In the Circuit Court, this morning, Judge Curtis delivered an opinion in the case of Theodore l'arker and others, declaring the indictments to be void, on the ground that the process did not sufficiently set forth that it was not alleged that the U.S. Commissioner in the Burns case had a legal cognizance. All the accused were therefore ordered to be discharged. The decision was received with much applause.

### Riot in Missouri.

Sr. Louis, April 21.—The office of the "Luminary," a newspaper published at Parksville, in Platte county, charged with Free Soilism, was to day attacked by a mob of about 200 citizens, who destroyed the type and other fixtures of the printing desirous of an exchange. Granted-but office, and actuelly threw the Press into what old friend thereabouts wants to hear the Missouri river. The editor's absence, it is said, alone saved him from being tarred and feathered. Resolutions were passed, declaring the paper a nuisance, denouncing the editors and threatening their lives, as well as other prominent Free Soilers. No Methodist minister is to be allowed to preach in the county. Tar and feathers is threatened for the first offence, and hanging for the second.

THE BOOM - We understand that upwards of one hundred thousand saw logs are now safely moored in the boom near this place, and many thousand are yet remaining in the small streams above, of Madder color Prints (at 61) warranted fast waiting for room to be floated in. The river for miles, is filled, not only on the surface, but piled five and six deep. These | Monnais &c &c. logs are intended exclusively for the mills in and near Williamsport.

THE BUMBER TRADE.-The amount of lumber cleared at the Collector's office, for the week ending yesterday noon, was one million eighty-eight thousand feet .-Williamsport Gazette, April 25.
