"THE LAND OF SCHOOLS."—The little State of Rhode Island is noted for her excellent schools, but she gets some very curious representatives of the land of schools into her legislature. Recently, when the "old State debt," which, by the way, is a standing theme for every legislature, was under discussion, one of the members, a Mr. Titus, said:

"These claims against the State originated *away back in futurity, before any of us were born!*" It need hardly be said that time the House was, as Yellowplush would say, "convulsed with laffure." That "the Legislature that sot in ——," [naming the place and time,] "would not recognize the claim," have also the views on this subject of "our fathers, who *now sleep in heaven?* your father, Mr. Speaker, among them." And farther along in the same speech, he alluded quite energetically to Dr Richmond's notion that certain estates had been "*confisticated!*"

This reminds us of a speech of Mr. Hazard, of that State, against the Maine Law, two years ago, in which he said, "These ere Sons of Temperance was going about the State turning things upside down, and getting in favor with the womain."

ECONOMY IN WIVES.—A young married woman, who has not had the opportunity of profiting by the advice and example of a good mother, will find some difficulty at first in spending her money to the best advantage; for there is really an art in spending money, though it is getting rid of it. Some women will keep house respectably and plentifully on one-third less money than will be required by others, or without either meanness of illiberal dealing. But to this, judgment, fore-thought, and experience are necessary. One woman shall be able to tell you how much her housekeeping costs to a shilling, while another can not guess within ten. The former has method, rule, regularity, and a certain sum assigned to her; with the latter it is all hap-hazard—it comes and it goes, she neither knows how nor cares. And this is almost sure to be the case, if the *money* is toled out by her husband in a few shillings at a time.

Our Editorial Friends of the Hollidaysburg *Standard* and Lebanon *Courier* have been experimenting in the pork business—that is, raising their own pork—and the result is a saving "over the left" of from 2 to 8 cents per pound. We ventured upon a similar experiment last year, and came out about square, without counting the trouble. Guess, upon the whole, it is better to buy dead hogs than raise live ones, leastways this was the conclusion we have arrived at.—*Reading Journal.*

Our experience 'persisely.' We never tried pork-raising but once, and then one "went dead again" a week or two before killing time, and the other *constantly* exhausted our swill tub, but obstinately refused to fatten up at all. Wherefore we 'cultivate' no more swine on our own hook. It penetrates too deeply into our finances and feelings.—ED. CHRON.

TRADE AND SLAVERY.—The Memphis Whig rejoices that a new trade is opened between Nashville and Memphis, by which the latter place is supplied with flour from the former, instead of receiving its breadstuffs from Cincinnati. One of the chief reasons given by the Whig, for preferring to eat bread made of Nashville flour, is that the citizens of Cincinnati "are disposed and will tamper with our rights and institutions, merely because they do not think as we do."

The Memphis people may eat their pancakes with a better relish, now that their flour is bought of those who will not "tamper with their institutions."

BABY EXHIBITION.—The Committee of the Southern Central Agricultural Association, have been authorized to offer the following premiums to be awarded at the next Fair in Augusta:

1st premium, silver pitcher, $50, for the handsomest and finest babe, 2 years old.

2d premium, silver pitcher, $25, for the handsomest and finest babe, 1 year old.

3d premium, silver goblet, $10, for the handsomest and finest babe, 6 months old.

The children to be clothed in domestic fabrics; the premiums awarded under the direction of the Executive Committee.

☞The finishing touch to a marriage ceremony, performed by a divine of the exquisite school, was up to all modern refinements. When he had thrown the chain of hymen around the happy couple, he concluded by saying, "I pronounce you husband and lady."!! The audience stuffed their handkerchiefs into their mouths, and got out the room as quickly as possible to take breath.

Gen. Houston, in his lecture at Providence on Tuesday evening, said, "From early boyhood I have lived on the borders of civilization, and have seen much of Indian life and character; and never knew an Indian treaty violated but what, when sifted to its bottom, it was found that its first violators were the white men."

"FIVE YEARS BEFORE THE MAST."—We are glad to learn the first edition of this work, by J. A. Hazen, Esq., of Muncy Creek township, this county, is nearly exhausted, and that owing to the ready sale of the book, a second edition will be put to press immediately.—*Muncy Luminary.*

Reading's Patent Corn Sheller,

Capable of shelling 1000 Bushels of Corn per day. For sale by

DAVID LANDRETH,

AT HIS NEW AGRICULTURAL WARE-HOUSE,
No. 23 SOUTH SIXTH STREET,
Sole Agent for Philadelphia.

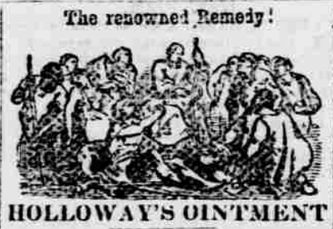
This Sheller, patented in July, 1852, has met with a success unparalleled by any Machine of the kind ever offered to the public. The following certificate (one of a large number received) will give some idea of what people think of it who have used it:

"*Summit Bridge*, Del., Jan. 26, 1853.

This is to certify, that I have had Reading's new Corn Sheller, patented in July last in operation on my farm for part of a day, during which time it shelled rising Seven Hundred Bushels of Corn; and from what I have seen of its performance, I am satisfied its capacity is fully One *Hundred and fifty Bushels per hour.* It does not break the Corn, nor are the cobs at all injured for fuel. I greatly prefer it to any other Sheller now in use, and think it will supersede all others now made.

Very Respectfully yours, JOS. S. WARREN."

The renowned Remedy!



HOLLOWAY'S OINTMENT

This extraordinary Ungment is composed of the most healing Balsams, and when used in accordance with the directions which accompany each pot, will insure cures when all other means fail. Cases of the most desperate Skin diseases readily yield to its efficacy. It is famous when used in cases of Gout, Rheumatism, Contracted or Stiff Joints. In Asthmas it will do wonders if rubbed into the Chest.

Most astonishing Cure of Scrofulous Ulcers, certified by the Mayor of Boston, (Eng.)

Copy of a Letter from J. Noble, Esq., Mayor of Boston, Lincolnshire.

To PROFESSOR HOLLOWAY—Dear Sir: Mrs. Sarah Dixon of Liquorpond street, Boston, has this day deposed before me that for a considerable period she was severely afflicted with scrofulous sores and ulcers in her arms, feet, legs, and other parts of her body; and although the first of medical advice was obtained, at the cost of a large sum of money, she obtained no abatement of suffering, but gradually grew worse.

Being recommended by a friend to try your Ointment, she procured a small pot, and a box of the Pills, and before that was all used, symptoms of amendment appeared. By persevering with the medicines for a short time longer according to the directions, and strictly adhering to your rules as to diet, &c., she was perfectly cured, and now enjoys the best of health.

I remain, dear sir,
Dated Aug. 12, 1853. (signed) J. NOBLE.

Extraordinary and rapid Cure of Erysipelas in the Leg, after medical aid had failed.

Letter from Mrs. Elizabeth Yeates, of the Post Office, Aldwick Road, near Bognor, Sussex, dated Jan. 12, 1853.

To Professor Holloway—sir: I suffered for a considerable period from a severe attack of Erysipelas, which at length settled in my leg, and resisted all medical treatment. My sufferings were very great, and I quite despaired of any permanent amendment, when I was advised to have recourse to your Ointment and Pills. I did so without delay, and am happy to say the result was eminently successful, for they effected a radical cure of my leg and restored me to the enjoyment of health. I shall ever speak with the utmost confidence of your medicines, and have recommended them to others in this neighborhood similarly afflicted, who derived great benefit.

I am, sir, your obliged and faithful servant,
(signed) ELIZABETH YEATES.

The Pills should be used conjointly with the Ointment in most of the following cases:

Bad Legs	Chilblains	Fistulas	Sore Throats
Bad Breasts	Chapped	Gout	Skin Diseases
Burns	Hands	Glandular	Scurvy
Bunions	Corns (soft)	Swellings	Sore Heads
Bites of Mos-	Cancers	Lumbago	Tumors
chetoes and	Contracted	Piles	Ulcers
Sand-Flies	and Stiff	Rheumatism	Wounds
Coco-Bay	Joints	Scalds	Yaws
Chigoe-foot	Elephantiasis	Sore Nipples	&c. &c.

Sold at the Establishment of Professor HOLLOWAY, 244, Strand, (near Temple Bar, London), and also at his house in New York. Orders for Medicines in the States, addressed "*Professor Holloway, New York*" will receive due attention. Sold also by all respectable Druggists and dealers in Medicines throughout the United States, in Pots at 37½ cts., 87 cts. and $1.75 each. Wholesale by the principal Drug houses in the Union.

☞ *There is a considerable saving by taking the larger sizes.*

Lightning Rods.

AFTER many years' close investigation and numerous experiments, the Patentee takes pleasure in informing the public that he has arrived at the true principle of protecting families, dwellings and property from the destructive influence of LIGHTNING. The calamities that every City, Town, Village and Country falls victim to annually, thro' the gross negligence of its inhabitants, is beyond calculation, especially when the remedy is so easy to obtain—this is found in

ARMITAGE'S
Patent Magnetic Lightning Rods,

and in this alone. This Rod has been examined by the most scientific gentlemen in the world—Professors M'Murtrie, Johnson, Wallor and many others that have examined them, recommend and speak of them in the highest terms of approbation, and have pronounced them the only safe rods in use in this or any other country for the protection of Lives and Property. One advantage is to divide and throw back a part of the electric fluid harmless to the clouds; in time of a stroke this enables the rod to conduct that portion of fluid that belongs to the earth without the slightest danger of leaving the conductor. This rod has many other advantages over the old one. The only place of manufacturing is in

Vine St. 3 doors above 12th, Philadelphia,

where all persons are respectfully invited to call and examine for themselves. For sale Wholesale or Retail by THO'S ARMITAGE.

Orders promptly attended to. Terms cash.

These rods have been purchased and successfully used by the following individuals, companies and corporations, whose names are cheerfully submitted:

RECOMMENDATIONS.

PHILADA., Aug. 13, 1847.

I have this day carefully inspected a conductor or Lightning Rod, with vane and index, erected by Mr. Thomas Armitage, on Bellevue House, Gloucester, and have no hesitation in saying that it is not only the best I have ever seen, but that it is the only one I have yet examined that is constructed on strictly scientific principles. It is with much pleasure that I recommend his conductor to the attention of owners of buildings.

H. M'MURTRIE.

I am well satisfied that the Magnetic Lightning Rod, manufactured by Mr. Thomas Armitage, of Philadelphia, is the best that has ever been made. I have spent several years in the study of the laws of electricity and magnetism, and have no hesitation in saying that these Rods are constructed upon the only principle of safety. The electric shock is received and dispersed by the magnet at the top of the rod, and it would be impossible, according to the laws of attraction and repulsion, for a building to be injured by a stroke of lightning when protected by one of these rods. I have been acquainted with Mr. Armitage for several years, and before he commenced the manufacture of these rods I examined the principle on which they are constructed, and felt convinced that their adoption would be attended with complete success. The increasing demand for these rods, and the extensive sales in all parts of the country, is ample commendation of their utility and superiority. TRACY E. WALLER, M. D.

CHERRY PECTORAL
For the Cure of
COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH, CROUP, ASTHMA, AND CONSUMPTION.

"And by the river, upon the bank thereof shall grow all trees for meat, whose leaf shall not fade, and the fruit thereof shall be for meat and the leaf thereof for medicine."

Here was hope for the sick recorded long ago, and every year adds new proof to the assurances that these promises shall not fail.

As medical science discovers and designates the remedies nature has given, one by one the diseases that afflict our race yield to the control of art. Of all the maladies we suffer from, none has carried more victims to an untimely grave than Consumption of the Lungs. Subjoined we give some evidence that this too may be cured, and that Pulmonary Complaints, in all their forms, may be removed by CHERRY PECTORAL.

FOR INFLUENZA AND WHOOPING COUGH.

NASHVILLE, Tenn., June 26, 1852.

SIR—I have repeatedly used your CHERRY PECTORAL for Whooping Cough and Influenza, and have no hesitation in pronouncing it a complete remedy. Four of my children have been afflicted with the disease, and the free use of the PECTORAL has always afforded almost instant relief. JAMES GLOVER.

We attest the truth of the above statement:
M. MCINTY, Editor of the Nashville Whig.
J. M. ZIMMERMAN, Druggist.

FOR A CONSUMPTIVE COUGH.

PITTSBURGH, Pa., Feb. 25, 1851.

DEAR SIR—For three years I have been afflicted with a cough, so distressing that I frequently despaired of recovery; much of the time I was obliged to sit up all night in my chair, as my cough would suffocate me when I laid down. Having used many remedies without much relief, I at last tried the CHERRY PECTORAL, which under Providence has cured me altogether. I am with gratitude
Yours, JAMES M'CANDLESS.

Among the other distinguished authorities who have lent their names to recommend this preparation as the best known to them for the relief of the lungs, are—

Pres. PERKINS, of Vermont Med. College.
Prof. SILLIMAN, of Yale College.
Prof. VALENTINE MOTT, of New York.

IT IS A FACT,

ONE self-evident, and worthy of every consideration, that no Miller can make good clean flour without he has good clean wheat. I suppose you wish to know the remedy. I tell you—it is to get one of *Bergstresser's Wheat Scourers,* or Smut Machines. He being an old, practical and experienced Millwright has invented, got up and put in successful operation the best Wheat Scourer now in use. Any person ordering a machine and afterwards finding that it does not prove to operate as represented, there shall be no sale, as these machines are to be warranted good. Further recommendations are thought unnecessary. He is now having a supply made at Lewisburg, by Messrs. Geddes & Marsh. Orders for machines, or letters of inquiry, will be promptly attended to. Machines will be sent and put to all orders. Address
