many Years' duration.

Copy of a Latter from Mr. Gomis, Chemit, Teori, 2 Professor Holloway.

Dear Sir.—In this district your Pilis command a more extensive sale than any other proprietary medicine before the public. As a proof of their efficacy in Liver and Bilines Complaints I may mention the following case. A lady of this town with whom I am personally aspunited, for years was a severe sufferer from disease of the Liver and Digestive organs; her merical strendard secured her than he could do nothing to resieve her sufferings, and it was not likely she could survive many months. This amnouncement naturally caused great sherm among her friends and relations, and they induced her to make a trial of your Pilis, which so improved her general health that she was induced to continue them until she received a perfect cure. This is twelve months ago, and she has not experienced any symptoms of relapse, and often declares that your Pilis have been the means of saving her life.
