After setting out the plants, throw on a covering of tan bark an inch. throw on a covering of tan bark an inch or an inch and a half in depth, then water Gold pens in silvercases from 75 cts. to \$2,00. have passed triumphantly through accidental free. The public are assured that all Safes or an inch and a half in depth, then water Gold pencils with or without pens from 75 cis. The public are assured that all Safes them plentifully, and the maisture will be to \$1,00 retained a long time. After cold weather a little brush, or something to keep the Beaver & Kreamer's Store. straw in its place. In the spring remove DEN and Pocket cuttery of Rodger's, Wostenholms, and others fine manufacture. the straw and make use of some fertilizing agent to give the plants vigor, as sulphate of soda, sulphate of ammonia, or nitrate of potash. Keep the roots out, see that the plants are bountifully watered, and let nothing intervene to disturb or retard their growth till you gather the fruit. The beds should be made over as often as every three

the season, be a good time for making plantations of strawberries. They can then become sufficiently rooted, so that with a moderate mulching, they will not be disturbed by the winter and may bear at M. Finzpatrick & Bros' New Book and a good crop next year. The article below Stationery Store, 3d St., Lewisburg. will guide as to the selection of kinds.]-Limisburg Chronicle.

Best Strawberries and Cherries.

Several members of the Fruit Growers' Society of Western New York met in Rochester on the second inst., for the exami- door to Beaver & Kremer's Store. nation of strawberries and cherries. After a thorough examination, a vote was taken Philadelphia Adv'ts. by ballot in regard to the best single variety, best three varieties, and the best market sort. The following is given in the Country Contleman as a summary of 1) Spiral Spring Matresses, No. 92 the decisions. The voters comprise several of the most distinguished horticulturists in Western New York.

STRAWBERRIES .- From the preceding it will be observed that for the best single sort, Burr's New Pine had three votes. Large Eurly Searlet had two, and Walker's Seedling, Cushing, and Genesee had

For the three best, Burr's New Pine had six votes, Walker's Seedling had five. Cushing two, and Hovey, Crimson Cone, Moyamensing, and McAvey's No. 1, each Hair Mattress.

These improved Spring Beds are invariably one vote.

For the six best, Burr's New Pine had six votes, Walker and Large Early Scarlet each five, Genesce four, Moyamensing and Hovey each three, Crimson Cone and of Ships, Steamboots and Haspitals. omphe de Gand, each one vote.

For bad strawberries, McAcoy's Extra Red polled a full vote, evidently on ac- Chairs, Settees, &c. &c. count of its flavor, which is very sour and very poor. Cushing, strangely enough, had two for its bad quality, and yet was placed by one as best of all. This is accounted for by the fact that it is large, handsome, well formed and productive; while its peculiar flavor is very much disliked by some.

CHERRIES .- Six votes for Governor MPHANT, as they always are when put to Wood as best, and two for Mayduke. For the test: "Pattangurara, Dec. 15, 1854. the three best, Gov. Wood and Black Tar- Messrs. Evans & Watson No.29 South Fourth St. tarian had each four votes, Mayduke three, Yellow Spanish and Metzel two cach, and Early Black, Reine Hortense, Belle Mag-

Lightning Rods.

Geddes, Marsh & Co.

A FTER many years' close investigation and numerous experiments, the Patentee takes pleasure in informing the public that he has arrived at the true principle of protecting families, dwellings and property from the destructive influence of LIGHTNING. The calamities that every City, Town, Village and Country falls victim to annually, thro' the gross negligence of its inhabitants, is beyond calculation, especially when the remedy is so easy to obtain—this is found in

ARMITAGES Patent Magnetic Lightning Hods, and in this alone. This Rod has been examined by the most scientific gentlemen in the world-Professors Muttele, Johnson, Waller and many others that have examined them, recommend and speak of them in the highest terms of approbation. and have pronounced them the only safe rode is use in this or any other country for the protectiof Livewand Property, Oncadvantage is to divide and throw back a part of the electric fluid barmless red to conduct that purpos of fluid that belongs a the earth without the slightest danger of leaand of Merket vice the conductor. This rod has many other
