The Black and White Douglas.

Several of the newspapers of the Middle and Southern States, are working themselves into a fearful passion, and giving vent to all sorts of linguistic enormities, upon the hypothesis that FRED. DOUGLAS is about to be elected to Congress, in the place of GERRIT SMITH, whose resignation takes effect at the close of the present Session. This business of borrowing trouble, for the sake of getting up an indignation and putting the world in a fume, is a very common practice with politicians and party journals now-a-days; and we are able, in this case, to enjoy all the eloquence to which so dark a transaction might be expected to give birth, before the Black Douglas is even put in nomination. Whether he will consent to use it, and more than all, whether, if nominated, he can be elected, has to be ascertained; and yet, the bare mention of the possibility that he may hang up his hat as a member of Congress, has affected some with convulsions, others with panic, and more with an astonishing flow of exceedingly select and nervous language.

We confess, we have no anxiety to see any of the Douglas family occupying seats in Congress. They are an active race, and inclined to be ambitious, fantastical, and mischievous. Of the two who are the best known, FRED is probably the most talented, and STEPHEN the most unscrupulous. While, as orators, both are exceedingly fluent, Fred has an eloquence to which Stephen can not pretend; and while the former is, with one exception, the most impudent individual in the Union, the latter is that exception. In regard to the sectional character of their sentiments, they do not greatly differ—the one being a Southern man with Northern principles, and the other a Northern man with Southern principles. Nor are they, in blood, so far removed as might at first appear, Fred being an Anglo Saxon upon the side of his father, while Stephen may be said to be eminently worthy of an eulogy similar to that pronounced by the negro over his master, that "if he was a white man he had a black heart."

The right of Fred Douglas to hold a seat in Congress, in case he shall be elected, is unquestionable. There is no prohibition in the constitution. When we have Hayti, Central America, and the Sandwich Islands, our national legislature, will of necessity, be a pepper and salt body politic—man, and we shall have our can didates for the executive chair, if not our Presidents, of all shades, from the color of a new saddle to the sombre tinge of fresh Lehigh anthracite. Well, what matter? Let the area of freedom expand. Liberty is a Goddess, though her visage be stamped on a copper medal, and the image of God is the image of God, in spite of the melancholy shade of the leg of beef from which it is carved. While we are marching on in the triumphant path of manifest destiny, it will not do to notice those little drawbacks which vary, but can not sully, the glories of our progress.—*Western Paper.*

The Cleveland Plaindealer, speaking of the Iowa election, says, "Grimes, the Fusion candidate for Governor, is elected. Well, what of it. He had the Whigs, Free-Soilers, Maine Law men, the world, the flesh and the d—l to back him. Besides the people all knew Grimes, or supposed they knew him—they were informed that he was a son of "Old Grimes," that immortal good old man, who had such a funny way of buttoning up his coat, and that like his father, he was a sort of a Know Nothing, and so they all voted for him. That is the way he came to be elected."

The Boston Chronicle tries itself on another paragraphs. Hear it: "The weather for the last few days has been positively hot, comparatively hot, superlative hot, day and night. Hot, hotter, hottest, hottest. Hottentot, Hottentottest, Hottentottisimus, Hottentottisimas plus one, Hottentottisimus plus one plus—hot as an oven—hot as two ovens—hot as ——, we give it up."

There is a man in Rochester who is so celebrated for adjusting difficulties that the ladies in his neighborhood, when they are out of eggs, send for him to settle their coffee!—*Exchange Paper.*

We wish the "man in Rochester" would call here, and *settle* the bills of some of our delinquent subscribers.

An editor in Iowa has been fined two hundred and fifty dollars for hugging a young girl in church.—*Early Argus.*

Cheap enough! We once hugged a girl in church, some ten years ago, and the scrape has cost us a thousand a year since.—*Chicago Young America.*

While Edmund Burke was declaiming against assassination, in his famous speech on Warren Hastings, he was interrupted by little Major Scott. It is said he indignantly exclaimed, "Am I to be stopped by the barking of this jackal, while I am attacking the royal tiger of Bengal?"

Indiana money is in bad odor, and the less you have to do with it the better. We have none on that State nor any other.

A Word for Ourselves

Since the *Chronicle* came into our hands, we have clothed it in new type, at a cost of $500 or $600—Office rent has nearly doubled—Printing paper has advanced 20 or 25 per cent.—The number of workmen employed is larger—Farmers' produce is raised in price generally.....but our terms have not been advanced. Thus, while our *patronage* has increased, our *profits* have not.

☞A reasonable inference from these premises is, that WE MUST RAISE OUR RATES OF CHARGES, or *our readers* must obtain an increase of PATRONAGE. The papers above us on the West Branch, and some on the North Branch and elsewhere, have raised their charges. We choose to wait—one year longer—at the old rates, trusting that we may be favored with such an increase of Subscribers, Advertising, and Job Work, as may enable us to keep on at our old rates.

In almost every neighborhood, within 20 miles around Lewisburg, additional patrons might readily be obtained.

We send out weekly 98 papers in *single wrappers*. To print, fold, envelope, and direct singly, 52 times a year, affords but a small profit indeed. If each one now getting a paper alone will get one or more new subscribers to join him, the larger packages will go more safely, and afford us better compensation.

☞We ask all who approve the course of our paper, to aid it by getting one or more subscribers.☜

THE SUMMER SESSION OF THE LEWISBURG ACADEMY

Will commence on MONDAY, April 17, 1854, to continue 20 weeks.

The course of instruction in this Institution is calculated to prepare youths to enter College or for general business.

Composition and Declamation receive careful attention.

The subscriber is solicitous to secure a class of *Young Ladies*.

Our constant aim in the improvement of the pupil, is to render the *Discipline* of the school, as well as the mere imparting and acquiring of knowledge, subservient to the higher objects, viz: the formation of a good character, based upon sound morality, and the preparation of the youth by well established habits of order, energy and independent self-reliance, for usefulness and success in life.

The Bible is in daily use in the school.

Tuition—For Languages $10, Higher English $8, and common branches, (including Reading, Writing, Geography, Arithmetic, Grammar and U.S. History) $6—per session. No deduction except for sickness.

The renowned Remedy!

HOLLOWAY'S OINTMENT

This extraordinary Unguent is composed of the most healing Balsams, and when used in accordance with the directions which accompany each pot, will insure cures when all other means fail. Cases of the most desperate Skin diseases readily yield to its efficacy. It is famous when used in cases of Gout, Rheumatism, Contracted or Stiff Joints. In Asthmas it will do wonders if rubbed into the Chest.

Most astonishing Cure of Scrofulous Ulcers, certified by the Mayor of Boston, (Eng.)

Copy of a Letter from J. Noble, Esq., Mayor of Boston, Lincolnshire.

To PROFESSOR HOLLOWAY—Dear Sir: Mrs. Sarah Dixon of Liquorpond street, Boston, has this day deposed before me that for a considerable period she was severely afflicted with scrofulous sores and ulcers in her arms, feet, legs, and other parts of her body; and although the first of medical advice was obtained, at the cost of a large sum of money, she obtained no abatement of suffering, but gradually grew worse.

Being recommended by a friend to try your Ointment, she procured a small pot, and a box of the Pills, and before that was all used, symptoms of amendment appeared. By persevering with the medicines for a short time longer according to the directions, and strictly adhering to your rules as to diet, &c., she was perfectly cured, and now enjoys the best of health.

I remain, dear sir,
Dated Aug 12, 1853. (signed) J. NOBLE.

Extraordinary and rapid Cure of Erysipelas in the Leg, after medical aid had failed.

Letter from Mrs. Elizabeth Yeates, of the Post Office, Aldwick Road, near Bognor, Sussex, dated Jan. 12, 1853.

To Professor Holloway—Sir: I suffered for a considerable period from a severe attack of Erysipelas, which at length settled in my leg, and resisted all medical treatment. My sufferings were very great, and I quite despaired of any permanent amendment, when I was advised to have recourse to your Ointment and Pills. I did so without delay, and am happy to say the result was eminently successful, for they effected a radical cure of my leg and restored me to the enjoyment of health. I shall ever speak with the utmost confidence of your medicines, and have recommended them to others in this neighborhood similarly afflicted, who derived great benefit.

I am, sir, your obliged and faithful servant,
(signed) ELIZABETH YEATES.

The Pills should be used conjointly with the Ointment in most of the following cases:

Bad Legs	Chilblains	Fistulas	Sore Throats
Bad Breasts	Chapped	Gout	Skin Diseases
Burns	Hands	Glandular	Scurvy
Bunions	Corns (soft)	Swellings	Sore Heads

chetoes and	Chiego	Piles	Ulcers
Sand Flies	and Stiff	Rheumatism	Wounds
Coco Bay	Joints	Scalds	Yaws
Chiego foot	Elephantiasis	Sore Nipples	&c. &c.

Sold at the Establishment of Professor HOLLOWAY, 244, Strand, (near Temple Bar, London), and also at his house in New York. Orders for Medicines in the States addressed to "*Holloway, New York*" will receive due attention. Sold also by all respectable Druggists and dealers in Medicines throughout the United States, in Pots at 37½ cts., 87 cts. and $1.56 each. Wholesale by the principal Drug houses in the Union.

Mifflinburg and Vicinity.

Pulvermacher's Hydro-Electric Voltaic Chains,

CONSTRUCTED to be worn next to the skin, producing a constant current of electro magnetism, effecting *immediate relief from all acute pains*, and a

Permanent Cure of all Neuralgic Diseases.

PULVERMACHER'S ELECTRIC CHAINS

Were first used in France, three years since, for the cure of nervous diseases, and after being submitted to the most thorough trial in every hospital in Paris by the most learned Professors in that city, they were recommended to the Government of France, which granted a patent for the discovery. During the year 1851-2, they were introduced in Germany, Austria, Prussia and England, and one year since introduced and patented by the U. S. Government.

Most astonishing cures of

Rheumatism,	St. Vitus' Dance,
Painful and Swelled Joints,	Palpitation of the Heart,
Neuralgia of the Face,	Periodical Headache
Deafness, Blindness,	Pains from Indigestion,
Hysterics, Dyspepsia,	Uterine Pains,

Every Disease, called Nervous,

is quickly and rapidly cured, by simply wearing the Chain for a few hours each day.

The Chains were first introduced in the city of New York, where they were exhibited to Profs. Valentine Mott, Van Buren, Post, Cusenchan, who readily discovered that they possessed

Strange and Singular Powers of

INSTANTLY RELIEVING PAINS,

whenever applied, and by their recommendation and influence they were introduced into the different hospitals of New York, and are now in daily use in those Institutions in the treatment of the cure of the above-named diseases.

No Other Medical Agent

in the world can produce so many well authenticated certificates of cures from Scientific Physicians and intelligent Patients as may be found in each pamphlet, which may be obtained (gratis) at the Drug Store of TITUS S. CRAMER, who is sole agent for Mifflinburg and vicinity, and who will explain the manner of use to any one who may apply.

In the city of New York, at the General Office, 568 Broadway, there are daily being sold from 40 to 60 chains and the sale and demand in Boston is as great in proportion to the population, although they have only been introduced three months.

The Chains can be sent by mail to any part of the U. States, and can be obtained in all the principal cities in the Union. Physicians are requested to examine them.

CAUTION TO LADIES.—Ladies who are *enciente* are requested not to use them only for a few moments at each time of applying, for by long continued use, miscarriage is frequently produced.

Lightning Rods.

AFTER many years' close investigation and numerous experiments, the Patentee takes pleasure in informing the public that he has arrived at the true principle of protecting families, dwellings and property from the destructive influence of LIGHTNING. The calamities that every City, Town, Village and Country falls victim to annually, thro' the gross negligence of its inhabitants, is beyond calculation, especially when the remedy is so easy to obtain—this is found in

ARMITAGE'S

Patent Magnetic Lightning Rods,

and in this alone. This Rod has been examined by the most scientific gentlemen in the world—Professors M'Murtrie, Johnson, Wallor and many others that have examined them, recommend and speak of them in the highest terms of approbation, and have pronounced them the only safe rods in use in this or any other country for the protection of Lives and Property. One advantage is to divide and throw back a part of the electric fluid harmless to the clouds; in time of a stroke this enables the rod to conduct that portion of fluid that belongs to the earth without the slightest danger of leaving the conductor. This rod has many other advantages over the old one. The only place of manufacturing is in

Vine St. 3 doors above 12th, Philadelphia,

where all persons are respectfully invited to call and examine for themselves. For sale Wholesale or Retail by THOS ARMITAGE.

Orders promptly attended to. Terms cash.

These rods have been purchased and successfully used by the following individuals, companies and corporations, whose names are cheerfully submitted:

RECOMMENDATIONS.

PHILADA., Aug. 13, 1847.

I have this day carefully inspected a conductor or Lightning Rod, with vane and index, erected by Mr. Thomas Armitage, on Bellevue House, Gloucester, and have no hesitation in saying that it is not only the best I have ever seen, but that it is the only one I have yet examined that is constructed on strictly scientific principles. It is with much pleasure that I recommend his conductor to the attention of owners of buildings.

R. M'MURTRIE.

I am well satisfied that the Magnetic Lightning Rod, manufactured by Mr. Thomas Armitage, of Philadelphia, is the best that has ever been made. I have spent several years in the study of the laws of electricity and magnetism, and have no hesitation in saying that these Rods are constructed upon the only principle of safety. The electric shock is received and dispersed by the magnet at the top of the rod, and it would be impossible, according to the laws of attraction and repulsion, for a building to be injured by a stroke of lightning when protected by one of these rods. I have been acquainted with Mr. Armitage for several years, and before he commenced the manufacture of these rods I examined the principle on which they are constructed, and felt convinced that their adoption would be attended with complete success. The increasing demand for these rods, and the extensive sales in all parts of the country, is ample commendation of their utility and superiority. TRACY E. WALLER, M. D.

Rising Sun, Philad. Co., April 19, 1852.

☞S. C. WILT and SAMUEL HOOVER, *Hartleton, Union Co. Pa.* are Agents for Union and adjoining Counties, and will furnish the Rods on the same terms and in the same manner as the Proprietor.

the undersigned would be happy to supply any citizens of the Susquehanna country who may desire an Instrument well made, after the latest improvements. Two of these Instruments have lately been introduced into Lewisburg, to which I am happy to refer any one. CHERRY PECTORAL

For the Cure of

COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH, CROUP, ASTHMA, AND CONSUMPTION.

"And by the river, upon the bank thereof shall grow all trees for meat, whose leaf shall not fade and the fruit thereof shall be for meat and the leaf thereof for medicine."

Here was hope for the sick recorded long ago, and every year adds new proof to the assurances that these promises shall not fail.

As medical science discovers and designates the remedies nature has given, one by one the diseases that afflict our race yield to the control of art. Of all the maladies we suffer from, none has carried more victims to an untimely grave than Consumption of the Lungs. Subjoined we give some evidence that this too may be cured, and that Pulmonary Complaints, in all their forms, may be removed by CHERRY PECTORAL.

FOR INFLUENZA AND WHOOPING COUGH.

NASHVILLE, TENN., June 26, 1852.

SIR—I have repeatedly used your CHERRY PECTORAL for Whooping Cough and Influenza, and have no hesitation in pronouncing it a complete remedy. Four of my children have been afflicted with these diseases, and the first case of the PECTORAL has always afforded almost instant relief. JAMES GLOVER.

We attest the truth of the above statement:

FOR A CONSUMPTIVE COUGH.

PITTSBURG, Pa., Feb. 25, 1851.

Dear Sir—For three years I have been afflicted with a cough, so distressing that I frequently despaired of recovery; much of the time I was obliged to sit up all night in my chair, as my cough would suffocate me when I laid down. Having used many remedies without much relief, I at last tried the CHERRY PECTORAL, which under Providence has cured me altogether. I am with gratitude
Yours, JAMES M'CANDLESS.

Among the other distinguished authorities who have lent their names to recommend this preparation as the best known to them for affections of the lungs, are—

Pres. PERKINS, of Vermont Med. College.
Prof. SILLIMAN, of Yale College.
Prof. VALENTINE MOTT, of New York.
Prof. CLEAVELAND, of Bowdoin Med. College.
Prof. BUTTERFIELD, of Ohio Med. College.
CANADIAN JOURNAL OF MEDICAL SCIENCE.
BOSTON MEDICAL AND SURGICAL JOURNAL.
CHARLESTON (S. C.) MEDICAL REVIEW.
NEW JERSEY MEDICAL REPORTER.
Hon. HENRY CLAY, U. S. Senator.
Hon. GEO. P. MARSH, Am. Ambassador to Turkey.
Gen. EMANUEL BULGES, President of Chili.
Rt. Rev. ED. POWER, Lord Bishop of Toronto.
Rev. Dr. LANSING, of Brooklyn, N. Y.
Archbishop PURCELL, of Cincinnati, O.

Also many eminent personages in foreign countries.

Not only in the more dangerous and distressing diseases of the Lungs, but also as a family medicine for occasional use, it is the safest, pleasantest and best in the world.

IT IS A FACT,

ONE self-evident, and worthy of every consideration, that no Miller can make good clean flour without he has good clean wheat. I suppose you wish to know the remedy. I tell you—it is to get one of *Bergstresser's Wheat Scourers*, or Smut Machines. He being an old, practical and experienced Millwright has invented, got up and put in successful operation the best Wheat Scourer now in use. Any person ordering a machine and afterwards finding that it does not prove to operate as represented, there shall be no sale, as these machines are to be warranted good. Further recommendations are thought unnecessary. He is now having a supply made at Lewisburg, by Messrs. Geddes & Marsh. Orders for machines, or letters of inquiry, will be promptly attended to. Machines will be sent and put to all orders. Address
