The Whigs of Union countr are reques to meet at the Court House in New Perlin, at I. P.M., of Monday the 13th of February next, for the purpose of appointing Senatorial Conferens to meet Conferens from Juniora and Mil fin counties, who are to elect a Senatorial Delegate to the Whig State Convention; also resentative Delegate to the said Convention. To the Whigs of Union County.

The Ster and Vollesfrenood have call for a second Whig meeting, to be held on Tuesday of Court week. It is signed "By the Standing Committee : GRo. MERRILL, Ch'n.

As undisputed Secretary of that Committee, we state that Mr. Merrill is not its Chairman. Col. Wagenseller was fairly chosen its permanent Chairman, by a quorum of the Committee, called together by Mr. Merrill, the temporary chairman named by the county convention. All parlismentary laws confirm the natural rights of Committees to select their own personnent officers. No meeting of that Committee has since been called through its Officers, and Mr. Merrill has no authority to make an appointment for the Committee.

Nebraska Territory.

In 1820-after a period of freezied excitement on the Slavery question, Missouri. States by France, was admitted into the Union as a slave State, under the following it appeared in the Chronicle.

"Sverios 8 Re it further enacted to the United States under the name of Louisiana, which lies north of 36° 30 North latitude, and not included within the limits of the State contemplated by this act, slavery or involuntary servitude, otherwise than as a punishment for crime, shall be and is hereby forever prohibited."

inapplicable, shall have the some force and effect within the said Territory as elsewhere in the United States. Except the eighth section of the act preparatory to the almission of Missouri into the Union, approved March 6, 1820, which was superceded by the principles of the legislation of 1859, commonly called the Compromise

measures, and is declared inoperative." Mr. Donglas made an exciting speech in support of the bill, and was followed. in opposition, by Senator Chase, of Ohio, who proved to a demonstration, from the record, that the allegation of the bill, and the premises on which Mr. Douglas based his arguments were without foundation in fact. The Missouri compromise applied to the territory acquired from France, and the compromise of 1850 applied to the territory acquired from Mexico; and the latter instead of "superseding" the former, recognizes and sustains it in express terms. Mr. Douglas afterwards offered an amendmen', declaring the compromise of '20 " inconsistent with" the compromise of '50. -It is supposed the bill will be amended so as to repeal the Missouri compromise in direct terms, and will so pass the Senate In the House the prospect of its passage is not so good, as it will be mixed up with the land distribution and the Pacific railroad. There is a disposition to burry it through before the mass of the people have bad an opportunity to speak out on the subject. It is said the bill will have the votes of the Pennsylvania Senators and every Democratice Member of Congress from this State, except one. Imposing meetings of remonstrance bave been held in this State and in New York, Ohio and lives have been without stain or repreach? Missouri-and the Legislature of R. The feeling in this vicinity is one of strong and decided hostility to the bill, and we have yet to find a single individual of any party to approve of it.
