repeal it or not, no matter what that vote might be.

To your second inquiry I answer that I sincerely deplore the evils of intemperance, and am now willing, as I always have been, to sanction any proper measure to mitigate, and, if possible, entirely remove the vice; but I can not pledge myself to sanction a law, the details of which I have not seen. The terms of the Constitution and oath of office would seem to forbid this course on the part of an Executive. He should be free to judge of the constitutionality and wisdom of a proposed law after having fully examined and considered its provisions.

Very respectfully, your ob't,
WM. BIGLER.

To Stephen Miller, Jas. Black, and others, Committee.

[Messrs. Potts and Bradford, the Free Democrat and American candidates for Governor, replied, at considerable length, in the *affirmative*.]

[Interrogatories were also addressed to the other candidates for State Offices, to which Messrs. Black and Smyser respectfully replied that as, in the event of their election, the queries proposed might come before them for judicial decision, it was improper to prejudge them in this form.]

Mr. Darsie's Letter.

PITTSBURG, May 26, 1854.

STEPHEN MILLER, Esq.—Dear Sir:—Your communication as chairman of a committee appointed by the friends of a Prohibitory liquor law, to interrogate the several candidates, as to whether they are in favor of or opposed to a law prohibiting the manufacture and sale of all intoxicating liquors as a beverage in Pennsylvania, was duly received. I was a member of the Senate the last two sessions, during which period the subject of the Temperance reform was repeatedly and in various forms before that body. My action was always unequivocal and well defined, and as the opinions which then controlled my votes remain unchanged, I would respectfully refer the convention to the journals of the Senate as the best answer I can furnish to your query.

Yours, truly, GEORGE DARSIE.

[From Mr. Mott, Democratic nominee for Canal Commissioner, no answer was received.]

Nebraska Items.

CHAPMAN, CROWING AGAINST NEBRASKA.—In 1840, Mr. Chapman, the now editor of the *Chanticleer*, was told "to crow," and he did! He lately offered himself as an independent candidate for Congress in the Indianapolis district, subject to the votes of the people on election day. On the Nebraska and slave question, he says he stands on the platform with Houston and Benton.

According to the New York Post, the old scheme of Mr. Calhoun to get the Dominician Government under American control, with a view to annex the whole Island of Hayti, and put down the negro empire, established by Soloque, is revived under the present administration. And yet another slave State!

KINGSTON, N. Y., June 6.—The first election for municipal officers under the new charter took place here to-day. The Know Nothing ticket was elected by a large majority.

Hon. Charles R. Buckalew, of Bloomsburg, is appointed bearer of despatches to the government of Paraguay, in South America. His lady will accompany him. They go via London, and will probably be home by New Year's. A good chance for Buck. to recruit his exhausted health, and a reward for his untiring hostility to "fanaticism."

The N. Y. Evening Post (Dem.) proposes that in every case of an apprehended fugitive slave, the slave be liberated, and a doughface be substituted and sent back, provided one can be found of equal value to the fugitive. That qualification need not embarrass the proposition, for if *one* doughface is not as valuable, send *two*.

Joseph Wright, son of the Hon. H. B. Wright, has been appointed a Cadet in the West Point Military Academy. His father, Hendrick B., voted for Nebraska—he did!

A spirited contest for Congress is going on in the Schuylkill and Northumberland district, between Col. James Cameron and Wm. L. Dewart, Esq. Straub, the present Member, will undoubtedly be dropped in reward of his Nebraska speech and vote.

SLAVES FOR NEBRASKA.—A number of gangs of slaves have already passed through St. Louis, on the way to Nebraska. What will those who have so confidently predicted that Slavery would not go into that territory, say to this?

The *Chicago Tribune* says that the pro-Nebraska procession in that city on Saturday evening last, was a "grand failure." About sixty individuals, two-thirds of whom were boys, carried torches, and the Postmaster and Collector were active in the "celebration." The Tribune says, "For the honor of the country, we here state that not an American could be found to take part in the procession. They were 'noble Celts,' every mother's soul of thim, he jabers!"

The man who "carried a joke too far," dropped it. The Sheriff was after him.

A Word for Ourselves

Since the *Chronicle* came into our hands, we have clothed it in new type, at a cost of $300 or $400—Office rent has nearly doubled—Printing paper has advanced 20 or 25 per cent.—The number of workmen employed is larger—Farmers' produce is raised in price generally.....but our terms have not been advanced. Thus, while our *patronage* has increased, our *profits* have not.

☞A reasonable inference from these premises is, that WE MUST RAISE OUR RATES OF CHARGES, or *our readers* must obtain an increase of PATRONAGE. The papers above us on the West Branch, and some on the North Branch and elsewhere, have raised their charges. We choose to wait—one year longer—at the old rates, trusting that we may be favored with such an increase of Subscribers, Advertising, and Job Work, as may enable us to keep on at our old rates.

In almost every neighborhood, within 20 miles around Lewisburg, additional patrons might readily be obtained.

We send out weekly 98 papers in *single wrappers*. To print, fold, envelope, and direct singly, 52 times a year, affords but a small profit indeed. If each one now getting a paper alone will get one or more new subscribers to join him, the larger packages will go more safely, and afford us better compensation.

☞We ask all who approve the course of our paper, to aid it by getting one or more subscribers.☜

THE SUMMER SESSION OF THE
LEWISBURG ACADEMY

Will commence on MONDAY, April 17, 1854, to continue 20 weeks.

The course of Instruction in this Institution is calculated to prepare youths to enter College or for general business.

Composition and Declamation receive careful attention.

The subscriber is solicitous to secure a class of *Young Ladies*.

Our constant aim in the improvement of the pupil, is to render the *Discipline* of the school, as well as the mere imparting and acquiring of knowledge, subservient to the higher objects, to wit, the formation of a good character, based upon sound morality, and the preparation of the youth by well established habits of order, energy and independent self-reliance, for usefulness and success in life.

The Bible is in daily use in the school.

Tuition.—For Languages $10, Higher English $8, and common branches, (including Reading, Writing, Geography, Arithmetic, Grammar and U. S. History) $6—per session. No deduction except for sickness.

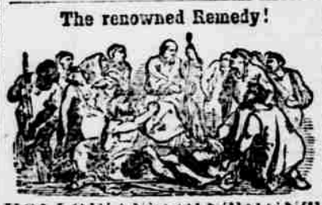
The renowned Remedy!



HOLLOWAY'S OINTMENT

This extraordinary Unguent is composed of the most healing Balsams, and when used in accordance with the directions which accompany each pot, will insure cures where all other means fail. Cases of the most desperate Skin diseases readily yield to its efficacy. It is famous when used in cases of Gout, Rheumatism, Contracted or Stiff Joints. In Asthma it will do wonders if rubbed into the Chest.

Most astonishing Cure of Scrofulous Ulcers, certified by the Mayor of Boston, (Eng.)

Copy of a Letter from J. Noble, Esq., Mayor of Boston, Lincolnshire.

To PROFESSOR HOLLOWAY—Dear Sir: Mrs. Sarah Dixon of Liquorpond street, Boston, has this day deposed before me that for a considerable period she was severely afflicted with scrofulous sores and ulcers in her arms, feet, legs, and other parts of her body; and although the first of medical advice was obtained, at the cost of a large sum of money, she obtained no abatement of suffering, but gradually grew worse.

Being recommended by a friend to try your Ointment, she procured a small pot, and a box of the Pills, and before that was all used, symptoms of amendment appeared. By persevering with the medicines for a short time longer according to the directions, and strictly adhering to your rules as to diet, &c., she was perfectly cured, and now enjoys the best of health.

I remain, dear sir,
Dated Aug. 12, 1853. (signed) J. NOBLE.

Extraordinary and rapid Cure of Erysipelas in the Leg, after medical aid had failed.

Letter from Mrs. Elizabeth Yeates, of the Post Office, Aldwick Road, near Bognor, Sussex, dated Jan. 12, 1853.

To Professor Holloway—Sir: I suffered for a considerable period from a severe attack of Erysipelas, which at length settled in my leg, and resisted all medical treatment. My sufferings were very great, and I quite despaired of any permanent amendment, when I was advised to have recourse to your Ointment and Pills. I did so without delay, and am happy to say the result was eminently successful, for they effected a radical cure of my leg and restored me to the enjoyment of health. I shall ever speak with the utmost confidence of your medicines, and have recommended them to others in this neighborhood similarly afflicted, who derived great benefit.

I am, sir, your obliged and faithful servant,
(signed) ELIZABETH YEATES.

The Pills should be used conjointly with the Ointment in most of the following cases:

Bad Legs	Chilblains	Fistulas	Sore Throats
Bad Breasts	Chapped Hands	Gout	Skin Diseases
Burns		Glandular Swellings	Scurvy
Bunions	Corns (soft)		Sore Heads
Bites of Mos-chetoes and other Insects	Coco-Bay	Lumbago	Tumors
		Piles	Ulcers
Sand-Flies	and Stiff Joints	Rheumatism	Wounds
Coco-Bay		Scalds	Yaws
Chiego-foot	Elephantiasis	Sore Nipples	&c. &c.

Sold at the Establishment of Professor HOLLOWAY, 244, Strand, (near Temple Bar, London), and also at his house in New York. Orders for Medicine in the States, addressed to "Professor Holloway, New York," will receive due attention. Proclamation to the Citizens of
Mifflinburg and Vicinity.

Pulvermacher's Hydro-Electric Voltaic Chains,

CONSTRUCTED to be worn next to the skin, producing a constant current of electro magnetism, effecting *immediate relief from all acute pains*, and a

Permanent Cure of all Neuralgic Diseases.

PULVERMACHER'S ELECTRIC CHAINS

Were first used in France, three years since, for the cure of nervous diseases, and after being submitted to the most thorough trial in every hospital in Paris by the most learned Professors in that city, they were recommended to the Government of France, which granted a patent for the discovery. During the year 1853-4, they were introduced in Germany, Austria, Prussia and England, and one year since introduced and patented by the U. S. Government.

Most astonishing cures of

Rheumatism,	St. Vitus' Dance,
Painful and Swelled Joints,	Palpitation of the Heart,
Neuralgia of the Face,	Periodical Headache
Deafness, Blindness,	Pains from Indigestion,
Hysterics, Dyspepsia,	Uterine Pains,

Every Disease, called Nervous,

is quickly and rapidly cured, by simply wearing the Chain for a few hours each day.

The Chains were first introduced in the city of New York, where they were exhibited to Profs. Valentine Mott, Van Buren, Post, Cunningham, who readily discovered that they possessed

Strange and Singular Powers of
INSTANTLY RELIEVING PAINS,

whenever applied, and by their recommendation and influence they were introduced into the different hospitals of New York, and are now in daily use in those Institutions in the treatment of the cure of the above named diseases.

No Other Medical Agent

in the world can produce so many well authenticated certificates of cure from Scientific Physicians and intelligent Patients as may be found in each pamphlet, which may be obtained (gratis) at the Drug Store of Titus S. Canist, who is sole agent for Mifflinburg and vicinity, and who will explain the manner of use to any one who may apply.

In the city of New York, at the General Office, 516 Broadway, there are daily being sold from 40 to 60 chains, and the sale and demand in Boston is as great in proportion to the population, although they have only been introduced three months.

The Chains are easily worn, and are equally applicable to all classes of persons—the child as well as the adult, and are always ready for use—never get out of repair, and as much an article of ornament as they are of a valuable means of cure.

The Chains can be sent by mail to any part of the U. States, and can be obtained in all the principal cities in the Union. Physicians are requested to examine them.

CARD TO LADIES.—Ladies who are delicate are requested not to use them only for a few moments at each time of applying, for by long continued use, miscarriage is frequently produced.

Lightning Rods.

AFTER many years' close investigation and numerous experiments, the Patentee takes pleasure in informing the public that he has arrived at the true principle of protecting families, dwellings and property from the destructive influence of LIGHTNING. The calamities that every City, Town, Village and Country falls victim to annually, thro' the gross negligence of its inhabitants, is beyond calculation, especially when the remedy is so easy to obtain—this is found in

ARMITAGE'S
Patent Magnetic Lightning Rods,
and in this alone. This Rod has been examined by the most scientific gentlemen in the world—Professors M'Murtrie, Johnson, Wallor and many others that have examined them, recommend and speak of them in the highest terms of approbation, and have pronounced them the only safe rods in use in this or any other country for the protection of Lives and Property. One advantage is to divide and throw back a part of the electric fluid harmless to the clouds; in time of a stroke this enables the rod to conduct that portion of fluid that belongs to the earth without the slightest danger of leaving the conductor. This rod has many other advantages over the old one. The only place of manufacturing is in

Vine St. 3 doors above 12th, Philadelphia,

where all persons are respectfully invited to call and examine for themselves. For sale Wholesale or Retail by THO'S ARMITAGE.

Orders promptly attended to. Terms cash.

These rods have been purchased and successfully used by the following individuals, companies and corporations, whose names are cheerfully submitted:

RECOMMENDATIONS.

PHILADA., Aug. 13, 1847.

I have this day carefully inspected a conductor or Lightning Rod, with vane and index, erected by Mr. Thomas Armitage, on Bellevue House, Gloucester, and have no hesitation in saying that it is not only the best I have ever seen, but that it is the only one I have yet examined that is constructed on strictly scientific principles. It is with much pleasure that I recommend his conductor to the attention of owners of buildings.

R. M'MURTRIE.

I am well satisfied that the Magnetic Lightning Rod, manufactured by Mr. Thomas Armitage, of Philadelphia, is the best that has ever been made. I have seen several years in the study of the laws of electricity and magnetism, and have no hesitation in saying that these Rods are constructed upon the only principles of safety. The electric shock is received and dispersed by the magnet at the top of the rod, and it would be impossible, according to the laws of attraction and repulsion, for a building to be injured by a stroke of lightning when protected by one of these rods. I have been acquainted with Mr. Armitage for several years, and before he commenced the manufacture of these rods I examined the principle on which they are constructed, and felt convinced that their adoption would be attended with complete success. The increasing demand for these rods, and the extensive sales in all parts of the country, is a splendid commendation of their utility and superiority. TRACY P. WALLER, M. D.

CHERRY PECTORAL
For the Cure of
COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH, CROUP, ASTHMA, AND CONSUMPTION.

"And by the river upon one more of it shall grow all trees for meat, whose leaf shall not fade and the fruit thereof shall be for meat and the leaf thereof for medicine."

Here was hope for the sick recorded long ago, and every year adds new proof to the assurances that these promises shall not fail.

As medical science discovers and designates the remedies nature has given, one by one the diseases that afflict our race yield to the control of art. Of all the maladies we suffer from, none has carried more victims to an untimely grave than Consumption of the Lungs. Subjoined we give some evidence that this too may be cured, and that Pulmonary Complaints, in all their forms, may be removed by CHERRY PECTORAL.

FOR INFLUENZA AND WHOOPING COUGH.

NASHVILLE, Tenn., June 26, 1852.

SIR—I have repeatedly used your CHERRY PECTORAL for Whooping Cough and Influenza, and have no hesitation in pronouncing it a complete remedy. Four of my children have been afflicted with these diseases, and the free use of the PECTORAL has always afforded almost instant relief. JAMES GLOVER.

Having used many remedies without much relief, I at last tried your CHERRY PECTORAL, which, under Providence has cured me altogether. I am with gratitude,

Yours, JAMES M'CANDLESS.

Dr. CHRISTIE'S
GALVANIC BELT
Necklace, Bracelets
MAGNETIC FLUID

The acknowledged and extraordinary curative powers of these wonderful inventions is now so generally known and their sales and reputation have spread out the whole country so extensive, that it would seem unnecessary to urge their merits further. But some late circumstances have occurred which render it a matter of duty to the public not to be silent, for while the ephemeral nostrums of the day are trumpeted by columns through the Press and swallowed by quarts and gallons by the credulous, and are found just *good for* nothing,

Christie's Galvanic and Magnetic Curatives,

have been quietly working their way among the most intelligent and respectable classes, and are constantly achieving cures in an alarming list of diseases, which have for ages baffled all the art of medicine and all the resources of Science. These diseases are called

NERVOUS COMPLAINTS,

and in these diseases medicine is of no avail whatever. It never does good and it often does harm. Syrups, Extracts, Balms, Balsams, Elixirs, Bitters, Pills, Powders and Potions of every kind are not only worthless, for they weaken the vital energies of the already prostrated system, while under the strengthening, life-giving, vitalizing influence of Galvanism, as applied by this beautiful discovery, the exhausted patient soon finds vigor restored to former health, strength, elasticity and vigor.

These remarks relate to such diseases as NEURALGIA, TIC DOLOREUX, BRONCHITIS, PALPITATION of the HEART, WEAKNESS, and all FEMALE DISORDERS, such as NERVOUS HEADACHE, LASSITUDE and DESPONDENCY, which are only other names for NERVOUS DEBILITY, EPILEPTIC FITS and CONVULSIONS, which are now known to result from a non-equilibrium of Electric influence; NERVOUS TREMORS, DEAFNESS, which is nearly always caused by torpor of the Auditory Nerves, and can always be perfectly cured by Galvanism, when the organ is not destroyed; DYSPEPSIA, in its worst forms, PALSY and PARALYSIS, uniformly caused by a deficiency of Nervous influence; CHRONIC RHEUMATISM, TORPIDITY of the LIVER, PAIN in the SIDE, SLUGGISH CIRCULATION, SPINAL and HIP COMPLAINT, DEFICIENCY of NERVOUS and PHYSICAL ENERGY, and all those distressing complaints arising from a DERANGEMENT of the NERVOUS SYSTEM.

In the above prevalent and terrible class of diseases—Nervous Complaints are much more numerous than is generally imagined—

CHRISTIE'S GALVANIC CURATIVES.

Are an Absolute and Positive Specific.

The BELT is used when the body or system generally is affected; the NECKLACE, for complaints of the Throat, such as Asthma and Bronchitis, and of the Head; and the BRACELETS for all disorders of the arms or limbs, as Rheumatism, Palsy, Tremors and Spasmodic affections. These articles are simply to be used as directed with the MAGNETIC FLUID which accompanies them, and when faithfully used they NEVER FAIL!

☞The great peculiarity and excellence of the GALVANIC CURATIVES consists in the fact that they arrest and cure disease by restored energies, in place of the usual method of Drugging or Physicking the patient till exhausted nature sinks hopelessly under the infliction. *They strengthen the whole system, equalize the circulation of the Blood, promote the secretions, invigorate the entire energies, and can never do the slightest harm
