# Lewisburg Chronicle.

BY O. N. WORDEN & J. R. CORNELIUS. AUGUST 10, 1855.

To Bestmens . Wen . - The Lewishew Chrometer Casa County.
Democratic Nominee for Canal Commissioner.

RNOLD PLUMER, of Venance Co.

### To the Voters of Union County. The time is approahing when it will be

necessary to select Caudidates to fill the various offices of this County.

We the undersigned as Chairmen of the

Standing Committee of the Whig and Democratic parties, hereby respectfully call upon the people without distinction of party, to meet at the election houses on Saturday the 1st. of September next at 2 o'clock P. M. to elect two Delegates in each Ward and Township; said Delegates to meet in County Convention at 10 o'clock on Monday following at the house of Charles Crozer in Millimburg, to nomi-

of this County.
SAMUEL MARSHALL. CHAS. CROTZER. Aug. 8th, 1855.

### Gen Guitman's Platform.

General Quitmen having been invited to become a caudidate for Congress in Mississippi, has felt himself called upon to publish a letter, defining his views, from which we learn that he is a State's Rights Democrat of the strictest school or two. His platform, which appears to be also that of the entire South, he states thus:

" I believe that the institution of negro slavery is not only right and proper, but the natural and normal condition of the country's prosperity, it constitutes a great interest, which is entitled, like other great interests, to the fostering care and protection of the Federal Government, within the sphere of its powers. That legislation or action, directly or indirectly hostile to this interest, is at war with our compact of Union, and should be resisted by the tates and the people affected by it at all gards. That the preservation of the in-

citation of slavery in Cuta, which can only be affected by her independence, and separation from the malign influence of safety and preservation of our own system." The above article, which we clip from lighting.

the North American, gives a tolerably clear and candid view of the claims of slavery. It assumes

1.-That Slavery is right and proper. 2 .- That it is the great element of our country's prosperity.

3 .- That therefore it is a great inter est, and like other great interests, is entitled to the protection and fostering care of the government.

4 .- 1 hat any legislation or action, direceiv or indirectly hostile to Slavery is at war with our compact of Union.

5.-That Slavery must be preserved in Cuba, in order to render it perpetual in our own land.

# Here is our answer to the above :

1 .- Slavery is neither right nor proper It is opposed to natural justice. Our Declaration of Independence proclaims shalt not steal." Now, if we may of his whole hie, and make him depend- Journal. ent on ourselves for every comfort he may The fire down town is subsiding and it lous to please Gen. Davis on the one hand, rule. Put yourself in the condition of nently restored. the slave, and then judge.

2.-Slavery is not an element of our of our country; and it therefore happens re-elected by a large majority. that several valuable articles such as cotton and sugar, are produced by slave labor But if the laborers of those regions shall become enlightened Christian freemen, instead of abject, ignorant slaves, then the amount of the these valuable products of the Times. There is no issue from the by resigning the office. will ultimately become ten times greater, and their Commerce with the rest of the world fifty times more valuable. And, more than all, and above all, they may then look for the blessing, and not for the curse of that just God who is the Father of the whole human race.

3 .- As for the proposition that slavery is entitled to the protection and fostering care of the government, we will just state it clearly, and leave it in its beauty to the admiring gaze of freemen. Here it is: As farming is an interest, so is slavery; as education is an interest, so is human bondage; as manufacturing skill and mechanical industry, and ingenuity are in terests, so is everlasting oppression !! We repeat it, we must leave this beautiful dogma, without note or comment. As the profane man said, when the boys upset his apple-cart in hopes of hearing him swear, " We can't do justice to the subject !"

4.-That any legislation or action directly or indirectly bostile to slavery is at war with our compact of union.

Answer: Our compact of union is the of slavery but they legislated directly all the new territory we then had.

Would to heaven we had time and space to pursue this subject at length. upon slavery with unutterable hatred and near Paget Sound. scorn! They held it, as it truly was, an ug'v curse which had been fastened noon

### O.N. Wounty, Chemicle office, Lewisburg, 148 AVER'S PILLS. OR all the purposes of a

THERE has long existed a public demand for an

PAMILY PHYSIC

Turnu has long existed a public demand for an effective purpairie pill which could be relied on as sure and perfectly safe in its operation. This has been prepared to meet that demand, and an extensive that of its virties has conclusively shown with what surcess it accomplishes the purpose designed. It is easy to make a physical poli, but not easy to make the best of all pills—one which should have to make the best of all pills—one which should have to make the best of all pills—one which should have to make the objections, but all the advantages, of every other. This has been attempted here, and with what success we would respectfully submit to the patient hitherto that almost every purgative medicine is actimonically and irritating to the bowels. This is not. Many of them produce so much striping pein and revulsion in the system as to more than counterbalance the good to be derived from them. These pills produce no irritation or pain, utiless it arise from a previously existing obstruction or derangement in the lowels. Being putely repetable, no learn can arise from their use in any quantity, but it is better that are medicine should be taken judiciously. Minute directions for their use in the several diseases to which they are applicable are given on the box. Among the complicable are given on the box. Among the complicates which have been specify cared by them. we may mertion liver Complaint, in its various forms of Jaundire, Indiquestion, Languer and Loss of Appetite, Listiessness, Irritability, Bilious Headache, Bilious Fever, Fever and Agne, Pain in the Sale and Loins; for, in truth, all these are but the consequence of diseased action in the fiver. As an apericut, they adard prompt and sure relief in Costroness, Piles, Colle, Dysentery, Humors, Seressia and Scurvy, Colds with soreness of the body Ubers and impurity of the blood; in short, any and every case where a purgative is required.

They have also produced some singularly successful cures in Rheumatism, Goot, Dropsy, Gravel, Erysipelas, Paintation of the Heart, Pains in the Back, Stomach, and Side. They should be freely Back, Stomach, and Side. They should be freely taken in the spring of the year, to purify the blood and prepare the system for the change of seasons

bowels into healthy action, and restores the appe-tite and vigor. They purify the blood, and, by their stimulant action on the circulatory system, renothe and vigor. Any pairs in the total stimulant action on the circulatory system, renovate the strength of the body, and restore the matching discovery energies of the whole organism.

# answer a better purpose than any thing which has hitherto been available to mankind. When ther virtues are once known, the public will no longer doubt what remedy to employ when in need of a

PREPARED BY JAMES C. AVER, Practical and Analytical Price 25 Cents per Box. Five Boxes for \$1.

AVER'S CHERRY PECTORAL. For the cure of Coughs, Colds, Hoarseness, mehris, Whooping Cough, Croup, Asthma, and Consumetion

This remedy has won for itself such notoricty from its cures of every variety of pulmonary disease, that it is entirely nunceossary to recount the evidences of its virtues in any community where it has been employed. So wide is the field of its usefulness, and so numerous the cases of its cures, that almost every section of the country abounds in persons publicly known, who have been restored from alarming and even desperate diseases of the lungs by its use. When once tried its superiority over every other medicine of its kind is too apparent to escape observation, and where its virtues are known, the public no longer hesitate what antidate to employ for the distressing and dangerous affections of the pulmonary organs which are incident to our climate. And not only in forminable attacks upon the lungs, but for the milder varietics THIS remedy has won for itself such notoriet tacks upon the lungs, but for the milder varieties of COLDS, COUGHS, HOARSENESS, &c.; and for CHILDREN it is the pleasantest and safest medicine that can be obtained.

As it has long been in constant use throughout this section, we need not do more than assure the people its quality is kept up to the best that it ever has been and that the genuine article is sold by Prepared by JAMES C. AYER, Practical and Analyti eal Chemist, Lowell, Mass.
For Sale by C. W. Shaffin, & Christ & Caldwell, Lewis-burg, J. F. Caslow, Millton: H. Goet, and Kemper & Kleckner, Millimburg, and by all Dealets everywhere.
