little distance-it was Carlo's bark ! Nearer and nearer it came; then I heard steps coming fast through the crackling brushwood ; then little Carlo sprang out of the dark into the firelight, and leaped upon me, licking my hands with joy. He was followed by one of my elder brothers, and my mother ! To her I ran. I dared not look in her eyes, but hid my face in her bosom, sobbing out, "O mother, forgive me !" She pressed me to her heart, and kissed me very tenderly, and when she did so, I felt the tears on her dear checks.

I need hardly say that I never again undertook to make an Onondaga squaw of myself, though my mother always held that I was dark enough to be one, and I sup- Hats from Panama down to a levy chip. pose the world would still bear her out in her opinion."

While she was still a school girl, her parents removed to the city of Rochester, where she enjoyed the excellent educational advantages of that place, and gained her first experincee of the social life to which she has remained enthusiastically attached. Writing several years after, Grace pays a feeling tribute to the temporary residence of her early years.

"Rochester," she says, " was for some years my well-beloved home ; here it was that I spent my few school-days ; received my trifle of book knowledge; for much learning has never made me "mad" or "blue." It was here that woman's life first opened upon me; not as a romance, not as a fairy dream, not as a golden heritage of beauty and of pleasure; but as a sphere of labor, and care and endurance ; an existence of many efforts and few successes, of eager and great aspirations, and slow and partial realizationsr. Life has thus far been to me severely earnest, profoundly real, and my days of romantic pleasures and ideal visions are yet to Come 's

In 1843, she removed, with her parents, to New Brighton, Pa., where she has resided, until her recent marriage, although spending a very considerable portion of her time in Washington, Philadelphia, and other eastern cities, besides taking a trip to Europe. Soon after her removal to All persons indebted to said estate will please New Brighton, she commenced her career make immediate payments, and those baving claims against the same will present them daly the signature of "Grace Greenwood," were contributed to the New York Mirror, then under the editorial care of George P. Morris and N. P. Willis.

RECOMMENDATIONS.

RECOMMENDATIONS. FINLEDA., Aug. 13, 1847. I have this day carefully inspected a comfuctor or Lightning Rod, with vane and index, erceted by Mr. Thomas Armitage, on Relevue House, Gloucester, and have no hesitation in axying that it is not only the best I have ever seen, but that it is the only one I have yet examined that is constructed on strictly scientific princi-ples. It is with much pleasure that I recommend his conductor to the attention of owners of buildings. I. an wall asticfied that the With Worker of Participans.

I. McMURTRIE. I. McMURTRIE. I am well satisfied that the Magnetic Lightning Rod, manufactured by Mr. Thomas Armitage, of Philadelphia, is the best that has ver been made. I have spent setteral years in the study of the laws of electricity and magnet-law, and have no hexistic in arying that these Rods are constructed upon the only principle of safety. The electric shock is received and dispersed by the magnet at the top of the rod, and it would be impossible, according to the injured by a stroke of tightning when protected by ens of these rods. I have been acquainted with Mr. Armitage for several years, and be for he commenced the manufac-ture of these rods I examined the principle on which they are constructed, and foll convinced that their adoption would be attended with complete success. The increasing demand for these rods, and the extensive calls in all parts of the country, is ample commendation of their stility and exercisery. The Section 2005 and the extensive calls in all parts of the country, is ample commendation of their stility and exercisery. f the country, is ample commendation of uperiority. TRACY E.
