Reminiscences OF THE

LEWISBURG ACADEMY.

PUBLISHED BY REQUEST.

The following lines were recited at the late Public Exercises at the close of the Session, and have no other

Of years, well nigh a soure have rapidly fied. Since that rewline band of true-hearted sires. Some of whom linger, but, also some are dead.) First built this One Harr, and lit up its fires.

To those who still linger, of whom some are here. A warm goals of Unsuks from our young leasts we give: Though the dilver of age bedies to appear. Simour prayerts kind Heaven is that long may you live! 1.06 When first it was reared, with remmons all 'round it,

From the town deemed remote, so rural and still; But now the some schenged, and off we're astronged. By the scream of Fank's whiche, and pull of the Mill prior to the crection of the Academy. of these who held sway in this renerable hall,

2,00 Some called him roots, uncourts, and other hard name But with all in wheel to belt very stoff reins;
And while of his manners we've nothing to belt,
2,00 Alice herd to think he brought the boys on, right we' 1,00 His infe, very cute. Forw each day by his phin

1,00 But when on his visage there lingued a from a.
They then know roll = 0 that they might set it down The next who corresplet in order of time

1.00 To vast stores of learning his claim was immense,
50 William public and bold? the princest propiets 50 William melected below the jet most people to 1,00 That he lacked one thing, to set good one was read one; Without which all learning is not worth a great. 1,60 In the set of a sourcion he descreed himself skilled,
1,60 And dering her stay here, he made great display,
50 And the set of the first sourced some men with
And the set of matter only spaints had been

1/6 of the re-kining of men with their great, final Judge, fin. The discoursed only with much being plots. 1,000 but for soons over note, one still be at him a gradie,
500 As the marry began and our merchants will show. 50 Lot our verse provedull from its unwieldy measure, A son of Krin, to this land he came

A son of Erin, to this land be same
Scatty in pure, untitled as to name.
With loid his letters, and the soil to do,
Resolved the feters, and the soil to do,
Resolved that to himself he would be true,
For while it was dead dimit earthly piff,
God had endowed him with a nobler relf—
A raised of active powers—a strength of will
To earn a noble station—and that, all,
Godes to inara, as ready to torpart,
He practical with success the Teacher's act,
And taught the young bloss how to soar
Of many youths on Teacherbann's shore.
After long years, with patient tolling rife,
Once more with jay he sought the Student's life;
To win his Attach tenors, did not fail—
While healing Readspace, he hamored Yang.

To Souteran next we turn : though short his race, To Scientific next we turn: though short his race, Yet many new to manhood grown, can trace. Their first apprings to the time, when here, They beared of windom's ways from public game, Modest in menn, he shrunk from public game, And courted not the breath of empty praise; He sought retirement—in his walks he find. The path of duty—leved and served his field. Like the sweet sun-shine, which with noiseless power Re-eminates a world, or paints a flower, so be, with quite teaming, latered on.

To now the seed, or rosp what had been sown.

To see the scotl, or from what had been sown.
But lest our tile, for length, should make you cross,
We notice that the brief carroer of Ross.
Who spent his life in traveling many routes.
Had seen the world in all its "ins and outs,"
A fund of incidents which him befolk.
Thriting and comic, he with zert could left;
With despersions, fond some furner passes,
Had amoked his repureble with Spanish lasses;
In Trans while, he side not for to lead
Some Lemisiana whilests," in wild stampede;
Had jidned the red man in the buff le chase,
And fround their compifies shared a welcomed place.
After long ramblings, homeward he turned,
Ith heart for childhood's somes within him yearned,
And by his absence, had not failed to prove,
A mother's tendernes—a sister's lave. He wished to realize his yeath's young dream, To climb the Alpa and have in Tiber's stream; He gained his object, say the pemp and pride Of Landon's Fairt—of Paris, lately dyed 1,00 1,00 And remains of Roman greatness stood.
Marked will the contract the two Works display—
The New, all growth—the Origin grand decay.
Then, folly sated, he right ghally sought
the new winter are more, to each his lot
with a fart pair laws, bright as Alfarata,
To his, and laws, bright as Alfarata.

Of him who now beers rule, we will not slag, With pleasure now we hasten to recall

1,00 any new and useful improvement in any household machine, implement or arti-cle of furniture calculated to lighten the labor of females, from \$1 to \$5.
