The Northumberland Baptist Association meets with White Deer Ch. at Elmport, 17th inst.—second day after Commencement.

We have received the first No. of "The Union Argus," a very neat seven column democratic paper just issued in this place by Messrs. ZIEBACH and STROT.

The Editors "graduated" in our office, and have since spent some years in Wisconsin, but think with us that Union county has as many of the substantial of true happiness and prosperity as most of the new "cities" of west. Industrious and enterprising, we wish them success in all their laudable schemes of business.

The Democrat was also revived last week, by Messrs. KITCHEN of Berwick and HARRISON of Lebanon, and maintains its former position as a supporter of the National Administration. We wish these gentlemen—strangers as they are—success; although we think the party in our small county can hardly support three journals.

That Lewisburg could, with a County Seat, sustain two papers, with proper efforts on the part of her citizens and neighbors, we always believed. And while the generous hand is extended to all worthy seekers after employment, we trust the citizens will not forget or desert the old friends who stood up for their interests in sunshine and in storm, in days of trial and adversity as well as of hope and prosperity.

The Administration at Washington has removed A. H. REEDER from his post as Governor of Kansas, and appointed a dough-face named Dawson in his stead. Reeder is removed because, he adhered to the pledge of the Baltimore Democratic Convention—to Pres. Pierce's Inauguration—and to the law organizing Kansas. All these have been violated and overborne, and Slavery introduced into Kansas by illegality, fraud, and brute force; and because Reeder would not sanction those outrages, he has been disgraced, and Pennsylvania insulted through him. The pretence that he was removed for having bought lands, is evidently false, from the fact that his partners in the transactions—who are Slaveocrats—are not removed, but continue in office un molested.

A gentleman writes us, inquiring the present condition of party politics in this county. According to the best of our information, parties are completely split, and what will emerge from the chaos, the future only can reveal. The next Representative will be claimed by Union and Snyder counties, it appears at present.

The First Move

Of the political checker-board in our new county, will be found in to-day's paper. In a free country, it is the privilege of "the sovereigns" to get up just as many and just what parties they choose. Only about two months, now, until election; consequently, any other parties to be organized, must move speedily.

The State Treasurer has been summoned on a quo warranto before the Supreme Court Judges, at Bedford, to "say why" he don't pay George W. Bowman his claim as Adjutant General. Mr. Bailey refused to pay the same claim, and we understand Gen. Power has been paid. Two Adjutant Generals are hardly necessary, and the Supreme Court must decide which is the genuine article and which the false.

Messrs. Goddes, Marsh & Co., of Lewisburg, have sold over 100 of Hussey's Reapers this season, and the demand is far from being supplied.

Union County Fair!

Harrisburg, Thursday & Friday, Oct. 4 & 5. We learn that at a public meeting of citizens of Hartley township, held on Saturday afternoon last, it was Resolved that we recommend that the Fair be held on Thursday and Friday of the first week in October next.

The Board of officers, if they should get together, will doubtless ratify the time, and it may be considered fixed. The local Committee of Arrangements will probably be announced in due time.

A LUCKY FRIDAY.

Last week Friday, the State Treasurer deposited in the Girard Bank, Philadelphia, the sum necessary to meet all dues for State Interest, on the 1st inst. This result has not been accomplished without much labor and anxiety, in which the Canal Commissioners patriotically participated. The response of tax-payers and Treasurers furnished the means principally, and the good work of preserving the State credit is still accomplished.

The Baptist Memorial for September, will contain an elegant steel engraving of Rev. J. S. REYNOLDS, the eloquent Senior Preacher of Virginia who was lost in the "City of Glasgow."

The August No. of the National Magazine has a likeness on wood of the celebrated Rev. GEORGE COOKMAN, who perished with the "President."

The Harrisburg Telegraph, formerly the leading Whig, and now an American paper, falls in with the plea of holding a State Convention to unite upon an Anti-Arnold-Douglas candidate for Canal Commissioner. Let that be done, and the day of Arnolds is past in good old Republican Pennsylvania.

The reason for the failure of the sale of the Public Works, is said to be certain injudicious restrictions, entertained in the Bill, which are now allowed to be unfair and improper. The Works are doing better this year than last, but their sale is resolved upon.

Fresh Fruits and Vegetables, all the Year, at Summer Prices, and how to obtain them," is the title of a neat little volume on the preservation of fruits and vegetables all the year. For sale by Hursh & Vorse, agents for Arthur's Self-Sealing Cans. Price 12 1/2 cents.

The regular monthly meeting of the Society for Inquiry will be held in University Chapel, Sunday next, at 2 P. M. Address by Chas. Howard Malcolm, late of Princeton Theol. Sem. Subject: "Faith and Form."

Among the graduates of Franklin & Marshall College, Lancaster, 25th ult., was Isaac G. Brown, of Lewisburg, who delivered an Oration on the "Power of Correct Principle."

The Union Times is "down on" the Northumberland Bank, and says that "one half of Lewisburg is now mortgaged to it. The Bank and Lewisburg will both survive however."

WHIG STATE CONVENTION.—A Whig State Convention has been called by the Whig State Central Committee to meet at Harrisburg on the 11th day of September.

David H. Kelly is recommended for Commissioner, in the Argus.

State Elections.

Monday, the 6th inst., Kentucky, Alabama and also Texas will vote for State officers and members of Congress.

Mr. Patterson of The Parkville Luminary, which was destroyed by a Missouri mob, has reached Chicago on his way to Kansas. He is accompanied by one of Sharp's Patent Rifles, which, we think, is capable of a style of argument that will commend itself to the attention of such ruffians as Stringfellow.

We have better farming weather for a week past, and the wheat crop is mostly housed, and Oats coming in. The amount of wheat lost by sprouting, is very small in a dozen fields we have seen.

"Adding strength to strength," the Philad. Soc. has secured the editorial service of Joseph L. Chester, Esq., (Julian Cramer.)

The Matt. Ward up for Congress is not Matt. Ward the murderer.
