Further News.

The three head men of the Russian armies sent against the Turks have been struck by shot, and the curious question has been asked whether this result has been brought about by the simple fortune of war, or by the Minie Rifle, or by the hands of the Russian soldiers themselves. From all that can be gleaned respecting such a matter, it is just possible that the three generals have been struck down by their own troops. All the world knows that such things "may happen"—of course "by accident"—and when we remember the horrible way in which the poor Russian serfs are kidnapped, dragged from their homes and flogged—literally flogged—till they lie, like pieces of a machine, into the soulless discipline of the Muscovite ranks, there to suffer the miseries of war in a swampy like the Dobroja, it is by no means difficult to imagine that men in the ranks may adopt a treacherous but effectual way of their own for making Russian Generals sick of a contest in which they, the common soldiers, get only hard knocks without any hope of promotion.

PARIS, June 21.—Private letters from St. Petersburg speak of the great change that has taken place in the Emperor, both morally and physically. They describe him as completely broken down in health and spirits.

PARIS, June 22.—The Monitor announces that, according to a telegraphic despatch from Constantinople of the 15th inst., the convention between Austria and the Porte for the eventual occupation of the Danubian principalities by an Austrian corps d'armee was signed on the 14th inst.

THE WOOL TRADE.—The Washington (Pa.) Reporter states that the clip of wool in that county, this season, is large, and that full one third of last year's crop is still on hand. Some very good clips have sold at 10 cents, and none over 45 cents per lb. The Reporter is of opinion that the bulk of the wool in that county will be sold at from 40 to 50 cents per lb. The market, however, is dull, with no prospect of last year's prices being realized.

TERRIBLE RAILROAD ACCIDENT.—An awful railroad accident took place on the Susquehanna Railroad, nine miles from Lewisburg. An excursion train came in collision with the five o'clock regular passenger train from Baltimore for York. There were about two thousand persons on the excursion train, which was going at full speed. There were 32 persons killed and mortally wounded. The trains met at a curve. Nearly all the killed and wounded belonged to Baltimore. The blame is generally laid upon the confused orders given by the superintendent.

CONCORD, N. H., July 10.—The House today laid the Liquor bill (Maine law) on the table by sixteen majority. The bill increasing the salaries of the executive and legislative officers passed the Senate, and was read twice in the House.

ALBANY, July 11.—Five deaths from cholera have occurred here within twelve hours past, all the family of Mr. J. K. Wylie. The dysentery has been prevailing badly for some days and much alarm exists in consequence of rumors in all directions of cholera.

CHICAGO, Ill., July 11.—It is stated that 100 deaths occurred here from cholera on Sunday last.

PHILADELPHIA, July 11.—Dr. Bibbig has died today, and his disease is reported to the Board of Health as having been Asiatic cholera. Dr. Knorr and Robert L. Pitfield, president of the Northern Liberty Bank, also died today, said to be of cholera.

NEW YORK, July 11.—Dates from Acapulco to the 22d state that the final raising of the blockade of that port had taken place. The commander of the U. S. ship Potomac notified the commander of the Mexican blockading vessel that the California steamers must be allowed to enter. Whereupon the Mexican commander raised the blockade and departed for Mazatlan.

NEW YORK, July 11.—The check for seven millions of dollars was presented today at the treasury by the Mexican minister, Mr. Almonte, and promptly paid in gold. It was deposited as follows: \$3,000,000 in the Bank of Commerce, \$2,000,000 in the Bank of America, \$1,500,000 in the Merchants' Bank, \$300,000 in the Bank of New York, and \$200,000 in the Phenix Bank.

WRECK OF THE ERIE RAISED.—The Buffalo Republic of July 3d says that the Erie, the melancholy fate of which will be remembered by all, was raised from her watery bed on Friday afternoon last. Her hull was towed into port this morning, and taken to the dry dock for the purpose of examination.

Our Farmers are in the midst of Harvesting, with a little over a half crop of wheat, owing to the ravages of the weevil. The rye is good. Grass better, with a promising prospect of an abundant crop of corn, oats, &c.—Blountsburg Democrat.

The Wheat crop in Delaware, it is said, was never more abundant.

UNION AND VICTORY!

For Governor, JAMES POLLOCK! The undersigned, being a majority of the Whig Standing Committee of Union County, do hereby, for the sake of preserving peace and harmony in the Whig party, call upon the Whigs throughout the County to meet in their respective Districts on SATURDAY the 24th DAY OF JUNE INST. and elect two Delegates to represent in COUNTY CONVENTION on MONDAY the 26th day of June inst. (Signed) 1. L. F. ALBRIGHT, 2. MICHAEL BROWN, 3. O. N. WORDEN, 4. M. H. TAGGART, 5. W. F. WAGENSELLER.

The undersigned, members of the Whig Standing Committee of Union County, have viewed with much concern and regret the division and distraction prevailing in the party, and are anxious if possible to avoid the necessity and bad effects of holding two separate Conventions, and having signed their names to a BLANK CALL, without date, for a Convention of Delegates, hereby, for the sake of peace and unity, RECALL the same, and respectfully recommend to all the Whigs in the County to meet on SATURDAY, the 24th of June inst., and elect two Delegates to represent them in COUNTY CONVENTION on MONDAY the 26th inst. This recommendation is made without pretending to decide on the rights of Mr. Wagensteller or Mr. Merrill to act as Chairman of our Committee, and for the sole purpose of harmonizing the party and securing the success of our nominees. (Signed) 6. JOHN CRAIG, 7. DANIEL LEES, 8. J. W. PENNINGTON, 9. WILLIAM RUIHL, 10. R. V. B. LINCOLN, 11. WM. S. CLINGAN. July 13, 1854.

The Committee originally consisted of 20 members, one of whom (Mr. Wm. J. May) has since removed from the County—leaving but 19 members in the Committee. *Other members of the Committee have not been seen, and have therefore had no opportunity to sign the above Call.

In accordance with the foregoing Call, the Delegates assembled at the time and place appointed. The following Districts were represented: Hartley, West Buffalo, Middleburg, Buffalo, White Deer, Lewisburg N. and S. Wards, East Buffalo, Union, Penns, Selinsgrove, Washington, Center—13 of the 23 districts.

JAMES M'CREIGHT of Buffalo was chosen President, and J. D. FORREY of Hartley, Secretary.

The first business in order was the nomination of a candidate to represent this Congressional district, when Hon. JOSEPH CASEY of Union county was unanimously nominated, and Messrs. Slifer of Lewisburg, Gibson of Union, and Snyder of Selinsgrove, appointed Congressional Conferees.

For Senator, Judge Marshall of White Deer was named, but declined in favor of a Juniata candidate. Dr. Hower of Freeburg was then named, who also declines the right to Juniata. Messrs. James Marshall of White Deer, M'Creight of Buffalo, and Gutelius of Selinsgrove, were then elected Senatorial Conferees.

For Representative, Messrs. Speck of Selinsgrove, Hower of Freeburg, Simonout of Buffalo, and Wilt of Hartley, were nominated. The vote stood—Speck 15, Hower 3, Simonout 4, Wilt 4. So Dr. FREDERICK SPECK, of Selinsgrove, was declared nominated, and Messrs. W. F. Wagensteller of Selinsgrove, Dr. Seckold of Hartley, and Worden of Lewisburg, appointed Representative Conferees.

For County Commissioner, Messrs. S. Boyer Jr. of Penns, Aurand of Middleburg, and Halfpenny of Hartley, were put in nomination. After several ballots, MARK HALFPENNY, of Hartley, having received the highest number of votes, was duly nominated.

For Register & Recorder, Messrs. Smith of White Deer and Pennington of Middleburg, were nominated. The vote stood—Smith 11, Pennington 15, when JOHN W. PENNINGTON of Middleburg was declared nominated.

For Auditor, HENRY S. BOYER Esq. of Washington Tp. was duly nominated.

The Middleburg Academy having passed out of the control of the County, the useless formality of nominating Trustees was dispensed with.

No. 42 South Fourth St. New York. No. 106 Chartres St. New Orleans. No. 105 Baltimore St. Philadelphia.

The utility and practical advantages arising from the use of the great time-and-labor-saving qualities of the Sewing Machine being now universally admitted, and several patents having already appeared, the next question which naturally arises is, which one of these is best adapted for household or manufacturing purposes?

In answer, we would beg leave to state in a few words the advantages which we believe our Machine possesses over all others, and a fair and candid examination of its merits, and with confidence leave the case in the hands of an enlightened and discriminating public for a just, righteous verdict.

We claim, in the first place, our ability to make the progress, handwork, and most desirable work, which will compare with any other third class. The stitch by which this end is attained is a distinguishing feature of our patent, being wholly unlike any other in use, and secured to us exclusively by letters patent.

Secondly, the simplicity of the construction of our Machine, running as it does entirely on the "beam or eccentric movement," without the use of a single cog wheel, can not fall of containing the most casual observer, of its immense strength and consequent durability.

Thirdly, our system of the "shuttle" action, from the operator from the necessity of stopping every few minutes to replenish the quill, and enables us to use ordinary spools of cotton or silk of 200 yards in length. Manufacturers of Boots, Shoes, Hats, Clothing, Mattresses, Carriages and all Cloth or Leather work, where strength and durability are required, from the very finest to the heaviest, will find this the only Machine adapted to their use.

Fourthly, containing drawings and numerous testimonials from those who have used them for years, may be had, or will be sent by request, and the Machine may be seen in full operation by calling at any above offices.
