FRIDAY MORNING, APRIL 21, 1854

ADVERTIZE!—Manufacturers, Merchants, Public Officers, in City and Country, Mechanics, Executors, Administrators, Operators—all who wish to procure or dispose of anything—would do well to give notice of the same through the "*Lewisburg Chronicle.*" This paper has a large and increasing circulation in a community containing as large a proportion of active, solvent producers, consumers, and dealers, as any in the State.

☞ **See New Advertisements.**

☞Illness of pressman, and in family of Publisher, has delayed this paper two days.

☞The Division contest we hope will soon be over—for this year at least.

☞The proceedings of the Brush Valley Railroad Meeting arrived too late for this week.

☞We are informed that ALF. HOWARD (the "*American Ole Bull*)" intends making a professional visit to Lewisburg in a short time.

☞The bill to charter the Susquehanna and Juniata Railroad Company—SELINSGROVE TO LEWISTOWN—has passed the Legislature.

☞Mr. Slifer, from the Legislative Committee of Conference, has reported a proposition to submit the Liquor Law to the popular vote.

☞Bill Nebraska is not so very unpopular, after all—he has "carried" (with a little Democratic assistance) Trenton.... and nothing else...a'ready!

☞The State Senate insisted upon $10,000,000 as the lowest price for the Main Line of the Public Works—the House have concurred—and the Bill has gone to the Governor. Whether he will stand to his own Message, or yield, is now to be seen.

☞The untimely storm of the first of the week prevented the attendance not only of the Trustees of the University at Lewisburg from Philadelphia, but also (as we suppose) of the New York gentlemen who expected to attend the Railroad meeting at Hartleton.

☞The large Steam Furniture Factory recently erected by Messrs. M'Combs, Cornelius & Co, Nashville, Tennessee, was entirely destroyed by fire on the 13th inst. It was a splendid four storey establishment, and the individual loss of Wm. R. Cornelius (late of Lewisburg) is about $10,000. They will re-build at once.

☞By all accounts, some 400 or 500 resolute men pushed through the mud to the Railroad meeting at Hartleton, and were well repaid for the sacrifice. The proceedings were spirited, and we hope to hear of many additions to the handsome subscriptions already made by those most interested.

THE DIVISION BILL.—On Friday of last week, Mr. Eldred of Clinton Co., called up the Snyder County Bill. But the "orders of the day" were demanded, which took the precedence.

On Saturday, Mr. Porter of Allegheny moved to set apart the Division bills for a special order—lost, 25 to 43.

It is evident, from the manner in which the opponents of Division use every advantage to postpone the Bill, that their great hope is in preventing any action upon it.

☞The snow deposited by the northeast storm reaching from Friday to Tuesday last, was of unprecedented depth for the season. We hear of 22 inches at Millheim, 3 feet on the Lycoming mountains, 18 inches at Richmond, Va., and 2 feet in many directions. The birds had poor picking, and many of them sought shelter where they never had before—in houses, barns, &c. A little daughter of T. Schuck, Williamsport, was so crushed by the sliding of snow from a roof on Tuesday, that her leg was broken. Railway and other communications, were of course interrupted.

☞The Exhibition of the Academic Classes, and of the Junior Collegiate Class, of the University at Lewisburg, on Friday, Monday and Tuesday evenings last, were of decided interest, and evinced a high standard of cultivation. Notwithstanding the unpleasant and almost impracticable traveling, they were attended by large numbers of citizens.

We dislike invidious comparisons, and deem even judicious praise of young men in these exercises as often of injurious tendency. Yet we can not forbear to add, that Prof. Walker's class in Elocution—mostly new beginners—spoke in a manner which reflects much credit upon their instructor. Their themes were good, and they expressed thoughts exactly as if they really felt their force and importance.

☞The Democrats of Philadelphia have nominated Richard Vaux for Mayor, Wm. L. Hirst for Solicitor, Wm. Badger for Comtroller, and George C. Leidy for City Commissioner. These nominations were made by a direct vote of the party. (Mr. Vaux is the Anti-Post Office and Anti-Custom-House candidate.)

The Whigs have nominated Robert T. Conrad for Mayor, and Isaac Hazelhurst for City Solicitor

The Gadsden treaty with Mexico, it is rumored, is more than likely to be rejected in the United States Senate, or so materially amended that its identity with the original draft will be a hard thing to establish.

JAMES QUINN was to-day executed, at Wilkes-Barre, for the murder of his paramour, Mahala Wiggins, on board a canal boat at Nanticoke in July last.

He met his fate with perfect hardness.

[Reported for the Chronicle.]

Baltimore Markets,

Reported by CARR, GIESE & CO., *Commission Merchants, Baltimore.*

TUESDAY, April 18—P. M.

There is an improvement in flour and grain over the prices of yesterday. Sales of Superfine flour, $8,12 and $8,15, with sales for future delivery at $8. Wheat is scarce, and may be quoted at $2 for White and $1,95 for Red. Rye $1,05. Corn 80 a 81. Oats 50. The offerings were small to-day of all ginds of grain. Lumber continues in good demand at previous quotations.

A regular "North Easter," accompanied with snow, prevailed here during Sunday and yesterday. The streets were almost deserted, there being very little disposition to "turn out" in such weather. Large numbers of small birds, seeking refuge from the pitiless storm, found their way into the midst of the city; to day, however, the snow is fast disappearing, with a fair prospect of spring again.

Proclamation to the Citizens of

Mifflinburg and Vicinity.

Fulvermacher's Hydro-Electric Voltaic Chains,

CONSTRUCTED to be worn next to the skin, poducing a constant current of electro magnetism, effecting *immediate relief from all acute pains*, and a

Permanent Cure of all Neuralgic Diseases.

PULVERMACHER'S ELECTRIC CHAINS

Were first used in France three years since for the cure of nervous diseases, and after being submitted to the most thorough trial in every hospital in Paris by the most learned Professors in that city, they were recommended to the Government of France, which granted a patent for the discovery. During the year 2500 of them were introduced in Germany, Austria, Prussia and England, and one year since introduced and patented by the U. S. Government.

Most astonishing cures of

Rheumatism, St. Vitus' Dance,
Painful and Swelled Joints, Palpitation of the Heart,
Neuralgia of the Face, Periodical Headache
Deafness, Blindness, Pains from Indigestion,
Hysterics, Dyspepsia, Electric Pains,

Every Disease, called Nervous,

is quickly and rapidly cured, by simply wearing the Chain for a few hours each day.

The Chains were first introduced in the city of New York, where they were exhibited to Profs. Valentine Mott, Van Buren, Post, Carmochan, who readily discovered that they possessed

Strange and Singular Powers of

INSTANTLY RELIEVING PAINS,

whenever applied, and by their recommendation and influence they were introduced into the different hospitals of New York, and are now in daily use in those Institutions in the treatment of the cure of the above named diseases.

No Other Medical Agent

in the world can produce so many well authenticated certificates of cure from Scientific Physicians and Intelligent Patients as may be found in each pamphlet, which may be obtained (gratis) at the Drug Store of Two. S. Cather, who is sole agent for Mifflinburg and vicinity, and who will explain the manner of use to any one who may apply.

In the city of New York, at the General Office, 568 Broadway, there are daily being sold from 40 to 60 chains and the sale and demand in Boston is as great in proportion to the population, although they have only been introduced three months.

The Chains are entirely worn, and are equally applicable to all classes of persons—the child as well as the adult, and are always ready for use—never get out of repair, and as much an article of ornament as they are of a valuable means of cure.

The Chains can be sent by mail to any part of the U. States, and can be obtained in all the principal cities in the Union. Physicians are requested to examine them.

CARD TO LADIES.—Ladies who are *enceinte* are requested not to use them only for a few moments at each time of applying, for by long continued use, miscarriage is frequently produced.
