spent several years in the study of the laws of electricity and magnetism, and have no hesitation in saying that these Rods are constructed upon the only principle of safety. The electric shock is received and dispersed by the magnet at the top of the rod, and it would be impossible, according to the laws of attraction and repulsion, for a building to be injured by a stroke of lightning when protected by one of these rods. I have been acquainted with Mr. Armitage for several years, and before he commenced the manufacture of these rods I examined the principles on which they are constructed, and felt convinced that their adoption would be attended with complete success. The increasing demand for these rods, and the extensive sales in all parts of the country, is ample commendation of their utility and superiority. THACY E. WALLER, M. D.

"I DIGEST." Such is the true meaning of the word PEPSIN. It is the chief element, or Great Digesting Principle of the Gastric Juice—the *Solvent of the Food*, the whole *Purifying Preserving*, and *Stimulating Agent* of the Stomach and Intestines. It is received from the Digestive Stomach of the Ox, thus Existing a TRUE DIGESTIVE FLUID, precisely like the natural Gastric Juice in its Chemical powers, and furnishing a COMPLETE and PERFECT SUBSTITUTE for it.

This is NATURE'S OWN REMEDY for an unhealthy Stomach. Nearly all men can exist its curative powers. It contains no ALCOHOL, BITTERS, ACIDS, or NAUSEOUS DRUGS. It is extremely agreeable to the taste, and may be taken by the most feeble patients who can not take a water cracker without acute distress. Beware of DRUGGED IMITATIONS. Pepsin is NOT A DRUG.

CHERRY PECTORAL
For the Cure of
COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH, CROUP, ASTHMA, AND CONSUMPTION.

"And by the river, upon the same, there of shall grow all trees for meat, whose leaf shall not fade and the fruit thereof shall be for meat and the leaf thereof for medicine."

Here was hope for the sick recorded long ago, and every year adds new proof to the assurances that these promises shall not fail.

As medical science discovers and designates the remedies nature has given, one by one the diseases that afflict our race yield to the control of art. Of all the maladies we suffer from, none has carried more victims to an untimely grave than Consumption of the Lungs. Subjoined we give some evidence that this too may be cured, and that Pulmonary Complaints, in all their forms, may be removed by CHERRY PECTORAL.

FOR INFLUENZA AND WHOOPING COUGH.

NASHVILLE, Tenn., June 20, 1852.

SIR—I have repeatedly used your CHERRY PECTORAL for Whooping Cough and Influenza, and have no hesitation in pronouncing it a most effectual remedy. Four of my children have been afflicted with this distressing disease, and the free use of the PECTORAL has always afforded almost instant relief. JAMES GLOVER.

PITTSBURG, Pa., Feb. 25, 1851.

Dear Sir—For three years I have been afflicted with a cough, so distressing that I frequently despaired of recovery; much of the time I was obliged to sit up all night in my chair, as my cough would suffocate me when I laid down. Having used many remedies without much relief, I at last tried the CHERRY PECTORAL, which under Providence has cured me altogether. I am with gratitude Yours, JAMES M'CANDLESS.

$500 CHALLENGE.

WHATEVER concerns the health and happiness of a people, is at all times of the most valuable importance. I take it for granted that every person will do all in their power to save the lives of their children, and that every person will endeavor to promote their own health at all sacrifices. I feel it to be my duty to solemnly assure you that WORMS, according to the opinion of the most celebrated Physicians, are the primary causes of a large majority of diseases to which children and adults are liable. If you have an appetite continually changeable from one kind of food to another, Bad Breath, Pain in the Stomach, Picking at the Nose, Hardness and Fullness of the Belly, Dry Cough, Slow Fever, Pulse Irregular—remember that all these denote WORMS, and you should at once apply the remedy—

HORNEBACK'S WORM SYRUP.

An article founded upon scientific principles, compounded with purely vegetable substances, being perfectly safe when taken, and can be given to the most tender infant with decided beneficial effect. Where Bowel Complaint and Diarrhœa have made them weak and debilitated, the tonic properties of my Worm Syrup are such, that it stands without an equal in the catalogue of medicines in giving tone and strength to the stomach, which makes it an infallible remedy for those afflicted with *Dyspepsia*. The astonishing cures performed by this Syrup after Physicians have failed, is the best evidence of its superior efficacy over all others.

THE TAPE WORM!

This is the most difficult Worm to destroy of all that infest the human system. It grows to an almost indefinite length, becoming so coiled and fastened in the intestines and stomach, effecting the health so easily as to cause St. Vitus Dance, Fits, &c., that those afflicted seldom if ever suspect that it is Tape Worm living upon them to an early grave. In order to destroy this worm, it must be entirely expelled or it must be pursued; it would therefore be proper to take 6 to 8 of my Liver Pills, so as to remove all obstructions, that the Worm Syrup may act direct upon the worm, which must be taken in doses of two tablespoonfuls three times a day; these directions followed have never been known to fail ignoring the most obstinate case of the Worm.

HORNEBACK'S LIVER PILLS.

No part of the system is more liable to disease than the Liver; it secretes as a filterer to purify the blood, or give the proper secretion to the bile; so that any wrong action of the liver affects the other important parts of the system, and results variously, in Liver Complaint, Jaundice, Dyspepsia, &c. We should, therefore, watch every symptom that might arise, and at once set in action my Liver Pills being composed of *Roots and Herbs*, furnished by nature to heal the sick, namely, 1st, An *Expectorant*, which augment the secretion from the pulmonary mucous membranes or promotes the discharge of retarded matter. 2nd An *Alterative*, which changes in some intelligible and insensible manner the certain morbid portion of the blood or system. 3rd A *Tonic* which gives tone and strength to the nervous system, renewing health and vigor to all parts of the body. 4th A *Cathartic* which acts in perfect harmony with the other ingredients, and operating on the bowels, and expelling the whole mass of corrupt and vitiated matter, and purifying the blood, which destroys disease and restores health.

TO FEMALES.

You will find these Pills an invaluable medicine in many complaints to which you are subject. In some of those either total or partial, they have been found of the most beneficial service, restoring their functional arrangements to a healthy action, purifying the blood and other fluids so effectually to put to flight all complaints which may arise from Lassitude, irregularities, as headache, dizziness, dimness of sight, pain in the side, back, &c.

None genuine unless signed J. N. HORNEBACK, and others being base imitation.

Lewisburg Foundry, Aug. 13, 1850.

IT IS A FACT,

ONE self-evident, and worthy of every consideration, that no Miller can make good clean flour without he has good clean wheat. I suppose you wish to know the remedy. I tell you—it is to get one of *Bergstresser's Wheat Scourers*, or Smut Machines. He being an old, practical and experienced Millwright has invented, got up and put in successful operation the best Wheat Scourer now in use. Any person ordering a machine and afterwards finding that it does not prove to operate as represented, there shall be no sale, as these machines are to be warranted good. Further recommendations are thought unnecessary. He is now having a supply made at Lewisburg, by Messrs. Geddes & Marsh. Orders for machines, or letters of inquiry, will be promptly attended to. Machines will be sent and put to all orders. Address
