The Patriarchal Patriot.

The following inventory of the estate of the great WASHINGTON, reminds one of the wealth of Abraham and Job:

"His estate at Mount Vernon alone was computed, in 1787, to consist of nine thousand acres of land, of which enough was in cultivation to produce, in a single year, ten thousand bushels of corn, and seven thousand bushels of wheat. In a succeeding year, he raised two hundred lambs, sowed twenty-seven bushels of flax-seed, and planted seven hundred bushels of potatoes."

In the following incident we have an admirable example of his public spirit. How few are willing to forego their own interest rather than injure others!

"He desisted, it is said, from planting tobacco, which was then extensively raised in Virginia, for the purpose of setting an example, by employing his extensive means in the introduction and fostering of such articles of domestic use and necessity as would ultimately tend to the best advantage of his country. His domestics, at the same time, were industriously employed in manufacturing woollen cloth and linen in sufficient quantities to clothe his numerous household, which numbered nearly one thousand persons!"

The Ploughman.

The following line, from 'Gray's Elegy in a Country Church-yard,"

"The ploughman homeward plods his weary way."

has been found to admit of the eleven following transpositions, without destroying the rhyme or altering the sense:

The weary ploughman plods his homeward way,
The weary ploughman homeward plods his way,
The ploughman, weary, plods his homeward way,
The ploughman, weary, homeward plods his way,
Weary the ploughman plods his homeward way,
Weary the ploughman homeward plods his way,
Homeward the ploughman plods his weary way,
Homeward the weary ploughman plods his way,
Homeward the ploughman, weary, plods his way,
The homeward ploughman weary plods his way,
The homeward ploughman plods his weary way.

A VETO.—Governor Seymour, of New York, has vetoed the Prohibitory Liquor Law passed by a large majority of both Houses of the Legislature of that State. He sent in his veto message on the 31st ult., and objects to the law on the ground of unconstitutionality: 1st—Because it authorizes unreasonable searches; 2d—Because it authorizes the forfeiture and destruction of property without due process of law; and finally, on account of the unreasonableness of a prohibitory law generally. An attempt to carry the bill by a two-thirds vote, failed in the Senate.

The people of Erie City have endorsed the course of their officials in their recent tribulations, by re-electing them with great unanimity. Alfred King for Mayor had only 18 votes against him.

A COUNTRY **Dollar Paper!**

Since the *Chronicle* came into our hands, we have clothed it in new type, at a cost of $300 or $400—Office rent has nearly doubled—Printing paper has advanced 20 or 25 per cent.—The number of workmen employed is larger—Farmers' produce is raised in price generally.....but our terms have not been advanced. Thus, while our *patronage* has increased, our *profits* have not.

☞A reasonable inference from these premises is, that WE MUST RAISE OUR RATES OF CHARGES, or *our readers* must obtain an increase of PATRONAGE. The papers above us on the West Branch, and some on the North Branch and elsewhere, have raised their charges. We choose to wait—one year longer—at the old rates, trusting that we may be favored with such an increase of Subscribers, Advertising, and Job Work, as may enable us to keep on at our old rates.

In almost every neighborhood, within 20 miles around Lewisburg, additional patrons might readily be obtained.

We send out weekly 98 papers in *single wrappers*. To print, fold, envelope, and direct singly, 52 times a year, affords but a small profit indeed. If each one now getting a paper alone will get one or more new subscribers to join him, the larger packages will go more safely, and afford us better compensation.

One Dollar a Year—*Two Cents a Week*—(and no postage in Union county,) is all the paper will cost to any old subscriber who will obtain *one* or more *new* ones, and send the Cash for all ($1 each) in advance. This offer is for ONE YEAR ONLY. With such a chance, no Housekeeper, no Young Man, should be without the Chronicle.

☞We ask all who approve the course of our paper, to aid it by getting one or more subscribers.☜

HOLLOWAY'S OINTMENT

This extraordinary Unguent is composed of the most healing Balsams, and when used in accordance with the directions which accompany each pot, will insure cures when all other means fail. Cases of the most desperate skin diseases readily yield to its efficacy. It is famous when used in cases of Gout, Rheumatism, Contracted or Stiff Joints. In Asthma it will do wonders if rubbed into the Chest.

Most astonishing Cure of Scrofulous Ulcers, certified by the Mayor of Boston, (Eng.)

Copy of a Letter from J. Noble, Esq., Mayor of Boston, Lincolnshire.

To PROFESSOR HOLLOWAY.—Dear Sir: Mrs. Sarah Dixon of Liquorpond street, Boston, has this day deposed before me that for a considerable period she was severely afflicted with scrofulous sores and ulcers in her arms, feet, legs, and other parts of her body; and although the first of medical advice was obtained, at the cost of a large sum of money, she obtained no abatement of suffering, but gradually grew worse.

Being recommended by a friend to try your Ointment, she procured a small pot, and a box of the Pills, and before that was all used symptoms of amendment appeared. By persevering with the medicines for a short time longer according to the directions, and strictly adhering to your rules as to diet, &c., she was perfectly cured, and now enjoys the best of health.

I remain, dear sir,
Dated Aug. 12, 1853. (signed) J. NOBLE.

Extraordinary and rapid Cure of Erysipelas in the Leg, after medical aid had failed.

Letter from Mrs. Elizabeth Yeates, of the Post Office, Aldwick Road, near Bognor, Sussex, dated Jan. 12, 1853.

To PROFESSOR HOLLOWAY.—Sir: I suffered for a considerable period from a severe attack of Erysipelas, which at length settled in my leg, and resisted all medical treatment. My sufferings were very great, and I quite despaired of any permanent amendment, when I was advised to have recourse to your Ointment and Pills. I did so without delay, and am happy to say the result was eminently successful, for they effected a radical cure of my leg and restored me to the enjoyment of health. I shall ever speak with the utmost confidence of your medicines, and have recommended them to others in this neighborhood similarly afflicted, who derived great benefit.

I am, sir, your obliged and faithful servant,
(signed) ELIZABETH YEATES.

Lightning Rods.

AFTER many years' close investigation and numerous experiments, the Patentee takes pleasure in informing the public that he has arrived at the true principle of protecting families, dwellings and property from the destructive influence of LIGHTNING. The calamities that every City, Town, Village and Country falls victim to annually, thro' the gross negligence of its inhabitants, is beyond calculation, especially when the remedy is so easy to obtain—this is found in

ARMITAGE'S
Patent Magnetic Lightning Rods,
and in this alone. This Rod has been examined by the most scientific gentlemen in the world—Professors M'Murtrie, Johnson, Wallor and many others that have examined them, recommend and speak of them in the highest terms of approbation, and have pronounced them the only safe rods in use in this or any other country for the protection of Lives and Property. One advantage is to divide and throw back a part of the electric fluid harmless to the clouds; in time of a stroke this enables the rod to conduct that portion of fluid that belongs to the earth without the slightest danger of leaving the conductor. This rod has many other advantages over the old one. The only place of manufacturing is in

Vine St. 3 doors above 12th, Philadelphia,

where all persons are respectfully invited to call and examine for themselves. For sale Wholesale or Retail by THO'S ARMITAGE.
Orders promptly attended to. Terms cash.

RECOMMENDATIONS.

PHILADA., Aug. 13, 1847.

I have this day carefully inspected a conductor or Lightning Rod, with vane and index, erected by Mr. Thomas Armitage, on Bellevue House, Gloucester, and have no hesitation in saying that it is not only the best I have ever seen, but that it is the only one I have yet examined that is constructed on strictly scientific principles. It is with much pleasure that I recommend his conductor to the attention of owners of buildings.

R. McMURTRIE.

I am well satisfied that the Magnetic Lightning Rod, manufactured by Mr. Thomas Armitage, of Philadelphia, is the best that has ever been made. I have spent several years in the study of the laws of electricity and magnetism, and have no hesitation in saying that these Rods are constructed upon the only principle of safety. The electric shock is received and dispersed by the magnet at the top of the rod, and it would be impossible, according to the laws of attraction and repulsion, for a building to be injured by a stroke of lightning when protected by one of these rods. I have been acquainted with Mr. Armitage for several years, and before he commenced the manufacture of these rods I examined the principle on which they are constructed, and felt convinced that their adoption would be attended with complete success. The increasing demand for these rods, and the extensive sales in all parts of the country, is ample consumendation of their utility and superiority. TRACY E. WALLER, M. D.

CHERRY PECTORAL
For the Cure of
COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH, CROUP, ASTHMA, AND CONSUMPTION.

"And by the river, upon the bank thereof shall grow all trees for meat, whose leaf shall not fade and the fruit thereof shall be for meat and the leaf thereof for medicine."

Here was hope for the sick recorded long ago, and every year adds new proof to the assurances that these promises shall not fail.

As medical science discovers and designates the remedies nature has given, one by one the diseases that afflict our race yield to the control of art. Of all the maladies we suffer from, none has carried more victims to an untimely grave than Consumption of the Lungs. Subjoined we give some evidence that this too may be cured, and that Pulmonary Complaints, in all their forms, may be removed by CHERRY PECTORAL.

FOR INFLUENZA AND WHOOPING COUGH.

NASHVILLE, Tenn., June 26, 1852.

SIR—I have repeatedly used your CHERRY PECTORAL for Whooping Cough and Influenza, and have no hesitation in pronouncing it the best remedy of. Four of my children have been afflicted with these diseases, and the free use of the PECTORAL has always afforded almost instant relief. JAMES GLOVER.

We attest the truth of the above statement:

PITTSBURG, Pa., Feb. 25, 1851.

Dear Sir—For three years I have been afflicted with a cough, so distressing that I frequently despaired of recovery; much of the time I was obliged to sit up all night in my chair, as my cough would suffocate me when I laid down. Having used many remedies without much relief, I at last tried the CHERRY PECTORAL, which under Providence has cured me altogether. I am with gratitude Yours, JAMES M'CANDLESS.

The acknowledged and extraordinary curative powers of these wonderful inventions is now so generally known and their sales and reputation through out the whole country so extensive, that it would seem unnecessary to urge their merits further. Recent late circumstances have occurred which render it a matter of duty to the public not to be altogether silent, for while the ephemeral nostrums of the day are trumpeted by columns through the Press are swallowed by quarts and gallons by the afflicted, and are found just good *for nothing.*

Christie's Galvanic and Magnetic Curatives,
have been quietly working their way among the most intelligent and respectable classes, and are constantly achieving cures in an alarming train of diseases, which have for ages baffled all the art of medicine and all the resources of Science. These diseases are called

NERVOUS COMPLAINTS,

and in these diseases medicine is of no avail what ever. It never does good and it often does harm. Syrups, Extracts, Balms, Balsams, Elixirs, Bitters, Pills, Powders and Potions of every kind are alike worthless, for they weaken the vital energies of the already prostrated system, while under the strengthening life-giving, vitalizing influence of Galvanism, as applied by this beautiful discovery, the exhausted patient and weakened sufferer is restored to former health, strength, elasticity and vigor.

These remarks relate to such diseases as NEURALGIA, TIC DOLOREUX, BRONCHITIS, PALPITATION OF THE HEART, WEAKNESS, and all FEMALE DISORDERS, such as NERVOUS HEADACHE, LASSITUDE and DESPONDENCY, which are only other names for Nervous Derangement; EPILEPTIC FITS and CONVULSIONS, which are now known to result from a non-equilibrium of Electric influence; NERVOUS TREMORS, DEAFNESS, which is nearly always caused by a paralysis of the Auditory Nerves, and can always be perfectly cured by Galvanism, when the organ is not destroyed; DYSPEPSIA in its worst forms; FALSE and PARALYSIS, uniformly caused by a deficiency of Nervous influence; CHRONIC RHEUMATISM, TORPIDITY of the LIVER, PAIN in the SIDE, SLUGGISH CIRCULATION, SPINAL and HIP COMPLAINTS, DEFICIENCY of NERVOUS and PHYSICAL ENERGY, and all those distressing complaints resulting from a DERANGEMENT of the NERVOUS SYSTEM.

In the above prevalent and terrible class of diseases—Nervous Complaints are much more numerous than is generally imagined—

CHRISTIE'S GALVANIC CURATIVES,
Are an Absolute and Positive Specific.

The BELT is used when the body or system generally is affected; the NECKLACE for complaints of the Throat, as Asthma and Bronchitis, and of the Head; and the BRACELETS for all disorders of the arms or limbs, as Rheumatism, Palsy, Tremors and Spasmodic affections. These articles are simply applied as directed with the MAGNETIC FLUID which accompanies them, and when faithfully used they NEVER FAIL!

☞The great peculiarity and excellence of the GALVANIC CURATIVES consists in the fact that they arrest and cure disease by *outward application*, in place of the usual method of Drugging and Physicking the patient till exhausted nature sinks hopelessly under the infliction. *They strengthen the whole system, equalize the circulation of the Blood, promote the secretions, invigorate the entire energies, and can never do the slightest harm under any circumstances.*

Since their introduction in the United States, only three years since, more than
