Old Folks' Concert.

That was not a bad notion of the Yankees of York State and New England, last winter, when the past-middle-age and old people met together of afternoons to sing good old-fashion songs and hymns in good old-fashioned style. They were no doubt joyous gatherings, and the ringing of old songs was the echo of old joys.

In many things, this generation is no doubt a-head of its fathers; but it is very doubtful whether they of old did not sing with more soul, more melody, more power, than any of the "Professor" Tidrei's and "Madame" Falsettos of modern times.

The *Hartford Courant* publishes a fine poem written by Mrs. SIGOURNEY for one of these festivals, recently held with much gratification in that city. We extract a few lines:

Though, perchance, the modern school,
Nurtured 'neath Italian skies,
View with scorn the simple rule
Of those quaint old melodies;
Yet devotion deep and grave
Kindled at their earnest stave.
Pious ancestors were there,
Turning from their week-day care,
Holy Sabbath joys to share;
Blooming cheeks and temples gray—
Saintly fathers—where are they?
Find they not a Better land?
Swell they not the seraph band?

Pleasant were those times, I trow,
Half a century ago;
When our country, newly free,
Sober in her liberty,
Well content with rural cheer,
Had not doffed her homespun gear;
Did not ask on steam to fly,
With a whistle and a cry;
Nor the lightning flash employ
As her tireless errand boy;
But she had a peaceful smile,
Full of heart and free from guile;
And at hearth stone taught the while,
Truth to rear a healthful throng—
Lore that made republics strong;
And we bless the ancient strain
That restores her thus again.

WASHINGTON, April 11.

General Cullom, (a Whig member of the House,) of Tennessee, made to-day a furious onslaught on the Nebraska Bill, and on the repeal of the Missouri Compromise, in the course of which he commented severely on the causes which have brought about the present state of anarchy in Congress. The arguments against the passage of the bill, coming from a Southern gentleman, produced far greater effect than if they had come from a Northern member. Mr. Cullom assailed even Mr. Breckenridge's position in regard to the bill, as based on his conception of the views of Mr. Clay. It is no good omen for the passage of the bill that the House, after hearing Mr. Cullom's speech, refused to do any other business, and evinced no disposition to hear another speech, but adjourned a quarter before 3 o'clock. The consideration of the Territorial Bill will be staved off as long as the opponents of the bill have the power to do so; and when the bill shall finally be reached, a substitute is likely to be offered for it, in the shape of the Nebraska Bill, which passed the House last year, and was only defeated in the Senate for want of time to consider it. In order to satisfy the friends of self-government, an amendment will be proposed, allowing the people in the Territory to elect their own Judges, and their own Governor. This will be a decided improvement on all former territorial bills, and a great step toward that practical independence of the people in the territory, which the Nebraska Bill, in its present shape, establishes theoretically. There is nothing like letting the people have their own way, and nothing so sure to bring it about as vesting them with the power of electing their own judicial and political officers. There is a strong disposition in the House to gratify the advocates of self-government.—*Public Ledger.*

SINGULAR.—The Greensburg Press tel's of a farmer, named Hise, living in Decatur county, Indians, who sold his farm a short time since for $1.190 in gold, which he put in a carpet-sack, and hung it upon his bed-post, and then retired to rest. In the morning the sack and money were gone—all he had in the world. To add to his misfortune, too, he had contracted for another farm, and was to pay for it the next day. During the day the carpet sack was found in a hollow poplar stump, near his barn, with the pocket book in it, but no money there—the thief had secured what he wanted. On Friday night, Mrs. Hise was awakened by her husband getting out of bed. She are arose and watched him. He went to the barn, and after searching a little while came out with the money in his hand, and went to the stump where the carpet-bag had been put. She now awoke him, when, to his great joy he found that all was not lost. He had, doubtless, while in his sleep, become uneasy about his money on the first night, and fearing it was not secure where it was, he was removing it to a more secret place. Fortunately for him, his wife detected him in his somnambulistic wanderings, and saved their all.

The "Liberals," (Anti-Liquor Law Democrats), of Maine, have called a "State Democratic Mass Convention," at Portland, on the 15th day of June next, to nominate for ensuing election. "All who are disposed to promote the ascendency of liberal views" are invited to participate. Shepherd Carey, of Aroostook, will probably be nominated for Governor.

A petition was presented last week in the Senate for a Prohibitory Tobacco Law, provided that snuff is left out of the question, the ladies will all support that kind of a law.

A COUNTRY
Dollar Paper!

Since the *Chronicle* came into our hands, we have clothed it in new type, at a cost of $300 or $400—Office rent has nearly doubled—Printing paper has advanced 20 or 25 per cent.—The number of workmen employed is larger—Farmers' produce is raised in price generally.....but our terms have not been advanced. Thus, while our *patronage* has increased, our *profits* have not.

☞A reasonable inference from these premises is, that WE MUST RAISE OUR RATES OF CHARGES, or *our readers* must obtain an increase of PATRONAGE. The papers above us on the West Branch, and some on the North Branch and elsewhere, have raised their charges. We choose to wait—one year longer—at the old rates, trusting that we may be favored with such an increase of Subscribers. Advertising, and Job Work, as may enable us to keep on at our old rates.

In almost every neighborhood, within 20 miles around Lewisburg, additional patrons might readily be obtained.

We send out weekly 98 papers in *single wrappers*. To print, fold, envelope, and direct singly, 52 times a year, affords but a small profit indeed. If each one now getting a paper alone will get one or more new subscribers to join him, the larger packages will go more safely, and afford us better compensation.

One Dollar a Year—*Two Cents a Week*—(and no postage in Union county,) is all the paper will cost to any old subscriber who will obtain *one* or more *new* ones, and send the Cash for all ($1 each) in advance. This offer is for ONE YEAR ONLY. With such a chance, no Housekeeper, no Young Man, should be without the Chronicle.

☞We ask all who approve the course of our paper, to aid it by getting one or more subscribers.☜

The renowned Remedy!

HOLLOWAY'S OINTMENT

This extraordinary Unguent is composed of the most healing balsams, and when used in accordance with the directions which accompany each pot, will insure cures when all other means fail. Cases of the most desperate Skin diseases readily yield to its efficacy. It is famous when used in cases of Gout, Rheumatism, Contracted or Stiff Joints. In Asthmas it will do wonders if rubbed into the Chest.

Most astonishing Cure of Scrofulous Ulcers, certified by the Mayor of Boston, (Eng.)

Copy of a Letter from J. Noble, Esq., Mayor of Boston, Lincolnshire.

To PROFESSOR HOLLOWAY—Dear Sir: Mrs. Sarah Dixon of Liquorpond street, Boston, has this day deposed before me that for a considerable period she was severely afflicted with scrofulous sores and ulcers in her arms, feet, legs, and other parts of her body; and although the first of medical advice was obtained, at the cost of a large sum of money, she obtained no abatement of suffering, but gradually grew worse.

Being recommended by a friend to try your Ointment, she procured a small pot, and a box of the Pills, and before that was all used, symptoms of amendment appeared. By perseverting with the medicines for a short time longer according to the directions, and strictly adhering to your rules as to diet, &c., she was perfectly cured, and now enjoys the best of health.

I remain, dear sir,
Dated Aug. 12, 1853. (signed) J. NOBLE.

Extraordinary and rapid Cure of Erysipelas in the Leg, after medical aid had failed.

Letter from Mrs. Elizabeth Yeates, of the Post Office, Adelaide Road, near Regent, Surrey, dated Jan 12, 1853.

To Professor Holloway—Sir: I suffered for a considerable period from a severe attack of Erysipelas, which at length settled in my leg, and resisted all medical treatment. My sufferings were very great, and I quite despaired of any permanent amendment, when I was advised to have recourse to your Ointment and Pills. I did so without delay, and am happy to say the result was eminently successful, for they effected a radical cure of my leg, and restored me to the enjoyment of health. I shall ever speak with the utmost confidence of your medicines, and have recommended them to others in this neighborhood similarly afflicted, who derived great benefit.

I am, sir, your obliged and faithful servant,
(signed) ELIZABETH YEATES.

The Pills should be used conjointly with the Ointment in most of the following cases:

Bad Legs	Chilblains	Fistulas	Sore Throats
Bad Breasts	Chapped	Gout	Skin Diseases
Burns	Hands	Glandular	Scurvy
Bunions	Corns (soft)	Swellings	Sore Heads

Lightning Rods.

AFTER many years' close investigation and numerous experiments, the Patentee takes pleasure in informing the public that he has arrived at the true principle of protecting families, dwellings and property from the destructive influence of **LIGHTNING.** The calamities that every City, Town, Village and Country falls victim to annually, thro' the gross negligence of its inhabitants, is beyond calculation, especially when the remedy is so easy to obtain—this is found in

ARMITAGE'S
Patent Magnetic Lightning Rods,

and in this alone. This Rod has been examined by the most scientific gentlemen in the world—Professors M'Murtrie, Johnson, Wallor and many others that have examined them, recommend and speak of them in the highest terms of approbation, and have pronounced them the only safe rods in use in this or any other country for the protection of Lives and Property. One advantage is to divide and throw back a part of the electric fluid harmless to the clouds; in time of a stroke this enables the rod to conduct that portion of fluid that belongs to the earth without the slightest danger of leaving the conductor. This rod has many other advantages over the old one. The only place of manufacturing is in

Vine St. 3 doors above 12th, Philadelphia,

where all persons are respectfully invited to call and examine for themselves. For sale Wholesale or Retail by THO'S ARMITAGE.
Orders promptly attended to. Terms cash.

RECOMMENDATIONS.

PHILADA., Aug. 13, 1847.

I have this day carefully inspected a conductor or Lightning Rod, with vane and index, erected by Mr. Thomas Armitage, on Bellevue House, Gloucester, and have no hesitation in saying that it is not only the best I have ever seen, but that it is the only one I have yet examined that is constructed on strictly scientific principles. It is with much pleasure that I recommend his conductor to the attention of owners of buildings.
H. M'HUETRIE.

I am well satisfied that the Magnetic Lightning Rod, manufactured by Mr. Thomas Armitage, of Philadelphia, is the best that has ever been made. I have spent several years in the study of the laws of electricity and magnetism, and have no hesitation in saying that these Rods are constructed upon the only principle of safety. The electric shock is received and dispersed by the magnet at the top of the rod, and it would be impossible, according to the laws of attraction and repulsion, for a building to be injured by a stroke of lightning when protected by one of these rods. I have been acquainted with Mr. Armitage for several years, and before he commenced the manufacture of these rods I examined the principle on which they are constructed, and felt convinced that their adoption would be attended with complete success. The increasing demand for these rods, and the extensive sales in all parts of the country, is ample commendation of their utility and superiority. TRACY E. WALLER, M. D.

CHERRY PECTORAL
For the Cure of
COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH, CROUP, ASTHMA, AND CONSUMPTION.

"And by the commandment of God they shall grow all trees for meat, whose leaf shall not fade and the fruit thereof shall be for meat and the leaf thereof for medicine."

Here was hope for the sick recorded long ago, and every year adds new proof to the assurance that these promises shall not fail.

As medical science discovers and designates the remedies nature has given, one by one the diseases that afflict our race yield to the control of art. Of all the maladies we suffer from, none has carried more victims to an untimely grave than Consumption of the Lungs. Subjoined we give some evidence that this too may be cured, and that Pulmonary Complaints, in all their forms, may be removed by CHERRY PECTORAL.

FOR INFLUENZA AND WHOOPING COUGH.

NASHVILLE, Tenn., June 20, 1852.

SIR—I have repeatedly used your CHERRY PECTORAL for Whooping Cough and Influenza, and have no hesitation in pronouncing it a complete remedy. Four of my children have been afflicted with these diseases, and the free use of the PECTORAL has always afforded almost instant relief. JAMES GLOVER.

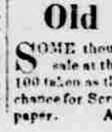
Opposition is the Life of Business!

NEW LIVERY
AND
EXCHANGE STABLE.



The subscriber would respectfully inform the citizens of Lewisburg and the traveling community generally, that he has opened a new Livery and Exchange Stable on FOURTH street half a square South of Market, and has provided a good lot of Horses, with entirely new good and fashionable Carriages, Buggies, Sleighs, &c., where all wishing anything in his line may be accommodated on the shortest notice and most reasonable terms. He will pay every attention to the wants of his customers, and hopes by so doing to merit and receive a liberal share of public patronage. WILLIAM MOORE.
Lewisburg, Dec 30, 1851

Vocal and Instrumental MUSIC,
and the German Language.

VERY thankful for past patronage from the Citizens and Students of Lewisburg and vicinity, the subscriber would state that he continues to give Instructions on the Piano and Guitar—also in Vocal Music—and in the German Language. Having been taught in the best Music Schools in Germany, he deems himself amply qualified to teach Music, and to aid in the correct acquisition of the rich German tongue. He will also tune Pianos, and put them in repair, if desired. Residence in South Fourth street, in the late Brick Office of Dr. Lodwig.

DR. CHRISTIE'S

THE acknowledged and extraordinary curative powers of these wonderful inventions is now so generally known and their sales and reputation throughout the whole country so extensive, that it would seem unnecessary to urge their merits further. But some late circumstances have occurred, which render it a matter of duty to the public not to be altogether silent, for while the ephemeral nostrums of the day are trumpeted by columns through the Press and swallowed by quarts and gallons by the afflicted, and are found just *good for nothing.*

Christie's Galvanic and Magnetic Curatives

have been quietly working their way among the most intelligent and respectable classes, and are constantly achieving cures in an alarming train of diseases, which have for ages baffled all the art of medicine and all the resources of Science. The diseases are called

NERVOUS COMPLAINTS,

and in these diseases medicine is of no avail whatever. It never does good and it often does harm. Syrups, Extracts, Balms, Balsams, Elixirs, Pills, Powders and Potions of every kind are also worthless, for they weaken the vital energies of the already prostrated system, while under the strengthening, life-giving, vitalizing influence of Galvanism, as applied by this beautiful discovery, the exhausted patient and weakened sufferer is restored to firm health, strength, elasticity and vigor.

These remedies relate to such diseases as NEURALGIA, THE DOLOREUX, BRONCHITIS, PALPITATION of the HEART, WEARNESS, and a FEMALE DISORDERS, such as NERVOUS HEADACHE, LASSITUDE, and DESPONDENCY, which are only other names for Nervous Derangement. EPILEPTIC FITS and CONVULSIONS which are now known to result from a non-application of Electric influence. NERVOUS TREMORS, DEBILITY, which is nearly always caused by injury of the Auditory Nerves, and can always be relieved by Galvanism, when the organ is not destroyed. DYSPEPSIA, in its worst forms. PALSY and PARALYSIS, usually caused by a deficiency of Electric influence; CHRONIC RHEUMATISM, TORPIDITY of the LIVER, PAIN in the SIDE, SLUGGISH CIRCULATION, SPINAL and HIP COMPLAINTS, DEFICIENCY of NERVOUS and MUSCULAR ENERGY, and all these distressing complaints resulting from a DERANGEMENT of the NERVOUS SYSTEM.

In the above prevalent and terrible class of diseases—Nervous Complaints are much more numerous than is generally imagined—

CHRISTIE'S GALVANIC CURATIVES.
Are an Absolute and Positive Specific.

The BELT is used when the body or system generally is affected; the NECKLACE, for complaints of the Throat, as Asthma and Bronchitis, and of the Head; and the BRACELETS for all disorders of the arms or limbs, as Rheumatism, Palsy, Tremor, Spasmodic affections, &c. The ELECTRIC FLUID is applied as directed with the MAGNETIC FLUID which accompanies them, and when faithfully used they NEVER FAIL!

☞The great peculiarity and excellence of the GALVANIC CURATIVES consists in the fact that they arrest and cure disease by arousing energies in place of the usual method of drugging and depressing the patient till exhausted nature sinks hopelessly under the infliction. The galvanic fluid, as applied by this beautiful discovery, the exhausted patient and weakened sufferer is restored to firm health, strength, elasticity and vigor.
