Who Fought our Revolution?

The Buffalo Democracy says:—On Fourth day of July it may be well to inquire which of the States, North or South, did up the job of our Revolution.

The whole number of regulars enlisted for the Continental service, from the beginning to the close of the great struggle for Independence, was 231,950; of these, 67,007 were from Massachusetts.

New Hampshire, 12,400; Massachusetts, 67,007; Rhode Island, 5,908; Connecticut, 32,639; New York, 17,781; New Jersey, 10,721; Pennsylvania, 15,008; Delaware, 2,387; Maryland, 18,842; Virginia, 24,572; North Carolina, 7,282; South Carolina, 6,629; Georgia, 2,570.

Look at little Connecticut, and compare her contribution of fighting men with that of the fighting State you exult in, the "Dominion" Virginia!

FATAL ACCIDENT.—Edward Adams, a very worthy young man, of Clinton township, Lycoming county, accidentally shot himself on Thursday last, while preparing to hunt squirrels.

TWO YOUNG LADIES were attacked and evened lately, in a street in Buffalo, by two large dogs, which sprang at their throats, and tore their dresses badly.

A physician at Athens, Greece, is said to have used a preparation with great success as a cure for hydrophobia.

STATE ELECTIONS.—The following States give 100 of the 231,950 regulars for independence, are yet to be held: New York, August 7; California, September 5; Vermont, September 5; Maine, September 11; Pennsylvania, October 10; Ohio, October 10; Indiana, October 10; Massachusetts, November 13; New York, November 7; New Jersey, November 7; Illinois, November 7; Michigan, November 7; Wisconsin, November 7.
